| Most Holy Redeemer Church, Harold Hill | 14 December | 7.30pm     | 1          |

# Response breakdown

## Response dates

Almost a quarter of responses (23%) were submitted on Friday 10<sup>th</sup> November, the day after the consultation opened. There was an increase in responses every Friday throughout the consultation which is the day the Living in Havering e-newsletter is distributed.

# Response breakdown

## How did you find out about this consultation?

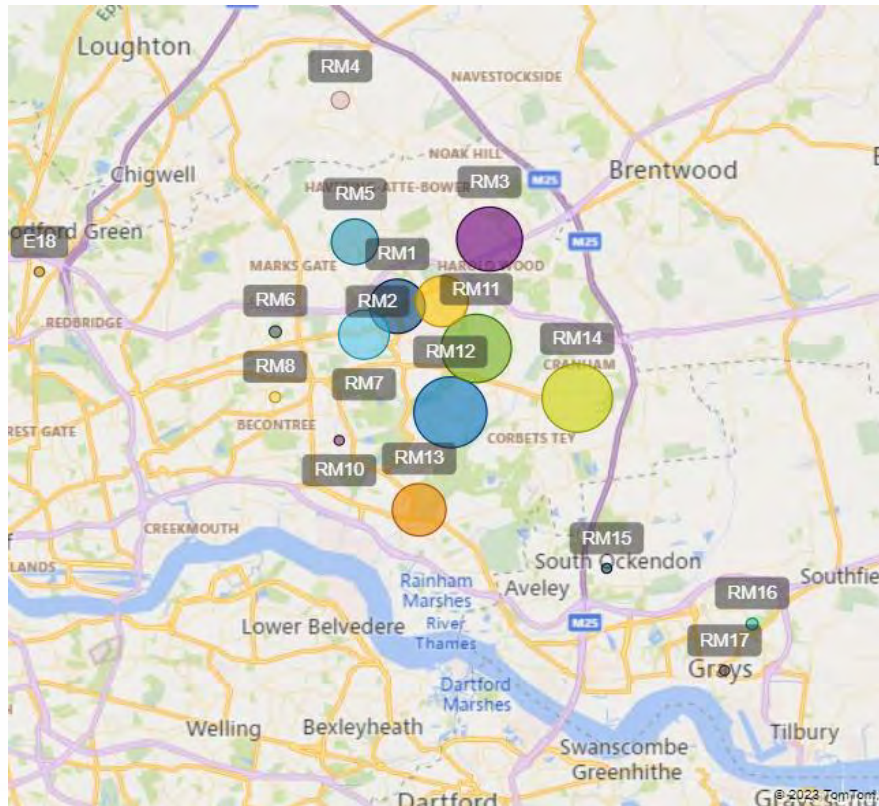

Almost half the respondents (47%) found out about the consultation from the Council's e-newsletter and almost a quarter (23%) from the budget leaflet. 43 out of the 143 respondents (30%) who submitted a paper copy found out from the library.

# Response breakdown

## Response postcode

3667 out of 3723 responses provided a valid, partial postcode. 99% of these were from Havering. The highest number of responses were from the RM12, RM14 and RM11 postcode areas.

| Postcode           | Number of responses |
|--------------------|---------------------|
| RM12               | 608                 |
| RM14               | 560                 |
| RM11               | 559                 |
| RM3                | 483                 |
| RM1                | 332                 |
| RM13               | 304                 |
| RM2                | 286                 |
| RM7                | 264                 |
| RM5                | 221                 |
| RM4                | 16                  |
| Other RM postcodes | 13                  |
| Non RM postcodes   | 21                  |

## In what capacity are you completing this consultation?

3607 of the 3723 completed consultations (97%) were from Havering residents.

N.B. Respondents were able to select more than one option if applicable.

# Response breakdown

## Employment Status

There were 2691 responses to this question, and 1032 not answered.  
Of those who provided a response, (2691) the majority were employed (1327) or retired (1143).

Comparison with employment data suggests almost twice as many retired residents responded (43%) than the Havering average (22%). This is also reflected in the age profile of respondents.

| Employment status                                  | Consultation responses |             | Havering average (aged 18 and over only)* |             |
|--|------------------------|-------------|---|-------------|
|  | Number                 | Percent     | Number                                    | Percent     |
| Employed (permanent, self-employed, or fixed-term) | 1327                   | 49.3%       | 124294                                    | 61%         |
| Unemployed (looking and not looking for work)      | 64                     | 2.4%        | 7211                                      | 3.5%        |
| Retired  | 1143                   | 42.5%       | 43978                                     | 22%         |
| Other (including student and prefer not to say)    | 157                    | 5.8%        | 2801                                      | 14%         |
| <b>Total</b>                                       | <b>2691</b>            | <b>100%</b> | <b>203500</b>                             | <b>100%</b> |
| <i>Not answered</i>                                | <i>1032</i>            | <i>-</i>    | <i>-</i>                                  | <i>-</i>    |

\*Averages for Havering population aged 18 and over, taken from ONS 2021 Census builder. N.B. These figures have been calculated to allow a comparison with the budget respondent cohort (aged 18 plus) only, and do not reflect official employment / unemployment statistics which are based on population aged 16-64 and therefore exclude the significant number of retired Havering residents. Actual numbers from Census 2021 included for clarity.

# Response breakdown

## Gender

There were 2690 responses to this question, and 1033 not answered.

Of those who provided a response, 53.6% were female and 43.5% male. This is almost identical to the borough average from the Census 2021. (Comparison data for non-binary residents is not available).

| Gender   | Consultation responses |             | Havering average<br>(aged 18 and over only)* |
|--|------------------------|-------------|--|
|  | Number                 | Percent     | Percent                                      |
| Female   | 1442                   | 53.6%       | 52.6%  |
| Male   | 1171                   | 43.5%       | 47.4%  |

## Disability

There were 2667 responses to this question, and 1056 not answered. Of those who provided a response, 25% considered themselves to have a disability, impairment or health-condition. This has been compared to data from the Census 2021 for Havering residents aged 18 and over only. A higher proportion of respondents who consider themselves to have a disability responded to the consultation than the borough average.

Of the 665 respondents declaring a disability, the most common disability was long-term illness, followed by sensory e.g. hearing or sight impairment.

| Do you consider yourself to have a disability, impairment or health-condition? | Consultation responses |             | Havering average (aged 18 and over only) <sup>4</sup> |
|--|------------------------|-------------|---|

<sup>4</sup> Census 2021: <https://www.ons.gov.uk/datasets/create>

## Issues affecting Havering What would you say are the three most important issues Havering is likely to face in the next year?

The top 3 issues reported were:

- The economy and cost of living
- National Health Service and Healthcare needs
- Crime and community safety

These are the same top 3 issues as reported in the 2023 budget consultation.

There have been large increases in concern over the ageing population, housing provision and race relations.

*The following categories from the 2023 budget consultation have been combined into one option for 2024:*

*'Cost of living crisis', 'Economy / economic situation', 'Inflation / prices' and 'Personal finances' combined into 'The economy and cost of living'.*

*'Immigration' and 'Population levels/over-population' combined into 'Increasing population levels'.*

*'EU/Brexit' and 'Other' combined into 'Other'*

*'Low pay/wages' and 'Unemployment' combined into 'Unemployment or low pay'*

*This needs to be considered when comparing the response rates for each category between the two years.*

## Issues affecting Havering
