

LICENSING SUB-COMMITTEE

REPORT

1 June 2015

Subject heading:

**Soiree Banqueting Suite
1 Faringdon Grove, RM3 8TD
Application for a premises licence
Arthur Hunt, Licensing Officer
5th floor Mercury House
01708 432777**

Report author and contact details:

This application for a premises licence is made by Soiree Events Ltd under section 17 of the Licensing Act 2003. The application was received by Havering's Licensing Authority on 7 April 2015.

The application is for a premises licence at a premise which is to be hired for functions. Although not mentioned in the application, the website for the premises indicated that it will hold functions and can cater for up to 700 seated patrons (copy attached)

Originally the application was submitted electronically on the 10 February 2015. However, there were numerous issues with the form and the application was "held" pending the submission of further information. The full application was received on the 7 April 2015.

Geographical description of the area and description of the building

The premise is contained in an industrial unit situated at the junction of Faringdon Avenue and Tonbridge Road. The premises occupy the first floor of the large unit, which has a number of commercial units on the ground floor. There is limited parking spaces available at the premises.

Directly opposite the premises at the junction of Faringdon Avenue and Camborne Avenue are residential properties.

Faringdon Avenue is on a bus route, but there is little other public transport close by. Harold Wood railway station, the closest rail connection, is approximately 1.6 kilometres away.

A map of the area is attached.

Details of the application

Supply of Alcohol

Comments and observations on the application

The applicant acted in accordance with regulations 25 and 26 of *The Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005* relating to the advertising of the application. The required public notice was installed in the 10 April 2015 edition of the Romford Recorder.

Summary

There were no representations against this application from interested persons.

Licensing Sub-Committee, 1 June 2015

There were four representations against this application from responsible authorities.

Details of representations

Valid representations may only address the following licensing objectives:

- The prevention of crime and disorder
- The prevention of public nuisance
- The protection of children from harm
- Public safety

Responsible authorities' representations

Paul Jones, on behalf of Havering's Licensing Authority, submits a representation based on the prevention of public nuisance and public safety licensing objectives.

PC Jason Rose submits a representation on behalf of the Metropolitan Police which is based on the prevention of crime and disorder and prevention of public nuisance licensing objectives.

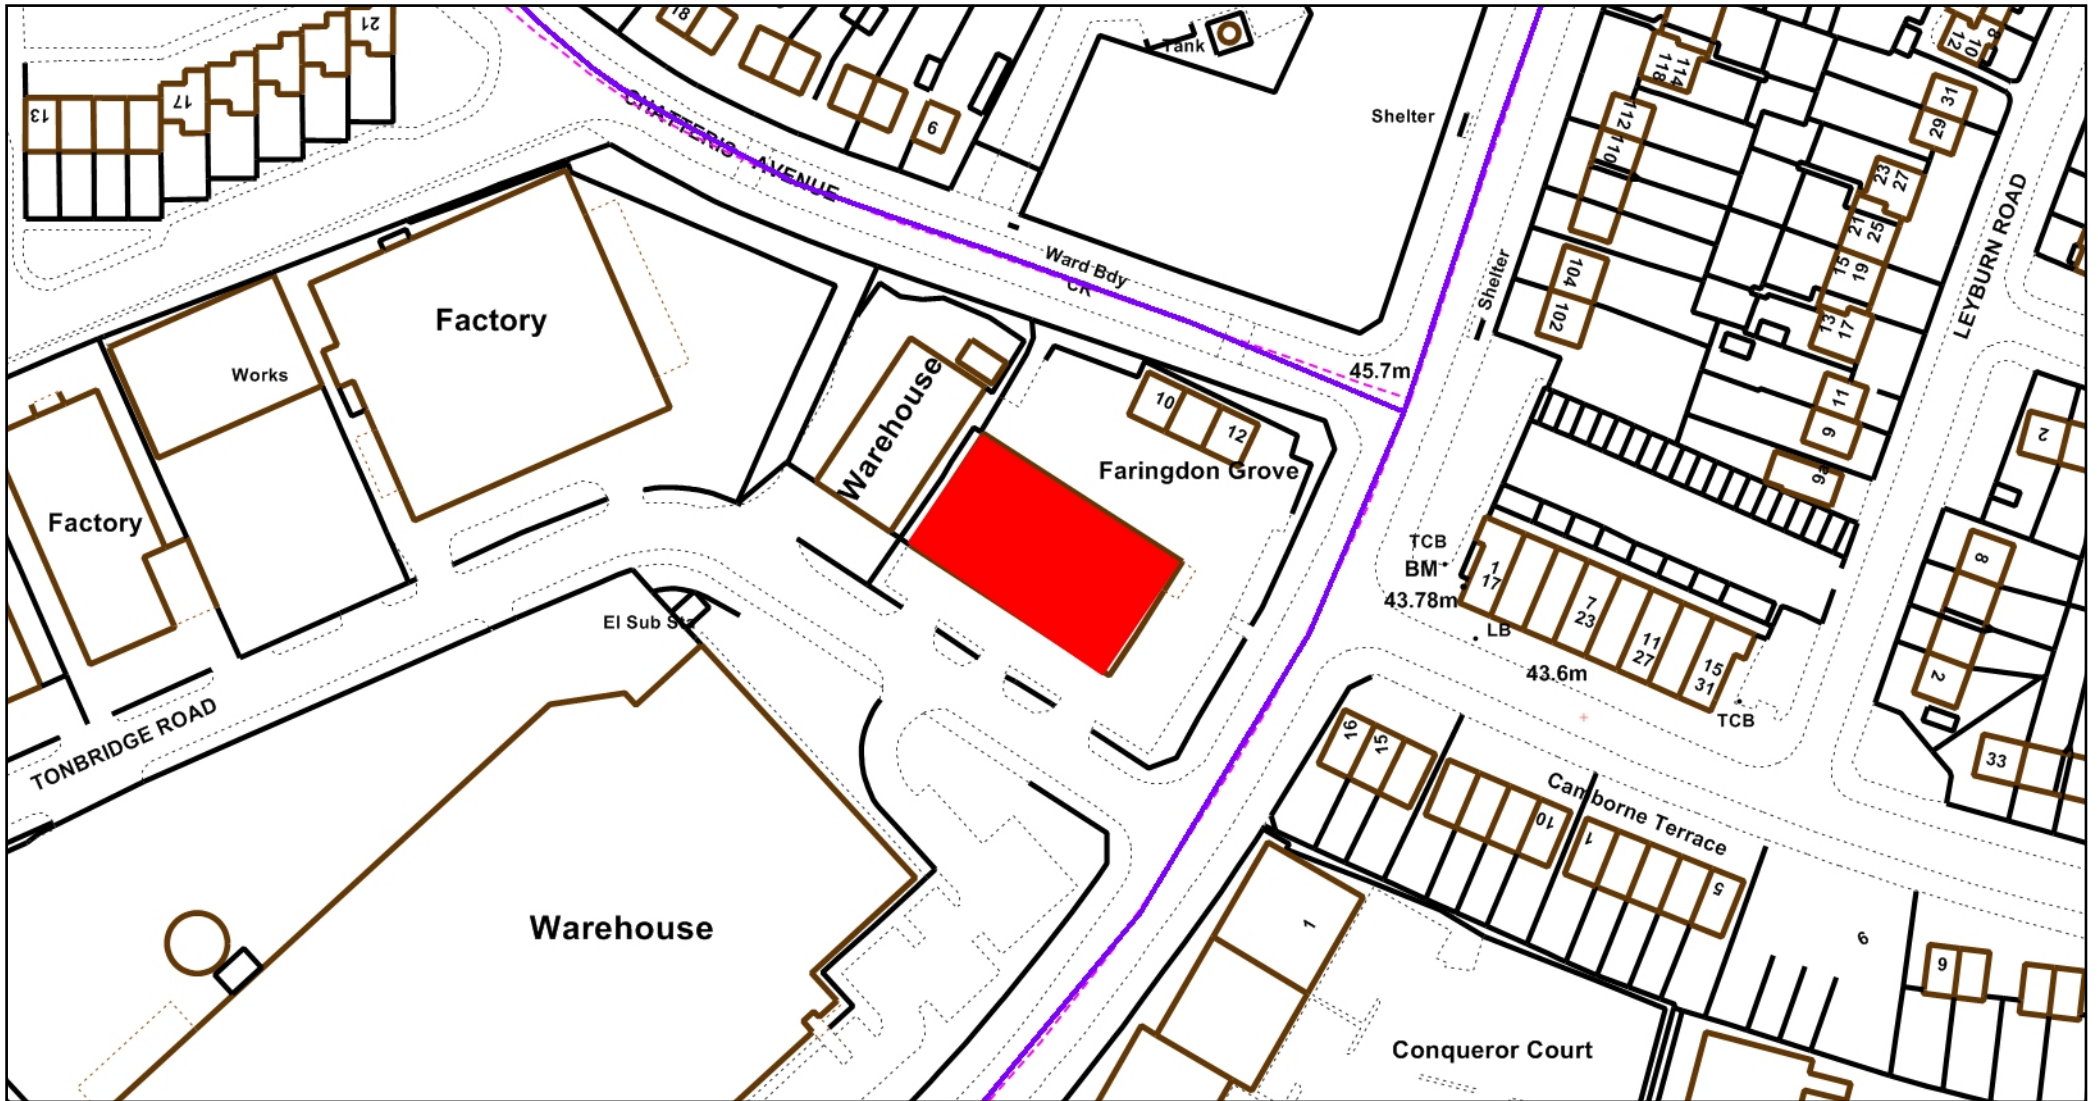

Marc Gasson, Havering's noise specialist, submits a representation under the prevention of public nuisance licensing objective.

David Hallam, representing the London Fire and Emergency Planning Authority, submits a representation based on the public safety licensing objective.

There were no representations from any other responsible authority.

Christmas Eve, New Years Eve, New Years Day - 1100 - 0200

Section 18 of 19

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The premises licence holder and DPS have carried out a risk assessment with consideration of the four licensing objectives. All staff will be fully trained to understand their responsibilities with regard to the retail sale of alcohol and further staff members will be trained to the Level 2 APLH standard within the next six months.

b) The prevention of crime and disorder

The CCTV system will cover all angles of the main hall (4 cameras) plus another camera in the reception area. Additional 5 cameras situated around the exterior of the property with one covering the entrance/egress point. The recordings will allow facial recognition of all patrons entering the premises. The system will allow for recordings to be saved for up to 31 days and recordings will be made available to the police or other responsible authority upon demand. There will be a member of staff present on the premises at all times when open, who is trained in the operation of the CCTV system.

All incidents of crime and disorder or refusals of the sale of alcohol will be logged and reported accordingly. The log book will be available for inspection at any time by a responsible authority.

The Licence Holder shall implement a written dispersal policy, to move guests from the premises and the immediate vicinity in such a way as to cause minimum disturbance or nuisance to neighbours, both residential and business, and to make the minimum impact upon the neighbourhood in relation to potential nuisance, antisocial behaviour, crime and disorder.

SIA doorstaff will be engaged following risk assessments for each event, taking into consideration the nature of the event and the number of expected guests. All Door Supervisors shall enter their full details in the Premises Daily Register at the commencement of work. This shall record their full name, home address and contact telephone number, the Door Supervisor's SIA registration number and the time they commenced and concluded working. If the Door Supervisor was supplied by an agency, details of that agency will also be recorded including the name of the agency, the registered business address and a contact telephone number.

Careful consideration will be given to each booking enquiry in relation to the nature of the event required and a risk

Continued from previous page...

assessment carried out where deemed necessary. Additional SIA doorstaff will be employed for higher risk events as and when identified by the risk assessments.

c) Public safety

The premises will be maintained in a safe manner at all times.

All exits will be clear of hazards.

Lighting levels throughout the premises will be maintained at an appropriate level for the safety of customers and staff at all times.

d) The prevention of public nuisance

All refuse will be disposed of in an appropriate manner. Staff will be instructed to maintain all external areas in a clean and presentable manner at all times.

Notices will be displayed and staff trained asking customers to leave the premises in a respectful manner.

A Premises Daily Register shall be kept at the premise. This register will be maintained and kept for a minimum of 12 months. This register should record the name of the person responsible for the premise on each given day. The Premises Daily Register shall record all calls made to the premises where there is a complaint made by a resident or neighbour of noise, nuisance or anti social behaviour by persons attending or leaving the premises. This shall record the details of the caller, the time and date of the call and the time and date of the incident about which the call is made and any actions taken to deal with the call. The Premises Daily Register will be readily available for inspection by an Authorised Person throughout the trading hours of the premise. The Premises Daily Register will also record all incidents in relation to the use of any force by staff or Door Supervisors in the removal of persons from the premises. It shall record the time and date of the occurrence, name or brief description of the person removed, and details of the staff involved.

The premises licence holder/DPS has liaised with other local businesses to secure free additional parking on and off road if and when necessary.

e) The protection of children from harm

The premises will promote an age verification scheme "Challenge 25" with notices displayed to such effect.

The premises will operate a No ID, No Sale policy at all times and will only accept photographic ID such as a passport, driving licence or PASS card as acceptable forms of identification.

Staff will be trained in the understanding of this policy and staff training records will be maintained on site at all times.

Training records will be available for inspection if requested by any responsible authority.

Section 19 of 19

PAYMENT DETAILS

This fee must be paid to the authority. If you complete the application online, you must pay it by debit or credit card.

Premises Licence Fees are determined by the non domestic rateable value of the premises.

To find out a premises non domestic rateable value go to the Valuation Office Agency site at http://www.voa.gov.uk/business_rates/index.htm

Band A - No RV to £4300 - £100

Band B - £4301 to £33000 - £190.00

Band C - £33001 to £87000 - £315.00

Band D - £87001 to £125000 - £450.00*

Band E - £125001 and over - £635.00*

*If the premises rateable value is in Bands D or E and the premises is primarily used for the consumption of alcohol on the premises then you are required to pay a higher fee.

Band D - £87001 to £125000 - £900.00

Band E - £125001 and over - £1,905.00

There is an exemption from the payment of fees in relation to the provision of regulated entertainment at church halls, chapel halls, or premises of a similar nature, village halls, parish or community halls, or other premises of a similar nature.

The costs associated with these licences will be met by Central Government. If, however, the licence also authorises the use of the premises for the supply of alcohol or the provision of late night refreshment, a fee will be required.

Schools and sixth form colleges are exempt from the fees associated with the authorisation of regulated entertainment

Continued from previous page...

where the entertainment is provided by and at the school or college and for the purposes of the school or college.
If you operate a large event you are subject to ADDITIONAL fees based upon the number of attendance at any one time.

- Capacity 5000 to 9999 - £1,000.00
- Capacity 10000 to 14999 - £2,000.00
- Capacity 15000 to 19999 - £4,000.00
- Capacity 20000 to 29999 - £8,000.00
- Capacity 30000 to 39999 - £16,000.00
- Capacity 40000 to 49999 - £24,000.00
- Capacity 50000 to 59999 - £32,000.00
- Capacity 60000 to 69999 - £40,000.00
- Capacity 70000 to 79999 - £48,000.00
- Capacity 80000 to 89999 - £56,000.00
- Capacity 90000 and over £64,000.00

Dear Sir

Licensing Act 2003

Premises licence application

Soiree Banqueting Suite 1 Faringdon Grove Faringdon Avenue Romford RM3 8TD

With regard to the application detailed above this Licensing Authority makes representation against the application based upon our concerns in relation to the following licensing objectives:

- Prevention of public nuisance
- Public safety

While the Licensing Authority is not in principle opposed to a licensed premises operating at this location we have concerns that the application does not fully address the promotion of the two licensing objectives detailed above.

Premises' history

This premises was previously licensed as a snooker club. This members' club permitted the consumption of alcohol on the premises until 23:00 six nights a week and until 22:30 on Sundays. The premises licence was surrendered in September 2011 and the premises has remained unlicensed since then. For the past three years or more this premises has remained unoccupied; prior to this the premises' licensing history was one of little impact upon the surrounding area as the main activity at the site was the participation by small numbers of people in games of snooker, to which the consumption of alcohol was effectively ancillary. The premises was closed at 23:00 at the latest and thus all would be quiet from this point onwards.

Current application

Section 5 of the application indicates that the premises is to be for private bookings by invite only for events, weddings, birthdays etc and will not be open to the general public.

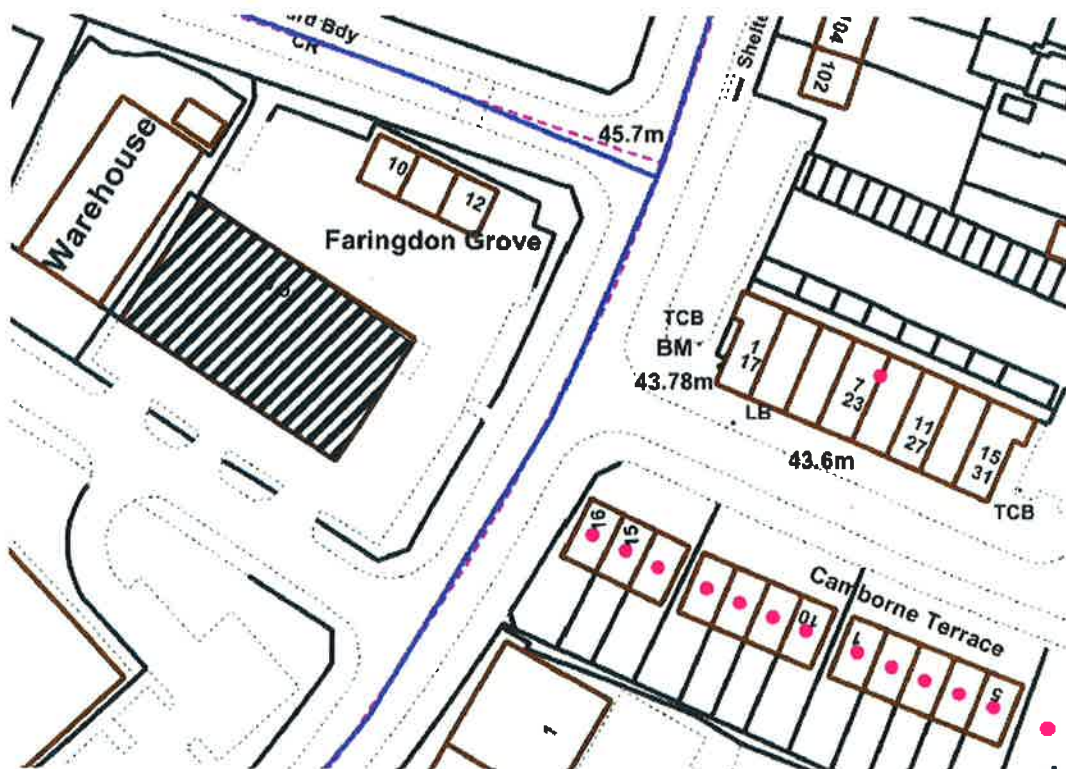

Live and recorded music seeks to be provided from Sunday to Thursday, 11:00 to 00:00 and on Fridays and Saturdays, 11:00 to 02:00. Alcohol supplies match these hours apart from Fridays and Saturdays when the terminal hour will be 01:30.

Concerns

The aim of a premises licence holder and the relevant licensing authority in which the premises is located is to ensure the successful promotion of the licensing objectives at premises licensed under this Act. To this end both parties have a common goal. Part of this licensing authority's due diligence in this regard requires that we produce, and operate in accordance with, a licensing policy. Havering's licensing policy is designed to aid the promotion of the licensing objectives. This application might appear to be at odds with certain aspects of our current policy.

The prevention of public nuisance

Section 5 of the application indicates that the premises lies within an industrial estate with no residential housing on the estate. While this is true it does not provide a complete picture of the immediate vicinity, for while there are no residential properties on this industrial estate there are residential properties on the other side of the road. Indeed, the closest residential property to the *Soiree Banqueting Suite* is 118 feet away from the premises' front door. Please see below:

These homes, particularly those at the end of Camborne Road, might be liable to public nuisance caused by patrons of Soiree as they arrive and, in particular, as they leave the premises, for we should remember that the premises seeks to remain open until 02:00 on Fridays and Saturdays and midnight during the working week.

To address concerns in relation to hours of operation Havering's licensing policy 012 states:

The LLA is committed to protecting the amenity of residents and businesses in the vicinity of licensed premises. Applications for hours set out below in this policy will generally be granted subject to not being contrary to other policies in the statement of licensing policy. Applications for hours outside the hours listed will be considered on their merits.

Regulated activities will normally be permitted:

- *until 11.30 pm in residential areas*
- *until 00.30 am in mixed use areas*
- *no limits in leisure areas*

Given that this area might reasonably be considered one of mixed use, i.e. residential and commercial properties, we might reason that a 00:30 terminal hour should apply should the merits of the application not succeed to convince that a later hour is acceptable. Section 18(d) of the application contains those measures the applicant intends to undertake to aid the promotion of this licensing objective. This section appears to contain four undertakings in relation to preventing public nuisance. These include

- disposing of refuse in an appropriate manner
- displaying notices requesting patrons leave the premises in a respectful manner
- keeping and maintaining a premises daily register to record incidents of concern
- securing additional parking on and off road

The sub-committee will need to decide if the merits of these undertakings are sufficient to support the hours requested.

The application does not address the site's capacity; however, the venue's social media sites indicate that the premises can accommodate up to 700 seated diners. Presumably this number can increase if dining tables are not required for a given function. Weddings often have two guest lists: one for seated diners during the day and a second additional list for 'evening guests'. There appears to be no self-imposed capacity limit on the premises and so it remains unclear the maximum number of patrons the venue intends to accommodate. It might appear reasonable to assume that the premises might readily accommodate 1,000 guests at any one time.

The premises' location is such that there is limited public transport access to the site so the likelihood is that most guests will arrive and depart by car. If we accept that a car can comfortably hold 4 passengers there is a possibility that 250 vehicles will arrive at the premises should a 1,000-attendee function be held there. The premises' car park might hold approximately 25 – 30 cars so there will likely be a significant issue in relation to parking. Attendant to this will be the noise issue of cars starting, with associated taxis arriving at 02:00 to take the guests home. Given the proximity to residential properties the potential for public nuisance might be significant during this dispersal period.

In relation to post-event dispersal Havering's licensing policy 013 includes that *proposals for clearing the premises or a dispersal policy should be included in the detail of the operating schedule*. Other than the aforementioned signage requesting that patrons leave the premises in a respectful manner, dispersal from the venue appears to have been overlooked.

Public safety

Section 18(c) provides the application with a series of voluntary undertakings designed to address the promotion of the public safety licensing objective. The undertakings provided in the form may be summarised thus:

- The premises will be maintained in a safe manner at all times
- All exits will be clear of hazards
- Lighting levels will be maintained at an appropriate safety level

The first and third of these undertakings might appear vague and impossible to enforce should they translate into licence conditions. A 'safe manner' is subjective while 'an appropriate safety level' for lighting might be open to interpretation. The second undertaking might normally be expected anyway.

Therefore we would suggest that, for a venue seeking to provide licensable activity to large numbers of patrons to the early hours of the morning, we might have expected this section to be more robust. Section 18(a) of the application indicates that the applicant has carried out risk assessments in relation to the licensing objectives. One might speculate upon the thoroughness of these risk assessments if the one in relation to public safety identified only those issues which the three undertakings provided are intended to address.

Conclusion

While this licensing authority seeks to support business ventures where possible we feel currently unable to support this application as submitted. Having previously met with the applicants on site we were impressed with the individuals' drive and desire to create a business venture and the sheer amount of hard work gone into decorating the venue; however, there are many practical issues which have to be addressed before a venue catering to large numbers can operate safely and without negative impact upon its surroundings. Unfortunately this application has not provided the reassurances that we seek.

We would suggest therefore that before the licensing sub-committee agrees to grant this application, if it sees fit to do so, it gives consideration to the hours sought and further considers imposing a series of suitable conditions to mitigate the concerns detailed above.

If I can clarify further please do not hesitate to contact me.

Yours faithfully

Paul Jones

Your ref:
Our ref: Soiree Banqueting Suite,
Application for new premises license
Date : **05/05/2015**

Police have been served a new premises license application relating to the premises of **SOIREE BANQUETING SUITE, 1 FARINGDON GROVE, FARINGDON AVENUE, ROMFORD RM3 8TD**. Police wish to make objections to this application as we believe by granting the premise license it will have a detrimental effect against promoting at least two of the four Licensing objectives, namely -

- 1, Prevention of Crime and Disorder.
- 2, The prevention of public nuisance.

Location

The premise in question is situated in a mixed use area, primarily enclosed by industrial premises however residential properties do surround this primary area. Police believe the nearest residential premise is some 40 meters away. Beyond the primary industrial area, the venue is heavily surrounded with private premises of a residential nature. The main road on which the premise is situated is a busy access road to the Harold Hill area including a bus route for the 496, last service being 00:02 hours and first bus being 05:43 hours. There is no nearby train station or other late night travel links.

Background

The premise itself was once a Snooker Hall with an on sales license, this ended some 4 years ago resulting in the premises surrendering the alcohol license to the local authority and they ceased trading. During the time of that operation police received a number of complaints in relation to noise nuisances and anti social behavior with in the area from local residents. Police fully accept and acknowledge this is a NEW APPLICION by NEW APPLICANTS for a business plan that differs to a snooker hall. That said however, we strongly believe, due to the location it will only be a matter of time before similar complaints of the same nature will be received.

A visit was conducted by Mr Paul JONES (Licensing Authority) and I to Soiree on 11/02/2015 at 1800hrs We were shown around venue and worked through their plans. Advice was given by both Mr Jones and I in relation to their business plan and how the promotion of the licensing objectives may have an impact. We also spoke at length in relation to the application they had already submitted. This application was extremely poor and would have been rejected if it was not submitted electronically. This payment was held on file awaiting a new submission. The applicant by his own admission stated it was "Pants" and they would seek licensing consultant's advice before re applying. Whilst on scene I asked the applicants about a customer / patron review posted on their website on 28th December 2014 stating "Late Bar, Helpful staff, would hirer again for future parties". Obviously on the 28th December 2014 the venue did not have a premises license!! The applicant stated "No that's not a proper review, we weren't open, it's just a media stunt to attract custom for the future when we get a license". Not the best example of responsible operating at that stage.

Concerns over prevention of crime and disorder.

Although police can not demonstrate to the committee this particular applicant has caused disorder, crime or indeed anti social behavior in the past, we should not overlook they are untested operators in the borough of Havering. By their very own admissions to Pc ROSE, they are "New" to this type of arena. It's the Police belief that a large scale function facility accommodating 700 sitting patrons can bring its own issues and challenges to the local area, none more so than noise nuisance and potential of increased crime and disorder. Due to the venues location and terminal hours (no public transport links) it is fair to assume ALL attendees (unless local residents) will travel to the venue in vehicles. These potential large scale numbers along with the lack of public transport options may encourage such offences as drink drive. Police have noticed such trends at like for like premises across the borough who are situated away from good public transport links.

Prevention of public nuisance.

Some 700 seated guests are referred to on the applicants own web site, this does not address any additional standing patrons that may also be catered for. As stated in LLA's very own licensing policy "Patrons become accustomed to high sound levels and to shouting to make themselves heard which can lead to them being noisier when leaving premises. The later the music played, the greater the potential for nuisance". Police will argue that patrons are completely unaware of the noise they make when leaving premises due to their level of intoxication. A venue at this location can ONLY have a negative impact on noise. Car doors slamming, Taxi's engines revving, voices raised, singing, laughing will all carry noise in the normally quiet area, sleep patterns will inevitably be disturbed. Working on patron numbers quoted, if we look at the best case scenario with 4 people sharing a vehicle we could potentially have 200 vehicles leaving the location at any one time.

The application states on page 5 "The premises is within an industrial estate with no residential housing on the estate". In reality, residential premises are situated extremely close to location and the picture painted by the applicant is not a true reflection. The operating schedule also states "The premises license holder / DPS has liaised with other local businesses to secure free additional parking on and off road if and when necessary". On road would imply council owned roads, how is this possible?. Where exactly is this additional business parking? Where is this in relation to residential premises? None of these points are addressed.

Police would also like to draw the committee's attention to local authority Licensing Policy 012 - The LLA (Local Licensing Authority) is committed to protecting the amenity of residents and business in the vicinity of licensed premises.

Regulated activities will normally be permitted until 00:30am in mixed use areas.

Protection of Children from harm.

It is clear on the application the premise is looking to cater for functions only. The Schedule states on page 5 "For private bookings by invite only for events, weddings, birthdays etc and will not be open to the general public" Police feel this explanation is extremely vague; it is not addressed in any greater detail on what measures will be put in place to prevent people walking in off the street etc. How will the premises keep a track on underage drinking? Are 18 year old birthday parties available? If so, how will these functions differ in practicality to other functions? What extra measures will be put in place? Police feel no bookings for birthday parties below 21 yrs should be taken. This will reduce the possibility of underage sales and exposure of alcohol to those less than 18 yrs of age. Other functions should consider children only when accompanied by adults.

Police note other potential issues on the application that definitely require some form of clarity -

*** No capacity limit on application**

The venues web site clearly shows 700 sitting guests can be catered for at the location; this does not address standing numbers or those arriving after meal sessions. What is the venue capacity? Have the venue contacted LFB to set capacity limits on the building? Again this is not referred to.

*** Is Planning permission in place?**

To the best of police knowledge, no planning application for the venue has been submitted. Have the applicants gained planning permission for such a venue? What is the intent of the venue in relation to planning?. As the sub committee will already be aware, local policy 007 states "The council encourages applicants to ensure that they have planning consent for the intended use and hours of operation, or otherwise have lawful planning status, before making an application for a premises license".

* Application states “**All staff will be fully trained to understand their responsibilities with regard to retail of alcohol**”. What training will be completed? When will staff be refreshed on training? Will there be a written training programme, constantly updated with the turn over of staff?

* Application refers to a “**Written dispersal policy**”. Where is such policy?

* Application states “**SIA door staff will be engaged following risk assessments for each event.**” Who will complete such risk assessments? Will police be liaised with in relation to each event? Police would suggest a minimum door staff level be set and the venue risk asses for “**ADDITIONAL**” door above and beyond that figure on an individual event basis.

In Summary

We have a strong belief that a “Function Suite” will simply attract party goers and have a detrimental effect on lifestyles for those families that live close to the premises. Noise can hinder family sleep and generate complaints to both Police and local authority which in turn may have a drain on resources. Such customer base will be under the influence of alcohol and therefore may increase the risk of crime and disorder and anti social behavior at a location that has minimal night time economy street issues. For these reasons, Police could not support a premises license being issued to the applicant on this occasion.

If I can be of any further assistance in this matter please do not hesitate to contact me

Yours sincerely,

Dear Sir/Madam

LICENSING ACT 2003

**Premises: First Floor Unit1, Farringdon Grove, Farringdon Avenue, Romford, Essex,
RM3 8TD**

With reference to the recent application dated as shown on plan, number 002956. The application has been examined and **the Fire Authority want to make a representation** to the Licensing Authority in relation to this application.

The applicant has been informed that the Fire Authority will be making a representation to the Licensing Authority.

The items that are of concern to this authority are detailed on the attached schedule.

Please advise me, at your earliest convenience, of the date and time of the Licensing Committee Hearing.

Should these matters be resolved to the satisfaction of this Authority at least 2 days prior to the Licensing Committee Hearing the representation will be withdrawn.

Any queries regarding this letter should be addressed to the person named below. If you are dissatisfied in any way with the response given, please ask to speak to the Team Leader quoting our reference.

Yours faithfully,

for Assistant Commissioner (Fire Safety Regulation)

Deputy Commissioner's Directorate

SCHEDULE

Sheet **+** of **+**

Schedule referred to in the letter reference 15-198098 under the Licensing Act 2003, issued by the London Fire and Emergency Planning Authority on 5 May 2015..

Where appropriate, a plan may form part of this Schedule to illustrate the steps which, in the opinion of the fire authority, need to be taken in order to promote the public safety objective.

NOTE : Notwithstanding any consultation undertaken by the fire authority, **before** you make any alterations to the workplace, **you** must apply for local authority building control department approval (and/or the approval of any other bodies having a statutory interest in the premises) if their permission is required for those alterations to be made.

Licensing Objective not adequately addressed	Location and detail of matters which are considered to put people at risk in the event of a fire emergency	Steps considered necessary to promote the public safety licensing objective
Public Safety	<p>Note: This application has recently been received. Attempts have been made to contact the occupiers to arrange a visit which has not been able to take place before the time limit for representations has expired. This representation has been made using the application and plan provided and also the information on Soiree Events website. I am happy to carry out a full inspection of the site in the near future.</p> <p>The premises has been designed as an industrial unit and consequently the number of fire exits available has been based on the low occupation numbers expected in an industrial unit. The proposed use of the premises will involve up to 700 persons using the first floor which would result in serious overcrowding for the</p>	<p>The current layout and escape routes provided for the premises would only allow for a maximum occupation of 110 persons which would include all staff and performers.</p> <p>Note : If the full occupation of 700 persons was required then three exits each of 1.7m wide would be needed. The exits would need to be situated so that no fire would have the possibility of involving two exits at the same time.</p>

	limited exits available.	
Public Safety	No emergency lighting shown in the main hall on the application plan.	Emergency lighting in accordance with British Standard 5266 is required.
Public Safety	Insufficient smoke detection provided. Any persons working in the kitchen area during times of low occupation would not have an early warning of fire in the premises.	Smoke Detection in accordance with BS5839 is to be provided.
Public Safety	External escape stair provided for the rear escape. This is an open stair with no protection from the elements. These are not allowed when the premises is primarily used by members of the public.	Any external staircase for use by the public should be fully enclosed to protect the stair from the elements.
Public Safety	No evidence has been provided that the large amount of fabric used in the premises decoration has been treated to limit fire spread.	Any fabric used in decoration should be certified to an appropriate standard to show that it is adequately fire resisting. Any post installation treatment should be carried out by a company giving a guarantee. Self treatment using an off the shelf product would not be acceptable.
Public Safety	The use of naked flames e.g. smoking/ candles/Shisha pipes should be prohibited due the large amounts of fabric used in the decoration of the premises.	The use of naked flames e.g. smoking/ candles/Shisha pipes should be prohibited.
Public Safety	Additional information required as to the fire resisting construction used to separate the following areas:- Kitchen, office, function area 1 from function area 2, lobby areas and the stores.	Provide details of the fire rated construction used in the walls /partitions doors provided.

Data Protection Act 1998: The information you have given on this form will be processed by London Fire Emergency Planning Authority for the purpose of **fire and emergency planning and control**. We will keep your details secure and will not disclose them to other organisations or third parties (except contractors or suppliers working on our behalf) without your permission unless we are legally required to do so.

Licensing Act 2003-Application for Premises Licence Soiree Banqueting Suite 1 Faringdon Grove Faringdon Avenue Romford RM3 8TD

I refer to the above application detailed above and advise that I make representation against the application based upon my concerns in relation to the prevention of public nuisance.

I would raise concerns for the following reasons:-

1. The close proximity of residential properties to the application site. The closest homes are approximately 40 metres from the application site those being in Camborne Terrace, Camborne Avenue and the residential flats above the shops. Both sets of properties are located at the junction of Camborne Avenue with Faringdon Avenue directly opposite the application site. Residents are likely to experience unacceptable levels of noise from the following sources:-
 - Amplified music from the venue, particularly if the appropriate noise control measures (ie noise limiter and lobbied exits) are not put in place.
 - Vehicle movements, the application site has approximately 25-30 parking spaces which considering the proposed capacity for the venue will mean vehicles will be using the street to park in, potentially directly outside nearby residential properties exposing residents to unacceptable levels of noise particularly after the venue has closed at 00:00hours Sunday to Thursday and after 02:00hours on Fridays and Saturdays.
 - People noise, particularly after the premises closes when patrons could be under the influence of alcohol.
2. The application site is within a mixed use residential/commercial area and therefore the terminal hours for regulated activities on the Friday and Saturday nights falls well outside the recommended times stated within Havering's licensing policy 012:-

Regulated activities will normally be permitted:

- *until 11.30 pm in residential areas*

Public Protection Bringing together Environmental Health & Trading Standards

- *until 00.30 am in mixed use areas*
- *no limits in leisure areas*

I trust this clarifies my position

Marc Gasson
