LICENSING SUB-COMMITTEE

REPORT

14 October 2011

Subject Heading:

Procedure for the Hearing: Licensing Act 2003

Report Author and contact details:

Taiwo Adeoye (01708) 433079
e-mail: taiwo.adeoye@havering.gov.uk

Members are advised that, when considering application for a premises licence, the following options are available to them by virtue of the Licensing Act 2003, Part 3, section 35, paragraphs 3 and 4:

"Where relevant representations are made, the authority must

- (a) hold a hearing to consider them, unless the authority, the applicant and each person who has made such representations agree that a hearing is unnecessary, and
- (b) having regard to the representations, take such steps as it considers necessary for the promotion of the licensing objectives.

The steps are:

- a) modify the conditions of the licence
- b) reject the whole or part of the application

and for this purpose, the conditions of the licence are modified if any of them is altered or omitted or any new condition is added."

The Sub-Committee will also wish to note that, if none of these steps is required, the application must be granted.

Assuming that the Sub-Committee is satisfied that a hearing is required, then the following procedural steps are recommended. The Licensing Act 2003 (Hearings) Regulations 2005 will govern the arrangements for the hearing of the application now under consideration. This report accords with the requirements of that Act and the Regulations, and in particular Regulations 21-25 (procedure at the hearing).

Note this relates to people other than those attending on behalf of a party in the capacity as a representative of the party.

Each party will be allowed a maximum period of 10 minutes in which to address the Sub-Committee and call persons on his/her behalf.
- This 10 minute period is where each party has the opportunity to orally address the Sub-Committee and clarify any points in which the Sub-Committee has sought clarification prior to the hearing. This 10 minute period should be uninterrupted unless a member of the Sub-Committee or Legal Advisor considers that the speaker is making submissions that are irrelevant, frivolous or vexatious.

This process of questioning is normally referred to as cross-examination. The Sub-Committee will allow cross-examination only where it is necessary to assist it in considering the representations or application.

Information submitted at the hearing must be relevant to the applications, representations, or notice and the promotion of the licensing objectives. 1st Floor, Morland House, 12-16 Eastern Road, Romford, Essex, RM1 3PJ "Apex Conference and Social Centre UK Limited" (hereinafter referred to as The Apex Centre) is one floor within a privately-owned five-floor (including ground level) office block. The current owners are in the letting business and have let the floor on a fully serviced basis.

The Apex Centre is accessible through a front-entrance via manned reception (during the hours of 0900hrs - 1700hrs Monday to Friday). Staff access is via a coded touch button lock. The front entrance is accessible via steps to the front or ramp of suitable gradient for manually-wheeled or electrically operated wheelchair users.

Visitors during office hours are requested to sign in at Ground Floor reception and take note of health and safety guidelines, laid down by the owners and the Law.

Ground floor has a purpose-made lavatory solely for the use of people with accessibility needs.

First floor is reached via two lifts or stairs. One of two fire escapes leads from the base of the stairwell out to the car park at the side of Morland House and to immediate safety.

The first floor office space is accessible to staff via a coded touch-button lock. A doorbell alerts staff to the presence of visitors. The landing immediately outside the lifts, stairwell and office entrance door has male and female lavatories. In the case of a large number of people wishing to use the lavatory facilities at the same time, further units are available on alternative floors.

On entry to The Apex Centre, all visitors are required to sign in and are alerted to the fire safety measures. A large reception area allows comfortable and safe networking whilst tea, coffee and soft drinks are available.

To the left of reception, with one's back towards the door, the Enterprise Boardroom is accessible. It is envisaged that the room will be used for business people for the purpose of meetings and sometimes interviews. The Boardroom seats up to 14 people comfortably.

To the right of the reception area is a corridor, along the length of which are three partitioned offices. It is not envisaged that access will be given to the general public and therefore they will not apply for licensing purposes. Each of the offices will be locked when not occupied by staff. Immediately to the right of the corridor is one of two doors affording entrance into The Summit Auditorium.

The purpose of the Summit Auditorium is for businesses to hire on a half-day or daily basis, with the intention of presenting conferences, training and development courses, new product launches etc., the facility will help to promote businesses and employability in the Havering locality.

It is envisaged that musical events will take place in the Auditorium, but these will be restricted to after 5pm on weekdays and weekends only. No amplification of music will take place during office hours. Reasonable amplification, which is necessary for the human voice to be heard clearly within the confines of the Auditorium, will be required during office hours but due to the properties of the structure, this cannot be heard externally or by companies on other floors of the building. Air conditioning is installed on the first floor and the opening of windows during musical performances will not be allowed. It is to be noted that trains are constantly running just metres from the windows in the Auditorium so it is highly unlikely that anybody would want or need the windows open.

The Auditorium is laid to seven mini-tiers, all approximately 110cm in depth, which affords easy access to people (even if they are to be seated at the far end and even if all other seats are occupied) without the need for those already seated to rise. The height of each tier is just 6cm and clearly defined by a white edge. There is a clear corridor with no chairs in it on both ends of each row of chairs, affording easier entry and exit, and an easy flow of people within the space.

At the front of the Auditorium is a raised stage. The stage is just 30cm in height and is easily and safely scalable by most people. There are two steps; one to either side of the stage. They are 15cm in height each, making movement from floor level onto the stage easily and safely accessible to all. From the front of the stage to the back wall is 200cm. The width of the stage is 527cm, abutting the exterior wall to the right hand side of the building and also the partition wall to the left of the auditorium.

At the front of the Auditorium is the second of two doors affording exit from the Auditorium into a second break-out/reception area. Access to the fire escape, at the opposite end of the building to the front entrance/exit, is afforded immediately after stepping from the front door of the Auditorium. The break-out area does not encroach on the fire escape area. A break-glass for raising the alarm in the case of a fire is placed in a safe and convenient position on the exterior wall to the rear of the building, on the way to the fire escape. It is to be noted that the break-glass is easily activated without the chance of the activator being caught in a moving crowd.

The small kitchenette is accessible to staff only and houses a microwave for staff, a kettle and an industrial filter coffee machine. The filter coffee machine is activated by staff only. Industrial thermos pump pots are used to dispense hot drinks to the public. The pump pots have a ledge under the dispenser upon which the cup is placed. This allows for hot beverages to be prepared by guests to their own taste without the need for electricity or dangerously boiling liquids. Users with lower than average hand strength will be able to operate the dispensers, although attentive staff are also on hand and trained to look out for those who may require some assistance. Due to the nature of the business, small children will not be present at most events. In the case of catering arrangements where there are some younger people present, accessibility to the dispensers can be impeded and signs requesting adult supervision erected. In order to promote safety even further, The Apex Centre will post a member of staff at the drink dispensers at all times.

Catering will be external from approved, well-reputed suppliers. Provision has been made to keep cold buffet food at the correct temperature if there is any delay whatsoever between the delivery of food and consumption (occasionally it is envisaged that conferences can overrun). Provision has been made to keep hot buffet food hot for the duration of the meal. Once the meal has been delivered, all left-over food will not be reheated or consumed.

Security cameras are located at three locations in the public areas of The Apex Centre and one also on the 1st floor landing. Recording is stored remotely.

No alcohol will be consumed on-site at any time or day.

Describe the steps you intend to take to promote the four licensing objectives:

a) **General – all four licensing objectives (b,c,d,e)** (please read Guidance Note 9)

NO Alcohol on the premises at any time.
Full staff training - a qualified first aider to be present at all events, basic food handling hygiene training, qualified and licensed outside caterers will be used,

b) **The prevention of crime and disorder**

Our services are aimed at professionals from fields such as Medical, Law, IT, Medical Computing, Business, Marketing, Leadership etc, giving them an opportunity to network and socialize. The premises is not accessible to the general public and it is envisaged that prevention of crime and disorder will be limited to keeping the general public out and our visitors safe upon their departure. 1. Appropriate door/building security at all times throughout an event. 2. CCTV cameras posted all around the building facing the street and throughout the Apex Centre premises.

c) **Public safety**

Risk assessments will be completed routinely for every event. Staff to be trained in fire safety, first aid, safety in the workplace, food hygiene. Compliance with all fire and health and safety regulations. Children are not expected to be regular clients but will also be covered by our risk assessment procedures to ensure their safety needs are not overlooked. CCTV with remote recording is installed in the public areas of our premises. Coded keypad access to staff only - visitors' re-entry will be facilitated by Door Security staff, thus preventing access by uninvited members of the general public.

d) The prevention of public nuisance

No alcohol will be allowed at this premises and those entering or leaving our events will not be intoxicated. The building is in an area which comprises entirely of office blocks. At the rear of the property is the train track with noisy trains passing by at regular intervals. It is not envisaged that our clients (who are mostly from professional fields such as Medical, Law, IT, Medical Computing, Business, Marketing, Leadership etc.) will cause a public nuisance when leaving the premises. Prevention of noise and vibration nuisance for neighbouring offices will be strictly adhered to including no amplified music during office hours and windows to be kept closed whilst amplification of sound is taking place (air conditioning means that open windows are unnecessary and contra-indicated). In order to comply with LBH Guidelines, A Premises Daily Register will be kept by The Apex Centre to record any complaints by neighbours should they occur.

e) The protection of children from harm

It should be noted that our services are aimed at professionals from fields such as Medical, Law, IT, Medical Computing, Business, Marketing, Leadership etc, giving them an opportunity to network and socialize. Very rarely will children be included in these activities, the exception being for example if a private hirer of the auditorium wishes family members to attend a private function. Nevertheless:

1. Catering: should children be present, accessibility to hot drink dispensers can be impeded and signs requesting adult supervision erected. The Apex Centre will undertake to provide staff to cover the drink dispensers regardless of whether children are present or not.
2. All events will be scrupulously risk-assessed. No child will be allowed to attend an event where an unsuitable performance might be taking place.
3. Performers will be made aware of the presence of children and requested to keep well within the boundaries of suitability for the age group.
4. If the premises are required by an educational body, then The Apex Centre will work closely with their organisers to ensure the wellbeing, safety and protection of the students; complete compliance with the expectations of the law will be met or exceeded.
5. No children will be allowed into The Apex Centre without a responsible adult at any time.

Appendix 3 - Representations

Paul Campbell

Subject: Apex Conference Centre.

Categories: sub committee

Dear Paul,

I wish to object to the above application for a premises licence in Eastern Road in my Ward on the grounds of prevention of public nuisance.

The area in which the premises are proposed is largely made up of solicitors and other professional businesses, which require a degree of quiet and calm within which to conduct their work. I suggest that the application, if approved, would result in increased levels of noise from entertainment and events within the premises, which would inevitably result in a significant increase in noise and disturbance for surrounding businesses, which would greatly hinder their ability to successfully work in the town, thus constituting a public nuisance.

Yours sincerely,

Cllr. Andrew Curtin.
Romford Town Ward Councillor.

For the Attention of Paul Campbell

Your reference: PPC/01017

Dear Sirs,

We refer to your letter of 30th August relating to the abovementioned application.

We wish to object as occupiers of the adjoining property to the proposed Licence on the following grounds:-

1. Morland House 12-16 Eastern Road is within the business office and administrative centre of Romford and away from the main leisure and social activities of the Town Centre which collectively have the benefit of concentrated police and security resources. Social activities of the type set out in the application will require a proportion of the police and security attention thus diluting resources from the Town Centre and the Borough as a whole:
2. The probability of excessive noise particularly for the playing of recorded music including backing tracks for Karaoke or other vocal performers will give rise to public nuisance and will be an inappropriate activity for a predominantly office and administrative environment:
3. Whilst the Licence will not contain the right to sell alcohol it does not prevent its consumption on the premises if provided by the occupier's for the type of activities set out in the application. If that happened on a large scale then further nuisance could occur and public safety may be prejudiced.

We trust the Licensing Committee will take these concerns and grounds for objection into account in their deliberations.

Regards

Chris Dixon
