

HIGHWAYS ADVISORY COMMITTEE

10 November 2015

Subject Heading:

HIGHWAY SCHEMES APPLICATIONS

CMT Lead:

Andrew Blake-Herbert

Report Author and contact details:

**Mark Philpotts
Principal Engineer
01708 433751
mark.philpotts@havering.gov.uk**

Policy context:

**Havering Local Development
Framework (2008)
Havering Local Implementation Plan
2014/15 – 2016/17 Three Year Delivery
Plan (2013) (where applicable)**

Financial summary:

**The estimated cost of requests,
together with information on funding is
set out in the schedule to this report.**

**The subject matter of this report deals with the following Council
Objectives**

Havering will be clean and its environment will be cared for	<input checked="" type="checkbox"/>
People will be safe, in their homes and in the community	<input checked="" type="checkbox"/>
Residents will be proud to live in Havering	<input type="checkbox"/>

SUMMARY

This report presents applications for new highway schemes for which the Committee will make recommendations to the Head of StreetCare to either progress or the Committee will reject.

RECOMMENDATIONS

1. That the Committee considers that the Head of StreetCare should proceed with the detailed design and advertisement (where required) of the highway schemes applications set out the attached Schedule, Section A – Scheme Proposals with Funding in Place.
2. That the Committee considers the Head of StreetCare should not proceed further with the highway schemes applications set out in the attached Schedule, Section B - Scheme proposals without funding available.
3. That the Committee notes the contents of the Schedule, Section C – Scheme proposals on hold for future discussion.
4. That it be noted that any schemes taken forward to public consultation and advertisement (where required) will be subject to a further report to the Committee and a decision by the Cabinet Member for Environment if a recommendation for implementation is made.
5. That it be noted that the estimated cost of implementing each scheme is set out in the Schedule along with the funding source. In the case of Section B - Scheme proposals without funding available, that it be noted that there is no funding available to progress the schemes.

REPORT DETAIL

1.0 Background

- 1.1 The Highways Advisory Committee receives all highway scheme requests; so that a decision will be made on whether the scheme should progress or not before resources are expended on detailed design and consultation.
- 1.2 The bulk of the highways scheme programme is funded through the Transport for London Local Implementation Plan and these are agreed in principle through an Executive decision in the preceding financial year. A full

report is made to the Highways Advisory Committee on conclusion of the public consultation stage of these schemes.

- 1.3 There is also a need for schemes funded by other parties or programmes (developments with planning consent for example) to be captured through this process.
- 1.4 Where any scheme is to be progressed, then the Head of StreetCare will proceed with the detailed design, consultation and public advertisement (where required). The outcome of consultations will then be reported to the Committee which will make recommendations to the Cabinet Member for Environment. Where a scheme is not to be progressed, then the Head of StreetCare will not undertake further work.
- 1.5 In order to manage this workload, a schedule has been prepared to deal with applications for new schemes and is split as follows;
 - (i) Section A - Scheme Proposals with Funding in Place. These are projects which are fully funded and it is recommended that the Head of StreetCare proceeds with detailed design and consultation.
 - (ii) Section B - Scheme proposals without funding available. These are requests for works to be undertaken where no funding from any source is identified. The recommendation of Staff to the Committee can only be one of rejection in the absence of funding. The Committee can ask that the request be held in Section C for future discussion should funding become available in the future.
 - (iii) Section C - Scheme proposals on hold for future discussion. These are projects or requests where a decision is not yet required (because of timing issues) or the matter is being held pending further discussion should funding become available in the future.
- 1.6 The schedule contains information on funding source, likely budget (as a self-contained scheme, including staff design costs), the request originator, date placed on the schedule and a contact point so that Staff may inform the person requesting the scheme the outcome of the Committee decision.

IMPLICATIONS AND RISKS

Financial implications and risks:

The estimated cost of each request or project is set out in the Schedule for the Committee to note.

The costs shown are an estimate of the full costs to implement a scheme should it be ultimately implemented. It should be noted that further decisions are to be made following a full report to the Committee and with the Cabinet Member approval process being completed where a scheme is recommended for implementation.

Legal implications and risks:

Many aspects of highway schemes require consultation and the advertisement of proposals before a decision can be taken on their introduction.

Where a scheme is selected to proceed, then such advertisement would take place and then be reported in detail to the Committee so that a recommendation may be made to the Cabinet Member for Environment.

With all requests considered through the Schedule, a formal set of Recommendations and a record of the Committee decisions are required so that they stand up to scrutiny.

Human Resources implications and risks:

None.

Equalities implications and risks:

The Council has a general duty under the Equality Act 2010 to ensure that its highway network is accessible to all. Where infrastructure is provided or substantially upgraded, reasonable adjustments should be made to improve access. In considering the impacts and making improvements for people with protected characteristics (mainly, but not limited to disabled people, the young and older people), this will assist the Council in meeting its duty under the Act.

Decisions need to be made which are in accordance with equalities considerations, the details of which will be reported in detail to the Committee so that a recommendation may be made to the Cabinet Member for Environment.

BACKGROUND PAPERS

None.
