1. Project overview	
What is the reason for the project?	To procure an Enterprise Tool that provides visibility, transparency and greater governance of the portfolio of projects and programmes across the council.
What specific problem is the project solving?	The contract for the current tool expires in March 2019 and it has been agreed that an Enterprise Tool is essential for the Business. Therefore a full procurement exercise is required to find the right one.
What total investment is required?	£122,400 over 2 years. As part of the GCloud 10 framework there is an option to extend for a further year or 2 years. We will review the contract at the end of the period and take appropriate action.
What options have been considered?	<ul style="list-style-type: none"> • GCloud10 Framework • Full tender exercise • Discontinue the use of dedicated software as a PMO Tool.
What are the benefits that will be delivered?	<p>A longer term solution that meets a refined set of requirements.</p> <ul style="list-style-type: none"> • Consistent governance • Provision of a single view of projects and programmes and escalation of matters requiring management attention. • Provision of bespoke management information & analysis • Development of the change capability across the borough through training, coaching and mentoring.
What are the key business impacts both positive and negative?	<p>Positive:</p> <ul style="list-style-type: none"> • Greater governance of all activity • Improved quality of project management approach

	<ul style="list-style-type: none"> • Consistent tools and techniques • Greater adoption of supporting principles <p>Negative:</p> <ul style="list-style-type: none"> • Lack of adoption or support for the chosen tool
