

Prudential and Treasury Indicators

The Council needs to ensure that its gross debt does not, except in the short term, exceed the total of the Capital Financing Requirement (CFR) in the preceding year plus the estimates of any additional CFR for 2019/20 and the following two financial years. This allows some flexibility for limited early borrowing for future years, but ensures that borrowing is not undertaken for revenue or speculative purposes.

The operational boundary

This is the limit beyond which external debt is not normally expected to exceed. In most cases, this would be a similar figure to the CFR, but may be lower or higher depending on the levels of actual debt and the ability to fund under-borrowing by other cash resources.

Operational boundary £m	2018/19 Estimate	2019/20 Estimate	2020/21 Estimate	2021/22 Estimate
Debt	369	408	422	453
Other long term liabilities	10	10	10	10
Regeneration Programme	174	197	212	210
Total	553	615	644	673

The authorised limit for external debt

This is a key prudential indicator and represents a control on the maximum level of borrowing. This represents a legal limit beyond which external debt is prohibited, and this limit needs to be set or revised by the full Council. It reflects the level of external debt which, while not desired, could be afforded in the short term, but is not sustainable in the longer term.

1. This is the statutory limit determined under section 3 (1) of the Local Government Act 2003. The Government retains an option to control either the total of all councils' plans, or those of a specific council, although this power has not yet been exercised.
2. The Council is asked to approve the following authorised limit:

Authorised limit £m	2018/19 Estimate	2019/20 Estimate	2020/21 Estimate	2021/22 Estimate
Debt	414	457	472	505
Other long term liabilities	10	10	10	10
Regeneration Programme	151	197	212	210
Total	575	664	694	725

Separately, the Council has been limited historically to to a maximum HRA CFR through the HRA self-financing regime. In October 2018, Prime Minister Theresa May announced a policy change of abolition of the HRA debt cap. The Chancellor announced in the budget that the applicable date was 29 October 2018.

Treasury Management Limits on Activity

There are three debt related treasury activity limits. The purpose of these are to restrain the activity of the treasury function within certain limits, thereby managing risk and reducing the impact of any adverse movement in interest rates. However, if these are set to be too restrictive they will impair opportunities to reduce costs/improve performance.

The Code requires that for LOBO loans the maturity date is now deemed to be the next call date.

The indicators are:

Maturity structure of borrowing

These gross limits are set to reduce the Council's exposure of large fixed rate sums falling due for refinancing; these have been kept deliberately wide to provide flexibility for any restructuring that might be carried out to de-risk the debt portfolio.

Maturity structure of fixed interest rate borrowing 2019/20		
	Lower	Upper
Under 12 months	0%	40%
12 months to 2 years	0%	60%
2 years to 5 years	0%	70%
5 years to 10 years	0%	80%
10 years to 20 years	0%	100%
20 years to 30 years	0%	100%

30 years to 40 years	0%	100%
40 years to 50 years	0%	100%
Maturity structure of variable interest rate borrowing 2019/20		
	Lower	Upper
Under 12 months	0%	90%
12 months to 2 years	0%	90%
2 years to 5 years	0%	100%
5 years to 10 years	0%	100%
10 years to 20 years	0%	100%
20 years to 30 years	0%	100%
30 years to 40 years	0%	100%
40 years to 50 years	0%	100%

Investment treasury indicator and limit

Total principal funds invested for greater than 365 days. These limits are set with regard to the Council's liquidity requirements and to reduce the need for early sale of an investment, and are based on the availability of funds after each year-end.

The Council is asked to approve the following treasury indicator and limit:

Upper limit for principal sums invested for longer than 365 days			
£m	2019/20	2020/21	2021/22
Principal sums invested for longer than 365 days	£75m	£75m	£75m
