## REPORT DETAIL

### 1. Site Description

- 1.1 The application site is Parsonage Farm Primary School which is located on the southern side of Farm Road. There are playing fields to rear of the school building, which separates it from surrounding residential properties. The application site is located within a predominantly residential area and is joined on four sides by residential properties with associated rear gardens.

### 2. Description of Proposal

- 2.1 The application seeks permission for a single storey extension that comprises of an activity room. The extension would have a width of 7.2 metres, a depth of 5.4 metres and a height of 3.3 metres with a flat roof. The proposed materials for the extension are facing brickwork and curtain walling, a felt roof and white aluminium windows.

### 3. Relevant History

- 3.1 P1272.05 –Single storey extension to existing School, incorporating a classroom, staffroom, library and toilets with link under cover/walkway– Approved.

### 4. Consultations/Representations

- 4.1 Notification letters were sent to 33 neighbouring properties. Two letters of objection were received with detailed comments that have been summarised as follows:
- Parking and traffic congestion;
  - Access for construction and delivery vehicles;
  - 
  - Highway safety.

- 4.2 In response to the above, comments regarding access for construction and delivery vehicles are not material planning considerations. The remaining issues will be addressed in the following sections of this report.

### 5. Relevant Policies

- 5.1 Policies CP17 (Design), DC29 (Educational Premises), DC33 (Car parking), DC34 (Walking), DC35 (Cycling) and DC61 (Urban Design) of the Local Development Framework Core Strategy and Development Control Policies Development Plan Documents are material planning considerations. In addition, Policies 3.18 (Educational facilities), 6.13 (Parking) and 7.4 (Local character) of the London Plan and Chapters 7 (Requiring good design) and

8 (Promoting healthy communities) of the National Planning Policy Framework are relevant.

## **6. Staff Comments**

6.1 This proposal is put before the Committee owing to the land being Council owned. The issues arising in respect of this application will be addressed under the headings impact on the streetscene, amenity issues and parking and highways implications.

6.2 Principle of Development

6.2.1 The proposal is for an extension to provide an activity room. The proposal is acceptable in principle and complies with LDF Policy DC29.

6.3 Design/impact on street/Garden scene

6.3.1 It is considered that the single storey flat roofed extension would not be harmful to the streetscene, as it would be located within the school grounds and would be set back approximately 40 metres from the end of the access road in Farm Road. It is considered that the single storey extension has been designed in sympathy with the existing school building.

6.4 Impact on amenity

6.4.1 It is considered that the extension would not be harmful to residential amenity, as it is single storey, has a flat roof with a height of 3.3 metres and would be approximately 13 metres from the northern boundary of the site.

6.5 Highway/parking issues

6.5.1 The proposal would not increase staffing levels or traffic levels. As it is not proposed to increase staff numbers, the Highway Authority has no objection to the proposal. It is considered that the proposal would not create any highway or parking issues over and above existing conditions.

6.5.2 It is noted that the subject matter of the objections is largely focussed on the existing impact the school has on parking and congestion in the locality. Following enquiries with Parsonage Farm Primary School, it has been confirmed that this proposal does not involve increasing staff or pupil numbers. Also, the school will maintain an existing three form of entry arrangement for pupils.

## **7. Conclusion**

Having regard to all relevant factors and material planning considerations staff are of the view that this proposal for a single storey extension would be acceptable. Staff are of the view that the proposal would not have an impact on the streetscene or result in a loss of amenity to neighbouring occupiers. The proposal is considered to be acceptable in all other respects and it is

therefore recommended that planning permission be granted subject to conditions.
