## Appendix 3: Quarter 2 2015/16 Demand Pressure Dashboard

The ONS population estimates, the 2011 Census and GLA 2013 round capped SHLAA Projections, show that Havering's population growth has seen the second largest proportional increase in London from 1939-2015 (80%), Hillingdon has the highest (82%) and Bromley saw the third highest proportional increase in London(35%).

Using GLA estimates of the total number of households by borough, 1991-2041, the number of households in Havering has grown by 6,600 households (as at 2015) and is projected to grow by a further 3,000 households by 2018.

The performance at Quarter 2 2015/16 is 14% lower thanthe number of homeless decision made when compared to the same quarter in the previous year. However, the number of acceptances has increased by 61% over the same time period because residents are finding it increasingly difficult to access the private sector rental market.
