Members are advised that, when considering an application to vary a premises licence, the following options are available to them by virtue of the Licensing Act 2003, Part 3, section 35, paragraphs 3 and 4:

"Where relevant representations are made, the authority must

The steps are:

- a) modify the conditions of the licence
- b) reject the whole or part of the application

and for this purpose, the conditions of the licence are modified if any of them is altered or omitted or any new condition is added."

The Sub-Committee will also wish to note that, if none of these steps is required, the application must be granted.

### Licensing Act 2003 – responsible authority representation

This representation is made by a responsible authority for the London Borough of Havering concerning a premises licence variation application for the premises as detailed below.

**Applicant:** Malthurst Petroleum Ltd  
**Premises:** Harold Park Service Station Colchester Road Romford RM3 0AG

---

**Name:** Paul Jones  
**Organisation:** London Borough of Havering Licensing Authority  
**Address:** c/o Town Hall Main Road Romford RM1 3BD  
**Email:** paul.jones@haverling.gov.uk  
**Telephone no.:** 01708 432692

---

**Objection summary:** The application is in opposition to a number of Havering's licensing policies and as such has the potential to negatively impact upon the promotion of the licensing objectives, in particular the prevention of public nuisance.

#### Policy considerations:

##### Licensing Policy 1

In considering applications for new licences, variations to existing licences and licence reviews the Licensing Authority will take the matters listed below into account:

- whether the premises is located in an area of cumulative impact;
- the type of premises and their cumulative impact on the area and the mix of premises in the area;
- the location of the premises and the character of the area;
- the views of the responsible authorities;
- the views of other persons;
- past compliance history of current management;
- the proposed hours of operation;
- the type and number of customers likely to attend the premises;
- whether the applicant is able to demonstrate commitment to a high standard of management, for example through active participation in the Safe & Sound meetings and Pubwatch.

### **Licensing Policy 3**

The Licensing Authority has adopted a special policy relating to cumulative impact in relation to

- Harold Hill

This policy creates a rebuttable presumption that applications for new premises licences, club premises certificates, or variation applications specifically for off sales only that are likely to add to the existing cumulative impact will be refused, unless the applicant can demonstrate why the operation of the premises involved will not add to the cumulative impact and not impact adversely on the promotion of the licensing objectives.

### **Licensing Policy 5**

The Licensing Authority is concerned regarding the adverse impact on the licensing objectives arising from the increasing numbers of shops selling alcohol for consumption off the premises. The Licensing Authority will consider restricting the number of premises and the licensing hours to 23:00 in locations where longer hours undermine the licensing objectives.

### **Licensing Policy 7**

When dealing with new and variation applications the Licensing Authority will give more favourable consideration to applications with the following closing times:

Public Houses and Bars	23:00 Sunday to Thursday 00:00 Friday and Saturday
Nightclubs	01:00 Sunday to Thursday 02:00 Friday and Saturday
Restaurants and Cafes	23:00 Sunday to Thursday 00:00 Friday and Saturday
Off licences	23:00 Monday to Sunday
Hot food and drink supplied by takeaways, fast food premises	00:00 Sunday to Thursday 01:00 Friday and Saturday
Hotel residents only	24 hours sale of alcohol for on sales only

Consideration will also be given to the type of area that the premises is located in with regulated activities normally being permitted until 23:30 in residential areas and 00:30 in mixed use areas.

These hours are not pre-determined and each application will be considered on its merits.

### **Licensing Policy 14**

The Licensing Authority is committed to protecting the amenity of residents and businesses in the vicinity of licenced premises, particularly when late hours have been sought. Where relevant representations are received the Licensing Authority will impose appropriate restrictions or controls on the licence to support the prevention of undue noise disturbance from licensed premises.

## Representation

This application to vary a premises licence seeks to extend the hours during which alcohol may be sold to enable 24 hour alcohol supplies seven days a week. The current alcohol supply hours are 06:00 to 23:00 daily. The premises' opening hours are 24 hours a day. The application has been assessed with Havering's licensing policy as a guidance tool. This assessment suggests the application might appear to conflict with a number of Havering's licensing policies which I have detailed above. As such this licensing authority would be unable to support such an application.

The Guidance to the Act indicates at para. 10.15 that

*Shops, stores and supermarkets should normally be free to provide sales of alcohol for consumption off the premises at any times when the retail outlet is open for shopping unless there are good reasons, based on the licensing objectives, for restricting those hours.*

The Guidance provides that a premises which is open for 24 hours should normally be free to sell alcohol during the full range of its opening hours. That is, *unless there are good reasons, based upon the licensing objectives, for restricting those hours.* It is the view of this Licensing Authority that, for the reasons which follow, there are good reasons to restrict alcohol supply hours at this venue.

## Licensing Policy 1

- This premises is located in one of Havering's special policy areas in relation to cumulative impact.
- The premises is located in an area which is almost entirely residential.
- The hours of intended operation are outside those guideline hours Havering has identified as favourable.

Based upon these considerations it might appear that this Licensing Authority has reasonable grounds on which to base opposition to this application.

## Licensing Policy 3

Havering's 2016 licensing policy has created a new cumulative impact zone (CIZ) via the creation of Licensing Policy 3 in which this premises is located. Although the premises is located on the very edge of the CIZ it is still within the ambit of the CIZ and hence the policy. As such the policy's requirement upon an applicant is to *demonstrate why the operation of the premises involved will not add to the cumulative impact and not impact adversely on the promotion of the licensing objectives.* To this end the applicant has provided the following statement:

### **Statement**

*The applicant has considered the Statement of Licensing Policy and is satisfied that the grant of the variation application, with the conditions offered, is unlikely to add to the cumulative impact referenced in the Policy.*

There might appear to be little apparent evidence within this brief statement to demonstrate why the applicant is of the view that the application is unlikely to impact adversely upon cumulative impact in the area. One might be of the opinion that while the applicant appears to be satisfied that the grant of this application is unlikely to add to cumulative impact it might seem more pertinent that the Licensing Authority is able to hold a similar view. This statement provides little persuasive reassurance in this regard.

The Guidance to the Act also indicates the expectations placed upon applicants further to premises licence applications and the steps required to promote the licensing objectives in paras. 8.33 to 8.41. Para 8.39 seems particularly explicit in this regard:

*Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.*

Havering's Licensing Policy 3 is in accordance with the aims of this paragraph.

### **Licensing Policy 5**

Clearly the aims of this policy relate to those of Licensing Policy 3. While this premises is already permitted to sell alcohol and thus will not constitute an addition to the number of licensed premises in the area, the hours sought would appear to be outside the policy's guideline terminal hour of 23:00.

### **Licensing Policy 7**

This policy addresses terminal hours and indicates that *more favourable consideration* will be given to applications which seek to retain terminal hours as indicated. This application effectively seeks to do away with terminal hours as the application is for alcohol supplies to be permitted 24 hours a day. One might reasonably expect, therefore, that some form of justification would be provided to rationalise this.

The applicant's *Statement* to which I referred previously might be the only justification from which we may extract meaning. The *Statement* appears to suggest that the conditions offered are sufficient mitigation to support the application for 24 hour alcohol sales. Such a position might appear to place the onus upon the responsible authorities to construct an argument to support the grant of the application based upon the proposed conditions. Licensing Policy 3, however, makes it clear that it is incumbent upon the applicant to *demonstrate why the operation of the premises involved will not add to the cumulative impact and not impact adversely on the promotion of the licensing objectives*. We might reasonably ask ourselves whether the applicant's *Statement* and proposed conditions succeed to this end.

### **Licensing Policy 14**

This policy is designed to protect *the amenity of residents and businesses in the vicinity of licenced premises, particularly when late hours have been sought*. Clearly, late alcohol supply hours have been sought at this location. The applicant has proposed a series of measures broadly aimed at preventing crime and disorder and protecting children from harm; however, what measures might be proposed which relate *directly* to the amenity of the residential properties which abut this premises? I am of course referring to the prevention of public nuisance.

A reasonable person might adopt a *live-and-let-live* approach to any activity if it has the potential to impose little or no adverse impact upon his or her amenity. To this end we might reasonably expect this application to provide measures to mitigate the potential for public nuisance further to 24 hour alcohol supply and, in particular, those late night/early morning hours sought in addition to those already permissible. The application proposes the following:

*Adequate waste receptacles for use by customers shall be provided in and immediately outside the premises.*

Based upon this one might reasonably conclude that any risk assessment which may have been conducted by the applicant further to public nuisance considerations foresaw only the potential for litter problems attendant to 24 hour alcohol supplies. While one may argue that the conditions proposed *in totality* might further the promotion of all four licensing objectives one might have expected a more robust approach specifically aimed at the prevention of public nuisance, given the location of this premises in a CIZ. The Guidance to the Act indicates at para 2.14 that public nuisance issues extend beyond litter concerns as they

*will mainly concern noise nuisance, light pollution, noxious smells and litter.*

While the Guidance to the Act indicates at para. 1.17 that it is

*essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions*

one might reasonably have expected greater consideration to have been given to the promotion of this particular licensing objective. To reiterate, the onus is upon the applicant to *demonstrate why the operation of the premises involved will not add to the cumulative impact and not impact adversely on the promotion of the licensing objectives.* The applicant must be explicit when submitting an application which appears contrary to the Licensing Authority's stated policies; it is not for responsible authorities to infer meaning where meaning might appear less than explicit.

### **Conclusion**

Based upon the merits of this application – an application which appears to come into conflict with a number of Havering's licensing policies, in particular Licensing Policy 3 – this Licensing Authority is unable to support the application as submitted and subsequently modified on 1<sup>st</sup> March 2016. We are of the view that the applicant has failed to demonstrate why the operation of the premises involved will *not* add to the cumulative impact and *not* impact adversely on the promotion of the licensing objectives. We therefore suggest that the application has not met an appropriate threshold to enable this Licensing Authority to depart from the stated aims of Licensing Policy 3. We respectfully request that the Licensing Sub-Committee declines to grant the application.

Dear Mr Jones,

**Police Representation to the Application to vary a Premises Licence at Harold Park Service Station, Colchester Road, Romford, RM3 0AG.**

I certify that I have considered the application shown above and I wish to make **representations** that the likely effect of the grant of the application is detrimental to the Licensing Objectives for the reasons indicated below.

1. The prevention of crime and disorder,
2. Public safety,

The applicant has requested that conditions be removed from Annex 2 of the current licence; these conditions are considered to be proportionate and relevant to the licensing objectives.

**The Prevention of Crime and Disorder**

The venue is located within a Cumulative Impact Zone, it is within walking distance from a high concentration of residential areas which suffer from high levels of crime and disorder.

The Office for National Statistics detail that violent incidents which involve alcohol increase from 23% between 1200-1800 to 54% between 1800 - 2200 up to an average of **83.5%** between **2200 - 0600**.

Creating a single outlet for the off-sale of alcohol after 11pm in the cumulative impact zone would inevitably create a focal point, this would be most concerning at the weekends especially after the various public houses in the area close.

The ONS statistics show that 64% of violent incidents involving alcohol occur between strangers. The majority of which occur at the weekend between the hours of 2200 and 0600.

The application primarily details CCTV conditions which the applicant has offered.

The request for removal of conditions in annex 2 relating to staff training presents a concern in the ability for staff members to be able to identify customers likely to cause disorder in the immediate vicinity, especially late at night.

### **Public Safety**

The applicant details that staffing levels will be adequate and will be disclosed on request to the relevant authorities.

This is non-specific and no rationale behind how numbers will be calculated is given. It is a concern that public safety could be compromised by the operators reducing staffing levels to cut costs.

There is no mention in the application of any alternative options such as hatch service after the current terminal hour.

If I can be of any further assistance please feel free to contact me

Yours sincerely,

Subject: License Application No 17702 .Harold Park Service Station.

I am objecting to the above application for a variation to a currently held License.

My reasons are as follows:-

Public Nuisance and Prevention of Crime and Disorder

Residents that live in Woodstock Avenue back onto the forecourt of the garage . They have already complained about the late night disturbances from those visiting the shop, and their sleep is frequently interrupted . They are fearful that there lives will be further disrupted if this garage is granted a license to sell alcohol on a twenty four hour basis.

I am also concerned that this will increase alcohol fuelled crime in the area.

Thank you.

**RE: Harold Park Service Station - Appeal**

Dear Sirs

I am writing to you to appeal against the extended opening hours for the Harold Park Service Station.

First we already have one planning application currently being reviewed for the back of my house – a cemetery. Now you wish to compromise my family life even more by allowing the petrol station 2 doors away from my house to serve alcohol!? I am assuming that when the value of my home decreases because of these two proposals (if they go through) you will be offering me compensation!?

How can you think it is acceptable to serve alcohol from a petrol station where people are driving? If you look into the police reports of incidents at this petrol garage you will see that on a regular occurrence police are called to disturbance's there late at night. Every single Friday and Saturday night without fail I am woken by drunk people in this garage, fighting and abusing the staff there. There was also an incident recently when there police attended where two cars of males were fighting and ones of the cars was smashed to pieces with a baseball bat. All of this is visible from my bedroom window and wakes me and my family up constantly. When my daughter was a newborn she was unable to sleep in my room due to the noise! If it is not the customers making noise then it is the petrol filling tankers delivering at 3, 4, 5am and banging and clattering to wake the whole street up. If this licence extension is to go ahead – do you plan on building a noise prevention barrier!?

I ask you to seriously consider the repercussions of this proposal as all I can see is it causing the police to attend this petrol station on a more regular basis than they already do.

Kind regards

Lynda and Matthew House  
4 Woodstock Avenue
