## LICENSING SUB-COMMITTEE

## REPORT

**Subject heading:**

**New Porky's  
Unit1 Manor Way Business Centre  
Marsh Way Rainham RM13 8UG  
Premises licence review  
Paul Jones, Licensing Officer  
Mercury House, ext. 2692**

**Report author and contact details:**

This application to review a premises licence is made under section 167 of the Licensing Act 2003 (*the Act*) by Licensing Officer Arthur Hunt on behalf of the London Borough of Havering's Licensing Authority. The application was submitted on 24<sup>th</sup> June 2013.

**Premises' details**

*New Porky's* is located at the entrance to Fairview Industrial Park which is in turn located on the outskirts of Rainham. This isolated industrial estate is approximately one kilometre from the nearest residential properties.

**Application to review**

Licensing Officer Arthur Hunt submits this application to review *New Porky's* premises licence, numbered 3316, in accordance with the provisions of s.167 of the Act. This section is enacted following a closure order made by the Metropolitan Police under s.161 and subsequently considered by Redbridge Magistrates' Court under the provisions of s.165 of the Act.

A s.161 closure order was made against *New Porky's* by the Metropolitan Police on 14<sup>th</sup> April 2013. The following day, as required, the Metropolitan Police attended Redbridge Magistrates' Court to apply for the court to consider the closure notice in accordance with its duty under s.165. The court considered the closure order and determined that it would not exercise any of its rights to further modify the notice under this section. The closure notice therefore expired 24 hours after its initial service.

S.165(4) requires the court to notify the Licensing Authority of its determination; however, this notification was not supplied to Havering until 21<sup>st</sup> June 2013. It was upon the receipt of the court's notification that this review process commenced.

**Requirements upon the Licensing Authority**

The provisions of s.167(4) of the Act dictate that the Licensing Authority undertakes certain functions with regard to an application made under this section. To this end the Licensing Authority gave a copy of the application to the premises licence holder and each responsible authority. It also installed an appropriately worded public notice advertising this application at the premises, at Havering Town Hall and on Havering's website inviting interested persons and responsible authorities to make representations against, or in support of, the application in accordance with appropriate premises licence regulations 37, 38 and 39.

When determining an application for a premises licence review made after a s.161 closure notice has been made s.167 of the Act requires that the relevant Licensing Authority holds a hearing to consider the closure order and any relevant representations made. A 'relevant representation' in such circumstances is one which is made by the premises licence holder, a responsible authority or an interested person within the consultation period and which is relevant to one or more of the licensing objectives. During the hearing the Licensing Authority must take any of the following steps it considers necessary to promote the licensing objectives. These steps are:

- (a) to modify the conditions of the premises licence
- (b) to exclude a licensable activity from the scope of the licence
- (c) to remove the designated premises supervisor from the licence
- (d) to suspend the licence for a period not exceeding three months
- (e) to revoke the licence

*(NB With reference to (a) the premises plans form a condition of the premises licence.)*

**Representations**

Although the premises licence holder is entitled to submit a representation to support his position he chose not to do so.

Two representations supporting this application were received from interested persons. The first of these two representations was made on behalf of Security Projects UK Ltd which operates the security team on Fairview Industrial Park. The second of these representations was made on behalf of Racefold Ltd which is the management company of the same industrial park. Both representations detail numerous issues in relation to the prevention of crime and disorder, the prevention of public nuisance and public safety.

Inspector Maxine Blackledge made representation in support of this review application on behalf of the Metropolitan Police. Inspector Blackledge's representation is based upon the prevention of crime and disorder and public safety licensing objectives. Inspector Blackledge's representation suggests that the hours on the licence should be reduced from their current terminal hour of 03:00 to 00:30. Inspector Blackledge also suggests a series of conditions which should be modified to Police requirements.

**Licensing Sub-Committee, 18 July 2013**

Licensing Specialist Paul Campbell made representation in support of this review application on behalf of Havering's Licensing Authority. The representation is based upon three of the licensing objectives. Mr Campbell's view is that the premises licence for this venue should be revoked.

Mr Campbell further advises that if the Licensing Sub-Committee is not minded to revoke the licence a series of stringent modifications to the licence should be imposed. These include restricting the premises' licensable area to the ground floor only, requiring that alcohol is supplied only to individuals who purchase a table meal, imposing a terminal hour of 18:00 for the provision of licensable activity and removing the current DPS from this role.

Copies of all representations and supporting documentation are attached for reference.

On the 14 April 2013 Police were called to the premises on a number of occasions following calls made by members of the public.

As a consequence the senior officer at the scene decided to utilise their powers under S 161 Licensing Act 2013 and closed the premises.

On the 15 April Police attended Redbridge Magistrates Court and the closure was heard. The court decided not to extend the closure but ratified the decision of the Police in the initial instance.

S167 Licensing Act 2003 states:-

***Review of premises licence following closure order***

*(1) This section applies where—*

*(a) a closure order has come into force in relation to premises in respect of which a premises licence has effect, and*

*(b) the relevant licensing authority has received a notice under section 165(4) (notice of magistrates' court's determination), in relation to the order and any extension of it.*

*(2) The relevant licensing authority must review the premises licence.*

*(3) The authority must reach a determination on the review no later than 28 days after the day on which it receives the notice mentioned in subsection (1)(b).*

Following the hearing, there have been extensive enquiries with the court with regards to S167 (1) (b). Initially the court were unable to confirm the court appearance. Subsequently on the 21 June 2013 documentation arrived with Havering's Legal and Democratic services.

6th July 2013

Police request Havering Licensing Committee to consider the following in respect of the review hearing for New Porky's Unit, 1 Manor Way, Business centre Marsh Way, Rainham RM13 8UG.

Police request a reduction in the times for licensable activity as detailed below.

Reduction in opening hours from 0300 to 0100.  
Reduction in supply of alcohol from 0300 to 0030 hours.  
Reduction in recorded music from 0300 to 0030 hours.  
Reduction in late night refreshment from 0300 to 0030 hours  
Reduction in performance of dance, provision of facilities for dancing from 0300 to 0030 hours

Police believe that a reduction in hours will address the increase of crime and disorder associated with the premise and increase public safety.

The following information is recorded against the premise.

Police have received information via crime stoppers regarding the sale of alcohol outside of the licensed hours. This information is further supported by police being called to the premises on 10th December 2012 at 0415hrs regarding a disturbance, on 31st December 2012 at 0625hrs regarding noise disturbance and again on the 19th January 2013 regarding an allegation of assault involving the door staff at 0320hrs. Police have also received information that customers are often known to drive from the premises under the influence of alcohol.

The local Safer Neighbourhood team have been made aware of complaints of people leaving New Porky's and urinating on nearby premises and an increase of litter from discarded plastic cups.

On 24th February 2013 0450hrs I conducted a licensing visit. I saw vehicles double parked on the carriageway to the side entrance causing an obstruction. The car park directly outside the front entrance was again filled to capacity with vehicles double parked. I observed drivers of vehicles remonstrating with each other in order to manoeuvre their vehicles. I believe that London Fire Brigade and London Ambulance would have difficulty gaining vehicular access in the case of an emergency. This

presents a public safety issue to persons within the premise and indeed other users of the industrial estate.

There were approximately 15 people queuing to gain access to the front of the premise. I observed them pushing towards the singular door, trying to get past the door supervisor. I spoke to the door supervisor who did not hold an SIA badge who confirmed that the premise usually stays open until 0500hrs. There were other members of staff within the lobby area, some of which held SIA badges.

The music was still playing and could be heard from outside.

I spoke to Richard Spooner the manager of the premises. I highlighted the following concerns.

- 1) Licensable activity was being conducted past the licensed hours of 0300 finish.
- 2) One door supervisor controlling the front door was insufficient given the nature of those in the queue.
- 3) Front door supervisor had no means of keeping count of the number of customers entering / exiting the premise. This carries risk of exceeding the maximum capacity.
- 4) All door supervisors must be licensed by the Security Industry Authority.
- 5) The side entrance which provides a smoking area is unsupervised and vulnerable to customers entering unnoticed which again provides risk to capacity issues.
- 6) The SIA log produced by Mr Spooner was inadequate. It was a note pad with perforated sleeves. The only record made was forenames recorded on the corner of the page.

I conducted a second licensing visit on Sunday 17th March at 0330 hours and again spoke with Richard Spooner. The premise was closed although there were a number of people on the premise who Mr Spooner stated were staff members.

Cad 1459/14Apr13 refers to a call stating a doorman from the premise had smashed the window of a parked vehicle.

Cad 1463/14Apr13 female calls for police to venue, disturbance heard in background, line clears.

Police attend and the premise was closed by Inspector Lorraine Cowley using section 161 Licensing Act 2003. Inspector Cowley provides a statement which evidences the premise undermining the licensing objectives of prevention of crime and disorder, public safety and prevention of public nuisance. For example, SIA door supervisors not displaying their identity badges, witnessing heated arguments between customers on the premise, customers preparing to fight and drunkenness.

The police believe that if all of the above incidents are considered collectively and that all the incidents have been generated within a four month period, this supports the police request to reduce the licensable hours of this premise.

Police also request a review of condition 14 - annex 2, to include 2 further conditions in relation to organised events.

***CD42 - The licensee shall undertake a risk assessment of any promotion or event using the MPS Promotion/Event Risk Assessment (Form 696) or an equivalent and provide a copy\* to the Metropolitan Police Service and the licensing authority not less than 14 days before the event is due to take place.***

***CD43 - Where an 'event' has taken place, the licensee shall complete an MPS after Promotion/Event Risk Assessment (Form 696A) and***

**submit this\* to the Metropolitan Police and the Licensing Authority within 3 days of the conclusion of the event.**

**\*submission of electronic documents by e-mail is preferred.**

Police request an amendment to condition 32 - annex 2 to include a counting system to monitor attendance on first floor.

***The licensee shall install a monitoring system / device to maintain a current count of all persons present within the upstairs premise at anyone time during licensable hours. This count will include staff. The total count is not to exceed the capacity limit given by the LFEPA. This count shall be given to police and local authority upon request.***

If I can be of any further assistance in this matter please do not hesitate to contact me in the licensing office.

Yours sincerely,

Maxine Blackledge

### **New Porky's, Unit 1, Manor Way Business Centre, Marsh Way, Rainham, RM13 8UG**

As a responsible authority within the definitions of this Act this Licensing Authority makes representation in support of the review against the premises detailed above.

My representation to support the review is based on the four licensing objectives, the premises has **Crime and Disorder** matters already directly related to it there has been reports of fights at the premises, the premises have been illegally operating outside of their licensed times, licensing conditions on the Premises Licence have not been kept to, vehicles leaving the premise have been involved in accidents and drink driving. **Public Safety** persons that have been drinking at the premises have been found wandering around the industrial estate where vehicle and commercial equipment is being used. **Public Nuisance** There have been reports of customers of the venue urinating against the doorways of neighbouring units also of customers going into other business premises.

In the recent application made to extend the licensing hours at the premises the applicant made no reference in the application to

- Minimum staffing levels for the later hour,
- How they propose to deal with late comers to the venue who may already be under the influence of alcohol.
- If there is an incident how they will deal with it,
- If there will be a searching policy at the premises
- What they will do with any illegal items seized
- How they will deal with parking on the estate to the later hour where persons arriving for an early start at work will need access.
- How they will restrict the number of persons to the first floor.
- How will they try to prevent persons driving if they have had too much to drink
- How will they try to prevent their customers wandering around the estate
- What additional procedures they will put into place to prevent Crime and Disorder
- What extra measures they will take to promote Public Safety
- How they will prevent Public Nuisance at the later finish time
- How they will maintain the Protection for Children

**Public Protection** Bringing together Environmental Health & Trading Standards

All of these points show that the management of the premises do not have a grasp of the requirements of the Licensing Act 2003 which are needed to run a safe premises.

Police closed the premises under their powers because of serious crime and the fear of that escalating, the magistrates upheld the police action as being correct. This premise was being poorly managed and run and I believe my representation will add to that concern.

The premises is situated on a business industrial estate, the only reasonable access to it is by car or taxi, there is no public transport to the area at a late hour.

This premises is very near the boundary of Havering and Dagenham if there are crime and disorder problems at the premises assistance from the police could be a considerable time in arriving at the venue. This matter does not seem to have been taken into consideration by the licence holder in his previous business operations or the fact that they have a duty of care to their customers.

The London Borough of Havering Statement of Licensing Policy states in section 3 that the finish time for regulated activity in mixed use areas is 00.30hrs. The premises licence permitted hours are past this time, the licence holder has operated the premises outside of the licensed times and problems have happened at the premises during these late times.

I bring the Sub-Committee's attention to item 4.5 of the Licensing Policy which states "It is the intention of the LLA to permit licensing hours which enhance the development of a thriving and safe evening and night-time economy" –

This premise is not keeping to its current licence conditions, it is not taking public safety seriously, it is already causing problems to the police and others, it has put no actions forward to me since the closure to make their premises safer or enhance anything to the community.

These premises were in the first instance a café for the use of the industrial estate, late alcohol was introduced for the benefit of lorry drivers sleeping in their cabs when parked on the estate overnight since that time the premises have changed and although a café during the daytime is a night club during the evening.

To assist the Sub-Committee and to see if I could support the recent application to extend their licensing hours I carried out an inspection of the premises.

On Friday 8<sup>th</sup> March 2013 I telephoned the premises and informed them that I would be carrying out an inspection at the premises on the morning of Monday 11<sup>th</sup> March 2013 and that I would be reporting my findings to the Licensing Sub-Committee at a future hearing.

As I had informed the premises that I would be making an inspection I was expecting all things to be in order and to be presented to me. I spoke to the manager (Mr Spooner) we discussed the licensed times and the recent police inspection at the premises, he admitted to me that the premises were open past their finish times when the police attended, a reason for this was not given to me.

I went through with him each Mandatory Condition on the licence and was given the assurance that all of these are adhered to.

These are my findings on that date relating to the licence conditions (starting on page 4 of 7 of the Premises licence)

1. **CCTV** – A CCTV is in operation at the premises and appears to be of a good standard
2. **Staff Training** – I was told that staff are trained regularly but no training records could be produced.
3. **Signage** – Correct – Challenge 21 signage is displayed at the premises
4. **Pubwatch** – The licence holder has not attended the Pubwatch meetings but they may not have been informed of the dates.
5. **Non alcoholic drinks** – Correct – Soft drinks are available.
6. **Public Safety risk assessments** – The manager could not tell me of any risk assessments taken out at the premises.
7. **Customers barred if causing nuisance** – I was told that door staff inform persons of this.
8. **No children after 14.00** – Correct – Children – this was a condition of the licence that the manager wishes to remove or alter but no reference to this is made in the previous application.
9. **Children must be accompanied** – Correct – Children – this was a condition of the licence that the manager wishes to remove or alter but no reference to this is made in the previous application.
10. **Vision from outside** – Correct – Vision – the premises can not be viewed from outside
11. **Training** – I was told this was taking place but no training records could be produced.
12. **Daily Register** – There was no daily register in place at the premises the manager and I discussed at length how this can be done.
13. **Door supervisors register** – There was some records of door supervisors in a separate book but did not cover the previous year.
14. **Police risk assessment** – There was no record that this had been done.
15. **Toughened Glass** – The glassware behind the bar was not toughened glass.
16. **Drugs policy** – There was no record that this had been done.
17. **Drugs Awareness Qualification** – There was no record that this had been done.
18. **Training relating to persons incapacitated through drink or drugs** – I was told that this had been done but no training records were available.
19. **CCTV** – Correct – CCTV this appeared to be of a good standard.
20. **CCTV** – Correct – CCTV this appeared to be of a good standard.
21. **CCTV** – Correct – CCTV a camera was positioned by the entrance used by customers.
22. **CCTV** – Correct – CCTV this appeared to be of a good standard.
23. **CCTV system file** – CCTV – There was no systems file showing the position of the CCTV cameras.
24. **First Aid** – Correct – Full first aid equipment was available.
25. **First Aider on site** – I was told that there was a qualified person on site when open to the public.
26. **Notices** – Correct – Notices relating to first aid equipment were on display.
27. **Proof of age** – I was told this was done when the premises is open.
28. **Challenge 21** – Correct – Challenge 21 signs were displayed.
29. **Door Staff** – I was told that SIA door staff were employed when the premises were open at night.
30. **Dispersal policy** – No policy was available for me to inspect.
31. **Travel safety** – Signs were in position and I was told that staff also remind people when leaving.

32. **Capacity limit** – The manager told me that this limit was not kept to and could not produce any alteration from the Fire Service to alter the limit of 60 persons on the first floor.
33. **Number of staff** – I was told that the correct amount of staff were employed at the premises.
34. **Fire alarm** – Correct – I was told that this was checked on a regular basis.
35. **LFEPA enforcement notice** – This was issued in 2010 I have no records in relation to this matter.

The premises were not operating to the conditions that are on their current licence three of these are high risk for Crime and Disorder –

- Condition 12 – Daily register – this is good practice for any business and especially one involved in alcohol and entertainment. A daily register has not been kept at the premises. No record of complaints has been kept, no record of who was in control of the premises at any date and time, no records of door supervisors removing persons from the premises has been kept. Without this record it seriously restrict the police investigating any crime or a responsible authority following up a complaint or investigation.
- Condition 15 – Drinks all be served in toughened glass – All late night premises serving alcohol in Romford Town Centre use toughened glass or similar this has drastically reduced the incidents of serious injury being caused by glass – all the glasses in the upper floor bar of New Porky's had the potential to be used as a weapon and to cause serious injury.
- Condition 32 – Capacity limit of 60 persons on the first floor – This has not been kept to by the premises, the licence holder has not contacted the Fire Service to alter the number and no reference to it has been made on this application.

The following conditions on the licence 2, 4, 6, 11, 13, 14, 16, 17, 18, 23, 25 and 30 all need to be fully in place and / or improved for the current licence to be considered as an acceptable level.

- This is not a well run premises.
- It has become a late night drinking venue with little regard to its current licensing conditions.
- I have serious concerns over their record keeping relating to assisting the police and other authorities if an incident occurs.
- Public safety is at risk because of their failure to change to toughened glass allowing potential weapons to be readily available.
- The licence holder has not kept to the limit placed on the upper floor by the Fire Service or made any attempt to alter it with them.

If the police had not taken the action they did in closing the premises, a far more serious incident could have easily taken place at the premises with serious injury or worse.

There is little in place at the premises to reduce risk of an incident and if an incident had taken place at the premises apart from the CCTV there would be few records to assist the police and other emergency services with their investigations.

The premises has not kept to its Premise Licence conditions and has been allowed to or encouraged to develop into a late night drinking venue, it has given little regard to public safety, a high level of crime and disorder has taken place at the premises or because of

**Public Protection** Bringing together Environmental Health & Trading Standards

the way the premises were conducting their business and public nuisance has taken place interfering with neighbouring properties.

I feel that the correct course of action for the Sub-Committee to take is to revoke the premises licence for this venue.

If the sub-Committee feel it is correct for the ground floor café area to be licensed I would ask that

- The licence is for the ground floor only
- Restaurant conditions are imposed with the need for persons to be taking a table meal to be able to buy and consume alcohol.
- The finish time for such a licence is 18.00hrs
- The DPS is changed from Mr Basi to someone who is working at the premises during the day.

Dear Sir/Madam.

I am totally against any late drinking licence for the above venue because of the numerous problems that this has caused my company.

My security guards have been the victim of abuse, walking past people urinating up the sides of buildings that we patrol and other numerous problems that have occurred with people drinking.

And the extra vehicles that have turned up to go to the venue, as many as 100 vehicles parking all over the estate, whilst the venue has only parking for approx, 20 vehicles in total.

I look forward to receiving comments

Best Regards

Dear Mr Campbell,

Licensing Act 2003 – Application for Premises Licence Review  
New Porkys, unit 1 Manor Way Business Centre, Marsh way Rainham RM13 8UG

We confirm that we own the Management interest of the Fairview Industrial park, which is in excess of 60 acres in size and houses approximately 100 businesses.

We wrote previously re an application to extend the licencing hours expressing significant concerns (copy attached). This application was withdrawn. However, we note that you are undertaking a review of the existing licence at the above premises.

Following police intervention, we understand that there has been little or no late night activity at the premises, and we would also confirm that we are unaware of any incidents having taken place. In effect the site appears to be simply using its “café” licence, and causing no issues.

We believe however, the existing licence still allows late night activity and we remain reticent about this occurring on a regular basis.

Yours sincerely  
for Racefold Limited

Miss MR Dixon

For the attention of Mr Paul Campbell

Dear Mr Campbell,

Licensing Act 2003 – Vary Premises Licence Application  
New Porkys, unit 1 Manor Way Business Centre, Marsh way Rainham RM13 8UG

We confirm that we own the Management interest of the Fairview Industrial park, which is in excess of 60 acres in size and houses approximately 100 businesses. Therefore, the estate is extremely busy. Some businesses work 24/7, with a continuous movement of heavy goods vehicles. The estate is zoned industrial, therefore access to members of the public is not encouraged!

The estate benefits from a security gatehouse at the entrance to the estate, controlled by a barrier system. We understand that on some occasions up to 200 cars attend the above venue, which causes congestion/hold ups for other estate users. We have received reports from the estate's security that attendees to the venue are often abusive to the static guards, as it is part of the static guard's brief to ask all vehicles entering the estate their intended destination.

We enclose four security incident reports that have arisen as a direct result of New Porkys current late licence, and they have been open less than one year.

Friday 7<sup>th</sup> December 2012 – 02.49 hours  
Serious road accident involving a taxi on its way to New Porkys, which resulted in Marsh Way being closed.

Sunday 9<sup>th</sup> December 2012  
Impact damage to estate barrier – the vehicle went on to cause further damage/accident

Monday 31<sup>st</sup> December 2012 (New Years eve). -- 02.55 and 04.35 hours  
A firework display was held outside New Porkys. The estate was concerned as many businesses have on site fuel tanks/propane gas storage tanks. Also, Flogas is based on the estate and we consider this to be a huge hazardous risk.

Monday 16<sup>th</sup> February 2013 – 05.30 hours  
A serious fight broke out, which required police attendance.

The Fairview Industrial Park is considered to be one of the most prestigious, private estates in Havering and we enclose a copy of the estate's brochure accordingly.

We consider the current licence status has already had a serious detrimental effect on the estate's image/reputation and has seriously compromised our level of security/safety, so we strongly object to the current licence and to the proposed application to vary the licence.

Yours sincerely  
for Racefold Limited
