

AGENDA ITEM 12D – KNIFE CRIME AND SERIOUS YOUTH VIOLENCE

**Composite Motion on behalf of the Labour and Conservative Groups**

This Council recognises the importance of a well resourced youth service, as well as the progress made in improving the Children's directorate, and calls upon the Executive to bring forward a report on reducing youth violence within Havering – with particular reference to outside partners.

**Amendment on behalf of the Independent Residents' Group**

This Council agrees an emergency multi-agency summit meeting be held, composing senior councillors, officers and representatives from various outside bodies including Police, Youth Services, Voluntary Services and others, similar to the debrief meeting held following the raid on Travellers sites in Noak Hill, to address the violent street crime menace by identifying the reasons why this is happening and to propose local solutions as appropriate.
