A report due to be considered by Cabinet on 17 January 2018 (attached) gave details of the outcome of the review of the procurement process for the regeneration of 12 sites that had previously been agreed by Cabinet. The report also seeks approval from Cabinet on the award of Preferred Bidder status, summarises the rationale for the venture and provides information on the consultation and procurement process.

Subject to approval by Cabinet, Council is recommended:

To make an application to the Secretary of State, where required, for the disposal of property and land (the precise areas of land to be decided by the Lead Member for Housing after consultation with the Director of Neighbourhoods) under section 32(2) of the Housing Act 1985.
