What is Overview & Scrutiny?

Each local authority is required by law to establish an overview and scrutiny function to support and scrutinise the Council's executive arrangements. Each overview and scrutiny committee has its own remit as set out in the terms of reference but they each meet to consider issues of local importance.

They have a number of key roles:

1. Providing a critical friend challenge to policy and decision makers.
2. Driving improvement in public services.
3. Holding key local partners to account.
4. Enabling the voice and concerns of the public.

The committees consider issues by receiving information from, and questioning, Cabinet Members, officers and external partners to develop an understanding of proposals, policy and practices. They can then develop recommendations that they believe will improve performance, or as a response to public consultations.

Committees will often establish Topic Groups to examine specific areas in much greater detail. These groups consist of a number of Members and the review period can last for anything from a few weeks to a year or more to allow the Members to comprehensively examine an issue through interviewing expert witnesses, conducting research and site visits. Once the topic group has finished its work it will send a report to the Committee that created it and it will often suggest recommendations to the executive.

Terms of Reference

The areas scrutinised by the Committee are:

- Environment
- Transport
- Environmental Strategy
- Community Safety
- Streetcare
- Parking
- Social Inclusion

5 MEMBERSHIP OF THE COMMITTEE

The Committee noted its membership.

6 INTRODUCTION TO OVERVIEW AND SCRUTINY

The Committee received a presentation giving an insight into how Overview and Scrutiny worked in Havering. It was important that the committee understood the difference between Executive decisions and those made by the Council. Members were informed that Council functions were explicitly the responsibility of the full Council and/or its Committees or staff on their behalf. Whereas Executive functions, were the responsibility of the Executive, meaning the Cabinet or individual Cabinet Members, or staff on their behalf. The principal interest of an OSC was the Executive decision making function.

Overview and Scrutiny was the function by which Council decisions, or indeed any actions taken in connection with Council functions, can be reviewed and/or scrutinised. Overview and Scrutiny Committees are able to make reports and/or recommendations to each of full Council, Cabinet or any policy committee. These reports can be in connection with the discharge of any functions.

The Committee noted that the former local government minister, Nick Raynsford MP, once stated *“Scrutiny is a powerful tool to help identify weaknesses in existing policy and practice, as well as driving improvement”*

In Havering there were seven overview and scrutiny committees, five dealt with various aspects of Council services and were aligned with the overall goals of the Council. These were:

- Children and Learning
- Environment
- Individuals
- Towns and Communities
- Value

The other two – Crime & Disorder and Health were principally outward looking and scrutinised local crime and disorder-related issues and local health services respectively.

The Committee noted that only non-Cabinet members may sit on an overview and scrutiny committee, however there was nothing to prevent a Committee meeting with or questioning a relevant Cabinet member in order to aid aspects of scrutiny. Overview and Scrutiny meetings are open to the public and anyone, including Cabinet Members, may attend.

Each overview and scrutiny committee consisted of between six and nine members. Under the political breakdown rules, the political breakdown of the seats reflected, as far as was practicable, the make-up of the Council as a whole.

The Committee were informed that a major part of their work would be undertaking Topic Groups, either as part of an agreed work plan, or because a specific issue arises that needs investigation. The Committee itself would approve the terms of reference and the scope of its Topic Groups and can set parameters within which they will work. A recent change is that Council has agreed that Topic Group may include – or indeed be wholly comprised of – members who are not actually members of the parent OSC. Therefore if a member not on a particular OSC has expertise or an interest in an area being investigated by a Topic Group, he or she can take part if the committee agreed to their inclusion as a member of the Topic Group.

The factors for successful scrutiny Topic Groups were outlined to the Committee. The more tightly and realistically framed that the recommendation are, the more likely they are to be adopted/ implemented. Members are encouraged to look at various aspects of Council services, by meeting Council officers, holding discussions with the public and community groups and undertaking site visits both within Havering and to gain an understanding of the situations in other Councils.

The Committee was informed of the call-in process and how this would be dealt with by an Overview and Scrutiny Committee. The officer explained that often a special meeting of the OSC would have to be fixed at a date and time which may not be popular with all members of the committee.

The Councillor Call for Action (CCA) was a power that allowed any Member to bring a matter of concern to an OSC. The issue could not relate to planning, licensing, health and crime and disorder issues, as separate powers covered these areas. Members must have attempted to resolve the issue directly with the department concerned prior to bringing them to scrutiny in this way.

The Committee was informed that one change, enacted by the Local Democracy, Economic Development and Construction Act 2009, was the requirement of each Council to nominate a Statutory Scrutiny Officer. This person was required to promote the role of Overview and scrutiny in the Authority as well as support all Members and officers in their work and dealings with Overview and Scrutiny. In Havering the Statutory Scrutiny Officer was Andrew Beesley, Committee Administration Manager.

7 INTRODUCTION TO SERVICE AREAS WITHIN THE COMMITTEE'S REMIT

The Committee received a presentation on the services within the remit of committee. These included all services covered by Streetcare, Public

Protection and Energy Strategy. Officers set out the Streetcare Objectives and how the service operated in order to meet these objectives.

Street Cleaning and Street Scene

The Committee was shown examples of street cleansing around the borough. Officers explained that the public litter bins now have clear sacks and more bins had been introduced over the last 5-6 years. By having clear sacks it was easier to identify the black bags that were residents waste or flytipping. The service worked with the 6th Form College, the Utilities companies and the Probation Services, on a non-paid service to assist with the cleaning of graffiti. Flytipping was one of the biggest problems for the enforcement team. The enforcement team consisted of 6 officers, which given the size of the borough was a relatively small team.

Waste and Recycling

Officers explained that the biggest area within Streetcare was around waste and recycling. Year on year improvements in recycling had been seen from 17% in 2005/06 up to 35% in 2013/14. Havering had the lowest cost of collection in London of £4.2 million.

The Committee were shown details of the Waste Disposal Unit at Frog Island. This was an established disposal facilities in place until 2027 with an additional 5 years should the contract wish to be extended. The contract was held with East London Waste Authority (ELWA) which included Havering, Barking and Dagenham, Newham and Redbridge.

There were a number of waste prevention events, the latest one was "Love Food, Hate Waste". This had been attended by over 4,500 people. Customer satisfaction had increased from 63% in 2008 to 85% in 2012.

Rivers and Water Courses

The Committee noted that following the Flood and Water Management Act 2010 the duty to maintain the water courses in the borough fell to the Council. This included the flood prevention as well as maintaining areas of natural beauty, conservation areas and wildlife habitats. Officers stated that there had been a lot of work on the River Ingrebourne around Hacton ward where ecological improvements had been made to reduce the risk of flooding. There were a number of flood plains in the borough, however the maintenance can only be carried out in the spring and summer months so it was short term work. Not all water courses can be dredged, as there are some sensitive sites in the borough with wildlife.

The Committee noted that when the Thames Barrier is closed the water backs up and it is often the water courses in the borough that then burst their banks and flood.

Highways

The Committee was informed that there was an inspection regime which was a rolling programme. Over the last 4 years there was a capital spend of £25 million. (£4.19 million spent by LBH on Carriageway & Footway works and £1.79 million spent by TfL on principal roads). There were often joint initiatives between Regeneration, Community Safety and the Police.

The inspection regimes looked at trip hazards of 25mm or over and potholes of 50mm and over. All the Area Liaison Officer adhered to this regime, given that Havering was the third largest borough in London there are a lot of roads and footpaths to assess and maintain.

The Committee noted that within the remit of Highways was the gritting of the roads in the severe weather conditions. There was a winter plan in place, and the new Central Depot which was built in 2010, had a new salt storage facility constructed in 2012 which held 2500 tonnes of salt. Each truck that went out in the winter months held approximately 5 tonnes of gritting salt. If the snow continued to fall, the services runs 24 hours, 7 days a week to ensure that each refuse run is clear. However some roads (cul-de-sacs) cannot be gritted as the lorry is unable to get down the roads. The team also have the obligation of ensuring that all schools are safe for the children to get into school.

Street Lighting

The Committee were informed of the inventory of street lights in the borough. These included:

- Cast Iron Column = approximately 524 (3%)
- Concrete Column = approximately 2350 (11%)
- Steel Column = approximately 14030 (69%)
- Belisha Beacons = approximately 200 (1%)
- Illuminated Signs = approximately 2200 (11%)
- Illuminated Bollards = approximately 900 (4%)
- Unlit Bollards = approximately 200 (1%)
- Housing Lamp Columns = approximately 2500

The structural testing of all columns is carried out over a 6 year rolling programme. If a column is found to be unsafe it is removed and a new one installed. However the utilities companies have to transfer the electricity, so it is often the case that there will be a new column and an old column next to each other until the power is transferred. Once the power is transferred then the old column can be removed.

All lighting is moving to LED lighting. This is better for safety and the fear of crime. There are already 6000 LEDs in place, with 8000 to be done and a further 4000 over the next 4-5 years. Overall this is a total saving of £150,000-£200,000. Members were shown photos of the difference in lighting with the new LED replacement lights.

Traffic and Parking Control

The Committee were informed that there were 6000 on-street parking places, and 2000 parking spaces in public car parks. 7 of the car parks in Havering had Park Mark status, a Police accreditation which recognises safe car parking facilities which are reviewed annually. There were a number of parking permits which were monitored as well as parking enforcement and challenges.

Members were reminded that all enquiries and reporting should be done through the Self Service section on the internet, or on the Members Portal. This way a reference number can be assigned and the enquiry can then be tracked.

Energy Strategy Team

The Energy Strategy Team was a team of three which was within the Corporate Policy Team. They were responsible for:

- Managing the Council's energy use.
- Delivering energy saving projects in Council buildings, fleet vehicles and street lighting.
- Delivering energy efficiency measures in Council housing.
- Securing grants for insulation and boiler replacements for Havering residents.
- Helping residents lower their energy costs, particularly those who struggled in the winter with their fuel bills.

The Energy Strategy Achievements were saving £1.3 million off the Council's energy bills over the past three years through heating, lighting and insulation upgrade; securing £4.5 million in grants for heating and insulation measures for Havering residents since 2010. They had provided assistance to over 2500 vulnerable residents facing fuel poverty over the past three winters by providing emergency assistance by way of food pack or warm packs.

Public Protection

The Committee were informed of the main functions covered by Public Protection, these included:

- Food safety (The testing of foods for quality and contamination. The service delivery was closely controlled by the Food Standards Agency. Animal feeding stuffs were also monitored to prevent disease spreading between animals and to humans e.g. Foot and Mouth Disease.)
- Health and Safety enforcement (The inspection of all non-manufacturing outlets in the borough. There now had to be a valid

reason for an inspection to be carried out, and these were now more topic based i.e. legionella.)

- Licensing (This came under the remit of Towns and Communities OSC)
- Trading standards (This was a very broad area, and was about protecting the consumer and vulnerable people in the community)
- Metrology service (A weights and measures service based at Langtons)
- Consumer Landscape Project with Havering CAB (The national CAB can refer to this service who can give more detailed advice to consumers.)
- Private sector housing (dealing with overcrowding, disrepair, houses in multiple occupation and illegal evictions/ harassment)
- Air quality (The service monitors air quality in the borough and works alongside the Energy Strategy Team to improve air quality for which the Mayor of London and TfL have granted funding. Officers explained that there was an “AirText” service which gave free air pollution forecasts on request using SMS for vulnerable people e.g. asthmatics.)
- Contaminated land (There were some 400 uncontrolled sites where waste has been deposited, largely uncontrolled, mainly in the south of the borough. Investigations were carried out on the land, as many had now been developed and had residential properties on them.)
- Noise, odour, light and other statutory nuisances. (Particularly for large works that were carried out, including the replacement of a railway bridge on the A127 at Ardleigh Green. There would need to be traffic diversions, and the trains would still have to operate.)
- Pest control advice (The council service for this ended some 8-10 years ago, however there are a number of private services who are members of the Trading Standards approved Buy With Confidence scheme that residents can be signposted to.)
- Financial investigations – into proceeds of crime.
- Stray Dogs service. (This service transferred from the police approximately 6-7 year ago. Officers stated that a dog is never put down, unless it has to be, they are either rehomed or returned to the owner.)

The officer outlined a number of achievements from Trading Standards, these included a major investigation into an international conspiracy to import and distribute counterfeit golf clubs and equipment which began in 2008. Although nine of the twelve conspirators were brought to trial in 2009, three were based in Thailand and opted to try and say there. They were finally brought to justice in 2013. As a result of this the authority had been nominated by Acushnet Golf, for the “Excellence in Anti-Counterfeiting Award” in recognition of the high level of success and commitment demonstrated by the authority.

Another successful scheme was the Banking Protocol Scheme, which had 30 local members and was about to sign up local post offices, the scheme

so far had saved residents over £600,000. The Halifax bank in Romford had won a Trading Standards Institute 'Hero' award in 2014 for their work with the Banking Protocol.

The Committee were informed of the priorities for Trading Standards under the National Intelligence Model. This included the control of doorstep crime (including the Banking Protocol) counterfeit goods, (especially, increasingly, electrical goods posing safety concerns) unsafe consumer goods (especially aimed at babies and young children), the sale of illicit alcohol and tobacco products, scam mail, business scams and underage sales.

Parks and Transport

The Committee was informed that there were 100+ Parks and Open Spaces within the borough. Seven of the parks had Green Flag Award status. The grounds maintenance for all these areas was in-house. There was a parks enforcement regime in place whereby patrols were done of the parks.

The Council owned a fleet of approximately 300 vehicles, these ranged from small van, mobility buses up to gritting lorries. The fleet is managed and maintained in-house and all driver and operators are training in the use of the equipment (cranes /tail-lifts). Most vehicles are fitted with a tracking device.

Waste and Recycling Collections Contract

The Committee were informed that from 4th August 2014, there would be a new waste and recycling collection contract with Serco Direct. Currently there were two vehicles that collected household refuse, one for the black bags and one for the orange bags. The new contract would be a new vehicle with two compartments. The contract runs for 7 years plus 3, this covers the cost of the 16 new vehicles. The vehicles would be a 65% /35% split, and this had been calculated on the refuse collected throughout the borough. The new service is being advertised in the "Living" in Havering publication that goes to all households, and a members briefing will be taking place on 27 and 28 July 2014. New doorstep collections will be introduced including the collection of batteries, textiles and small electrical appliances within the early stages of the contract. Collections in flats will remain the same, and will continue to have separate collections for black and orange bags.

Members asked questions about prosecutions in relation to littering and flytipping. Officers explained that it was very difficult to control, as you could not follow someone as this was very time intensive. The key was to educate residents and young children. If littering was occurring every day and residents could pinpoint exactly when and where it was happening, an enforcement officer could be in the area at that time.

Members felt that if prosecutions were made public this may prevent any offences.

The Committee thanked officers for a very full and interesting presentation.

8 **COMMITTEE'S WORK PROGRAMME**

The Chairman suggested that since there had been a number of presentations on the remit of the Committee that members think about suggested topics for the work programme and inform the Committee Officer in due course.

Policy context:

The report sets out the Council's performance against the Corporate Performance Indicators for Quarter 4 2013/14.

Financial summary:

There are no direct financial implications arising from this report. It is expected that the delivery of targets will be achieved within existing resources.

Is this a Key Decision?

No

Is this a Strategic Decision?

No

When should this matter be reviewed?

The Corporate Performance Report will be brought to Cabinet at the end of each quarter.

Reviewing OSC:

Value, Towns and Communities,
Individuals, Environment, Children and Learning, Adult

The subject matter of this report deals with the following Council Objectives

Ensuring a clean, safe and green borough	[X]
Championing education and learning for all	[X]
Providing economic, social and cultural activity in thriving towns and villages	[X]
Valuing and enhancing the lives of our residents	[X]
Delivering high customer satisfaction and a stable council tax	[X]

SUMMARY

This report sets out the performance of the Council's Corporate Performance Indicators for Quarter 4 (January to March 2014) 2013/14, against the five Living Ambition Goals of the Corporate Plan:

- Environment
- Learning
- Towns and Communities
- Individuals
- Value

The report identifies where the Council is performing well (Green) and not so well (Amber and Red). The variance for the 'RAG' rating is:

- **Red** = more than 10% off the Quarter 4 Target and where performance has *not improved* compared to Quarter 4 2012/13¹
- **Amber** = more than 10% off the Quarter 4 Target and where performance has *improved or been maintained* compared to Quarter 4 2012/13.
- **Green** = on or within 10% of the Quarter 4 Target

Where the RAG rating is 'Red', a 'Corrective Action' box has been included in the report. This highlights what action the Council is taking to address poor performance, where appropriate.

Also included in the report is a Direction of Travel (DoT) column which compares performance in Quarter 4 2013/14 with performance in Quarter 4 2012/13. A green arrow (↑) signifies performance is better and a red arrow (↓) signifies performance is worse. A black arrow (→) signifies that performance is the same.

¹ With the exception of 'Percentage of National Non-Domestic Rates (NNDR) collected' and 'Percentage of council tax collected' where the tolerance is 5%

Quarter 4 2013/14 - Performance Summary

50 Corporate Performance Indicators are measured quarterly and 46 of these have been given a RAG status this quarter. In summary:

- **38 of 46** (83%) indicators are rated as **Green**
- **2 of 46** (4%) indicators are rated as **Amber**
- **6 of 46** (13%) indicators are rated as **Red**

RECOMMENDATIONS

Members are asked to review the report and note its content.

REPORT DETAIL

Highlighted below is a summary of the Corporate Performance Indicators for Quarter 4 2013/14, where performance is RAG rated as **Green** or **Amber** and shows an improvement on Quarter 4 2012/13; and where performance is RAG rated as **Red**. For these few (Red) indicators, corrective action is taking place to improve performance.

Green or Amber Indicators

Environment - to ensure a clean, safe and green borough

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
SC05 – Percentage of missed collections put right within target	93%	95%	↑
There is continued good performance in this area with 3,480 of the 3,679 missed collections put right within the target. This is an improvement on last year (94%) and is better than target.			

Learning – to champion education and learning for all

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
LA1 – Number of apprentices recruited in the borough	460 (AY 2012/13)	643 (AY 2012/13)	↑
This indicator is reported by Academic Year, (August to July). The contract has been aligned with the financial year to provide more meaningful data and allow any late starters to be captured. The data in this report is for August 2012 to July 2013 (Q4).			

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
(ex) NI117 – Percentage of 16 to 19 year olds (school years 12-14) who are not in education, employment or training	4.9%	4.3%	↑
This indicator is within target tolerance and showing continued good performance, both in terms of NEET reduction and reducing the number of unknowns. This is a targeted service delivered by Prospects on behalf of the Local Authority.			

Towns and Communities – to provide economic, social and cultural opportunities

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
R2 – Net external funding (£) secured through regeneration initiatives	£1,000,000	£4,233,195	↑
This indicator is performing better than target and better than the same time last year. Funding has been secured for a number of projects, including both Rainham Hall (£1.5m) and Victoria Road and Baths Major schemes (£1.2m).			
R3 – Number of businesses accessing advice through regeneration initiatives	700	1,017	↑
This indicator is performing better than target (700) and better than the same time last year (847). Of the total number of businesses accessing advice in 2013/14 (1,017), the strongest performance was in Q4.			
H5 – Percentage of rent arrears against rent debit	2.5%	2.12%	↑
This indicator is performing better than target (2.5%) and the same time last year. The quarterly indicator provides a snapshot and uses estimated debit.			
DC4 – Percentage of appeals allowed against refusal of planning permission	30%	14%	↑
(ex) NI157a – Processing of major applications within 13 weeks (%)	60%	67%	↑
(ex) NI157c – Processing of other applications within 8 weeks (%)	80%	84%	↑
The percentage of appeals allowed against the refusal of planning permission (14%) is performing significantly better than target (30%), while the percentage of major (67%) and other (84%) applications is within target tolerance.			

Individuals – to value and enhance the lives of our residents

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
CY2 – Percentage of placements lasting at least 2 years	70%	79%	↑
While the England average has not exceeded 70% over the past 5 years, and statistical neighbours perform at approximately 67%, we are performing well and have exceeded our target for this indicator (outturns are provisional).			

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
L5 – Total number of Careline and Telecare users in the borough	4,000	4,424	↑
This indicator has exceeded target by 424 users and is also performing better than the same time last year (3,797 users).			
ASCOF 1C(ii) – Direct payments as a proportion of self-directed support (%)	15%	14.6%	↑
There has been a significant rise in the number of service users who receive their care via a Direct Payment, which has resulted in an improved performance. There will be a continued drive during 2014/15 to further increase this outturn.			
ASCOF 2C(ii) – Number of delayed transfers of care from hospital attributable to Adult Social Care (ASC) and health per 100,000 population	3	1.8	↑
Performance for this indicator is taken as a snapshot of delays as at the last Thursday of each month. Performance with this indicator has vastly improved.			
ASCOF 2C(iii) – Delayed transfers of care that are attributable to Adult Social Care only per 100,000 population	1	0.8	↑
As with the other two parts of this indicator, part 3 for the delayed transfers of care (which only measures delays attributable to Adult Social Care) has also significantly improved with only one delay on average per month.			
L3 – Percentage of people who, having undergone reablement, return to ASC 91 days after completing reablement and require an ongoing service	6%	5.9%	↑
The number of service users using reablement services has increased, however the percentage of service users that re-present has decreased ensuring that performance improved from 2012/13.			

Value – to deliver high customer satisfaction

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
CS10 – Percentage of Member/MP Enquiries completed within 10 days	90%	87%	↑
This indicator is within target tolerance for the quarter (87%) and is performing better than the same time last year (77%).			
ISS10 – Percentage of suppliers paid within 30 days of receipt by invoice	97%	96%	↑
This indicator is within target tolerance for the quarter. It is performing better than last year's quarterly outturn (94%).			
CS21 – Percentage customer satisfaction with the Contact Centre	85%	90%	↑
This indicator is performing better than target (85%) and the same time last year (88%). This is despite there being over three times more surveys completed over the course of the year.			
CS1 – Percentage of Council Tax collected	97%	97.14%	↑

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
This indicator has exceeded target (97%) and has also improved on the same time last year (96.98%).			
CS2 – Percentage of National Non-Domestic Rates (NNDR) collected	96.5%	97.42%	↑
Following the slight drop in collection in Q3 (due to significant increases to the gross debt and large increases in Rateable Value), this indicator has exceeded target and has also improved on last year (96.14%).			
CS3 – Speed of processing new Housing Benefit/Council Tax Benefit claims (days)	24 days	17 days	↑
The quarterly outturn for this indicator (17 days) has exceeded target (24 days) and has improved on the previous year (27 days).			
CS7 – Percentage of Corporate Complaints completed within 10 days	90%	70%	↑
While this indicator is not within target tolerance for the quarter (90%), it is performing better than last year (63%).			

Red Indicators

Environment - to ensure a clean, safe and green borough

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
SC07 – Total number of fly tip incidents	2,704	3,620	↓
While this indicator is performing worse than target, fly tip removal times remain on target at less than a day. Increased proactive monitoring has resulted in increased reporting in 2013/14.			
Corrective Action: Target amended for 2014/15 to reflect increased reporting.			

Individuals – to value and enhance the lives of our residents

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
CY13 – Percentage of Child Protection (CP) Plans lasting more than 24 months	4%	4.7%	↓
Outturns are provisional, however, we have just missed meeting target for this indicator (4%). Due to the small number of children, this indicator fluctuates significantly. In this particular instance, a legal delay outside of the Council's control affected the outturn.			
(ex) NI065 – Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years	4%	5.8%	↓
Outturns are provisional, however, we have just missed meeting target for this indicator (4%). As with CY13, a small number of children can have a disproportionate impact on reported figures. National and statistical neighbours achieved approximately 5.5%.			

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
CY15 – Number of new in-house foster carers	10 teenagers 5 children	8	↓
<p>This indicator is performing worse than target. This is partly due to the fact that recruiting foster carers for teenagers is much harder.</p> <p>Corrective Action: A recruitment campaign to target foster carers for teenagers will continue through 2014/15.</p>			
ASCOF 1C(i) – Percentage of people using social care who receive self-directed support and those receiving direct payments	70%	47.7%	↓
<p>Service users receiving self-directed care has increased, however this has been counteracted by a bigger increase in the number of service users receiving community based services.</p> <p>Corrective Action: The way that this indicator is measured is changing, which will have a positive impact on the outturn. There will also continue to be a push to promote the use of Self Directed Services.</p>			

Value – to deliver high customer satisfaction

Indicator	Quarter 4 Target	Quarter 4 Performance	DoT
C11 – Sickness absence rate per annum per employee (days)	7.6 days	10.5 days	↓
<p>Sickness absence is worse than target (7.6 days) and worse than the previous year (7.7 days). Current figures show sickness absence decreasing in recent months.</p> <p>Corrective Action: HR are working with Heads of Service to address sickness and offer tailored support.</p>

REASONS AND OPTIONS

Reasons for the decision: To provide Cabinet Members with a quarterly update on the Council’s performance against the Corporate Performance Indicators.

Other options considered: N/A

IMPLICATIONS AND RISKS

Financial implications and risks:

Adverse performance for some Corporate Performance Indicators may have financial implications for the Council. Whilst it is expected that targets will be delivered within existing resources, officers regularly review the level and prioritisation of resources required to achieve the targets agreed by Cabinet at the start of the year.

Legal implications and risks:

Whilst reporting on performance is not a statutory requirement, it is considered best practice to regularly review the Council's progress against the Corporate Plan.

Human Resources implications and risks:

The oneSource HR Service will continue to work with line managers to ensure that sickness absence is being managed appropriately and efficiently across the Council. Targeted actions are being taken in Council services with the highest levels of sickness absence. Resilience Training is being made available to managers and staff by the oneSource Health & Safety Service and all managers are in the process of completing the Management Development Programme to develop the relevant skills.

Equalities implications and risks:

The following Corporate Performance Indicators rated as 'Red' could potentially have equality and social inclusion implications if performance does not improve:

- **CY13** – Percentage of Child Protection Plans lasting more than 24 months
- **(ex)NI065** – Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years
- **CY15** – Number of new in-house foster carers
- **ASCOF 1C(i)** – Percentage of people using social care who receive self-directed support and those receiving direct payments

Should performance not improve, there will be a negative impact for people of different age groups. The commentary for each indicator provides further detail on steps that will be taken to improve performance.

Appendix 1: Quarter 4 Corporate Performance Report 2013/14

Cabinet – 9th July 2014

Key

RAG Rating		Direction of Travel (DoT)	
Green	On or within 10% of the Quarter 4 Target ¹	↑	Performance is better than Quarter 4 2012/13
Amber	More than 10% off the Quarter 4 Target and where performance has <i>improved or been maintained</i> compared to Quarter 4 2012/13	→	Performance is the same as Quarter 4 2012/13
Red	More than 10% off the Quarter 4 Target and where performance has <i>not improved</i> compared to Quarter 4 2012/13	↓	Performance is worse than Quarter 4 2012/13

SC01	Residual household waste (kg) per household	Smaller is Better	640kg	640kg	651.6kg	642.7kg	↓	Data is provided by East London Waste Authority (ELWA), which lags by 6-8 weeks. We are within target tolerance for this indicator but performance is worse than last year.	Streetcare
SC02	Percentage of household waste sent for reuse, recycling & composting	Bigger is Better	36%	36%	33% (32,614 of 98,331)	35% (34,014 of 98,435)	↓	Data is provided by East London Waste Authority (ELWA), which lags by 6-8 weeks. We are within target tolerance for this indicator but performance is worse than last year. Some reclassification of the recycling waste definition has had an impact on our ability to hit this target.	Streetcare

SC05	Percentage of missed collections put right within target	Bigger is Better	93%	93%	95% (3,480 of 3,679)	94% (3,651 of 3,872)	↑	There is continued good performance in this area with 3,480 of the 3,679 missed collections (95%) put right within the target. This is an improvement on last year (94%) and 2% better than target.	Streetcare
SC07	Total number of fly tip incidents	Smaller is Better	2,704	2,704	3,620	2,842	↓	While this indicator is performing worse than target, fly tip removal times remain on target at less than a day. Increased proactive monitoring by waste has resulted in increased reporting in 2013/14. Corrective Action: Target amended for 2014/15 to reflect increased reporting.	Streetcare
SC04	Parking income against budget	N/A	£3,964,420	£3,964,420	£3,497,986	New indicator	N/A	As this is a new indicator there is no DoT. A RAG rating is also not appropriate for this indicator. Car parking income has dropped due to reduced take up. In addition, a reduction in parking charge notices (PCN) income is causing a target shortfall.	Streetcare

Learning - to champion education and learning for all

LA1	Number of apprentices (aged 16-18) recruited in the borough	Bigger is Better	460 (Q4) (AY 2012/13)	460 (Q4) (AY 2013/14)	643 (Q4) (AY 2013/14)	596 (Q4) (AY 2011/12)	↑	This indicator is reported by Academic Year, (August to July). The contract has been aligned with the financial year to provide more meaningful data and allow any late starters to be captured. The data in this report is for August 2012 to July 2013 (Q4).	Learning & Achievement

LA6	Percentage of Early Years providers (PVI settings and childminders only) judged Good or Outstanding by OFSTED	Bigger is Better	75% (AY 2012/13)	75% (AY 2013/14)	75% (AY 2013/14)	Methodology changed	N/A	This indicator has met target; however, as the methodology changed from last year there is no DoT. Maintained schools with nursery classes no longer receive separate Early Years ratings and the indicator now relates to Private, Voluntary and Independent nurseries and childminders.	Learning & Achievement
(ex) NI117	Percentage of 16 to 19 year olds (school years 12-14) who are not in education, employment or training	Smaller is Better	4.9%	4.9%	4.3% (Mar 2014)	4.6%	↑	This indicator is within target tolerance and showing continued good performance, both in terms of NEET reduction and reducing the number of unknowns. This is a targeted service delivered by Prospects on behalf of the Local Authority.	Learning & Achievement

CL2	Number of library visits (physical)	Bigger is Better	1,596,276	399,069	393,176	399,785	↓	The library has made a business decision to move to online services for reference materials this year. They have also purchased a number of online courses (which would have only been available in book form in previous years) and increased the online book offer. This has meant a slight reduction in physical visits but an increase in virtual visits.	Culture & Leisure
R2	Net external funding (£) secured through regeneration initiatives	Bigger is Better	£1,000,000	£1,000,000	£4,233,195	£3,602,600	↑	This indicator is performing better than target and better than this time last year. Funding has been secured for a number of projects, including both Rainham Hall (£1.5m) and Victoria Road and Baths Major schemes (£1.2m).	Economic Development

Ref.	Indicator	Value	2013/14 Annual Target	2013/14 Quarter 4 Target	2013/14 Quarter 4 Performance	2012/13 Quarter 4 Performance	DOT	Comments	Service
R3	Number of businesses accessing advice through regeneration initiatives	Bigger is Better	700	700	1,017	847	↑	This indicator is performing better than target (700) and better than the same time last year (847). Of the total number of businesses accessing advice in 2013/14 (1,017), the strongest performance was in Q4 (340).	Economic Development
DC4	Percentage of appeals allowed against refusal of planning permission	Smaller is Better	30%	30%	14% (2 of 14)	19% (4 of 21)	↑	Performance (14%) is better than target (30%) and better than the previous year (19%). Data has been retrospectively cleansed for the last two financial years.	Regulatory Services
(ex) NI157a	Processing of major applications within 13 weeks (%)	Bigger is Better	60%	60%	67% (6 of 9)	63% (5 of 8)	↑	Performance (67%) has exceeded target (60%) and is better than the previous year (63%). Data has been retrospectively cleansed for the last two financial years.	Regulatory Services
(ex) NI157c	Processing of other applications within 8 weeks (%)	Bigger is Better	80%	80%	84% (268 of 320)	49% (109 of 223)	↑	Performance (84%) has exceeded target (80%) and is better than the previous year (49%). Data has been retrospectively cleansed for the last two financial years.	Regulatory Services
H1	Percentage of Leaseholder Service charge arrears collected (excluding major works)	Bigger is Better	93%	93%	96.8%	New indicator	N/A	This indicator is performing almost 4% better than target. This is significant as the leaseholder picks up some of the costs of repairs to properties. As it is a new indicator there is no DoT, however, we can provide a RAG rating as it exceeds the target.	Homes & Housing

Ref.	Indicator	Value	2013/14 Annual Target	2013/14 Quarter 4 Target	2013/14 Quarter 4 Performance	2012/13 Quarter 4 Performance	DOT	Comments	Service
H2	Percentage of repairs completed on time (including services contractors)	Bigger is Better	90%	90%	99.4% (660 of 664)	New indicator	N/A	This indicator has exceeded target; however, we are reviewing the way it is reported for 2014/15. This is because late repairs are not captured within the quarterly outturns but are captured within the overall annual outturn. As it is a new indicator there is no DoT, however, we can provide a RAG rating as it exceeds target.	Homes & Housing
H4	Number of homes made decent	Bigger is Better	2,224	1,077	1,078	New indicator	N/A	This indicator is performing better than both Q4 and annual targets. While it is a new indicator, we are able to provide a RAG rating as it exceeds the target. There is no DoT, however, comparing against 2012/13.	Homes & Housing
H5	Percentage of rent arrears against rent debit	Smaller is Better	2.5%	2.5%	2.12% (£1,131,042 of £53,297,735)	2.18%	↑	This indicator is performing better than target (2.5%) and better than last year (2.18%). The quarterly outturn provides a snapshot and uses estimated debit while the annual outturn uses actual debit.	Homes & Housing
(ex) NI157b	Processing of minor applications within 8 weeks (%)	Bigger is Better	65%	65%	45% (49 of 109)	43% (34 of 79)	↑	Performance (45%) is worse than target (65%) but better than the previous year (43%). Data retrospectively cleansed for the last two financial years following a review of how applications are coded. Corrective Action: Additional resourcing has been engaged and an Action Plan devised to improve decision making.	Regulatory Services
H3	Average void to re-let times	Smaller is Better	22 days	22 days	27 days	New indicator	N/A	This indicator is a new indicator so there is no DoT. As it is performing worse than target there is also no RAG rating available. The empty properties created have tended to be larger units, been occupied for longer periods and required capital works. A change in contract has also been disruptive.	Homes & Housing

Individuals - to value and enhance the lives of our residents

Ref.	Indicator	Value	2013/14 Annual Target	2013/14 Quarter 4 Target	2013/14 Quarter 4 Performance	2012/13 Quarter 4 Performance	DOT	Comments	Service
CY2	Percentage of looked after children (LAC) placements lasting at least 2 years	Bigger is Better	70%	70%	79% (38 of 48)	62%	↑	Outturns are provisional, however, initial data shows that we have exceeded our target. While the England average has not exceeded 70% over the past 5 years, our statistical neighbours perform at approximately 67%.	Children's Services
13	Percentage of children who wait less than 20 months between entering care and moving in with their adopting family	Bigger is Better	55%	55%	52% (12 of 23)	New indicator	N/A	Outturns are provisional, however, we are within target tolerance (52%) for this indicator. While it is a new indicator, we are able to provide a RAG rating as it is within target tolerance.	Children's Services
L5	Total number of Careline and Telecare users in the borough	Bigger is Better	4,000	4,000	4,424	3,797	↑	This indicator has exceeded the annual target by 424 users and is also performing better than the same time last year (3,797 users).	Homes & Housing
PH1	Chlamydia diagnoses (quarterly, but with a time lag of up to two quarters)	Bigger is Better	475 positive cases	475 positive cases	465 positive cases	New indicator	N/A	This indicator is performing within target tolerance (with 465 positive cases in 2013/14). While it is a new indicator, we are able to provide a RAG rating as it is within target tolerance.	Public Health
ASCOF 1C(ii)	Direct payments as a proportion of self-directed support (%)	Bigger is Better	15%	15%	14.6%	10.1%	↑	There has been a significant rise in the number of service users who receive their care via a Direct Payment, which has resulted in a better performance this year. There will be a continued drive during 2014/15 to further increase this outturn.	Adult's Services

Ref.	Indicator	Value	2013/14 Annual Target	2013/14 Quarter 4 Target	2013/14 Quarter 4 Performance	2012/13 Quarter 4 Performance	DOT	Comments	Service
ASCOF 2C(ii)	Number of delayed transfers of care from hospital attributable to Adult Social Care (ASC) and health per 100,000	Smaller is Better	3	3	1.8	3.2	↑	Performance for this measure is taken as a snapshot of delays as at the last Thursday of each month. Performance with this indicator has vastly improved.	Adults Services
ASCOF 2C(iii)	Delayed transfers of care that are attributable to Adult Social Care (ASC) only per 100,000 population	Smaller is Better	1	1	0.8	New indicator	N/A	As with the other two parts of this indicator, part 3 for DTOC (which only measures delays attributable to Adult Social Care) has also significantly improved with only 1 delay on average per month. While it is a new indicator, we are able to provide a RAG rating as it has exceeded target.	Adults Services
L3	Percentage of people who, having undergone reablement, return to ASC 91 days after completing reablement and require an ongoing service	Smaller is Better	6%	6%	5.9%	6.9%	↑	The number of service users using reablement services has increased; however the percentage of service users that re-present has decreased ensuring that performance improved from 2012/13.	Adults Services
CY13	Percentage of Child Protection (CP) Plans lasting more than 24 months	Smaller is Better	4%	4%	4.7% (6 of 129)	4.1%	↓	Outturns are provisional, however, initial data shows that we have just missed our target. Due to the small number of children, this indicator fluctuates significantly. In this particular instance, a legal delay outside of our control affected the outturn.	Children's Services
(ex) NIO65	Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years	Smaller is Better	4%	4%	5.8% (10 of 171)	0%	↓	Outturns are provisional; however, initial data shows that we have missed our target. As with CY13, a small number of children can have a disproportionate impact on reported figures. National and statistical neighbours achieved approx 5.5%.	Children's Services

This indicator has also been adversely affected as the number of service users that have received equipment and reablement services has increased in the year.</p> <p>Corrective Action: The way that this indicator is measured for 2014/15 is changing and this will have a positive impact on the outturn. There will continue to be a push within Adult Social Care to promote the use of Self Directed Services</p>	Adults Services

CS10	Percentage of Member/MP Enquiries completed within 10 days	Bigger is Better	90%	90%	87%	77%	↑	This indicator has a target of 90% and so the outturn is within target tolerance for the quarter (87%) and is better than last year.	Corporate Health
ISS10	Percentage of suppliers paid within 30 days of receipt, by Transactional Team, by invoice	Bigger is Better	97%	97%	96% (24,029 of 24,992)	94% (25,729 of 27,276)	↑	This indicator is within target tolerance for the quarter and the year (96%). It is performing better than last year's quarterly outturn (94%), however, is performing worse than the overall annual outturn (97%). Of the 93,767 invoices received in 2013/14, 89,860 invoices were processed within 30 days.	Corporate Health
CS21	Percentage of customers satisfied with the Contact Centre	Bigger is Better	85%	85%	90% (6,082 surveys)	88% (2,339 surveys)	↑	This indicator is performing better than target (85%). It is also performing better than the same time last year (88%). This is despite there being over three times more surveys completed over the course of the year.	Customer Services
CS1	Percentage of Council Tax collected	Bigger is Better	97% (£118.3m)	97% (£118.3m)	97.14% (£118.5m)	96.98% (£115.3m)	↑	This indicator has exceeded target (97%) and has also improved on last year's outturn (96.98%).	Exchequer Services
CS2	Percentage of National Non-Domestic Rates collected	Bigger is Better	96.5% (£72.3m)	96.5% (£72.3m)	97.42% (£73.0m)	96.14% (£68.9m)	↑	Following the slight drop in collection in Q3 (due to significant increases to the gross debt and large increases in Rateable Value), this indicator has exceeded target and has also improved on last year.	Exchequer Services

CS3	Speed of processing new Housing Benefit/Council Tax Benefit claims (days)	Smaller is Better	24 days	24 days	17 days	27 days	↑	The quarterly outturn for this indicator (17 days) has exceeded the quarterly target (24 days) and is better than the same time last year (27 days).	Exchequer Services
CS4	Speed of processing changes in circumstances of Housing Benefit/Council Tax Benefit claimants (days)	Smaller is Better	18 days	18 days	4 days	4 days	→	The quarterly outturn for this indicator (4 days) has exceeded the quarterly target (18 days) and is the same as the previous year.	Exchequer Services
CS7	Percentage of Corporate Complaints completed within 10 days	Bigger is Better	90%	90%	70%	63%	↑	While this indicator is not within target tolerance for the quarter (90%), it is performing better than last year (63%).	Corporate Health
CI1	Sickness absence rate per annum per employee (days)	Smaller is Better	7.6 days	7.6 days	10.5 days	7.7 days	↓	Sickness absence is worse than target (7.6 days) and the same time last year (7.7 days). Current figures show sickness absence decreasing in recent months. Corrective Action: HR are working with Heads of Service to address sickness in their area and offer tailored support.	Corporate Health
TBC	Percentage of queries resolved at first point of contact	Bigger is Better	Not available	Not available	Not available	New indicator	N/A	This indicator was due to replace the "Percentage of avoidable contact" performance indicator this year, however, we are still awaiting changes to the technology to enable us to collect the data and report an outturn. CSP1	The number of burglaries reported	Smaller is Better	2,580	2,580	2,396	2,753	↑	This indicator has exceeded target. There has been a reduction in burglaries in Havering (almost 13%) in 2013/14 compared to the previous year.	Corporate Policy & Community
CSP2	The number of anti-social behaviour (ASB) incidents reported	Smaller is Better	8,451	8,451	6,748	Met Police methodology changed	N/A	ASB incidents reported to the Metropolitan Police in Havering have reduced in 2013/14 and we are performing better than target. As the Met Police methodology changed, there is no DoT against 2012/13.	Corporate Policy & Community
PH2	Participation in National Child Measurement Programme (NCMP)	Bigger is Better	85%	85%	94.5% (Reception) 93% (Year 6)	94.5% (Reception) 93% (Year 6)	→	The NCMP is a surveillance system tracking the weight of children at two key stages. Performance is significantly higher than target and is the same as the previous year. The proposed target, set by the Department for Health, has been retained for 2014/15.	Public Health
PH3	Percentage of eligible patients offered an NHS Health Check	Bigger is Better	16.5%	16.5%	20.8% (14,240)	9.4% (6,529)	↑	Performance (20.8%) is significantly better than target (16.5%) and much higher than the previous year (9.4%). This means 14,240 patients have been offered an NHS Health Check this year (7,711 more than in 2012/13).	Public Health

- Value

The report identifies where the Council is performing well (Green) and not so well (Amber and Red). The variance for the 'RAG' rating is:

- **Red** = More than 10% off the 2013/14 annual target and where performance has *not improved* compared to 2012/13¹
- **Amber** = More than 10% off the 2013/14 annual target and where performance has *improved or been maintained* compared to 2012/13
- **Green** = On or within 10% of the 2013/14 annual target

Where the RAG rating is 'Red', a 'Corrective Action' box has been included in the report. This highlights what action the Council is taking to address poor performance, where appropriate.

Also included in the report is a Direction of Travel (DoT) column which compares the annual performance in 2013/14 with the annual performance in 2012/13. A green arrow (↑) signifies performance is better and a red arrow (↓) signifies performance is worse. A black arrow (→) signifies that performance is the same.

Annual 2013/14 - Performance Summary

68 Corporate Performance Indicators are measured annually and 63 of these have been given a RAG status this year. In summary:

- **51 of 63** (81%) indicators are rated as **Green**
- **1 of 63** (2%) indicators are rated as **Amber**
- **11 of 63** (17%) indicators are rated as **Red**

REPORT DETAIL

Highlighted below is a summary of the Corporate Performance Indicators for 2013/14, where performance is RAG rated as **Green** or **Amber** and shows an improvement on the previous year (2012/13); and where performance is RAG rated as **Red**. For these few indicators (Red), corrective action is taking place to improve performance.

Green or Amber and showing better performance than Annual 2012/13

Environment - to ensure a clean, safe and green borough

Indicator	Annual Target	Annual Performance	DoT
SC05 – Percentage of missed collections put right within target	93%	95%	↑
There is continued good performance in this area with 3,480 of the 3,679 missed collections put right within the target. This is an improvement on last year (94%) and is better than target.			
SC08 – Percentage of residents who feel local streets are clean and tidy	74%	75%	↑
Of the 7,252 responses to the 2013 Your Council Your Say survey, 75% of residents felt that local streets were clean and tidy. This is above target and a 1 percentage point improvement on last year.			

Learning – to champion education and learning for all

Indicator	Annual Target	Annual Performance	DoT
LA1 – Number of apprentices recruited in the borough	460 (AY 2012/13)	643 (AY 2012/13)	↑
This indicator is reported by Academic Year, (August to July). The contract has been aligned with the financial year to provide more meaningful data and allow any late starters to be captured. The data in this report is for August 2012 to July 2013.			
LA5 – Percentage of 3 and 4 year olds who have access to an early education entitlement place if their parents wish	90% (AY 2012/13)	101% (AY 2012/13)	↑
This figure is provided by DfE and calculated using estimated population. According to DfE's benchmarking figure, we have exceeded 100%. This is not uncommon and the DfE have provided a technical note (the implication of this is that take up percentages are likely to be overestimated and could well exceed 100%).			
(ex) NI075 – Percentage of pupils who achieve 5 or more A*-C grades at GCSE at KS4	68% (AY 2012/13)	64% (AY 2012/13)	↑
This indicator is within target tolerance (63.7%) and is performing better than the same time last year (61%).			

Indicator	Annual Target	Annual Performance	DoT
(ex) NI117 – Percentage of 16 to 19 year olds (school years 12-14) who are not in education, employment or training	4.9%	4.1%	↑
This indicator is within target tolerance and showing continued good performance, both in terms of NEET reduction and reducing the number of unknowns. This is a targeted service delivered by Prospects on behalf of the Local Authority.			

Towns and Communities – to provide economic, social and cultural opportunities

Indicator	Annual Target	Annual Performance	DoT
Survey – Percentage of residents who feel their local park is clean and tidy	73%	84%	↑
This question was included in the Your Council Your Say Survey (2013) and achieved 84%. The question was also included in the Spring Clean Survey (2012) and achieved 73%.			
R2 – Net external funding (£) secured through regeneration initiatives	£1,000,000	£4,233,195	↑
This indicator is performing better than target and better than this time last year. Funding has been secured for a number of projects, including both Rainham Hall (£1.5m) and Victoria Road and Baths Major schemes (£1.2m).			
R3 – Number of businesses accessing advice through regeneration initiatives	700	1,017	↑
This indicator is performing better than target (700) and better than the same time last year (847). Of the total number of businesses accessing advice in 2013/14 (1,017), the strongest performance was in Q4 (340).			
(ex) NI157a – Processing of major applications within 13 weeks (%)	60%	62%	↑
Performance (62%) has exceeded target (60%) and is better than the previous year (61%). Data has been retrospectively cleansed for the last two financial years.			
H5 – Percentage of rent arrears against rent debit	2.5%	2.14%	↑
This indicator is performing better than target. The annual outturn uses actual debit while the quarterly outturn provides a snapshot and uses estimated debit. This explains the slight change between the Q4 (2.12%) and annual (2.14%) outturns.			

Individuals – to value and enhance the lives of our residents

Indicator	Annual Target	Annual Performance	DoT
CY2 – Percentage of Looked After Children (LAC) placements lasting at least 2 years	70%	79%	↑
While the England average has not exceeded 70% over the past 5 years, and statistical neighbours perform at approximately 67%, we have exceeded our target (outturns are provisional).			
L5 – Total number of Careline and Telecare users in the borough	4,000	4,424	↑
This indicator has exceeded the annual target by 424 users and is also performing better than the same time last year (3,797 users).			
ASCOF 1C(ii) – Direct payments as a proportion of self-directed support (%)	15%	15%	↑
There has been a significant rise in the number of service users who receive their care via a Direct Payment which has resulted in this indicator performing better. There will be a continued drive during 2014/15 to further increase this outturn.			
ASCOF 2C(ii) – Number of delayed transfers of care from hospital attributable to Adult Social Care (ASC) and health per 100,000 population	3	1.8	↑
Performance for this measure is taken as a snapshot of delays as at the last Thursday of each month. Performance with this indicator has vastly improved.			
L3 – Percentage of people who, having undergone reablement, return to ASC 91 days after completing reablement and require an ongoing service	6%	6%	↑
The number of service users using reablement services has increased, however the percentage of service users that re-present has decreased ensuring that performance improved from 2012/13.			

Value – to deliver high customer satisfaction

Indicator	Annual Target	Annual Performance	DoT
CS10 – Percentage of Member/MP enquiries completed within 10 days	90%	83%	↑
This indicator is within target tolerance for the year (90%). It is also performing better than last year (81%).			
CS21 – Percentage customer satisfaction with the Contact Centre	85%	89%	↑
This indicator is performing better than target. It is also performing better than the same time last year. This is despite there being over three times more surveys (15,557) completed.			
CS1 – Percentage of Council Tax collected	97.0%	97.1%	↑

Indicator	Annual Target	Annual Performance	DoT
This indicator has exceeded target and has also improved on last year (96.98%).			
CS2 – Percentage of NNDR collected	96.5%	97.4%	↑
Following the slight drop in collection in Q3 (due to significant increases to the gross debt and large increases in Rateable Value), this indicator has exceeded target and has also improved on last year (96.1%).			
CS3 – Speed of processing new Housing Benefit/Council Tax Benefit claims (days)	24 days	26 days	↑
The speed of processing new claims is within target tolerance (24 days) and has improved on last year's outturn (30 days).			
CS4 – Speed of processing changes in circumstances of Housing Benefit/Council Tax Benefit claimants (days)	18 days	12 days	↑
The annual outturn (12 days) has exceeded the annual target (18 days) and is significantly better than the previous year's outturn (21 days).			
CS7 – Percentage of Corporate Complaints completed within 10 days	90%	73%	↑
While this indicator is not within target tolerance for the year (90%), it is performing better than last year (68%).			

Red and showing worse performance than Quarter 4 2012/13

Environment - to ensure a clean, safe and green borough

Indicator	Annual Target	Annual Performance	DoT
SC06 – Number of people killed and seriously injured on roads (per 100,000)	65 (2012)	78 (2012)	↓
There is a time lag for this indicator as outturns are collected by the police and published by the Department for Transport (DfT). Performance is worse than target and last year.			
SC07 – Total number of fly tip incidents	2,704	3,620	↓
While this indicator is performing worse than target, fly tip removal times remain in target at less than a day. Increased proactive monitoring by waste has resulted in increased reporting. Corrective Action: Target amended for 2014/15 to reflect increased reporting.			

Learning – to champion education and learning for all

Indicator	Annual Target	Annual Performance	DoT
LA9 – Schools below the floor standard where fewer than 60% of pupils achieve Level 4 or above in Reading, Writing and Maths at KS2	0 of 49 (AY 2012/13)	1 of 49 (AY 2012/13)	↓
This is reported by Academic Year, which runs from August to July. Performance is worse than target and last year with one school (Brookside Junior) performing below the floor standard.			
Corrective Action: Delegation from Brookside Junior has been withdrawn and an interim Senior Management Board implemented. This will cease upon the school's conversion to an Academy.			

Towns and Communities – to provide economic, social and cultural opportunities

Indicator	Annual Target	Annual Performance	DoT
(ex) NI157b – Processing of minor applications within 8 weeks (%)	65%	36%	↓
(ex) NI157c – Processing of other applications within 8 weeks (%)	80%	64%	↓
Performance for minor applications (36%) is worse than target (65%) and worse than the previous year (60%). Similarly, performance for other applications (64%) is worse than target (80%) and worse than the previous year (77%).			
Corrective Action: Additional resourcing engaged and an Action Plan devised to improve decision making.			
L6 – Number of extra care housing units	306	0	↓
The future of extra care housing in the borough is subject to the review of the Dreywood Court development and localised research into the needs of older people. This approach has been led by Members to ensure future provision meets the needs of local older people.			

Individuals – to value and enhance the lives of our residents

Indicator	Annual Target	Annual Performance	DoT
CY13 – Percentage of Child Protection (CP) Plans lasting more than 24 months	4%	4.7%	↓
Outturns are provisional, however, we have just missed our target. Due to the small number of children, this indicator fluctuates significantly. In this particular instance, a legal delay outside of our control affected the outturn.			
(ex) NI065 – Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years	4%	5.8%	↓
Outturns are provisional, however, we have missed our target. As with CY13, a small number of children can have a disproportionate impact on reported figures. National and statistical neighbours achieved approximately 5.5%.			
CY15 – Number of new in-house foster carers	10 teenagers 5 children	8	↓

Indicator	Annual Target	Annual Performance	DoT
This indicator is performing worse than target and worse than the previous year. This is partly due to the fact that recruiting foster carers for teenagers is much harder.			
Corrective Action: A recruitment campaign to target foster carers for teenagers will continue through 2014/15.			
ASCOF 1C(i) – Percentage of people using social care who receive self-directed support and those receiving direct payments	70%	48%	↓
The number of service users that have received self-directed care has increased, however this has been counteracted by a bigger increase in the number of service users receiving community based services.			
Corrective Action: The way that this indicator is measured is changing, which will have a positive impact on the outturn. There will also continue to be a push to promote the use of Self Directed Services.			

Value – to deliver high customer satisfaction

Indicator	Annual Target	Annual Performance	DoT
C11 – Sickness absence rate per annum per employee (days)	7.6 days	10.5 days	↓
Sickness absence is worse than target (7.6 days) and the same time last year (7.7 days). Current figures show sickness absence decreasing in recent months.			
Corrective Action: HR are working with Heads of Service to address sickness and offer tailored support.

REASONS AND OPTIONS

Reasons for the decision: To provide Cabinet Members with an annual update on the Council’s performance against the Corporate Performance Indicators.

Other options considered: N/A

IMPLICATIONS AND RISKS

Financial implications and risks:

Adverse performance for some Corporate Performance Indicators may have financial implications for the Council. Whilst it is expected that targets will be delivered within existing resources, officers regularly review the level and prioritisation of resources required to achieve the targets agreed by Cabinet at the start of the year.

Legal implications and risks:

Whilst reporting on performance is not a statutory requirement, it is considered best practice to regularly review the Council's progress against the Corporate Plan.

Human Resources implications and risks:

The oneSource HR Service will continue to work with line managers to ensure that sickness absence is being managed appropriately and efficiently across the Council. Targeted actions are being taken in Council services with the highest levels of sickness absence. Resilience Training is being made available to managers and staff by the oneSource Health & Safety Service and all managers are in the process of completing the Management Development Programme to develop the relevant skills.

Equalities implications and risks:

The following Corporate Performance Indicators rated as 'Red' could potentially have equality and social inclusion implications if performance does not improve:

- **LA9** – Schools below the floor standard where fewer than 60% of pupils achieve Level 4 or above in Reading, Writing and Maths at KS2
- **L6** – Number of extra care housing units in the borough
- **CY13** – Percentage of Child Protection Plans lasting more than 24 months
- **(ex)NI065** – Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years
- **CY15** – Number of new in-house foster carers
- **ASCOF 1C(i)** – Percentage of people using social care who receive self-directed support and those receiving direct payments

Should performance not improve, there will be a negative impact for people of different age groups. The commentary for each indicator provides further detail on steps that will be taken to improve performance.

SC04	Parking income against budget	N/A	£3,964,420	£3,964,420	£3,497,986	New indicator	N/A	As this is a new indicator there is no DoT. A RAG rating is also not appropriate for this indicator. Car parking income has dropped due to reduced take up. In addition, a reduction in parking charge notices (PCN) income is causing a target shortfall.	Streetcare

Learning - to champion education and learning for all

Ref.	Indicator	Value	2014/15 Annual Target	2013/14 Annual Target	2013/14 Annual Performance	2012/13 Annual Performance	DOT	Comments	Service
LA1	Number of apprentices (aged 16-18) recruited in the borough	Bigger is Better	600 (Q4) (AY 2013/14)	460 (Q4) (AY 2012/13)	643 (Q4) (AY 2012/13)	596 (Q4) (AY 2011/12)	↑	This indicator is reported by Academic Year, (August to July). The contract has been aligned with the financial year to provide more meaningful data and allow any late starters to be captured. The data in this report is for August 2012 to July 2013.	Learning & Achievement

CL2	Number of library visits (physical)	Bigger is Better	1,600,000	1,596,276	1,674,688	1,718,881	↓	The library has made a business decision to move to on line services for reference materials this year. They have also purchased a number of online courses (which would have only been available in book form in previous years) and increased the online book offer. This has meant a slight reduction in physical visits but an increase in virtual visits.	Culture & Leisure

H2	Percentage of repairs completed on time (including services contractors)	Bigger is Better	95%	90%	88% (29,590 of 33,469)	New indicator	N/A	This indicator is within target tolerance, however, we are reviewing the way the indicator is reported for 2014/15. This is because late repairs are not captured within the quarterly outturns but are captured within the overall annual outturn. While it is a new indicator, we are able to provide a RAG rating as it exceeds the target.	Homes & Housing
H4	Number of homes made decent	Bigger is Better	1,290	2,224	2,224	New indicator	N/A	This indicator has met target. While it is a new indicator, we are able to provide a RAG rating as it meets the target. There is no DoT, however, comparing against 2012/13.	Homes & Housing
H5	Percentage of rent arrears against rent debit	Smaller is Better	2.5%	2.5%	2.14% (£1,131,042 of £52,807,307)	2.18%	↑	This indicator is performing better than target. The annual outturn uses actual debit while the quarterly outturn provides a snapshot and uses estimated debit. This explains the slight change between the Q4 (2.12%) and annual (2.14%) outturns.	Homes & Housing
(ex) NI155	Number of affordable homes delivered (gross)	Bigger is Better	250	250	366	487	↓	While performance is significantly better than target (an additional 116 affordable homes were delivered in total over the year), it is performing worse than the same time last year.	Homes & Housing
L6	Number of extra care housing units in the borough	Bigger is Better	Deleted	306	0	186	↓	The future of extra care housing in the borough is subject to the review of the Dreywood Court development and localised research into the needs and aspirations of older people. This approach has been led by Members to ensure that future provision meets the needs of local older people.	Homes & Housing

(ex) NI157b	Processing of minor applications within 8 weeks (%)	Bigger is Better	65%	65%	36% (143 of 398)	60% (181 of 302)	↓	Performance (36%) is worse than target (65%) and worse than the previous year (60%). Data has been retrospectively cleansed for the last two financial years. Corrective Action: Additional resourcing has been engaged and an Action Plan devised to improve decision making.	Regulatory Services
(ex) NI157c	Processing of other applications within 8 weeks (%)	Bigger is Better	80%	80%	64% (894 of 1,387)	77% (839 of 1,093)	↓	Operating system codes have recently been updated and so data has been retrospectively cleansed for the last two financial years. Quarter 4 represents the strongest quarter of 2013/14. Corrective Action: Additional resourcing has been engaged and an Action Plan devised to improve decision making	Regulatory Services
H3	Average void to re-let times	Smaller is Better	25 days	22 days	28 days	New indicator	N/A	This indicator is performing worse than target. As it is a new indicator and is not within target, no DoT or RAG rating is available. The empty properties created have tended to be larger units, been occupied for longer periods and required capital works. A change in contract has also been disruptive.	Homes & Housing

13	Percentage children who wait less than 20 months between entering care and moving in with their adopting family	Bigger is Better	60%	55%	52% (12 of 23)	New indicator	N/A	Outturns are provisional, however, initial data shows that we are within target tolerance (52%). While it is a new indicator, we are able to provide a RAG rating as it is within target tolerance. The target for 2014/15 is ambitious but achievable considering recent improvements.	Children's Services
L5	Total number of Careline and Telecare users in the borough	Bigger is Better	5,000	4,000	4,424	3,797	↑	This indicator has exceeded the annual target by 424 users and is also performing better than the same time last year (3,797 users).	Homes & Housing
PH1	Chlamydia diagnoses (quarterly, but with a time lag of up to two quarters)	Bigger is Better	475 positive cases	475 positive cases	465 positive cases	New indicator	N/A	This indicator is performing within target tolerance (with 465 positive cases in 2013/14). While it is a new indicator, we are able to provide a RAG rating as it is within target tolerance.	Public Health
Survey	Percentage of residents who give up their time to volunteer	Bigger is Better	25%	25%	25%	Not available	N/A	This question was included in the Your Council Your Say Survey (2013) and achieved 25%. ASCOF 1C(ii)	Direct payments as a proportion of self-directed support (%)	Bigger is Better	45%	15%	14.6%	10.1%	↑	There has been a significant rise in the number of service users who receive their care via a Direct Payment which has resulted in this indicator performing better. There will be a continued drive during 2014-15 to further increase this outturn.	Adults Services
ASCOF 2B(i)	Proportion of older people (65+) who were still at home 91 days after discharge from hospital into reablement services.	Bigger is Better	87%	85%	81%	82%	↓	In line with the above indicator the number of customers using our reablement services has increased. This has meant that the percentage of people who are still at home 91 days after discharge from hospital has fallen slightly.	Adults Services

ASCOF 2C(ii)	Number of delayed transfers of care from hospital attributable to Adult Social Care (ASC) and health per 100,000	Smaller is Better	3	3	1.8	3.2	↑	Performance for this measure is taken as a snapshot of delays as at the last Thursday of each month. Performance with this indicator has vastly improved.	Adults Services
ASCOF 2C(iii)	Delayed transfers of care that are attributable to Adult Social Care only per 100,000 population	Smaller is Better	1	1	0.8	New indicator	N/A	As with the other 2 parts of this indicator, Part 3 for DTOC which only measures delays attributable to Adult Social Care, has also significantly improved with only 1 delay on average per month. While it is a new indicator, we are able to provide a RAG rating as it has exceeded target.	Adults Services
L3	Percentage of people who, having undergone reablement, return to ASC 91 days after completing reablement and require an ongoing service	Smaller is Better	6%	6%	5.9%	6.9%	↑	The number of service users using reablement services has increased, however the percentage of service users that re-present has decreased ensuring that performance improved from 2012/13.	Adults Services
CY13	Percentage of Child Protection (CP) Plans lasting more than 24 months	Smaller is Better	4%	4%	4.7% (6 of 129)	4.1%	↓	Outturns are provisional, however, initial data shows that we have just missed our target. Due to the small number of children, this indicator fluctuates significantly. In this particular instance, a legal delay outside of our control affected the outturn.	Children's Services
(ex) NI065	Percentage of children becoming the subject of a Child Protection Plan for a second or subsequent time within 2 years	Smaller is Better	5%	4%	5.8% (10 of 171)	0%	↓	Outturns are provisional, however, initial data shows that we have missed our target. As with CY13, a small number of children can have a disproportionate impact on reported figures. National and statistical neighbours achieved approximately 5.5%.	Children's Services

CY15	Number of new in-house foster carers	Bigger is Better	10 teenagers 5 children	10 teenagers 5 children	8	16	↓	This indicator is performing worse than target and worse than the previous year. This is partly due to the fact that recruiting foster carers for teenagers is much harder. Corrective Action: A recruitment campaign to target foster carers for teenagers will continue through 2014/15.	Children's Services
ASCOF 1C(i)	Percentage of people using social care who receive self-directed support and those receiving direct payments	Bigger is Better	80%	70%	47.7%	48.4%	↓	The number of service users that have received self-directed care has increased, however this has been counteracted by a bigger increase in the number of service users receiving community based services. This indicator has also been adversely affected as the number of service users that have received equipment and reablement services has increased in the year. Corrective Action: The way that this indicator is measured for 2014/15 is changing and this will have a positive impact on the outturn. There will continue to be a push within Adult Social Care to promote the use of Self Directed Services.	Adults Services
