- 5.2 Prior to the commencement of the hearing the Chairman of the Sub-Committee will outline the procedure to be followed at the hearing. This will normally be as follows:

- This 10 minute period is where each party has the opportunity to orally address the Sub-Committee and clarify any points on which the Sub-Committee has sought clarification prior to the hearing. This 10 minute period should be uninterrupted unless a member of the Sub-Committee or Legal Advisor considers that the speaker is making submissions that are irrelevant, frivolous or vexatious.

### **Cross-Examination:**

Where witnesses have been permitted by the Sub-Committee to speak at the hearing on behalf of a party, permission must be sought from the Sub-Committee before another party can ask the witness questions. This process of questioning is normally referred to as cross-examination. The Sub-Committee will allow cross-examination only where it is necessary to assist it in considering the representations or application.

### **Relevance:**

Information submitted at the hearing must be relevant to the applications, representations, or notice and the promotion of the licensing objectives. ## **6. Failure of parties to attend the hearing:**

- 6.1 If a party, who has not given prior notice of his/her intention not to attend the hearing, is absent from the hearing the Sub-Committee may either adjourn the hearing or hold the hearing in the party's absence. Where the hearing is held in the absence of a party, the Sub-Committee will still consider the application, representation or notice submitted by that party.

## **7. Adjournments and extension of time:**

- 7.1 The Sub-Committee may adjourn a hearing to a specified date or extend a notice period except where it must make a determination within certain time limits in the following specific applications:

## **8. Sub-Committee's determination of the hearing:**

- 8.2 The Sub-Committee will normally make its determination and announce its decision at the end of the hearing.
- 8.3 Where all parties have notified the Sub-Committee that a hearing is not required the Sub-Committee must make its determination within 10 working days of being given notice that the hearing is not required.

## **9. Power to exclude people from hearing:**

- 9.1 The public are entitled to attend the hearing as spectators. However, the Sub-Committee may exclude any person from the hearing including any person assisting or representing a party where:
  - it considers that the public interest would be best served by excluding the public or the individual person from the hearing; or
  - that person is behaving in a disruptive manner. This may include a party who is seeking to be heard at the hearing. In the case where a party is to be excluded, the party may submit to the Sub-Committee in writing any information which they would have been entitled to give orally had they not been required to leave the hearing.

## **10. Recording of proceedings:**

- 10.1 A written record of the hearing will be produced and kept for 6 years from the date of the determination of the hearing.

## **11. Power to vary procedure:**

- 11.1 The Sub-committee may depart from following any of the procedures set out in this document if it considers the departure to be necessary in order to consider an application, notice or representation.

### Please state the ground(s) for review: (please read guidance note 2)

This application is submitted on behalf of the Commissioner of Police of the Metropolis.

On Sunday 20th March 2022, at approximately 1930 hrs a fight took place in the Rising Sun resulting in someone being stabbed. The venue had no door staff present when they should have been and as a result of having no SIA door staff present no identification scan was in place either.

On Saturday 28th May 2022 around 0100 hours a customer fell down 15 steps of the VLT club after a fight occurred on the smoking terrace. The male was taken to hospital where it was found that he had suffered a fractured skull and eye socket and later found to have bleeding on the brain.

It was later established that Scannet wasn't used when it should have been as per conditions on the premises license.

Police believe the Prevention of Crime and Disorder and Public Safety Objectives have been undermined.

## PROTECTIVE MARKING

**Please provide as much information as possible to support the application:** (please read guidance note 3)

The Rising Sun is located in Hornchurch town centre and is one of the largest venues of its kind. The venue also has VLT nightclub on the 1st floor which is open until 0330 hours on Friday and Saturday. The venue has failed in its responsibility to uphold the licensing objectives namely, the prevention of crime and disorder and public safety. While the venue has worked with Police and have done everything that has been asked of them, unfortunately they're still having major issues with crime and disorder and Public safety.

Over the last 12 months the venue have been connected with a number of serious incidents.

In August 2021 an allegation of GBH was made whereby a victim was pushed by doorstaff after being refused entry into the venue and was then kicked in the head as he lay on the floor by a door supervisor who was later interviewed and charged with the offence of ABH.

On the 1st January 2022 at 0030 hours Police were called by security for the venue to a large fight involving 20 people in the venue. A male suffered various facial injuries including a bruise under the eye and stated he was the victim of a random unprovoked attack in the venue.

As a result of the 1st January incident conversations were had between Police licensing and the venue's licensing consultant where it was agreed the venue should utilise an identification scan system and to have it operating from 1900 hours to the close of business on Thursday through to Sunday and including all bank Holidays.

A request was made to the venue to submit a minor variation by Police licensing and the following conditions were added to the venue's premises license around the 9th January 2022:

Those conditions being:-

- 1) The premises shall adopt a club ID scan or a suitable equivalent, which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays. This will cover The Rising Sun PH and The VLT.
- 2) All patrons attending the venue must produce identification, which must be scanned into the ID scanning recognition machine; this should be photographic Driving Licence, proof of age card with the PASS logo or a current Passport.
- 3) All patrons being scanned into the venue must have a clear head and shoulders photo taken on the device.
- 4) All staff shall be suitably trained in the use of the ID Scanner. The training shall be written into a programme ongoing and under constant review and must be made available to a relevant responsible authority when called upon.
- 5) In the event of a technical failure of the ID scanning equipment, the DPS shall immediately inform the authorities and will admit customers via a manual check of ID. Technical failures must be rectified within 7 days.
- 6) Entry will be refused for any anti-social behaviour towards staff or other customers either within the Premises or the vicinity. This includes queue jumping and offensive language.
- 7) The venue must operate a 100% search policy. Guests must also undergo a property search including bags. This is a condition of entry. Any person who refuses a search will not be admitted to the venue and the details logged.
- 8) Admission will be refused to any person deemed to be intoxicated or under the influence of illegal or legal high substances.

In the last few months there have been two serious incidents at the venue.

A fight resulting in someone being stabbed on Sunday 20th March 2022 and an incident on Saturday 28th May 2022 whereby a customer fell down 15 steps of the VLT club after a fight occurred on the smoking terrace.

On Sunday 20th March 2022 the venue were showing the West Ham v Tottenham football match when a fight took place in the Rising Sun which resulted in a victim being stabbed in the arm who later presented himself at Queens's Hospital (CAD6259/20MAR22 refers).

The victim arrived at the venue which was not busy at around 1730 hours and was with friends having a drink.

The alleged suspects arrive in the venue about an hour later and it was clear they knew the victim and his friends as they were all talking and sitting with one another. All appeared to be fine but they then began to argue and a physical altercation took place as the suspect and victim appeared to be walking outside. It was over in approximately 30 seconds. The victim did not state how he had been cut and no weapons were seen by staff or witnesses. Staff then provided first aid to the victim as he was bleeding and he left with friends prior to Police arrival.

Police attended a call to The Rising Sun due to a disturbance and a knife potentially seen (CAD 6025/20MAR22 refers). The manager advised Police that a fight took place in the corner of the venue and that CCTV would be available and may show the incident.

## PROTECTIVE MARKING

An officer who attended CAD 6025/20MAR22 has provided a statement which is attached.

Prior to Police arriving on scene staff from the venue washed blood away that was on the floor rather than taking steps to prevent loss of evidence and to preserve for possible forensic evidence until Police arrived. The venue also didn't call Police or the London Ambulance Service at the time of the incident.

The victim presented himself at Queens Hospital around 2015 hours but didn't cooperate with Police who arrived as per protocol after the Hospital called Police. The victim refused to engage with officers and would not explain what took place or how he received his injuries. An x-ray was completed which showed no broken bones or serious damage but it was later found that the wound was a 2cm cut on one side the arm and a 1cm cut on the other side.

After the incident the venue contacted Police licensing and made them aware of the incident, have downloaded CCTV, were willing to provide statements and staff provided first aid for the alleged victim. They provided a copy of the incident log and made CCTV available for collection first thing in the morning.

However, as per the venues current license (Annex 2 condition 32) a minimum of two (2) SIA licensed door supervisors shall be on duty at the premises when West Ham football matches are being shown at the premises from at least an hour before kick-off time until at least an hour after the match finishes. The venue had no door staff present.

As a result of having no SIA door staff present as above no identification scan was in place as per annex 2 condition 46 which states the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT. This condition was added to the premises license as a result of the incident on the 1<sup>st</sup> January as stated above.

As a result of the incident and an initial visit by Police a meeting was requested by Police licensing with the Licensee and venue management. This meeting took place on the 13th April 2022 at 1315 hours, whereby the Licensee Jo Sullivan, staff member Sam Gittins, licensing consultant Graham Hopkins and ex DPS Emma Thomas were all in attendance. Sam Gittins admitted there was a lack of door staff and scanner in place that night when there should have been and venue management including the licensee agreed they dropped the ball. They also agreed that the blood shouldn't have been washed away prior to Police arrival.

Following the meeting the venue sent an email detailing the following intended action plan:-

- 1) For every West Ham Game played inside the venue we will make sure the scanner is put outside & Doormen are present an hour before the game starts & an hour after the game finishes.
- 2) We will implement a list of names & facial recognition of those that are barred from Havering.
- 3) Making sure we have the correct professional door team onsite at all times- dress code & manner is key to the business.
- 4) Any incident that occurs at the venue which has evidence for the police to see will NOT be tampered with at any time until the attending officers have processed the scene.
- 5) If police attend the venue for a reported incident we will ask for a CAD number for our own reference.
- 6) We will keep in constant contact with the local & surrounding shops to see if they have any other information on suspects/witnesses.
- 7) 999 MUST be called from the venue (not an individual) for any incidents at all times.
- 8) The DPS will be present Wednesday-Sunday every week without fail as these are the busier periods but will always be contactable by phone anytime day or night.
- 9) We will enforce the "NO VAPING" signs to be placed inside & outside the building.
- 10) We will look into rebranding the business name ASAP.

Further to the action plan it was decided that the conditions for the venue would be looked at by Police licensing and the venue to make them more manageable going forward.

Whilst the conditions were being looked into another serious incident occurred on the 28th May 2022.

On Saturday 28th May 2022 around 0100 hours a fight broke out in the smoking terrace on the 1st floor of the VLT nightclub between two groups (CAD 401/28MAY22 refers).

The altercation spread to the area at the top of the stairs leading down to the entrance. During the incident a male who was involved fell down approximately 15 steps of the venue. First aid was given by security staff and the male was taken to hospital where it was found that he had suffered a fractured skull and eye socket and later found to have bleeding on the brain.

At this time it is still not clear if the victim was pushed down stairs off camera or if he just fell as a result of stumbling whilst attempting to escape the group of males. This cannot be confirmed as the victim hasn't been in a fit state to talk to Police.

The venue worked with Police and provided statements, details of all the door staff and CCTV footage.

## PROTECTIVE MARKING

Details of those present in the venue were requested to see who was in the club at the time of the incident to assist the investigation and to possibly obtain details of potential witnesses and suspects. A Scannet report was requested and sent over to Police licensing but contained just one scanned person for the Friday night compared to Saturday which contained 97 person scans.

At first the venue stated the reason for the Scannet report only containing 1 scan for the Friday was due to the system not syncing the names and a possible issue with a loose wire that wasn't plugged in. The manager advised Police that he wasn't made aware of this.

Police licensing advised the venue they needed to urgently contact the company the machine was hired from to enquire whether customer information was first on the system and second whether it could be retrieved.

On the 2nd June Police Licensing visited the venue and spoke with manager Sam Gittins and employee Harrison. Harrison was asked directly about the lack of persons scanned using the Scannet system and he responded by saying "He just didn't scan anyone". When asked why "he stated that he just wasn't with it". The venue were advised this was a breach of the license and would be dealt with as such.

Again, annex 2 condition 46 states the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT.

SIA door supervisors were present at the time but Scannet wasn't used.

The venue have cooperated and worked with police previously to try and prevent further incidents including change of DPS & license holder, producing action plans and at the start of 2022 submitting the above minor variation and transfer of DPS upon the request of Police.

Whilst we acknowledge that the venue has worked with Police, the venue have had two serious incidents in a matter of months.

Despite various measures put in place such as DPS transfers, Scannet system, an exhaustive list of extra conditions and extra door staff, serious incidents still occur and Police are concerned that sooner or later we will have an incident that results in another serious injury or even worse a fatality.

Reluctantly police see no alternative but to review the licence and ask the Sub Committee to consider a revocation of the licence.

Dear Sir/Madam

### Licensing Act 2003

#### Premises Licence Number – 1728

#### The Rising Sun 64-68 High Street Hornchurch RM12 4UW

This document in PDF format is the premises licence for the above address in accordance with the provisions of the Licensing Act 2003. Please note the London Borough of Havering no longer produces paper versions of premises licences.

You are reminded that the premises licence or a certified copy of the licence must be kept at the premises while the licence summary, Part B of the licence, must be displayed on the premises in a prominent position.

To comply with the legislation a printed or electronic version of this document will be accepted as the premises licence. This must be available for inspection by an authorised officer; also Part B must be displayed in either printed or electronic format.

Full details of the Licensing Act 2003 regulations can be found on the GOV.UK website <https://www.gov.uk/alcohol-licensing>

Please note that the granting of a licence under this Act does not remove the need for any necessary consent under other legislation, such as the Planning Acts. The fact that a licence has been granted on certain terms does not imply that similar terms will be agreed under other legislation.

For further information relating to your licence please contact the Licensing Authority at the address detailed above.

Yours faithfully

*Paul Jones*

**Subject:** The Rising Sun

Morning Graham,

Thank you for taking the time to talk to me this morning regarding the concerns at The Rising Sun.

I am in agreement with you and the venue that the way to stop such incidents that occurred on the 31/12/2021 and previous issues we have had is for them to utilise a scan net system. I would like to see this in place from 1900hrs to close of business, Thursday through to Sunday and including all bank Holidays.

I would like to see this submitted as a minor variation by the end of business on Friday 07/01/2022. Unfortunately, if this is not done then I will have no option but to start the review process.

I have outlined the wording and conditions, as we would expect to see them below:

The premises shall adopt a club ID scan or a suitable equivalent, which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays. This will cover The Rising Sun PH and The VLT. All patrons attending the venue must produce identification, which must be scanned into the ID scanning recognition machine; this should be photographic Driving Licence, PASS logo or a current Passport. All patrons being scanned into the venue must have a clear head and shoulders photo taken on the device.

All staff shall be suitably trained in the use of the ID Scanner. The training shall be written into a programme ongoing and under constant review and must be made available to a relevant responsible authority when called upon. In the event of a technical failure of the ID scanning equipment, the DPS shall immediately inform the authorities and will admit customers via a manual check of ID. Technical failures must be rectified within 7 days.

Entry will be refused for any anti-social behaviour towards staff or other customers either within the Premises or the vicinity. This includes queue jumping and offensive language.

The venue must operate a 100% search policy. Guests must also undergo a property search including bags. This is a condition of entry. Any person who refuses a search will not be admitted to the venue and the details logged.

Admission will be refused to any person deemed to be intoxicated or under the influence of illegal or legal high substances.

If you feel that, anything else can be done or the venue feels that other changes need to be made then please let me know ASAP.

I am aware that the license holder is currently on his honeymoon but these actions needs to be carried out as a matter of urgency.

Many thanks

## Rising Sun Meeting 1315 13/04/2022

### People Present:

License Holder – Joe Sullivan

DPS – Emma Thompson

Staff – Sam Gittens

Licensing Consultant – Graham Hopkins

Police – Pc Williams and Pc Stockman

### Meeting Started at 1315.

Meeting was called regarding the incident that occurred on the 20<sup>th</sup> March 2022 where by a male was stabbed in the arm.

Meeting was started by Pc Stockman with introductions. Pc Stockman explained the incident and asked what the venue thought.

**SG** – Admitted that was his issue with the lack of the door staff, scan net and fully admitted that he had dropped the ball. He explained that the male involved was on his own with a female, then the other group arrive and they spend an approx. an hour talking to each other on and off before it became heated. He walked to the pool table to see what was happening, the incident occurred very quickly and was over in 27 seconds, they didn't see any weapons or know that the male had been stabbed. When they realised that blood was on the floor outside bar staff did clear the blood away but this was down to a lack of experience that will be addressed ASAP . Police arrived and didn't seem interested and walked away, it was explained that he had made Pc Williams aware and was sorting the CCTV for Police.

**CS** – Explained that Police returned due to the male being at hospital, he asked did the venue call Police.

**SG** - said no due to how quick the incident happened but that he did make Pc Williams aware.

**CS** - Who was covering the DPS role?

**SG** - stated that he was present and James was covering the DPS role with written authority as he has a personal license.

**JS** – Stated that he is not defending the blood being cleaned up but that is because he pushS the staff to clean. Going forward all staff are made aware going forward that blood is not be cleaned away. He fully admitted the venue dropped the ball and it wouldn't happen again.

**SG** - Stated that he did make the officers aware that blood had been cleaned away.

**JS** - Moving forward we need to look at how many door staff are present during West Ham games. Would it be able to consider numbers? The venue is getting very busy again and we are happy to work with the Police and do anything that is needed to make this work. Emma will now be in a GM manager role and Wayne Clark will be the DPS.

**SG** – Action Plan

Guarantee doorman and scanner on all West Ham Games

Scanner will be out an hour before KO not at 7pm

Door staff to be more vigilant.

Anymore incidents that occur nothing is cleared away until told by the authorities.

We will request the incident reference number.

Staff to have full crime scene training which will be logged.

The same relationship will be had with Pc Stockman as with Pc Williams.

DPS will be present at all times.

Door staff will have BWV, hand wands, full search of patrons upon entry.

Extra door staff at all big events.

No re-entry to either venue, part from smoking area.

All coats to be put in the cloakroom.

Make sure CCTV is always working, weekly checks to be carried out. Now up to 50 cameras in both venues. All are 4k HDR. The main camera above the bar has also been changed to and upgraded.

Full rebrand and name change of the venue.

New toughened glasses with lids and no removable straws have been implemented in VLT

**AW** - Pointed out that both sides need to go through the current license to remove conditions that are not required. Venue to go through and send us what they think and we will agree or disagree.

**CS** - Would the venue be happy to add the mentioned action plan as a minor variation.

**JS** – Agreed to the above. He also pointed out that the venue does not actually make money on West Ham games and they are considering not showing them. If we could get four functions a week we would not need to have to show the football.

**AW** – You haven't had any issues with TENS recently?

**JS** - The entire function area has been sound proofed and since then the venue has had no noise complaints. This has been confirmed by Mike Richardson from Havering council.

**CS** - We have to have confidence that the proposed action plan will be adhered to, what you can do to fill us with confidence.

**JS** - All staff are now given a handbook, 6 months refresher training, crime scene management training and on any given weekend we have at least 5 personal license holders and a DPS. Also Easter Monday we will not be opening.

**CS** – Pointed out that everyone in the venue needs to know the license and all the conditions inside out.

**GH** - Can we ask for 7 days to return the license?

**AW** – That is not an issue.

**AW** - We would like to have met Wayne Clark as he does have a past, which does not come into play due to the reoffenders act but we have to take it into consideration so we would like a full background on him , where his has worked before, how experienced and so forth.

**JS** - Unfortunately Wayne is ill but we will provide a full breakdown by end of business.

**AW** - pointed out people vaping in CCTV the night of the incident.

**JS** – Signs will be going up ASAP and anyone found doing so will be barred.

**CS** - We need the action plan sent to us as a matter of urgency

**JS** - This will be done by the end of the day and anything we need to do will be done.

**ET** - I have spoken at length to Wayne about how the venue should be run and what is expected.

Pc Stockman was then taken for a walk around of the venue, CCTV cameras pointed out and shown exactly what all parts of the venue are for.

Meeting concluded - 1430

**The venue fully admitted there fallings in the incident and brought these to our attention without being pushed, they came prepared with a full action plan and ideas to make sure that these type of incidents do not occur again. The license holder was more than willing to listen to any suggestions from Police and will be providing the full action plan to us by the end of business 13/04/2022.**

**Subject:** Action Plan for The Rising Sun

Afternoon All,

As agreed please see below our intended plan of action for moving forward for the Rising Sun:

- 1) For every West Ham Game played inside the venue we will make sure the scanner is put outside & Doormen are present an hour before the game starts & an hour after the game finishes.
- 2) We will implement a list of names & facial recognition of those that are barred from Havering.
- 3) Making sure we have the correct professional door team onsite at all times- dress code & manner is key to the business.
- 4) Any incident that occurs at the venue which has evidence for the police to see will NOT be tampered with at any time until the attending officers have processed the scene.
- 5) If police attend the venue for a reported incident we will ask for a CAD number for our own reference.
- 6) We will keep in constant contact with the local & surrounding shops to see if they have any other information on suspects/witnesses.
- 7) 999 MUST be called from the venue (not an individual) for any incidents at all times.
- 8) The DPS will be present Wednesday-Sunday every week without fail as these are the busier periods but will always be contactable by phone anytime day or night.
- 9) We will enforce the "NO VAPING" signs to be placed inside & outside the building.
- 10) We will look into rebranding the business name ASAP.

All of the above will be implemented as of now (apart from number 1 which is already in place) and all of the staff will be retrained so they know what to do in an emergency.

If there is anything else we can assist you with moving forward please do not hesitate to email me & I will continue to work closely with Sam to help prevent any further incidents.

Thank you for your time today

Best regards,  
**Emma Thomas** | Area Manager

EA CID DS REVIEW  
The victim of this report is in a serious condition in RLH. The

RLH

trauma team have generated a crime report for GBH 5409227/22  
ND CID were informed of this incident by the RLH trauma team as

they

were not satisfied by the conflicting accounts given regarding

the

circumstances surrounding how the victim became to be in his condition.

There is first mention of a physical altercation involving the victim,

there is a cousin who stated the victim was pushed and the

officers

state they spoke to security who say the victim just jumped and

there

are no offences.

I was passed this information as the ET DS and want to establish the

facts of what occurred. We have made contact with the venue and they

state the manager is not available at this moment in time to  
download CCTV. The staff have been told for the manager to get in touch  
with CID as a matter of priority as CCTV needs to be viewed, it needs to  
be confirmed how the victim became to be at the bottom of the  
stairs with injuries where scans confirm he has fractures to his eye socket  
and a

From L/T CID

I was given handover from E/T DS. CID have attended the venue and spoke

to James Sherer the assistance manager. He has given a statement but he

did not witness the actual fall or assault on the victim but insofar he

knows there was only a commotion and saw security holding people back.

CCTV is stored off site and will be made available tomorrow. I have

e-mailed the licensing team to review this CAD and issues arising out

of accessing or making CCTV available to police. Victim is at RLH. His

condition remains the same. CCTV enquiries will need to be made tomorrow to fully establish circumstances of how the victim came

to his

injuries.

INCIDENT No. 6884:30AUG21

Time Date Opid Termid  
-----

EA400 Video footage received via email from METCC of male being  
attacked by door staff outside the Rising Sun public house -  
appears to be punched and kicked to the ground losing consciousness.  
Undated footage is circulating online and a CRIS possibly exists and  
found in TIB list 5413126/21 - however multiple reports re. fights at the  
establishment over the BH weekend. Press enquiries received as  
rumours circulating about victim's conditions online and LI  
tasked to identify whether or not the offence is known about and whether  
anyone matching description of male pictured has received medical  
treatment and investigate as far as possible - DETERMINING WHEN THE OFFENCE  
OCCURRED. Actions of door staff are excessive and they should be  
arrested & interviewed about the matter - licensing will also  
need to be made aware of the incident. LI AND CH INSP FISH MADE AWARE.

officers attended QUEENS HOSPITAL , ROMFORD where the VIW was in the resus ward of the hospital and was currently getting an X-RAY scan done, Officers spoke to the doctor and they advised that the injury to the

20/03/2022 22:43

PC 261153 T WARREN

left arm was skin to skin and had broken no bones and that the cut was 2cm (entry) and 1cm (exit).

When the VIW came out of the X-RAY room the VIW partner and a family member was already waiting in the ward for him. Officers spoke to VIW and he refused to talk to police about what had happened and said that officers were causing him alarm and distress and that he would like us to leave. BWV is available of this conversation.

Officers left the VIW in the ward and spoke to EA1L and they advised that they was waiting for a call back from CID as it was unclear if the VIW is the victim or the suspect. When officers received a call back from EA4L and advised officers to go back to the VIW and ask him to sign our pocket books saying that he doesn't want to speak to police, However, When officers returned to the resus ward the VIW had left the hospital 10 Mins prior to us coming back this was confirmed by the doctor.

The Duty Doctor who bandaged the wound was **REDACTED** and confirmed the size of the wound.

Officers left the scene.

Police have attended the rising sun in relation to this incident the landlord Sam Gittins Mobile **REDACTED** was spoken to who reported that there was some kind of fight inside the pub in the far corner but he did not see what actually happened or the suspect was. Gittins reported that he did not know who the victim was but they approached him with a cut on his arm so Gittins has bandaged this up with a first aid kit. Gittins then told police that the victim and his friends left the pub and he does not know who they were. The front of the pub was wet and appeared to

20/03/2022 23:07

PC 253793 L GILES

have water thrown over it recently Gittens confirmed he had washed away some blood with a bucket of water.

Officers noticed some specks of blood that had dripped on the pavement outside the pub which lead to coral next door. Staff in coral were spoken to who confirmed that a group of males had come through the shop and left out the back door, one of them was holding his bandaged arm with blood on it and said word to the effect of "they got me" staff said they were only in the shop for a few seconds. The rear of the coral betting shop was also checked, there was a small amount of blood drops at the rear but this did not appear to lead anywhere else.

Council CCTV has also been recovered, this camera is around 250ft from the rising sun pub and the image is not clear but shows a male in grey shorts walking away from the rising sun towards Abbs cross gardens he is followed by another male in blue jeans and white trainers who appears to pick something up and throw it towards the male in shorts and shouting at him. The male in shorts continues to walk away and out of view. The male in blue jeans walks back to the pub and talks to a group of around 5 males standing outside the pub one of this males appears to be the victim as he then walks from the pub into coral and can be seen with a bandaged arm.

Sam Gittins could not provide CCTV to police this evening and said that this was recorded externally and he was putting in a request to obtain it now, he explained that he had already spoken to the local licencing officer already and should be able to provide this tomorrow.

Coral also could not provide any

I have viewed the CCTV obtained from the rising sun pub the best angle which covers the fight is in black and white and does not provide a clear image of the suspect, the rest of the CCTV just shows the back of the suspects head as he is leaving the pub.

Before the victim is stabbed he appears to be standing in the pub with the suspect talking and there is several other males standing around then. The suspect then appears to push into the victim and then gestures to outside and walks to towards the exit, the victim follows him when the suspect suddenly turns around and lashes out towards the victims then leaves the pub. The image is not clear and it is difficult to see what exactly happened.

The victim is unwilling to engage with police and provide any details as to what happened to him, no witness' made them selves known to police and a suspect has not been identified as such this report can be screened out.

arm.

Victim was evasive, rude, and did not want to provide any information to officers. including where it happened.

Officers re attended venue location. Spoke to manager who was also evasive at first.

outside of venue had been washed down with water.

Location was checked for any further victims- no trace.

CCTV checked to ascertain whether victim was also suspect- appears just a victim, and at this stage one who is completely unwilling.

no clear CCTV of suspect face apparent. Therefore cannot circulate with VIIDO.

No independent witnesses come forward.

This cris will ultimately be closed as victim unwilling.

LICENSING team are working alongside IIO in regards to the venue location and its suitability to remain open.

PART (2) – HOW EVENTS UNFOLDED

DATE/TIME/LOCATION OF OFFENCE

This offence occurred outside the RISING SUN PUB, 528 ROMFORD ROAD, LONDON, E7 8AF at approximately 2330hrs on FRIDAY 28th AUGUST 2021.

CIRCUMSTANCES : (This must be written in the third person)

Officers attended the victims home address for a welfare check and establish injuries sustained

Officers spoke to the victim who stated the video of the assault had been circulating on social media and numerous friends and family has been contacting him regarding the footage being circulated. The Rising Sun Pub posted a reply on their facebook page which has since been removed, due to negative comments of the pub and the video being circulated on social media.

There has been numerous incidents regarding this pub with disorder and has become a community issue, where the local community are unhappy and that this could escalate into more of an issue with other people attending the premises. CID was contacted at the home address and stated the injuries were not GBH as he only needed to attend RLH as the stitches needed to be inside his mouth, even though the victim lost consciousness and the community issues rising from this incident.

The victim stated he was pushed away from the pub by one bouncer after being refused entry

31/08/2021 01:26

PC 259071 B AGER

after a previous time, where he was asked to leave as he was too drunk. The push caused the victim to land on the floor and then was pushed again to the floor by the same bouncer and the victim was turned away from the bouncers and was trying to get up and the second bouncer has then kicked the victim in the face causing him to land on the pavement and bang his head and lose consciousness.

The victim is worried about the footage being circulated on social media without his knowledge and worried if the bouncers sees the incident. The incident happened at around 0100 hours 28AUG21 immediately outside the rising sun pub and the suspects have not been ID'd at this time and contact with the pub will need to be made to ID the bouncers involved in the incident.

PS Fermor was consulted after report and MIST+ will investigate as it has been reported by TDIU and the cris has been updated to that effect.

DS Review.

I have been passed this investigation to progress. I have read the details fo the report and have noted the contents within.

It would appear that the victim in this case has attended the venue and made attempts to gain entry. This has been refused by the door staff who have pushed him backwards causing him to fall to the floor. He is then kicked in the head by another door supervisor causing him to lose consciousness.

The incident itself is captured on CCTV and I have seen this. It clearly shows the supervisor kicking the victim to the head.

**Details of Investigation**

There appears to be some confusion on this report about who the suspect in who licks the victim in the head. There have been two names mentioned as being the male who has assaulted the victim.

I note that the CCTV has been obtained as has a Form 172 with images of the victim's injuries.

Investigation Strategy.

Obtain and review all relevant CCTV, including inside the venue.

Obtain and review MG11 from the victim. It appears that he wishes to add more to what he already has.

Obtain and review the medical evidence in this case.

Obtain information from the original OIC about what has been obtained in regards to the above.

OIC update:

I have taken over this CRIS and will progress as OIC going forward.

**Details of Investigation**

Having read CRIS, victim statement and reviewed the footage available regarding this case I understand that this is a case of GBH committed on 28/08/2021 between 23:00-01:00 outside the RISING SUN PUB in HORNCHURCH. The victim VIW1

14/09/2021 22:38

DC 254327 A WHEATE

was pushed twice (first was possibly a punch) and then kicked in the face whilst on his knees causing him to fall unconscious on the ground. There are two suspects (one for the push and one for the kick) both are doormen who refused entry to the victim.

I agree with DS PARISH with the actions in the investigation strategy, I have progressed as follows:

Obtain and review all relevant CCTV, including inside the venue. - I have attempted to call the RISING SUN but is NRRR. I will try again this weekend.

Obtain and review MG11 from the victim. It appears that he wishes to add more to what he already has. - I have spoken to VIW1 this evening and he has stated he does not want to support prosecution. He wants to provide a statement about what he said to the bouncers as he feels somewhat responsible. I said that from what I saw on footage it seems inexcusable, he appreciates that but does not think it would be fair for someone to be punished for it. He will provide statement weekend of 24/09/21 when OIC is on LT

Obtain and review the medical evidence in this case. - Consent is on COPA, I have emailed this to NHS for records.

Obtain information from the original OIC about what has been obtained in regards to the above. - I have emailed PC MOSELEY to ask for any paperwork not on COPA and also for details regarding the name for SUS1, as it is not clear on the CRIS where this has been obtained.

manager was not in and their CCTV operator is away on leave until the 27th. He was unable to confirm if the CCTV could be saved but provided the managers number saying I could follow up on Monday to obtain. I am aware that this may be past the time the CCTV is preserved but was unable to obtain beforehand.

I have also been trying to obtain details regarding how SUS1 has been identified and also clarifying where the recorded significant comment is from him that confirms he is in the footage. This would be key for interviewing him and the statement is significant as amounts to an admission. I have emailed previous OIC PC MOSELEY to locate this. He has replied stating that he believes it was from licensing and I know licensing have been to the venue and these details are on an email. I have replied today to PC MOSELEY for these details and to request the statement from SUS1.

Have spoken to Sam the manager of RISING SUN on **REDACTED**. He knew about the incident and believes the CCTV is already saved for this offence. The CCTV operator was only returning today and was abroad, he will assist with this CCTV footage (and other another incident requested by MET) but will likely be tomorrow. Sam took my email and will send a copy to me and make a hard copy to collect.

He also stated that the date is in fact incorrect, the offence actually took place on Friday evening, the CCTV shows Friday not Saturday. The information about the bouncers was provided to Adam WILLIAMS from licensing when they had a meeting a few weeks ago. He will also email the names of the bouncers to me but they are no longer

allowed to work at the pub.

I will follow this up in the next couple of days in order to confirm the ID of the SUS1 and obtain the CCTV with relevant date. 30/09/2021 16:33

DC 254327 A WHEATE

OIC update:

VIW1 has provided withdrawal statement over the phone.

Did not want to progress as he said he provoked the suspect. Says that he did not have a clear head when giving the first statement and memory came back gradually over the following week. Stated that he threatened the bouncers and goaded them to come outside to fight him. Said that he was hit the first time after he came up very close to the bouncers face and threatened to headbutt him. Then before he was kicked in the face he had said he would 'hit him', though he said he was only threatening he had no intention, but he was kicked after this.

States that when he woke up he started to kick off with the suspect again after some friends came. But the suspect calmed him down and eventually helped him by getting tissue and a water for VIW1.

He no longer supports prosecution stating that it would be unfair as he believes he provoked them and they did not hit him out of nowhere it was only after some time of provoking/threatening.

OIC update:

I have not received any contact back from the OIC so contacted Adam WILLIAMS from licensing who has emailed back with a written statement from SUS1 and a statement exhibiting this (from PC WILLIAMS). He also provided contact details for SUS1 and SUS2 (now added who is the other bouncer in video).

I have called both SUS1&2 but NRRR so have left a voicemail asking them to contact me to arrange an interview.

Both SUS are suitable for Caution+3. SUS1 has convictions for violence (newest 2010) but no failure to appears or crimes against court/police. SUS2 is no trace. Both parties also do not know suspect and are currently suspended from working at Rising Sun.

CCTV:

I have attended Venue following failure to get through to Sam (manager at pub). When I spoke to him last week he said he would email the footage again but I have not received this. Sam was not at Venue but spoke with Charlie (son of manager helped with admin) said he would pass on the message to Sam who he is seeing this evening.

I have also messaged Sam and created an evidence.com link for him to share the footage (as he previously sent on an email but the link timed out).

RISK remains STANDARD. No change to situation between parties.

No further lines of enquiry have come from this interview. Currently SUS2 seems to have minimal involvement in the offence as the push seems reasonable and is not in nature as violent as the punch/kick from SUS1. I will wait until interview with SUS1 is complete to review evidence as a whole and decide on outcome of SUS2 as SUS1 may provide more details.

OIC update:

WITNESS enquiry -

I have spoken to VIW2 (from linked CRIS 5413126/21) who is informant on duplicate report. He explained he is a friend of REDACTED and felt frustrated that REDACTED hadn't reported the incident despite it being serious and out of concern for REDACTED he reported himself.

He confirmed he only knew of the incident through what REDACTED told him and the CCTV footage on social media. He said he knew the name of REDACTED as he is known as working in the area, and he recognised him on social media footage.

He did not want to give a statement, unsure if he wanted to be further involved but wanted to make sure the incident was reported. I informed him the investigation is ongoing despite REDACTED withdrawing and told him I won't contact him further but he said he would be happy to talk to police if anything changed down the line.

Date: 22 Mar 2022

On SUNDAY the 20th MARCH 2022 I was on duty in full uniform in a marked police vehicle call sign EA71L.

At approximately 20:16 hours I arrived at the Rising Sun pub on HORNCHURCH HIGHSTREET as we had been passed a call from the London ambulance service reporting they had received a call from someone saying that a 30 year old male has had his wrist cut by someone with a knife.

I entered the pub and was met with a male who called SAM GITTINS who said that he runs the pub, I asked him what had happened this evening and if anyone was hurt and he informed me that there was some kind of fight inside the pub in the far corner but he did not see what actually happened or the suspect was. The front of the pub patio was wet I asked Gittens why this was and he confirmed he washed some blood away from the front of the pub with water as he did not know what had happened. Gittins reported that he did not know who the victim was but they approached him with a cut on his arm so Gittins has bandaged this up with a first aid kit. Gittins then told police that the victim and his friends left the pub and he does not know who they were. I asked him if this would have been captured on CCTV and he initially said that it did not cover that area of the pub.

I then left the pub to see if the victim was still nearby. On the pavement outside I noticed some drops of blood which lead to the coral betting shop directly next door. I entered the coral shop and asked staff if some one injured had come in recently and they confirmed that around 20 minutes prior a male walked in with around 6 other males he was holding his arm which was bleeding and said words to the effect of "they got me". This group of males were only in the shop for a matter of seconds and walked straight out the back door. I also checked the rear of the shop but there was no one around.

I then left the area as no one was making them selves known and no victim had been identified.

Later on that evening I was made aware that a male had presented himself at Queens hospital with an stab wound injury to his wrist but he was not willing to talk to police, it was suspected that this was the male involved in the fight at the Rising Sun pub and was asked by Sgt CONSTANTINO to return to the pub to view any CCTV they did have to assist with the investigation.

When I returned back at the Rising Sun pub GITTENS came outside and informed me that he could not show me the CCTV as it is all dealt with remotely but her had already spoken with the local licencing officer and would be requesting the CCTV to be available for police the next day.

I did then obtain Council CCTV, this camera is around 250ft from the rising sun pub and the image is not clear but shows a male in grey shorts walking away from the rising sun towards Abbs cross gardens he is followed

by another male in blue jeans and white trainers who appears to pick something up and throw it towards the male in shorts and shouting at him. The male in shorts continues to walk away and out of view. The male in blue jeans walks back to the pub and talks to a group of around 5 males standing outside the pub one of this males appears to be the victim as he then walks from the pub into coral and can be seen with a bandaged arm I have downloaded this footage from the council and exhibit this as LJG/01.

All Licensable activity permitted until 04:00 on the night when the clocks go forward from GMT to BST  
New Year's Eve - from the normal opening hour to the normal closing hour on 1st January

Over the last 12 months the venues have been connected with a number of serious incidents which will be highlighted and detailed in this statement & redacted copies of the CADs and crime reports have been made available in PDF format.

PC Williams has completed a statement detailing his involvement in two incidents prior to me starting my role but I shall summarise those incidents.

On Saturday 28th August 2021 an allegation of GBH was made whereby a victim was pushed to the ground by door staff after being refused entry into the venue for allegedly being intoxicated and threatening.

Whilst the victim was helpless on the ground he was kicked in the head by a member of security staff (**CAD 5210/30AUG21, CAD 6884/30AUG21, CAD 1555/31AUG21, CAD 4844/31AUG21, CRIS 5413126/21 & CRIS 5413121/21 refers**).

The door supervisor was later interviewed and charged with the offence of ABH.

On Saturday 1st January 2022 at 0030 hours Police attended a call to a large fight involving 20 people at the venue. A male suffered various facial injuries including a bruise under the eye and stated he was the victim of a random unprovoked attack in the venue (**CAD 328/01JAN22 & CRIS 5400003/22 refers**).

As a result of that incident on Saturday 1st January conversations took place between PC Williams from Havering Police licensing and the venue's licensing consultant where it was agreed the venue would utilise an identification scanning system and to have it operating from 1900 hours to the close of business on Thursdays through to Sundays and including all bank Holidays.

A request was made to the venue to submit a minor variation by PC Williams (**See exhibit ARW/1**) and the following conditions were added to the venue's premises license around the 9th January 2022.

Those conditions being:-

- 1) *The premises shall adopt a club ID scan or a suitable equivalent, which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays. This will cover The Rising Sun PH and The VLT.*
- 2) *All patrons attending the venue must produce identification, which must be scanned into the ID scanning recognition machine; this should be photographic Driving Licence, proof of age card with the PASS logo or a current Passport.*
- 3) *All patrons being scanned into the venue must have a clear head and shoulders photo taken on the device.*
- 4) *All staff shall be suitably trained in the use of the ID Scanner. The training shall be written into a programme ongoing and under constant review and must be made available to a relevant responsible authority when called upon.*
- 5) *In the event of a technical failure of the ID scanning equipment, the DPS shall immediately inform the authorities and will admit customers via a manual check of ID. Technical failures must be rectified within 7 days.*
- 6) *Entry will be refused for any anti-social behaviour towards staff or other customers either within the Premises or the vicinity. This includes queue jumping and offensive language.*
- 7) *The venue must operate a 100% search policy. Guests must also undergo a property search including bags. This is a condition of entry. Any person who refuses a search will not be admitted to the venue and the details logged.*
- 8) *Admission will be refused to any person deemed to be intoxicated or under the influence of illegal or legal high substances.*

On Sunday 20th March 2022 the Rising Sun were showing the Premier League football match between West Ham United & Tottenham Hotspur when a fight took place in the venue which resulted in a victim being stabbed in the arm who later presented himself at Queens's Hospital in Romford (**CRIS 5404821/22 refers**).

The alleged stabbing was recorded on the venue's CCTV which was sent to Police (<https://share.uk.evidence.com/share/2Ngd35Cs> refers)

The victim arrived at the venue which was not busy at around 1730 hours and was with friends having a drink.

The alleged suspects arrived in the venue about an hour later and it was clear they knew the victim and his friends as they were all talking and sitting with one another. All appeared to be fine but they then began to argue and a physical altercation took place as the suspect and victim appeared to be walking outside. It was over in approximately 30 seconds. The victim did not state how he had been cut and no weapons were seen by staff or witnesses. Staff then provided first aid to the victim as he was bleeding and he left with friends prior to Police arrival.

Police attended a call to The Rising Sun due to a disturbance and a knife potentially seen (**CAD 6025/20MAR22 refers**). The manager advised Police that a fight took place in the corner of the venue and that CCTV would be available and may show the incident.

PC Giles who attended CAD 6025/20MAR22 has provided a statement which is attached.

Prior to Police arriving on scene staff from the venue washed blood away that was on the floor rather than taking steps to prevent loss of evidence and to preserve for possible forensic evidence until Police arrived. This was recorded on the venue's CCTV which was sent to Police (<https://share.uk.evidence.com/share/P8INwJAI> refers).

The venue also didn't call Police or the London Ambulance Service at the time of the incident.

The victim presented himself at Queens Hospital (**CAD6259/20MAR22 refers**) around 2015 hours but didn't cooperate with Police who arrived as per protocol after the Hospital called Police. The victim refused to engage with officers and would not explain what took place or how he received his injuries. An x-ray was completed which showed no broken bones or serious damage but it was later found the wound was a 2cm cut on one side the arm and a 1cm cut on the other side.

After the incident the venue contacted myself and PC Williams and made us aware of the incident, downloaded CCTV, willing to provide statements and staff provided first aid for the alleged victim. They showed the incident log and made CCTV available for collection first thing in the morning.

However, as per the venues current license (Annex 2 condition 32) *a minimum of two (2) SIA licensed door supervisors shall be on duty at the premises when West Ham football matches are being shown at the premises from at least an hour before kick-off time until at least an hour after the match finishes*. The venue had no door staff present.

As a result of having no SIA door staff present no identification scan was in place as per annex 2 condition 46 which states *the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT*. This condition was added to the premises license as a result of the incident on the 1st January as stated above.

As a result of the incident a meeting was requested by myself and PC Williams with the licensee and venue management. This meeting was arranged and took place on the 13th April 2022 at 1315 hours.

In attendance were the licensee Jo Sullivan, staff member Sam Gittins, licensing consultant Graham Hopkins and ex DPS at the time Emma Thomas.

Sam appeared prepared for the meeting and had items listed on a piece of paper which he was reading from. He admitted there was a lack of door staff and scanner in place that night when there should have been and venue management including the licensee agreed they "dropped the ball". They also agreed that the blood shouldn't have been washed away prior to Police arrival. **See exhibit ARW/2 for the summary of the meeting.**

Following the meeting the venue sent an email (**Exhibit ARW/3**) detailing the following intended action plan:-  
1) *For every West Ham Game played inside the venue we will make sure the scanner is put outside & Doormen are present an hour before the game starts & an hour after the game finishes.*

2) *We will implement a list of names & facial recognition of those that are barred from Havering.*

3) *Making sure we have the correct professional door team onsite at all times- dress code & manner is key to the business.*

4) *Any incident that occurs at the venue which has evidence for the police to see will NOT be tampered with at any time until the attending officers have processed the scene.*

5) *If police attend the venue for a reported incident we will ask for a CAD number for our own reference.*

6) *We will keep in constant contact with the local & surrounding shops to see if they have any other information on suspects/witnesses.*

7) *999 MUST be called from the venue (not an individual) for any incidents at all times.*

8) *The DPS will be present Wednesday-Sunday every week without fail as these are the busier periods but will always be contactable by phone anytime day or night.*

9) *We will enforce the "NO VAPING" signs to be placed inside & outside the building.*

10) *We will look into rebranding the business name ASAP.*

Further to the action plan it was agreed that myself and PC Williams would work with the venue looking at their conditions with a view to making them more manageable going forward due to the amount of conditions they had in place.

Whilst the conditions were being looked into another serious incident occurred on Saturday 28th May 2022 whereby at around 0100 hours a fight broke out in the smoking terrace on the 1st floor of the VLT nightclub between two groups (**CAD 401/28MAY22 refers**).

The altercation spread to the area at the top of the stairs leading down to the entrance. During the incident a male who was involved in the incident fell down approximately 15 steps of the venue. First aid was given by security staff and the male was taken to hospital where it was found that he had suffered a fractured skull and eye socket and later found to have bleeding on the brain (**CRIS 5409227/22 refers**).

The incident is still being investigated by detectives.

The venue worked with Police and provided statements, details of all the door staff and CCTV footage.

Details of those present in the venue were requested to enquire who was in the club at the time of the incident to assist the investigation and to possibly obtain details and identify any potential witnesses and/or suspects. An ID scanning report was requested from the venue and was sent to PC Williams who forwarded it on to me on the 1st June. The email contained two PDF attachments of Friday night's scan & Saturday night's scan. I will exhibit these reports as **CJS/1 & CJS/2**. Fridays scan showed just one person scanned in compared to Saturday which showed 97 persons scanned in.

At first the venue stated the reason for the Friday night report only containing 1 scan was due to the system not syncing the names and a possible issue with a loose wire that wasn't plugged in. The manager advised PC Williams that he wasn't made aware of this.

PC Williams advised the venue to urgently contact the company the machine was hired from to enquire whether customer information was first on the system and second whether it could be retrieved.

On Thursday 2nd June myself and PC Williams visited the venue and spoke with manager Sam Gittins and employee Harrison. Harrison was asked directly about the lack of persons scanned on Friday night and he replied by saying "He just didn't scan anyone". When asked why "he stated that he just wasn't with it". The venue were advised this was a breach of the license and would be dealt with as such.

Annex 2 condition 46 which was added to the license around the 9th January 2022 states *the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT.*

SIA door supervisors were present at the time but Scannet wasn't used.

The venue have cooperated and worked with police previously to try and prevent further incidents including change of DPS, change of license holder, producing action plans and at the start of 2022 submitting the above minor variation and transfer of DPS upon the request of Police.

Whilst it's acknowledged the venue have worked with the Police, the venue have still had two serious incidents in a matter of months.

Despite various measures put in place such as DPS transfers, Scannet system, an exhaustive list of extra conditions and extra door staff, serious incidents still occur and we are concerned that sooner or later we will have an incident that results in another serious injury or even worse a fatality.

Reluctantly police see no alternative but to review the licence and ask the Sub Committee to consider a revocation of the licence.

I have been a licensing officer on East area for the last 3 and half years and this is my statement regarding incidents and actions regarding The Rising Sun Public House in Hornchurch town centre.

The Rising Sun is located in Hornchurch town centre and is one of the largest venues of its kind. The venue also has VLT nightclub on the 1st floor which is open until 0330 hours on Friday and Saturday.

Over the last 12 months the venue have been connected with a number of serious incidents which will be highlighted and detailed with in this statement.

Prior to these incidents the venue also had issues during COVID lockdown and the 05<sup>th</sup> Nov 2020 the venue was visited by both the Police licensing team and the Havering Council licensing team, **CAD8271/05NOV21 refers**. Upon entry to the venue it was very apparent that there was no social distancing, mixed households, no masks, very loud music and tables of up to ten people. Due to this the council in conjunction with the Police requested that the venue be closed on a voluntary basis, which was done. The breaches were recorded on officer's body worn video (which is available upon request), <https://share.uk.evidence.com/share/VR37NHxb> refers. The council, as we are aware the local authorities were taking the lead on these matters, did make the request that a £10,000 fine was issued regarding the breaches but this, for unknown reasons, was not actioned.

On the 30<sup>th</sup> Aug 2021 Police were contacted by Havering council CCTV stating that a male was potentially unconscious outside the Rising Sun Pub High Street Hornchurch. Police arrived at 00.37. And the victim was laying in the recovery position being tended to by several members of the public on the footpath directly outside the pub. The victim was awake when police arrived but members of the public stated said he had been unconscious for 2-3 minutes prior. The victim had a cut upper lip which was bleeding and a large swelling to the back of his head. His injuries were consistent with falling after a punch to the face and hitting his head on the footpath, **CAD1130/30AUG21** and **CRIS 5413095/21 refers**. When at hospital it was discovered that the victim had a significant fracture of the skull and a bleed on the brain. Police licensing were made aware of this incident by the DPS from the venue. At the time the incident did appear to have happened in the street. The door staff from the

venue assisted the victim as did MOPS. The venue had CCTV of the incident which was provided to CID the following morning. What was apparent was that both the victim and the suspect had been in the venue prior to his incident which happened directly outside the front at closing time. Also of note the suspect for this matter has been seen in the venue on numerous occasions but the door staff, management and staff stated they did not recognise him.

In August 2021 an allegation of GBH was made whereby a victim was pushed to the ground by door staff after being refused entry into the venue for allegedly being intoxicated and threatening. Whilst on the ground he was then kicked in the head as he lay on helpless on the floor by a door supervisor, **CRIS 5413126/21** refers. The door supervisor was later interviewed and charged with the offence of ABH. On the 02/09/2021 a meeting was held at the venue with the DPS, license holder, the door company area manager and the venues licensing consultant, the following measures were put in place:

- Door staff are to wear high vis tabards and body cam at all times with immediate effect
- There must be a written incident log and door register on site not just the electronic version that can be provided to anyone from the responsible authorities upon request
- All serious incidents Police and licensing to be made aware ASAP
- The number of door staff will not be changed without consultation with Police licensing team
- The venues license and conditions will be a part of the staff-training book and all staff will be brought up to speed on the conditions.
- The door staff will cover the area outside the venue ,10 either side of the exit in line with the dispersal condition on the license

As stated, in the meeting the door staff involved in the incident were removed and a period of three months was given so that the situation could then be revaluated.

On the 1st January 2022 at 0030 hours Police were called by security for the venue to a large fight involving around 20 people in outside smoking area of the venue. A male suffered various facial injuries including a bruise under the eye and stated he was the victim of a random unprovoked attack in the venue. As a result of the 1st January incident conversations were had between Police licensing and the venue's licensing consultant, DPS and license holder where it was agreed the venue should utilise an identification scan system and to have it operating from 1900 hours to the close of business on Thursday through to Sunday and including all bank Holidays. This was

sent on the 05/01/2022 to Graham Hopkins, I will exhibit this email as ARW/1 and it will be include in the submitted appendix.

Subsequently a request was made to the venue to submit a minor variation by Police licensing and the following conditions were added to the venue's premises license around the 9th January 2022.

Those conditions being:-

- 1) The premises shall adopt a club ID scan or a suitable equivalent, which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays. This will cover The Rising Sun PH and The VLT.
- 2) All patrons attending the venue must produce identification, which must be scanned into the ID scanning recognition machine; this should be photographic Driving Licence, proof of age card with the PASS logo or a current Passport.
- 3) All patrons being scanned into the venue must have a clear head and shoulders photo taken on the device.
- 4) All staff shall be suitably trained in the use of the ID Scanner. The training shall be written into a programme ongoing and under constant review and must be made available to a relevant responsible authority when called upon.
- 5) In the event of a technical failure of the ID scanning equipment, the DPS shall immediately inform the authorities and will admit customers via a manual check of ID. Technical failures must be rectified within 7 days.
- 6) Entry will be refused for any anti-social behaviour towards staff or other customers either within the Premises or the vicinity. This includes queue jumping and offensive language.
- 7) The venue must operate a 100% search policy. Guests must also undergo a property search including bags. This is a condition of entry. Any person who refuses a search will not be admitted to the venue and the details logged.
- 8) Admission will be refused to any person deemed to be intoxicated or under the influence of illegal or legal high substances.

Unfortunately in the last few months there have been two further serious incidents at the venue.

On Sunday 20th March 2022 the venue were showing the West Ham v Tottenham football match when a fight took place in the bar area of the Rising Sun which resulted in a victim being stabbed in the arm. This victim later presented himself at Queens's Hospital (**CAD6259/20MAR22** refers).

The victim arrived at the venue which at around 1730 hours, venue was not busy or crowded with only approx. 12-15 members of the public present. The victim was with friends having a drink. The alleged suspects arrived in the venue approx. an hour after the victim and it became clear and obvious that he knew the victim and his group. They were all seen on CCTV to be talking and sitting with one another. All appeared to be well but then for some unknown reason the group have begun to argue and a physical altercation took place. The incident was over in approximately 30 seconds. The victim did not state how he had received his injury and no weapons were seen by staff or independent witnesses. Staff along with members of the victims group then provided first aid to the victim, he then left with friends prior to Police arrival.

A call was made to Police asking for units to attend The Rising Sun due to a disturbance and a knife potentially seen (**CAD 6025/20MAR22 refers**). The manager of The Rising Sun advised the attending officers that a fight had taken place in the corner of the venue and that CCTV would be available and would show the incident. Prior to Police arrival a member staff from the venue washed blood away that was on the floor rather than taking steps to prevent loss of evidence and to preserve for possible forensic evidence until Police arrived. What was more concerning was the fact that the venue did not call Police or the London Ambulance Service at the time of the incident.

The victim presented himself at Queens Hospital around 2015 hours but didn't cooperate with Police who arrived as per protocol after the Hospital called Police. The victim refused to engage with officers and would not explain what took place or how he received his injuries. An x-ray was completed which showed no broken bones or serious damage but it was later found that the wound was a 2cm cut on one side the arm and a 1cm cut on the other side.

Post incident the venue then contacted the Police licensing team making them aware of the incident, they had downloaded CCTV, were willing to provide statements and staff did provide first aid for the alleged victim. The venue also provided a copy of the incident log and made CCTV available for collection first thing in the morning.

However, as per the venues current license (**Annex 2 condition 32**) a minimum of two (2) SIA licensed door supervisors shall be on duty at the premises when West Ham football matches are being shown at the premises from at least an hour before kick-off time until at least an hour after the match finishes. The venue had **NO** door staff present. As a result of having no SIA door staff present no identification scanner was in place as per **annex 2 condition 46 which states the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT**. This condition was added to the premises license as a result of the incident on the 1<sup>st</sup> January as stated above and exhibited in exhibit ARW/1.

As a result of the incident and an initial visit by Police a meeting was requested by Police licensing with the Licensee and venue management. This meeting took place on the 13th April 2022 at 1315 hours, whereby the Licensee Joe Sullivan, staff member Sam Gittins, licensing consultant Graham Hopkins and ex DPS Emma Thomas were in attendance. Gittins admitted there was a lack of door staff and scanner in place that night when there should have been and venue management including the licensee agreed and in his words that "they dropped the ball". They also agreed that the blood shouldn't have been washed away prior to Police arrival. The meeting was recorded and are detailed below, these were also sent to all present on the 13/04/2022. This email has been submitted for the appendix and will be exhibited as ARW/2:

Continuation of Statement of **Adam Williams**.....

License Holder – Joe Sullivan  
DPS – Emma Thompson  
Staff – Sam Gittens  
Licensing Consultant – Graham Hopkins  
Police – Pc Williams and Pc Stockman

Meeting Started at 1315.

Meeting was called regarding the incident that occurred on the 20<sup>th</sup> March 2022 where by a male was stabbed in the arm.

Meeting was started by Pc Stockman with introductions. Pc Stockman explained the incident and asked what the venue thought.

**SG** – Admitted that was his issue with the lack of the door staff, scan net and fully admitted that he had dropped the ball. He explained that the male involved was on his own with a female, then the other group arrive and they spend an approx. an hour talking to each other on and off before it became heated. He walked to the pool table to see what was happening, the incident occurred very quickly and was over in 27 seconds, they didn't see any weapons or know that the male had been stabbed. When they realised that blood was on the floor outside bar staff did clear the blood away but this was down to a lack of experience that will be addressed ASAP. Police arrived and didn't seem interested and walked away, it was explained that he had made Pc Williams aware and was sorting the CCTV for Police.

**CS** – Explained that Police returned due to the male being at hospital, he asked did the venue call Police.

**SG** - said no due to how quick the incident happened but that he did make Pc Williams aware.

**CS** - Who was covering the DPS role?

**SG** - stated that he was present and James was covering the DPS role with written authority as he has a personal license.

**JS** – Stated that he is not defending the blood being cleaned up but that is because he pushS the staff to clean. Going forward all staff are made aware going forward that blood is not be cleaned away. He fully admitted the venue dropped the ball and it wouldn't happen again.

**SG** - Stated that he did make the officers aware that blood had been cleaned away.

**JS** - Moving forward we need to look at how many door staff are present during West Ham games. Would it be able to consider numbers? The venue is getting very busy again and we are happy to work with the Police and do anything that is needed to make this work. Emma will now be in a GM manager role and Wayne Clark will be the DPS.

**SG** – Action Plan

Guarantee doorman and scanner on all West Ham Games

Scanner will be out an hour before KO not at 7pm

Door staff to be more vigilant.

Anymore incidents that occur nothing is cleared away until told by the authorities.

We will request the incident reference number.

Staff to have full crime scene training which will be logged.

The same relationship will be had with Pc Stockman as with Pc Williams.

DPS will be present at all times.  
 Door staff will have BWV, hand wands, full search of patrons upon entry.  
 Extra door staff at all big events.  
 No re-entry to either venue, part from smoking area.  
 All coats to be put in the cloakroom.  
 Make sure CCTV is always working, weekly checks to be carried out. Now up to 50 cameras in both venues. All are 4k HDR. The main camera above the bar has also been changed to and upgraded.  
 Full rebrand and name change of the venue.  
 New toughened glasses with lids and no removable straws have been implemented in VLT

**AW** - Pointed out that both sides need to go through the current license to remove conditions that are not required. Venue to go through and send us what they think and we will agree or disagree.

**CS** - Would the venue be happy to add the mentioned action plan as a minor variation.

**JS** - Agreed to the above. He also pointed out that the venue does not actually make money on West Ham games and they are considering not showing them. If we could get four functions a week we would not need to have to show the football.

**AW** - You haven't had any issues with TENS recently?

**JS** - The entire function area has been sound proofed and since then the venue has had no noise complaints. This has been confirmed by Mike Richardson from Havering council.

**CS** - We have to have confidence that the proposed action plan will be adhered to, what you can do to fill us with confidence.

**JS** - All staff are now given a handbook, 6 months refresher training, crime scene management training and on any given weekend we have at least 5 personal license holders and a DPS. Also Easter Monday we will not be opening.

**CS** - Pointed out that everyone in the venue needs to know the license and all the conditions inside out.

**GH** - Can we ask for 7 days to return the license?

**AW** - That is not an issue.

**AW** - We would like to have met Wayne Clark as he does have a past, which does not come into play due to the reoffenders act but we have to take it into consideration so we would like a full background on him, where his has worked before, how experienced and so forth.

**JS** - Unfortunately Wayne is ill but we will provide a full breakdown by end of business.

**AW** - pointed out people vaping in CCTV the night of the incident.

**JS** - Signs will be going up ASAP and anyone found doing so will be barred.

**CS** - We need the action plan sent to us as a matter of urgency

**JS** - This will be done by the end of the day and anything we need to do will be done.

**ET** - I have spoken at length to Wayne about how the venue should be run and what is expected.

Pc Stockman was then taken for a walk around of the venue, CCTV cameras pointed out and shown exactly what all parts of the venue are for.

Meeting concluded - 1430

The venue fully admitted there fallings in the incident and brought these to our attention without being pushed, they came prepared with a full action plan and ideas to make sure that these type of incidents do not occur again.

The license holder was more than willing to listen to any suggestions from Police and will be providing the full action plan to us by the end of business 13/04/2022.

Following the meeting the venue were sent an email detailing the following intended action plan:-

- 1) For every West Ham Game played inside the venue we will make sure the scanner is put outside & Doormen are present an hour before the game starts & an hour after the game finishes.
- 2) We will implement a list of names & facial recognition of those that are barred from Havering.
- 3) Making sure we have the correct professional door team onsite at all times- dress code & manner is key to the business.
- 4) Any incident that occurs at the venue which has evidence for the police to see will NOT be tampered with at any time until the attending officers have processed the scene.
- 5) If police attend the venue for a reported incident we will ask for a CAD number for our own reference.
- 6) We will keep in constant contact with the local & surrounding shops to see if they have any other information on suspects/witnesses.
- 7) 999 MUST be called form the venue (not an individual) for any incidents at all times.
- 8) The DPS will be present Wednesday-Sunday every week without fail as these are the busier periods but will always be contactable by phone anytime day or night.
- 9) We will enforce the "NO VAPING" signs to be placed inside & outside the building.
- 10) We will look into rebranding the business name ASAP.

This email has also been submitted for the appendix and will be exhibited as ARW/3.

Further to the action plan it was decided that the conditions for the venue would be looked at by Police licensing and the venue to make them more manageable.

Whilst the conditions were being looked into another serious incident occurred on the 28th May 2022.

On Saturday 28th May 2022 around 0100 hours a fight broke out in the smoking terrace on the 1st floor of the VLT nightclub between two groups (CAD 401/28MAY22 refers).

The altercation spread to the area at the top of the stairs leading down to the entrance. During the incident a male who was involved fell down approximately 15 steps. First aid was given by security staff and the male was taken to hospital where it was discovered that he had suffered a fractured skull, broken eye socket and later found to have a bleed on the brain.

At the time of submitting this statement it is still not clear if the victim was pushed down stairs off camera or if he just fell as a result of stumbling whilst attempting to escape the group of males. This cannot be confirmed as the victim still is not in a fit state to talk to Police.

Continuation of Statement of **Adam Williams**.....

The venue worked with Police and provided statements, details of all the door staff and CCTV footage.

Details of those present in the venue were requested to see who was in the club at the time of the incident to assist the investigation and to possibly obtain details of potential witnesses and suspects via the Scannet system .A report was requested and submitted to Police licensing but worryingly only contained one scanned person for the Friday night compared to Saturday which contained 97 person scans. (Still a very low number)

At first the venue stated the reason for the Scannet report only containing 1 scan for the Friday was due to the system not syncing the names and a possible issue with a loose wire that wasn't plugged in. The manager advised Police that he wasn't made aware of this on the night. The venue were told that they needed to urgently contact the company the machine was hired from to enquire whether customer information was first on the system and second whether it could be retrieved.

On the 2nd June Police Licensing visited the venue and spoke with manager Sam Gittins and employee Harrison. Harrison is a member of staff who is paid to take customers money and scan them into the venue. This is his main role dueirng the weekends. He was asked directly about the lack of persons scanned using the Scannet system and he responded by saying "He just didn't scan anyone". When asked why "he stated that he just wasn't with it". The venue were advised in no uncertain terms that this was a breach of the license as per **annex 2 condition 46 which states the premises shall adopt a club identification scan or a suitable equivalent which shall be utilised as part of the conditions of entry after 19:00 on any day where SIA door supervisors are engaged, Thursday through to Sunday and including all bank holidays and covers both The Rising Sun PH and VLT and would be dealt with as such.** SIA door supervisors were present at the time but Scannet wasn't used.

The venue have cooperated and worked with police previously to try and prevent further incidents. This has included multiple change of DPS, a change of license holder and minor variations. The venue has had a number of action plans and at the start of 2022 submitted the minor variation for scannet. It is unfortunate these measure have not seen a decline in serious incidents occurring. Whist we acknowledge that the venue have worked with Police, they have had a number of notable incidents and two serious incidents in a matter of months.

Despite various measures put in place as detailed above, an exhaustive list of extra conditions and extra door staff, serious incidents still occur and Police are concerned that sooner or later we will have an incident that results in another serious injury or even worse a fatality.

The venue has failed in its responsibility to uphold the licensing objectives namely, the prevention of crime and disorder and public safety. While the venue has worked with Police and have done everything that has been asked of them, unfortunately they're still having major issues with crime and disorder and Public safety.
