3. Promotion of the Licensing Objectives

The applicant had acted in accordance with regulations 25 and 26 of The Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005 relating to the advertising of the application. The required public notice had been placed in the 19 June edition of the Romford Recorder.

4. Details of Representations

Valid representations may only address the four licensing objectives.

- The prevention of crime and disorder
- Public safety

- The prevention of public nuisance
- The protection of children from harm

Interested Party representations

Eight representations had been received, from interested parties, all opposing the granting of the application. These representations had indicated concerns in relation to each of the licensing objectives. The representations had referred to identical concerns for the security of their homes, the behaviour of the clientele of the premises, public nuisance through noise and public urination, public safety and protection of children from harm. None of those submitting representations had attended the meeting.

Responsible authorities' representations

Chief Officer of Metropolitan Police (“the Police”):

The Metropolitan Police had made an objection because they had believed that granting the premises licence would have a detrimental effect against promoting at least two of the four licensing objectives, namely: -

1. Prevention of Crime;
2. Prevention of public nuisance.

Prior to the meeting notice had been received that the Metropolitan Police intended to withdraw their representation following negotiations with the applicant as to the appropriate conditions to be attached if the licence was granted.

P C Goodwin had formally confirmed that the Metropolitan Police were withdrawing their representations.

Planning Control & Enforcement: None

Licensing Authority: The Licensing Authority had made representations against the application based upon their concerns in relation to the prevention of crime and disorder, public protection, the prevention of public nuisance and the protection of children from harm.

Home Office Guidance stated that:

- Section 8.33 – the applicant was expected to have regard to Havering’s Statement of Licensing Policy;
- Section 8.34 – the applicant must show an understanding of the local area, including crime hot spots;
- Section 8.35 – the applicant must show he was aware of the potential risks and specific policies, in this case the cumulative impact policy; and

- Section 8.35 – the applicant should be aware of the locality and the premises close proximity to residential properties.

The Licensing Authority had contended that as a new premises licence application the hours being applied for would create a public nuisance for residents who lived nearby by either the music from the venue or the customers leaving. Havering's Policy for a mixed use area was a finish time of 00:30 to help prevent such nuisance.

The area within the Romford Ring Road was identified as a cumulative impact area. It was the policy to refuse applications in Romford within the ring road for pubs and bars, late night refreshment premises offering hot food and drink to take away, off licences and premises offering facilities for music and dancing other than applications to vary hours with regard to licensing policy number 012. This application had failed to address and give good reason as to why the licence should be granted contrary to this policy.

If this application was to replace the existing licence it did raise concerns as a number of conditions on the existing licence were not covered in the new application.

Public Protection: None

London Fire & Emergency Planning Authority ("LFEPA"): None

Health & Safety Enforcing Authority: None.

Public Health: None

Children & Families Service: None

The Magistrates Court: None

5. Applicant's response

Mr Dadds, Solicitor, had responded on behalf of the applicants. He had dealt first with the issue of papers circulated late.

He had referred to the calendar of Temporary Event Notices which he had provided. This was just for the record to show that the premises had been operating the hours applied for without any problems or attracting representations from either the Metropolitan Police or Environmental Health.

He had argued that Mr Jones had no grounds to object to the late submission of the letters he had sent to the residents who had submitted representations on behalf of his clients. The letters were advising the residents of the changes to the proposed conditions which he had agreed with the Metropolitan Police and gave them an opportunity to withdraw

their representation. None of the residents had withdrawn their representations.

Mr Dadds had then responded to the question as to why he had submitted a new premises application rather than apply for a variation. He had advised the Sub-Committee that a couple of London Boroughs would grant an application to vary a licence and take the opportunity to impose a raft of conditions. If his clients weren't happy he would have to appeal to the Magistrates Court to seek redress. This represented an additional cost to his clients. It was his practice therefore never to apply for a variation, other than in exceptional circumstances, but always to apply for a new premises licence. In this case it gave the opportunity to clarify and simplify the raft of conditions on the existing licence.

Mr Dadds had reminded the Sub-Committee that in determining the application they must take into account that the premises already had a licence.

There was an anomaly with the current licence as Saturday night hours were longer than Friday night.

If there was any evidence of public nuisance why did Environmental Health not make a representation?

During the course of the hearing Mr Dadds had presented a revised list of opening hours which had been agreed with the Police, but not Licencing. A number of anomalies had been highlighted and following an adjournment a revised list of opening hours had been presented. Again these had been agreed with the Police but not the Licencing Authority.

The revised hours were as follows:

6. Determination of Application

Decision

Consequent upon the hearing held on 3 August 2015, the Sub-Committee's decision regarding the application for a Premises Licence for Circuit, 36-38 North Street, Romford was as follows:.

The Sub-Committee was obliged to determine this application with a view to promoting the licensing objectives, which were:

- The prevention of crime and disorder
- Public safety
- The prevention of public nuisance
- The protection of children from harm

In making its decision, the Sub-Committee also had regard to the Guidance issued under Section 182 of the Licensing Act 2003 and Havering's Licensing Policy.

In addition, the Sub-Committee had taken account of its obligations under s17 of the Crime and Disorder Act 1998, and Articles 1 and 8 of the First Protocol of the Human Rights Act 1998.

The Sub-Committee had adjourned the hearing for a maximum of 4 weeks. This was because, they had received substantial additional documentation immediately prior to the hearing and it would be impractical to consider them and give consideration as to whether or not they should impose additional conditions and what those conditions should be to further the licensing objectives in the time allocated to the present hearing. It was, therefore, necessary to adjourn the hearing to another date.

Members are advised that, when considering application for a premises licence, the following options are available to them by virtue of the Licensing Act 2003, Part 3, section 35, paragraphs 3 and 4:

"Where relevant representations are made, the authority must

- (b) having regard to the representations, take such steps as it considers necessary for the promotion of the licensing objectives.

The steps are:

- a) modify the conditions of the licence
- b) reject the whole or part of the application

and for this purpose, the conditions of the licence are modified if any of them is altered or omitted or any new condition is added."

Comments and observations on the application

The applicant acted in accordance with regulations 25 and 26 of *The Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005* relating to the advertising of the application. The required public notice was installed in the 19th June 2015 edition of the Yellow Advertiser.

The current premises licence contains, in addition to the mandatory conditions, some 74 conditions. Of these 74 conditions 52 are contained in annex 3 of the licence. Annex 3 conditions are those previously imposed by Havering's licensing sub-committee. This application seeks to promote the licensing objectives via the self-imposition of 20 conditions, effectively reducing the conditional controls of the current licence by 54 conditions.

The current premises licence permits the provision of licensable activity for a period of 108 hours per week. This application seeks to reduce those overall hours by a little less than 1% to 107.5 hours per week.

As a responsible authority within the definitions of the Licensing Act 2003 the Licensing Authority makes a representation against the application for a premises licence at the above venue.

My objection is based on the four licensing objectives, The Prevention of Crime and Disorder, Public Safety, The Prevention of Public Nuisance and the Protection of Children from Harm.

I understand that each application made under the Licensing Act 2003 must be judged on its own merits, this is an application for a new Premises Licence for the above venue where there is already a Premises Licence in place.

The Home Office Guidance for the Licensing Act (Section 182) states in
Section 8.33 – that the applicant is expected to have regard to Havering's Statement of Licensing policy
Section 8.34 – an understanding of the local area including crime hot spots
Section 8.35 – potential risks and specific policies – cumulative impact policy
Section 8.36 – enquiries about the locality – close proximity of residential properties
(full wording of these sections below)

Steps to promote the licensing objectives

8.33 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also

Public Protection Bringing together Environmental Health & Trading Standards

expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.34 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;

any risk posed to the local area by the applicants' proposed licensable activities; and any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.35 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

8.36 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives,

As a new premises licence application the hours being applied for will create a public nuisance for residents that live nearby by either the music from the venue or the customers leaving. In Havering's Licensing Policy the times for a mixed use area is a finish time of 00:30 to help prevent such nuisance.

Within the Romford Ring Road is identified in Havering's Licensing Policy as a cumulative impact area.

It is the LLA's policy to refuse applications in Romford within the ring road for pubs and bars, late night refreshment premises offering hot food and drink to take away, off licences and premises offering facilities for music and dancing other than applications to vary hours with the regard to licensing policy 012

Havering's Licensing Policy states

Location, Cumulative Impact and Saturation

Licensing Policy 015

In considering applications for new licences or variations to existing licences and licence reviews following the receipt of relevant representations, the LLA will take the matters listed below into account. These criteria will apply in different ways to different types of premises and licensable activities in the following order:

- the location of the premises and character of the area*
- the views of responsible authorities*
- The views of interested parties*
- past compliance history of current management*
- the proposed hours of operation.*

This application for a new premises licence does not address and give good reason as to why the applicant wishes the Sub-Committee to grant a licence outside of its own policy.

Public Protection Bringing together Environmental Health & Trading Standards

The Licensing Act does allow there to be in place more than one licence on a single premise, it is not clear from the application if this application if granted is to run alongside the existing licence or to replace it.

If this application is to replace the previous licence this raises a number of concerns

The premises was previously known as the Buddha Lounge and before that the Opium Lounge (both run by different management)

When the premises was the Opium Lounge an expedited review of the premises licence was called by the police following a death of a person after an assault by the door staff employed at the premises (the assault took place away from the premises but while the door staff were working), drugs were being used openly on the premises.

Conditions were placed on the licence by the Licensing Sub-Committee to safeguard the public who use the venue, who live nearby, or are visiting Romford

The conditions offered in the operating schedule of this application do not fully cover the conditions imposed at that time

Conditions on previous licence operating schedule not covered in this application (other than those just to tidy up the licence)

- **Intoxicating liquor shall not be sold or supplied prior to 19.00 hours other than to persons attending a bona fide pre-booked function involving, on the whole, the provision of substantial refreshment and/or music and dancing.**
- **Non-intoxicating beverages including drinking water shall be available at all times whilst the premises are open.**
- **The licence holder shall maintain a policy of zero tolerance to the use of illegal drugs ensuring staff are aware of, and react to, the policy, recording each incident, drug related or otherwise, in the site incident book and reporting facts to the appropriate authority.**

A notice clearly visible from outside the premises shall provide the telephone number where complaints may be made**

Conditions on previous licence attached after a hearing by the licensing authority not covered in this application (other than those just to tidy up the licence)

Public Protection Bringing together Environmental Health & Trading Standards

These searches will include the searching of the customers' person, wallets, purses, bags and any other items carried on or by the customer.  - Any action taken at the time to contact Police regarding the item seized (ie. CAD number or details of officer in attendance)
- This drugs log shall be in a durable format, which protects the integrity of the contents therein. The management of the premises will contact Police at least once every calendar month, for an officer to attend the premises, empty the drugs box, and sign the drugs log accordingly.
- At all times when licensable activity is undertaken at the premises, at least one member of staff must be present in each set of toilets at all times to monitor customer activity. These staff members must be alert at all times they are on duty and be proactive in deterring and preventing any unlawful activity including illegal drug supply and use.
- The premises are to be adapted on the advice of and subject to the satisfaction of Havering Police and the Havering Drug and Alcohol Action Team in order to prevent surfaces within the premises being used for drug taking. - A qualified user of the CCTV system will be present at the premises whenever licensable activity is undertaken.
- The licence holder shall implement a written ejections policy. This policy will detail the manner in which ejections are made from the premises and include the following:
 - The exact entry/exit point through which the ejection is made shall be detailed in the premises daily register.
 - Details of the reasons for the ejection, and all of the staff involved in the ejection will be recorded in the premises daily register.
 - Any ejections will be recorded in full on the premises CCTV system.
 - Any customer or member of staff found using, possessing or supplying illegal drugs (of whatever quantity) on the premises is to be permanently excluded from the premises. A record of such exclusions is to be entered into the premises daily register. All reasonable steps must be taken to ensure all staff and door staff are aware of the identity of excluded persons.
- Signs are to be prominently displayed inside and outside the premises warning customers that drug use on the premises will not be tolerated, they will be searched on entry and the police may be called if drugs are found.

Public Protection Bringing together Environmental Health & Trading Standards

- Only one person may be allowed in any toilet cubicle at a time.
- Bottle bins shall be provided at the exit doors and staff shall prevent bottles and glasses being taken from the premises.
- The premises shall be cleared of customers and closed 30 minutes after the conclusion of the last licensed activity.
- The Licence Holder or Designated Premises Supervisor shall become a member of the Pubwatch scheme and a representative shall attend every Safe and Sound meeting.
- The Licence Holder shall implement a written crime prevention policy aimed to reduce crime within the premises. The policy shall be approved in writing by Havering Police.
- The DPS must hold a National Certificate of Drugs Awareness qualification, run by the BIIAB, or similar accredited body.
- When providing regulated entertainment there shall be, at all times that the entertainment is taking place, a qualified first aid person, who holds a valid first aid qualification, on the premises and easily identifiable. There shall be an adequate and appropriate supply of first aid equipment readily available at the premises.
- CD2 All Personal Licence Holders supervising the sale of alcohol shall hold a nationally recognised licensing qualification.
- CDGPG13 Prominent clear notices shall be displayed at the point of entry to the premises and in a suitable location at any points of sale, advising customers that they may be asked to produce evidence of their age.

- PS24 Notices detailing the availability of first aid equipment shall be prominently displayed and shall be protected from damage or deterioration.
- The premises shall oblige customers to deposit overcoats and outdoor clothing (but not jackets/blazers etc) in the cloakroom on arrival. Similarly, all bags (but not lady’s handbags) shall be deposited within the cloakroom upon arrival. Such customers that are unprepared to comply with these requirements will not be granted entry to the premises.

The premises recently has occasional problems but this is the nature of a late night venue, it could be argued that under this management the venue does not need the previously imposed conditions and likewise it can be argued that because of the conditions put in place by the Sub-Committee to safeguard the public crime and disorder was reduced at the premises so why remove them if they work.

Public Protection Bringing together Environmental Health & Trading Standards

This application also alters the times of licensable activity compared with the current licence:-

- Three and a half hours extra film & late night refreshment per week,
- Half an hour less live music, recorded music, performance of dance, activities similar to music and dance per week
- Four hours extra alcohol per week
- The premises being open for one and a quarter hours extra per week. (this is at the end of the day)

With the premises being open longer and the alcohol being sold for longer than the other premises licence in place this is not just a like for like tidy up of a licence but will extend the hours the public are disturbed by the premises and the possibility of persons becoming further intoxicated and the follow on public nuisance this may cause.

This Premises Licence application it is made within a cumulative impact area identified in Havering's Licensing Policy. The application is asking for extended times to the current licence at the premises so has the potential to cause problems for a longer period of time, although music and alcohol are reduced by half an hour on a Saturday (into Sunday) alcohol is not reduced but increased on other days of the week.

In addition this application requests additional hours under non-standard timings for New Year's Eve, Start of British Summer Time, the day before each Bank Holiday, Christmas Eve and Boxing Day.

I respectfully ask that the Licensing Sub-Committee consider my representation and in line with the London Borough Of Havering Statement of Licensing Policy and either reject this application or impose the correct conditions on the licence to safeguard the public.

Yours faithfully

Your ref: **Application No 16808**

Our ref: Circuit, Application for new
premises license

Date : **09/07/2015**

Police have been served a new premises license application relating to the premises of **Circuit, 36-38 North Street, Romford, Essex, RM1 1BH**. This application has been served by Dadds solicitors on behalf of the applicant Buddha RT Ltd. Police wish to make observations and representations against certain aspects of this application as we fear the requests made will have a detrimental effect on the promotion of at least two of the four Licensing objectives, namely -

- 1, Prevention of Crime and Disorder.
- 2, The protection of public nuisance.

Summary of Application

This application is unusual in the fact a premise license already exists at the location (License 002141). Rather than request a variation the applicant has decided to apply for a NEW premise license, a process that is accepted by the licensing act. As this is a new license application, Police feel it should be measured as such, with all the considerations taken to ANY new license application.

In essence however, the premise is applying for a number of conditions to be removed, re worded and an increase in hours both opening times and licensable activity. These hours are summarized as follows -

- * Additional 4 hours for supply of Alcohol per week
- * Additional 3 ½ hours for Late Night Refreshment per week
- * Additional 1 ½ hours for provision of films per week
- * Additional 1 ¼ hours for opening time per week
- * Reduction of ½ hour per week for Live Music, Recorded Music, Performance of dance and similar
- * From the end of permitted hours on New Years Eve to start of permitted hours on the following day
- * On the trading day on which the clocks go forward (i.e. the start of British summer time) permitted hours may be extended for an additional hour
- * The permitted hours may be extended until 4am on any day immediately preceding a bank holiday
- * The permitted hours may be extended until 5am on Christmas Eve and Boxing Day

Location

The premise is situated directly inside the boroughs cumulative impact zone and anti social behavior hotspot. The saturation level of licensed premises within this small area (ring road) has maximized its potential. The front and rear of the premise is located directly opposite residential buildings, with-in these properties residents of all ages reside, they are workers, early commuters, school children and

elderly occupants. The noise that will be created from this premise, both music and patrons outside will inevitably impact on sleeping patterns to the residents of the block

With-in the locality, Police resources are being tested on a nightly basis to keep up with calls, disturbances, assaults and general night time economy incidents relating to vulnerability or aggression by intoxication. Additional hours to this pre existing venue will simply add to the emergency services demands; this in turn presents a risk to public safety as resources get stretched for longer periods across the borough.

As this is "A New Premises License" application, Police would like to draw the committee's attention to two of the local authority Licensing Policies relating to saturation and operating hours that are deemed relevant to this particular location.

Policy 012 - The LLA (Local Licensing Authority) is committed to protecting the amenity of residents and business in the vicinity of licensed premises. Regulated activities will normally be permitted until 00:30am in mixed use areas.

Policy 018 - It is the LLA's policy to refuse applications in Romford with in the ring road for pubs and bars, late night refreshment premises offering hot food and drink to take away, off licenses and premises offering facilities for music and dancing other than applications to vary hours with regard to licensing policy 012"

History

Although police note the application is from the current license holder, certain conditions that appear on their existing license has come from previous licensing hearings none more so than from the previous failed regimes of the OPIUM LOUNGE and BUDDHA LOUNGE. Whilst police accept the venue is working hard to move on from previous highlighted issues, it should be noted that the removal or non inclusion of such conditions would undermine the work that is being conducted.

The premise, over a long standing period have come to police attention on many occasions; such attention has mainly involved violence and noise related issues. This culminated in sub committee hearings as previously mentioned, the most recent being 24th October 2013 where the sub committee added a number of conditions to the existing license, namely -

- Subsequent to the review on 24 October 2013 new applicants for DPS and Premises Licence to be submitted to the Police for their approval giving prior notice and allowing time for background checks to be completed.
- **Friday – the premises opening hours to be reduced by 30 minutes (04.00hrs to 03.30hrs)**
- **Saturday – the alcohol sales to be reduced by 30 minutes (04.30hrs to 04.00hrs) and the premises to close 30 minutes earlier (04.30hrs and not 05.00hrs)**
- Mondays and Tuesdays licensable activities to cease at 00.00hrs and not 02.00hrs as present, except where these days fall between the 19 December and 30 December then 02.00hrs to remain
- Mondays and Tuesdays closing time at 00.00hrs and not 02.00hrs as present, except where these days fall between the 19 December and 30 December then 02.00hrs to remain
- **Last admission to the premises no later than 1 and a half hours before closing time**
- The premises shall oblige customers to deposit overcoats and outdoor clothing (but not jackets/blazers etc) in the cloakroom on arrival. Smilarly, all bags (but not lady's handbags) shall be deposited within the cloakroom upon arrival. Such customers that are unprepared to comply with these requirements will not be granted entry to the premises
- A dispersal policy is to be agreed with Police in order to minimise noise on departure is all agreed
- Scan Net initiative (or such like) to be installed and become a condition of entry into the club by 15 December 2013. No entry unless identified via Scan Net (or such like)

Crime Trends

The potential for violence and indeed attracting possible vulnerable victims is well documented at nightclubs. The metropolitan Police have been given certain objectives; one is to reduce MOPAC (*Mayor's Office for Policing and Crime*) related offences such as violence with injury, theft from person and Criminal damage, to name a few. The high proportion of these offences on Havering borough take place with-in Romford Town Centre.

Police have researched the venue and close proximity revealing the following incidents of note. Since January 2015 alone the venue has generated a number of crime related issues -

5400769/15 - Sec 4 Public Order Act (POA)

Upon arrival police identified the group of four (4) males who had been lawfully ejected from the nightclub for fighting. Suspect 1 was complaining that he had been assaulted by door staff at the venue, police advised, due to the fact that he had been drinking that it would be better if he reported the incident the following day. However suspect 1 began to get agitated, he was fidgeting and clenching his fists, he was being verbally aggressive. He and his brother then began to fight with police and door staff.

5400824/15 - Affray

The victim was detained initially at the venue for being drunk and disorderly; police arrived and arrested the male. An independent witness however came forward and alleged they had witnessed a male being beaten up at the rear of Circuit by members of the door staff members. The victim had sustained a cut to his head, the victim was taken to hospital and the wound was glued together, Police then attended Circuit and spoke to the manager and asked to view the CCTV Police were told that the CCTV camera did not cover the incident from the venue. Allegation was that door staff assaulted patron at the rear of the premises.

Both parties seemed to be talking and mixing. Victim 1 states that he was stood by the dance floor when suspect suddenly lunged at him as if to try and head butt him. Victim states he managed to step out of the way of this and was only caught on his lip causing slight swelling. This lunge apparently was unprovoked. Suddenly Victim 2 jumped in between Victim 1 and Suspect to protect Victim 1. This began a fight between Victim 2 and other males. Victim 1 then felt a blow to the back of his head. Suspect 2 stood behind him.

Police disbursed the group and split them up. The main aggressor appeared to be suspect. He was spoken to, it was very clear at this stage that he was under the influence of drink or drugs as he was falling over and his pupils were very dilated. He stated that he a disagreement about a girl with someone who worked at the premises. He had approached this male who he believed was the manager there; he then stated that at some point he was punched in the face. Suspect didn't appear to have any injuries. Viw1 has been left with a red mark to her arm and slight tenderness.

5407764/15 - ABH (Actual Bodily Harm)

Sunday 24th MAY 15' 02:50hrs

Victims 1 and 2 were in Circuit Nightclub. They were with their friends and were dancing on the floor. Victim 1 stated that out of nowhere he was punched across the face by unknown suspect. He could not provide any description of the person involved and has a small cut to his nose as a result. Victim 2 stated that she was dancing with victim 1 and accidentally he bumped into someone else. The SUS then punched him across his face. She stated that the door staff did not help and assumed victim 1 had started the fight and kicked him out. Victim 2 then stated that they were outside when a group of males began to harass them and started to fight victim 1. Victim 1 and 2 were both intoxicated.

In addition to those shown above, police have also received other allegations of crime associated to the venue since January 2015. Such allegations require police resources to report and investigate the claims. 3 x Common Assault allegations, 2 x Phone Theft Allegations, 1 Robbery Allegation and 1 ABH allegation.

On the 01/03/2015 Police officers from the Central Licensing Team conducted a licensing visit at the venue; the following breaches/offences were identified -

- * The DPS was present and on duty, was not in possession of his personal license.
- * There was no provision to provide a substantial meal. The DPS admitted they didn't even have a kitchen.

A section 19 Criminal Justice and Police Act 2001 and Licensing Act offences forms were completed by those officers attending and served at the time. (The condition of providing a substantial table meal has since been removed via a minor variation request)

Police licensing officers have also been made aware by Town center uniformed officers that on Sunday 24th May 2015 at approximately 0230 whilst patrolling around venue approximately twenty-five males were leaving the club, these males were believed to be from two separate groups. Very quickly the atmosphere turned bad and the males began to fight with each other as well as Police and

door staff along North Street. Apparently, the males were extremely aggressive and some could be seen to take of the belts and wrapped them around the fists. Romford town centre team managed to control the situation along with the door staff of CIRCUIT (who were described as being very helpful). None the less this incident took place due to the venue being open.

Police fear the potential of more crime and disorder to the level already recorded if licensable activity times are increased at this location. Longer opening times add to the difficulty of dispersal especially when levels of intoxication are increased. Patrons that choose NOT to leave the area quickly by foot, public transport or other means will simply loiter in the town centre, potentially becoming a victim of or suspect to crime. All the reports referred to take place in the early hours of the morning, increasing longer drinking hours can only fuel the potential of more violent crime and anti social behavior.

Noise

Police are aware that complaints relating to noise nuisance have been received by environmental health team from residents of the area. As stated in LLA's very own licensing policy "**Patrons become accustomed to high sound levels and to shouting to make themselves heard which can lead to them being noisier when leaving premises. The later the music played, the greater the potential for nuisance**". Police will argue that patrons are completely unaware of the noise they make when leaving premises due to their level of intoxication. Sleep patterns will inevitably be further disturbed with later hours. Capacity numbers do not appear on the schedule, it is the understanding of Police that London fire brigade inspected the premises recently and the capacity was set by them at 600, can this be referred to on the license? How will the venue police its capacity levels and stay with-in the given number?

In Summary

We have a strong belief that additional hours at this venue to those already worked too will simply attract party goers into the area for longer; this in turn will have a detrimental effect on lifestyles for those families that live close to the premises. Noise can hinder family sleep and generate complaints to both Police and local authority which in turn may have a drain on resources. We believe the majority of their customer base within the area and hours would be those who have maximized their drinking time, a strict last point of entry time for each trading session should be encouraged. Such customer base will inevitably be under the influence of alcohol and therefore increase the risk of crime and disorder. Police urge the committee to take into account the location, the problems created for residents and police by a premise of this type in the past. Police resources will be further stretched in an already saturated night time economy town.

Other Objections

Police would also oppose the following two extended hour requests under this application for the reasons already evidenced in this representation.

*** The permitted hours may be extended until 4am on any day immediately preceding a bank holiday**

*** The permitted hours may be extended until 5am on Christmas Eve and Boxing Day**

Conditions

The operating schedule submitted has highlighted a number of existing conditions which the premise works too that no longer appear on this new application. Police agree that some (appearing on license 002141) are now covered by other legislation or are covered by other conditions offered (38 in total). Therefore we are comfortable with the removal of them from the new license. There are some however that police feel are extremely relevant in promoting the 4 licensing objectives at this particular premise. Dear Sir/Madam,

I am writing to you in relation to your letter REF AGH/016800 regarding the premises license application for Circuit (previously known as Buddha Lounge 36-38 North Street Romford RM1 1BH).

I hereby object to the application for a premises license under s.34 of the Licensing Act 2003.

The premises are located within 20 metres of my residential block of flats. With further new built flats currently under development (or just completed) in the nearby vicinity I believe this license violates all the objectives laid out in the licensing Act.

Reasons:

The prevention of crime and disorder

- Post Saturday night / Sunday morning to the rear of our building (close to the recycling bins) we continue to observe numerous empty cans of nitrox oxide from the revellers – a legal high currently under review by the home secretary.
- Vandalism and damage to the Rubicon court residential building (insurance claims can back this up) by revellers post Saturday night events.

Public safety

- Drunken fights outside the club, spilling into the street, in particular to the rear of our building Rubicon Court (away from the eyes for security).
- Again on Sunday morning we observe numerous broken alcohol bottles from revellers (mostly pre night activity).

The prevention of public nuisance

- Urination and vomiting on the front door of our residential block of flats by revellers.
- Disturbing noise levels up to 4am on Saturday nights by revellers spilling out onto the street – sleep deprivation is now a serious concern to working people.
- Disturbing noise levels from what we assume is a new sound system installed since Buddha Lounge changed to Circuit. Music can now be heard even on the rear side of the building.
- Intolerable level of noise from the arrival of revellers to the club – sometimes from car audio system or worse from so called party bus/coaches where 'hoards' of clubbers arrive in mass on Angel Way.

The protection of children from harm

- The Rubicon court has several residents with young families/children and the license application appears to now include day time hours i.e. commencing 11am.

Yours sincerely

Subject: Objection to Premises Licence Application - Buddha RT

Dear Sir or Madam

I would like to register my objection to the Premises Licence application recently made by Buddha RT. I still don't understand how this night club can possibly be allowed to operate at all, right in the middle of an increasingly residential area. Yet, Buddha RT still apply to extend their hours, demonstrating the utter contempt they have for residents.

My objections are for the following reasons:

- The noise from this nightclub is unbearable, even at week-ends as it currently stands. It would have an immense negative impact on the health and welfare of the hard working residents if they were allowed to open on Sundays and during the week.
- I have come to the point where I dread Bank Holidays because I know that this nightclub will be open one more night each week that there is a Bank Holiday.
- I have been forced to commute for 5 hours every day because I am unable to sell my flat due to the fall in value caused by the operation of this nightclub. Increasing this burden would just increase the misery they are currently inflicting on the residents.
- Because I commute so much, I have to get up very early in the morning at 04:30am. Having a nightclub blaring music and associated noise from its customers almost every night will be absolutely unbearable.
- The Rubicon Court has been the target of many acts of vandalism and many other nasty incidents such as vomit and other bodily fluids right outside the entrance door. Most of these incidents happen on nights when the Opium/Buddha/Circuit club is open. Extending the opening days will only increase the frequency of these incidents.
- The Opium/Buddha/Circuit club has ruined the economic development of the area for years. There is a building site adjacent to the Rubicon Court that has been abandoned for years because no-one wants to invest near this night club.
- The vast economic disbenefits, added to the impact on health, welfare and property of the residents would outweigh by far the very small economic benefits of granting this licence.
- Finally, I must point out that if there has not been many complaints about the noise, it is not because there is no noise. It is because most flat owners have given up and have left the area.
- The departure of the more affluent residents who own the flats has had, in turn, a negative economic impact on the local shops.

Yours Sincerely

30 June 2015

Dear Sir, Madam,

Ref: Buddha RT Limited Application

We write with reference to the application made by 'Buddha RT Limited' with regards to its opening hours and the provision of late night refreshment at Circuit (formerly Buddha Lounge), 36-38 North Street, Romford, RM1 1BH.

The application proposes the following opening hours:

- Monday 11am till midnight
- Tuesday 11am till midnight
- Wednesday 11am till 3am (Thursday morning)
- Thursday 11am till 3am (Friday morning)
- Friday 11am till 4am (Saturday morning)
- Saturday 11am till 4am (Sunday morning)
- Sunday 11am till 2:20am (Monday morning)

We are concerned about this application for the following reasons:

- The potential noise and disruption could significantly affect the quality of life of residents in the surrounding area, in particular North Street. Such late opening till the early hours of the morning on a working day does not seem to be compatible with the lifestyle of normal working professionals, particularly those who have to get up early to commute to work. In addition, children of school-age would similarly have their sleep and normal routine disrupted.
- The provision of late night refreshments could result in excessive alcohol being consumed and potentially ultimately lead to drunken and disorderly behaviour. This may have adverse consequences, such as damage and vandalism to public and private property.
- Moreover, the bar is situated close to a busy roundabout, a major road and nearby construction sites, and whilst there are barriers and security measures in place, there remains the possibility that drunken and disorderly behaviour may lead to harm and injury, for both the individuals concerned and also other members of the public.

- Safety would also be a particular concern for vulnerable groups such as children. The bar is situated on a pedestrian road in the town centre which is often frequented by diverse demographic groups, including children, families and the elderly. If, for example drunken and disorderly behaviour takes place the night before and damage / vandalised property is not tidied up or made safe (for example pieces of broken glass being left / overlooked), then children who are playing may come to harm.

For these reasons, we would object to the application made by Buddha RT Limited.

Yours Faithfully,

Dear Mr Jones,

Thank you for your email. Our registered office is indeed in Hertfordshire, however, we are residential property developers currently undertaking work with several sites in Romford town centre.

We are developing the Angel Way Retail Park site as well as the 23-55 North Street site. We are investing heavily in the local area, approximately £100m, each site accounting for £80m and £20m, respectively.

The developments will comprise apartments, retail space and hotel facilities. We expect diverse demographic groups to visit the premises including working professionals, families, children, the elderly, visiting businessmen and tourists.

As such we have a keen interest that the local area is a pleasant, welcoming and accommodating place for diverse demographic groups.

Please let me know if you have any further questions.

Best regards

Subject: Circuit Bar

Dear Sir or Madam,

I am a resident of Rubicon Court* just opposite Circuit Bar. I am writing to you to give my stand or opinion to the application of Buddha RT Ltd for late night opening.

I have been living in the area for couple of months now and I can say that it is a good place to live in. In our building there are children, professionals, student and elderly. I will say my stand, keeping in mind the people around me and keeping the area a good place to live in.

I am not in favour with the application for Circuit for late night opening every weekdays. Here are some of the reasons why I disagree;

Firstly, rest can make a sound mind and body. As a working student, sleeping is every important to me as I need energy all day. It does not only concerned me but for other people like my fellow student, fellow worker and the elderly. Not having a rest or proper sleep can give bad effects to the body as sleeping is the only time our body rejuvenate. Every Friday and Saturday, I must say I can really sleep due to the noise made by the music of the bar and also by the people who are going in the bar. I often wake up every 3am or 4am when people from the bar are going home. Some of people shout because of drunkenness.

Secondly, security within the area. Everyone do not want to live in an area where in you are not safe. In maslow's hierarchy of need security is one of them. I know that we cannot aviod misunderstanding that leads to a fight between people who are at the bar. I am not distroying the reputation of the bar or the security person but there are instances that even the security person fight with the people. I also often see police cars in the area which is good as they are making sure that the area is at peace. I dont know how much incidents have been reported to the police but i think there are quite many.

Thirdly, i can say it is enough for them to have friday and saturday even sunday if it will be bank holiday monday. If they are going to be open during weekdays night. Students can always go there to party even if it will be school day tomorrow. If they will be open it is just given them more option to get drunk and to party.

Lastly, cleanliness of the area. When you are drunk mostly you do things without thinking. Vandalism can easily be done by drunk people. Broken glass due to clamsiness or made in purpose.

I understand that the company need to generate income and i guess this is their way. I hope they also consider the betterment of the society where their business is located. Every business have their responsibility to the society.

I hope you will take in consideration my opinion on deciding whether to grant their proposal.

Faithfully yours,

Mark Rillera

Re : Objection to the late opening permit

Premises : Circuit bar (formerly Buddha Lounge)

To whom it may concern,

We write with reference to the application made by Buddha RT Limited, with regards to its opening hours and the provision of late night refreshment at Circuit (formerly Buddha Lounge), 36-38 North Street, Romford, RM1 1BH.

We wish to make you aware that noise from the premises mentioned above is disturbing us already to such an extent that it is affecting our sleep routine, work and enjoyment of our home. The three of us , living no further than 20 meters from the premises, are working professionals, waking up around 6am Monday to Saturday. Such late opening till the early hours of the morning, with all the noise and incidents, would disrupt our sleep, creating us difficulties at work, which could cause us losing our jobs.

Apart from the excessive noise from the pub and people gathering to the pub entrance , another ongoing problem are the already regular incidents between the pub customers, the excessive alcohol consumption which leads to drunk and disorderly behaviour, fighting and shouting, the police cars coming here every single night the pub is open, people leaving the pub and throwing up in front of our entrance door and many other unacceptable behaviours.

Please take action against this late opening application and ensure that we can enjoy the comfort of our home and not be bothered, more than we already are, by this unreasonable level of noise nuisance.

We are looking forward to your co-operation in this very important and urgent matter!

Sincerely,

Mr Petre Daniel Baltaru

Mrs Laura Baltaru

Mr Traian Caileanu

Objections to licence applications

Objections to or support of an application are called representations.

Representations must clearly set out the likely effects the grant or variation of the licence would have on the promotion of at least one of the licensing objectives, and must clearly relate to the premises for which the application is being made.

The four licensing objectives are:

- 1. The prevention of crime and disorder*
- 2. Public Safety*
- 3. The prevention of public nuisance*
- 4. The protection of children from harm*

It would be wise, therefore, to explicitly link one or more of the licensing objectives directly to the premises in question. In addition, the Licensing Authority can only consider representations that are not 'vexatious' or 'frivolous'.

The Licensing Authority must determine whether a representation is vexatious or frivolous. A vexatious representation might be one that is based only upon a business rivalry, whilst a frivolous representation might be one that lacks seriousness.

A representation cannot be made anonymously, your name and address must be provided (which will become part of a public document), even if somebody else (e.g. a local MP or Councillor) is making the representation on your behalf. This is because the Licensing Authority needs to know how relevant an objection is in relation to the address and it is not being vexatious. It is also important that an applicant is able to respond to a representation, for example, if they believe that it is not a 'relevant' representation.

Relevant representations must be received within 28 days of the application being made and will normally result in a hearing by the Licensing SubCommittee to determine the application. Only persons who have made a relevant representation are entitled to address the SubCommittee.

Comments

Please comment on the below licensing objectives relevant to your concerns or observations, you may also wish to include suggestions how your concerns could be addressed.

Public nuisance

The loud noise significantly affects the quality of life of the residents of The Rubicon Court (henceforth called Rubicon Court), late openings till early hours of the morning on a working day (both my wife & I are required to work most of the Saturdays) are not compatible with the lifestyle of normal working professionals, particularly those who have to get up early to commute to work. Moreover, schoolgoing children would have their normal routine sleep disrupted, let alone the plight of the parents of the newborns.

Crime and disorder

The provision of late night refreshments normally result in consumption of alcohol in excess ultimately leading to drunkenness & disorderly behaviour, often leading to adverse consequences i.e. damage to private &/or public property, potential vandalism & serious encroachment to the privacy of the residents, at times.

Protection of children from harm

Safety would also be a particular concern for vulnerable groups such as children. The premises is situated on a pedestrian road in the town centre which is often frequented by diverse demographic groups, families including children, & the elderly. In the event of a public nuisance (throwing up or urinating in the public) or a vandalism (damage of public/private property) being

committed, & not tidied up in good (this has happened in the past) or made good to be safe enough by the following daylight, vulnerable people (especially children &/or elderly) might hurt themselves.

Public safety

The premises is close to a busy roundabout, with major roads, nearby construction sites, whilst there are barriers & security measures in place, there remains the possibility that drunken & disorderly behaviour may lead to harm & injury, for both the individuals concerned as well as other members of the public.

Copies of this representation will be sent to the applicant, or their agent/solicitor, including name and address details (but other personal contact information such as telephone numbers and email addresses will be removed) unless you have specifically requested anonymity. Copies of this representation will be included in a report that will be available to the public and will be published on the internet.

To whom it may concern,

Me and my partner have just become aware of the late night application made by Buddha RT Limited opposite our home.

We feel the need to object to this for a number of reasons. The first being as we are both healthcare professionals, I'm a nurse and my partner is a doctor, we need to have a significant amount of sleep before a 13 hour shift starts at early hours in the morning. At present I feel we are already being tolerant with the lack of respect the consumers in Circuit show when leaving the premises at weekends, along with the total disregard from the security staff. At weekends there is a large amount of screaming, very loud music and bottles smashing till the early hours, this will no doubt carry over to the weekdays this club has proposed to be opened. This will definitely lead to a higher sick rate within our jobs as they are not such roles you can do with very little sleep. I do not doubt your knowledge that these hours do not correlate with normal routines of working people and will be disgusted if this premises is granted this application.

Secondary, we have a second exit to our home in Rubicon Court around the back. I have constantly come out of this exit to the car park to lots of broken glass and a number of nitrous oxide cannisters. I don't think I need to lecture you on the health risks of this drug, and although legal, is causing us hell with the consumers taking it outside our home. As a result of this drug taking and excessive alcohol consumption consumers are loud, violent and disorderly which as a younger resident makes me apprehensive to leave my home.

This application will not be ignored, and if our objections are not heard we will keep raising this issue up until our homes are protected and safe

Yours sincerely,

Kerry Whittington and Faisal Patel

Hi,
My name is Sheldon Alfonso of 10 The Rubicon Court, angel way, 21-23 North street, Romford, RM1 1BJ

I am writing about the proposal of CIRCUIT (old Buddah lounge) being opening all week. I write to inform you that I would not like this to happen as at the moment it being opened grids and Saturday causes a lot of disruption to people who live near and around the club because of the loud noise and aggressive activity that happens outside The Rubicon court when people are leaving the club.

I do not propose for their new application to go ahead.

Much regards
