SMF ASB (For All Incidents Of Anti-social Behaviour)  
Always consider whether the circumstances of the incident render  
the person concerned as vulnerable.  
1. Has anything like this happened before?: Yes  
2. Has the caller spoken to police about this or any other  
matter relating to ASB?: Yes  
3. If the answer to 2 is 'Yes', when were police called  
(approximately)? :  
4. Prior to this call, has the person sought help from elsewhere  
(e.g. Local Authority, Security, Housing Association, Samaritans,  
Citizens Advice, BT, etc.)?: No  
5. If the answer to 4 is 'Yes' please state who? :  
6. Are there any health or welfare issues we need to be aware of  
that could help us deal with your call? (VULNERABILITY)? : No  
7. If the answer to 6 is 'Yes' record details of how/why  
vulnerable.  
Record any other relevant information? :  
\*\* For 'ASB' calls, you are no longer required to complete the  
'REPEAT' or 'VULNERABLE' SMFs \*\*

ASB Desk,

I have reviewed this CAD and I believe that this is not a police matter

as this is a parking issue. Inft should have been advised to contact

council/parking management.

ASB URN NOT REQUIRED

^INF - Drug dealing going on down our road. We have a general  
problem,  
have a club around the corner. Local Pol are aware. Tonight  
three cars  
pulled up, have been exchanging things - looks like they're  
exchanging  
drugs.

Hi Chris,

Thank you for your email. We had a management meeting late last evening. Followed by our management meeting, we have decided to stop service Shisha in Bayou with Immediate effect.

Currently we are working on developing new Breakfast and lunch menu. Meanwhile bayou will be uses to serve food and drinks only from our main Kitchen/bar.

Furthermore, we have decided to start using metal detector at the main entrance to add extra secure measure for our clientele and staff safety.

Please feel free to drop me an email if you have any further questions.

Kind Regards  
Nadir Gul

Good morning Mr Gul

Yesterday I sent the below email and have not received a reply from you.

Can you confirm please the shisha lounge will be closed with immediate effect and the business model will change to a breakfast and lunch venue?

As I stated in the email yesterday I am considering all options at this time.

It would therefore be helpful if you could please confirm in writing/email what your intentions are in respect of the shisha lounge in order to mitigate risk.

Many thanks

Good afternoon Mr Gul

I'm emailing you with regards to the serious incident that occurred on the 5th November 2022, at 0100 hours.

As you are aware a customer was stabbed outside your premises after a fight had taken place and the criminal investigation is being dealt with separately by CID. However, I am responsible for overseeing the licensing matters.

On Saturday evening you advised me that the shisha lounge located at the rear of the property would be closed due to the clientele you were getting in, and instead the area would be used to cater for meals including breakfast and lunch. Can you confirm the shisha lounge will be closed with immediate effect and the business model will change to a breakfast and lunch venue?

I have sought legal advice and whilst this meets the threshold to bring a Summary Review (due to the serious crime that has occurred), I am considering all options at this time. It would therefore be helpful if you could please confirm in writing, by close of play today, what your intentions are in respect of the shisha lounge in order to mitigate risk.

Many thanks

**Re: Continuing disturbances, anti-social behaviour and problems relating to Array 91 Shepherds Hill Harold Wood**

We reside at **REDACTED** and are writing to outline our concerns since the opening of Array, 91 Shepherds Hill.

Although we are situated on the opposite side of the road to Array, we are constantly disturbed by their patrons.

This occurs on Friday and Saturday evenings, going on into the early hours of the following day, but has occurred on Monday, Wednesday and Thursday evenings, again into the early hours of the following day.

Parking of cars without consideration is a health and safety issue. Regularly, three cars are parked opposite us, blocking our neighbours' drives, causing cars to swerve onto the other side of the road just missing the pedestrian bollards. Impatient drivers revv their engines and sound horns. If emergency vehicles were needed to attend to houses in the lane running along one side of Array, access would be difficult.

The number of vehicles parked in Shepherds Hill, even where there are double yellow lines cause havoc. We ourselves have had to drive around them when returning from an evening out and then find our driveway blocked by taxis collecting patrons of Array.

There have been fights, aggressive behaviour, urinating in Shepherds Hill, including a woman who decided to relieve herself in the middle of the roadway, rubbish strewn along the pavements and roadside left for residents to pick up. It is unacceptable to have to listen to the inappropriate language uttered by patrons shouting loudly into the early hours of the morning.

Further pollution from Array includes heavy smoke, light and sometimes loud thumping of bass from the music.

Taxis use our crossover to wait, with their engines running, doors slamming and customers' loud voices. We have challenged the drivers, but have met with abuse, advising us that they are waiting for their customers from Array.

Our sleep is interrupted. Sometimes we have been disturbed, returned to sleep, only to be awoken again as a regular pattern.

We have come to dread Friday and Saturday evenings and their early mornings. This last weekend, we were awoken at 1:23 am by people

making unacceptable noise in the carpark. This went on for over 45 minutes and included, door slamming, car engines revving, vehicles sounding horns, patrons shouting, screaming, even singing.

To help us cope with what surrounds us, we stopped using our front room and live in the rear of our house whenever we see crowds gathering at Array and/or the amount of parked cars. This is no way for us to live indefinitely, and certainly not how we can enjoy peaceful enjoyment of our own home.

We have called the police and emailed them on several occasions when we have been intimidated by the behaviour. We have also emailed our local councillors, MP Julia Lopez, Chief Executive of London Borough of Havering and the Licencing Authority.

But there are other times when, although we have felt stressed by what we have to put up with, we have tried to ignore, stay calm, and pretend all is well.

Thank you for taking the time to read this letter.

Kind regards

Yours sincerely

Mr & Mrs P

Since the opening of Array we have been adversely affect by the behaviour of customers and staff. There has been a serious increase in traffic/parking in the adjoining road (Phillida Road) which has hugely impacted on the noise level we have to endure, we are a family of 5 which includes a small child and my elderly mother who have on many occasions been woken by people coming back to their cars, there is no consideration for residents, I have asked for the noise to be kept down and was verbally abused. My drive way has been blocked on many occasions which is also a worry if there should be an emergency. I have also personally witnessed drugs being taken in plain view, lewd behaviour, and a young man urinating in the bushes opposite.

There were no issues with the previous restaurant, and this is highly disappointing that as residents we are subjected to this weekly.

26th September 2022

We live **REDACTED**. Since the opening event of the venue, we have endured the constant weekly cycle that the premises bring to our vicinity. During every evening, later than what would be acceptable to the planning department condition we hear the emptying of the glassware into a dumpster, after dragging the container through the car park, and on most days close to, or after the premises are closed. So even when the bar areas are closed, we can expect to be disturbed by the loud noise the event creates.

When at weekends, they have a "Special Event" as noted on their social media platforms, we can expect without fail to be having to prepare our family for a poor nights sleep as a direct result of the Arrays clientele. Either arriving and congregation on the footpath outside our home, or the sound of their vehicles racing towards and worse when leaving the car park when the building is closed, with the clients still remaining on site and many times parked in front of our car access to our home, when this occurs, we have informed the security, but they deny all knowledge that the owners of the vehicles have entered the building but seem able to assist them when returning to their cars, if they are still available on site.

On most weekend nights the main events seem to commence after 21:30 hours as the restaurant is closing with the loud music beginning. The size of the venue seems out of proportion to the car parking numbers available, including the overflow car park area that often exceeds to permitted number.

When the taxis arrive to collect the clients leaving at a time when we are trying to sleep, that is to say after the noted closing time they stand outside our homes with the engines running and parked across drives or on the grass standings

When leaving the club at near or past the noted closing time the clients are unsupervised and left to their own devices, this in many cases cause the unwarranted congregation of drunken, and quite often very loud and aggressive actions which occasionally break out to a fight, not an altercation as is suggested.

When they are using the Bayou at the rear (no planning?) they allow the roof to be slid back for smoking, but this allows for the complete ineffective function of the noise control equipment. This demonstrates that the management seem to be not able or willing to take on the responsibility that the licence holder is required to be accountable for. They have by this lack of action demonstrated their lack of social awareness and consideration for its neighbours.

Our aim is for the premises to behave in a socially responsible manner that allows its neighbours to exist in harmony, and to this end a closing time of 23:00 hours should be imposed to stop the ongoing issues to be curtailed in a residential area. We have logs of many of the disturbances along with details of events when the police have been called with CAD numbers available.

Address available upon request, but to remain confidential.

Since the opening of Bayou and Array, our lives have become unbearable at weekends, usually from 9pm to 2,30am and we are all suffering as a consequence. Array have woefully inadequate parking for the number of customers they are accommodating. They are running a nightclub late into the night as their license is to 00.30 Tues – Wednesday and to 01.30am Thursdays to Mondays. The double parking up Shepherds Hill is an accident waiting to happen which we have written to the council authorities on many occasions. Parking enforcement can testify to this as well as multitudes of local people who have witnessed the chaos on a Friday and Saturday after 9pm. This is in addition to Phillida Rd being used as an overflow carpark as directed by Array staff. We have up to 8-10 cars given parking tickets for illegal parking in this small no through road at the weekend, which should give some indication of what we have to put up with.

We initially embraced the opening of Array, and indeed were their very first customers. Having read the local media on the opening that this was to be a local venue for local people. It became apparent very quickly the PR campaign was a lie and local people are not what this venue is trying to attract.

Bayou is a nightclub advertising dance with DJ's and has been a blight on our lives since it opened. This part of the venue is Walk ins only up to 01.30am attracting a different clientele to those wanting to go out for dinner.

We live in Phillida Road, a side road just down the hill from Array, and on a Friday and Saturday night especially, the road becomes a place where people attending Array, illegally park on or across our drives, and on the pavement to such an extent that we have to stand outside our properties from 8.30pm to 1030pm, when the nightclub contingent arrives, to protect our drives. This has been witnessed by the police SNT. We ask the customers why so many try to park down our road, and every time the response is that Array has no parking, (some are polite, some very abusive), and the attendants tell them to park down our road. Phillida Rd is a small narrow no through road with 6 houses. We have up to 50 cars coming into our tiny road with maybe only 2 available parking spaces as residents already have the legal parking places. This leads to cars parking illegally, up verges over driveways and on driveways as stated above. This is bad enough but it gets worse as the revellers return to their cars from 01.30 am.

Music blares from the cars, alcohol is consumed, we have witnessed drugs being taken, and the empties dumped in the road. On their return the party continues regularly with shouting, screaming, drinking, drug taking, and music played from cars. This is accompanied with urinating in the street, both male and female, and then people being sick, up until 2.30am.

We have been threatened as have most of our neighbours for asking people not to park across our drives or illegally. We have also been verbally threatened by one of the owners and 5 of his henchmen outside our house, for daring to go in to Array and complain politely about their customers cars being parked illegally. We have film evidence to support this and gives an indication of the sort of situation and people we are dealing with.

Our lives have been made miserable since the opening and the late licensed of Array, with every weekend a worry as to what we will be facing, and what bodily functions we will find in the street or gardens in the morning.

We have had to call the police a number of times because of Array customers, and should have called more, but we are sitting targets here and they know where we live. On one occasion I had to rescue a badly beaten man who had been chased and beaten by Array customers/staff, and on other

occasions because of threatening and intimidating behaviour. On each occasion we know where they were going as we watched them going there.

Array is the talk of the area and none of it is positive, and house prices are falling because of it. For the first time in 20 years, we want to move because of Array, but can't because of Array. We have always lived peacefully and happily in Harold Wood and now we are frightened to leave our homes at the weekend.

We ask that you consider our plight and reduce the opening hours to 11pm every evening which we feel is a fair compromise as we are not asking for it to be closed, just respect the area in which the venue is located and not to run a club and smoking lounge in the middle of a residential area. By reducing the lateness of this venue we can regain the peace and quiet that we are entitled to in order to get a nights sleep.

Impact statement of living near Array  
The S family  
Shepherds Hill

Having lived in at this address my entire life (over 50 years) I have never had an issue with the pub. My home is **REDACTED** and my back garden is parallel with the rear of the Array and backs onto fields and a rural backdrop.

The operation of the Array since opening has proceeded as what can at best be described as an events venue, and at worst a night club. Each weekend, Friday & Saturday, at approximately 9pm customers begin arriving in large numbers so many that they park up and down the street blocking the one carriageway of Shepherds Hill, a busy trunk route between Harold Wood and the Brentwood area and M25. The fact Shepherds Hill is not wide enough for two cars to pass a parked car it create significant traffic noise, and increased beeping which during late hours disturbs our sleep. This generally reaches a peak when the operation of the Array ends around 1:15 and 1:45 am and a stream of taxis queues and people returning to their cars.

On Saturday 10/09 at approximately 9pm a car parked partially blocking our driveway, and also obstructing the passing of cars around the traffic islands so that larger vehicles had to pass on the opposite carriageway to pass. This car remained all night with cars constantly beeping throughout the night and it was subsequently given a ticket by the council on Sunday, but as it was in a hazardous position the council advised me to contact the police to get it moved. I did this via the 101 service. Shortly after sharing the number plate the driver returned to his vehicle and moved it.

The Array operation itself is directly a problem for us. Being in close proximity we are often disturbed by loud music, singing and shouting during hours the venue is open. Oddly this seems to increase from 11:30 pm until 1:00 am at the rear where the Bayou lounge building has been built across what was the old pub garden. We initially engaged with the management of the Array and were hopeful they would be sympathetic to our concerns but after subsequent attempts to engage they became aggressive and made it clear they did not want to listen. Since then I have had no option but to engage directly with Mike Richardson at the council and, the local councillors Martin and Darren, to share recordings of the noise emanating during operational hours. The lateness of the hour when most of the issues occur is the most difficult aspect. We have no recourse with any authority and feel helpless to get people to understand quite how intimidating and disruptive this is. We are never able to relax at weekends, expecting the inevitable noise, made much worse by it often taking until after 2:00am for the final rowdy customers to drift away. I am not an anxious person but this has become very distracting for us all. And now they are also running events during the day in the week which again has very loud music and rowdy behaviour meaning I cannot conduct business calls when working from home with the windows open.

The nature of the operation at the Array is no longer a pub or even a restaurant. It's core business seems to be catering for a very young party crowd between 9:00pm

and 1:30 am, with as large a crowd as possible. This is a quiet residential area and this is totally unsuited to this area. I wish them well in their enterprise I just do not see that this is the right location, given the size of the venue, availability of parking and focus on a party crowd. If there is no redress to this issue I feel I will have no option but to sell my home and move, and I wonder what the market value it will achieve with me having to disclose the nuisance.

I am PC Christopher Stockman and I have been a Police Officer with the Metropolitan Police Service for over 19 years. I am currently attached to Havering Police Licensing Team, on the East Area Basic Command Unit and have been in post for the past 8 months.

This is an additional statement regarding an incident that occurred at Array on Saturday 5th November 2022, whereby a stabbing occurred outside the premises. **(CRIS 5419395/22 and CAD 395/05NOV22 refers)**

On Saturday 5<sup>th</sup> November 2022, victim attended Bayou and left the premises with a friend. As they were leaving the car park at around 0110 hours an altercation occurred with two groups who were parked up outside the venue. This resulted in the victim being stabbed. Suspects had not been inside the venue prior to the incident. However, the suspects had been seen by security using nitrox oxide balloons prior to the incident and were challenged by the security.

The fight spilt out into the road which caused a passing vehicle to break and stop.

I was on duty as the licensing officer on the 5<sup>th</sup> November 2022. Following this incident I rang and spoke to the Licence Holder and DPS Mr Nadir Gul. I advised that due to the serious nature of the incident and the fact that his premises were being reviewed he should consider a voluntary closure for the weekend. Mr Gul agreed to this and confirmed it in an email I received on the 5<sup>th</sup> November at 1822 hours. **(See exhibit CJS/1)**

Myself and PC Dunn attended the venue shortly after where MR Gul confirmed he had closed the venue for the weekend. Whilst at the premises we viewed the CCTV and Mr Gul highlighted his concerns about the clientele attending the shisha lounge. He went on to state that perhaps Bayou should be a venue where breakfast and lunch is served.

On Monday 7<sup>th</sup> November 2022, Police had further discussions via email with the licence holder and they confirmed in writing that the shisha business will cease with immediate effect. **(See exhibit CJS/2)**

The Metropolitan Police considered a summary review under Section 53A of the Licensing Act 2003, but felt that the decision to remove the shisha as a business model at this time and based on the information we currently have, would alleviate the concerns around the clientele attending.

Therefore, the Metropolitan Police would invite the sub-committee imposing a condition to prevent the use of shisha on the premises.

**Police Representation - Application to Review the Premises Licence for Array 91 Shepherds Hill, Romford, RM3 0NP**

Dear Licensing Authority

I acknowledge receipt of an application to review a premises licence, under section 51 of the Licensing Act 2003. The premises concerned is Array 91 Shepherds Hill, Romford RM3 0NP.

On behalf of the Commissioner of Police of the Metropolis, I have considered this application and wish to make the following representation in support of the review.

Array promotes itself as a "Flashy operation offering international dishes, plus DJ's live acts and a jungle themed cocktail bar". Shisha is also provided.

The premises is located in a densely populated residential area of Harold Wood and has bus stops outside it which serve the 347 bus route which travels to Romford, Upminster and Ockendon. There aren't any shops in the street that would bring people to the location.

The venue is permitted to carry out the following Licensable activities: Supply of Alcohol, Regulated Entertainment and Late Night Refreshments and operates between the following hours:-

**Opening Hours**

Sunday to Wednesday - 08:00 to 00:30  
Thursday to Saturday - 08:00 to 01:30

**Regulated Entertainment and the Supply of Alcohol**

Sunday to Wednesday - 08:00 to 00:00  
Thursday to Saturday - 08:00 to 01:00

**Late Night Refreshment**

Sunday to Wednesday - 23:00 to 00:00  
Thursday to Saturday - 23:00 to 01:00

I have completed checks on police indices and found the following calls to police within the last year.

**CAD 7360 on Wednesday 2<sup>nd</sup> Feb 2022 - 2057 hours**

Caller stated the pub does not have a license to have outside music. They have music blaring outside in garden area.

**CAD 328 on Saturday 05<sup>th</sup> Feb 2022 - 0046 hours**

Informant stated someone was in his garden and heard someone calling out "hello" and appeared people were looking for him. Informant stated the male jumped over the fence and heard him say something about Joe and that there were a few people looking for him. Police attended and spoke to the male who stated there had been a form of argument/heated discussion at Array down the road and the male thought he was going to get beaten up so ran off into a field and climbed a fence to get away from them.

**CAD 394 on Saturday 05<sup>th</sup> Feb 2022 - 0055 hours**

Informant rang and stated there was a male in their back garden who stated someone was after him.

**CAD 529 on Saturday 05<sup>th</sup> Feb 2022 - 0120 hours**

Caller asking how long police will be re CAD 328/05FEB22. Informant stated a male had been attacked and his clothes were all ripped.

**CAD 500 Wednesday 8<sup>th</sup> June 2022 - 0206 hours**

Caller stating four 4 people were fighting informant and her friend. Police attended the venue and males were trespassing and were asked to leave by the venue. There was a verbal disagreement nothing further.

**CAD 8019 on Friday 05<sup>th</sup> Aug 2022 - 2137 hours**

Caller stated people were trying to park on his drive and on the grass from the Shepherd and Dog pub and were harassed. Stated there was a death on the road today and 12 cars were parked blocking access and informant stated this was a regular occurrence. Informant stated this wasn't near the vigil and was to do with customers of Array causing a nuisance.

**CAD 5013 on Sunday 09<sup>th</sup> Oct 2022 - 1655 hours**

Caller stated a few males in fast vehicles were racing up and down the road and were coming and going from the restaurant. No registration numbers were obtained of the vehicles involved. Informant described some of the vehicles as expensive and one was black. Also stated the speed they were traveling could cause someone to be killed as this was a residential area.

**CAD 5018 on Sunday 09<sup>th</sup> Oct 2022 - 1656 hours**

Caller stating powerful cars were racing up and down the hill and was like a race track. The vehicles included Lamborghinis and some of the vehicles were very small and going too fast. They had been doing this for the past 2-3 hours. Caller stated the vehicles park in Array.

On Wednesday the 20th July 2022, I attended a meeting held at Array. The Local Authority arranged this due to numerous complaints from residents. Present at the meeting were representatives from Public Protection, David Dadds, the father of the owner whose name I can't recall and the Designated Premises Supervisor (DPS) Mr Bilal Nadir Gul.

The venue were advised at the meeting that numerous complaints had been received from residents in the area including customers parking vehicles in an inconsiderate manner around Phillida Road and excessive noise from the venue. David Dadds stated he would attend and see for himself the situation around the parking of vehicles. Those at the meeting were also advised by the venue that they would look into placing a parking marshall at the junction of Phillida Road and Shepherds Hill to prevent inconsiderate parking by Array customers.

David Dadds stated a dispersal policy for the venue would be written up to assist the venue in the dispersal of customers from the venue. To date I have not seen that policy and I am aware the local authority emailed David Dadds company on at least two occasions. We were assured at this meeting that one would be written up.

The venue also confirmed that all windows and doors to the venue would be kept shut to prevent noise emanating from the venue and stated the windows to the front of the venue were noise cancelling and installed to prevent noise from escaping.

On Thursday 6<sup>th</sup> October 2022, I met two residents of Phillida Road at Romford Police Station to discuss their concerns around Array. During the meeting I was shown a photograph of what appeared to be two vehicles parked in the street with a female squatting down in front of each front grille of the vehicles and urinating on the road. This photograph has been provided to me. I was also made aware that numerous residents had written letters detailing their experiences of inconsiderate and/or illegal parking and anti-social behaviour including shouting, screaming and music being loudly played from vehicles parked up. A selection of those letters have been given to me.

On Friday 21<sup>st</sup> October 2022 at around 2230 hours, I attended the venue along with a licensing colleague to observe the issues around anti-social behaviour and parking. There were a number of cars parked in Phillida Road that were parked with two wheels up on the kerb. I did see a number of Havering Council parking enforcement people in Shepherds Hill issuing tickets to vehicles.

I visited the venue and spoke to the DPS Mr Gul and the same male who was at the meeting on the 20<sup>th</sup> July whose name I can't recall. They were aware of the application to review the venues premises licence and Mr Gul stated he agreed with some of the issues raised, but disputed others. Mr Gul advised me the venue had implemented changes to the business including booking UBER taxis for customers that resided nearby and were advising customers at the point of phone bookings to consider taking public transport or taxis to the venue and if driving to park considerately.

I asked Mr Gul what the situation was with regards to placing a parking marshal at the junction with Phillida Road and Shepherds Hill and whether that occurred as discussed at the meeting on the 20<sup>th</sup> July. I was advised it was still being looking into and risk assessed as they weren't certain whether it would require two people or one. I did advise Mr Gul that it had been almost three months since the meeting which should have been enough time to look into the implementation of a parking marshal.

In conclusion, the Police at this time do not have confidence that the venue are able to uphold the licensing objective around preventing public nuisance and support this application to review.

Yours sincerely,
