

**PURPOSE**  
To provide a safe and accessible environment for all road users, including those with disabilities, by improving the safety and accessibility of the road network in the area of the proposed improvements.

**NOTES**  
1. All proposed improvements are subject to the approval of the relevant authorities.  
2. The proposed improvements are based on the current information available and are subject to change without notice.  
3. The proposed improvements are subject to the availability of funding.
