The Chairman will also announce the following:

The Committee is reminded that the design work undertaken by Staff falls under the requirements of the Construction (Design & Management) Regulations 2007. Those Staff undertaking design work are appropriately trained, experienced and qualified to do so and can demonstrate competence under the Regulations. They also have specific legal duties associated with their work.

For the purposes of the Regulations, a Designer can include anyone who specifies or alters a design, or who specifies the use of a particular method of work or material. Whilst the Committee is of course free to make suggestions for Staff to review, it should not make design decisions as this would mean that the Committee takes on part or all of the Designer's responsibilities under the Regulations.
