Reports		Better Care Fund

## Health and Wellbeing Board 2019-20 Forward Plan

First meeting		
Obesity strategy		
Health protection annual report	Public Health	To include an update on NHSE plans for improving uptake of shingles vaccination
Children's services		
Drug and alcohol harm reduction strategy		
Clinical governance report		This could be expanded to consider clinical governance/quality of commissioned services. This is such a big topic, it would be impossible to cover all in a single meeting, so possibly commissioners and providers presenting what are the priorities issues/concerns for local services – and signposting to published commissioning strategies/clinical governance reports.
Preventing sight loss	Public Health	A report that follows on from report produced by Healthwatch about the quality of care, post diagnosis.

Forward plan to be developed further once dates / priorities identified
