

London Borough of Havering

Year ending 31 March 2016

Audit Plan

April 2016

Ernst & Young LLP

Building a better
working world

Audit Committee
London Borough of Havering
Town Hall
Main Road
Romford RM1 3BB

28 April 2016

Dear Members

2015/16 Audit Plan

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2015/16 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council and outlines our planned audit strategy in response to those risks. We welcome the opportunity to discuss this Audit Plan with you on 10 May 2016 and to understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Debbie Hanson
Executive Director
For and behalf of Ernst & Young LLP

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies 2015-16". It is available from the Chief Executive of each audited body and via the PSAA website (www.psaa.co.uk)

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The 'Terms of Appointment from 1 April 2015' issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Audit Plan is prepared in the context of the Statement of responsibilities. It is addressed to the Audit Committee, and is prepared for the sole use of the audited body. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure – If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

1. Overview

This Audit Plan covers the work that we plan to perform to provide you with:

- ▶ Our audit opinion on whether the financial statements of the London Borough of Havering give a true and fair view of the financial position as at 31 March 2016 and of the income and expenditure for the year then ended; and
- ▶ Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- ▶ Strategic, operational and financial risks relevant to the financial statements;
- ▶ Developments in financial reporting and auditing standards;
- ▶ The quality of systems and processes;
- ▶ Changes in the business and regulatory environment; and,
- ▶ Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

We will provide an update to the Audit Committee on the results of our work in our report to those charged with governance scheduled for delivery in September 2016.

2. Financial statement risks

We outline below our current assessment of the financial statement risks facing the Council, identified through our knowledge of the Council's operations and discussion with those charged with governance and officers.

At our meeting, we will seek to validate these with you.

| Significant risks (including fraud risks) | Our audit approach |
|---|---|
| Risk of fraud in revenue recognition | |
| <p>Under ISA240 there is a presumed risk that revenue may be misstated due to improper recognition of revenue.</p> <p>In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.</p> <p>For local authorities the potential for the incorrect classification of revenue spend as capital is a particular area where there is a risk of revenue recognition. We will undertake specific testing to address this risk.</p> | <p>We will</p> <ul style="list-style-type: none"> ▶ Review and test revenue and expenditure recognition policies. ▶ Review and discuss with management any accounting estimates on revenue or expenditure recognition for evidence of bias. ▶ Develop a testing strategy to test material revenue and expenditure streams. ▶ Review and test revenue cut-off at the period end date. ▶ Test capital expenditure on property, plant and equipment to ensure it meets the definition of capital expenditure as set out in the Code of Practice on Local Authority Accounting in the United Kingdom (the Accounting Code). |
| Risk of management override | |
| <p>As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.</p> | <p>Our approach will be to:</p> <ul style="list-style-type: none"> ▶ Test the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements. ▶ Review accounting estimates for evidence of management bias. ▶ Evaluate the business rationale for significant unusual transactions. |
| Valuation of investment property and property, plant & equipment | |
| <p>The Council undertakes an annual exercise to revalue property assets (including its social housing stock and investment property assets). The valuation of property assets represents a significant accounting estimate. The accounting entries arising from changes in value are complex and will have a significant impact on the Council's financial statements.</p> <p>IFRS 13: Fair Value Measurement has been introduced into the Local Authority Accounting Code for the first time in 2015/16. This requires investment assets to now be valued at highest and best use based on what someone would pay for the asset. The Council will need to ensure that its investment assets have been appropriately valued in accordance with IFRS 13.</p> | <p>Our approach will be to:</p> <ul style="list-style-type: none"> ▶ Test management's arrangements for assessing the work of its valuation expert, including the key assumptions underpinning valuations. ▶ Utilise the work of experts commissioned by the National Audit Office, and our own valuation specialists, to validate the work of the valuation experts engaged by the Council. ▶ Test the reliability of the information provided by the Council to its valuer. ▶ Test the accounting treatment applied to changes in valuation. ▶ Test how management has satisfied itself that the element of the property, plant and equipment portfolio not subject to a formal revaluation as at 31 March 2016 is materially correct. |

2.1 Responsibilities in respect of fraud and error

We would like to take this opportunity to remind you that management has the primary responsibility to prevent and detect fraud. It is important that management, with the

oversight of those charged with governance, has a culture of ethical behaviour and a strong control environment that both deters and prevents fraud.

Our responsibility is to plan and perform audits to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatements whether caused by error or fraud. As auditors, we approach each engagement with a questioning mind that accepts the possibility that a material misstatement due to fraud could occur, and design the appropriate procedures to consider such risk.

Based on the requirements of auditing standards our approach will focus on:

- ▶ Identifying fraud risks during the planning stages;
- ▶ Enquiry of management about risks of fraud and the controls to address those risks;
- ▶ Understanding the oversight given by those charged with governance of management's processes over fraud;
- ▶ Consideration of the effectiveness of management's controls designed to address the risk of fraud;
- ▶ Determining an appropriate strategy to address any identified risks of fraud, and,
- ▶ Performing mandatory procedures regardless of specifically identified risks.

3. Value for money risks

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. For 2015/16 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work.

Our risk assessment considers both the potential financial impact of the issues we have identified, and the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. The work we have completed to date, which has focused on the Council's financial management arrangements, has identified the following significant risk which we view as relevant to our value for money conclusion.

We will keep our risk assessment under review throughout our audit and communicate to the Audit Committee any revisions to this assessment and any additional local risk-based work we may need to undertake as a result.

Significant risks (including fraud risks)

Our audit approach

Sustainable resource deployment: Achievement of savings needed over the medium term

The Council is responding to the financial pressures arising from recent spending reviews. The Council does, however, face significant financial challenges over the next three years, with an underlying budget gap of £12.5m to close in the period to 2018/19.

Given the scale of the savings needed, there is a risk that the savings plans to bridge this gap may not be robust and/or achievable.

Our approach will focus on:

- The adequacy of the Council's financial management arrangements.
- The robustness of assumptions used in medium-term financial planning.
- The approach to prioritising resources while maintaining services.
- The savings plans in place, and whether these plans can provide the required savings and efficiencies.

4. Our audit process and strategy

4.1 Objective and scope of our audit

Under the Code of Audit Practice our principal objectives are to review and report on the Council's:

- ▶ Financial statements
- ▶ Arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK and Ireland).

We report to you by exception in respect of your governance statement and other accompanying material as required, in accordance with relevant guidance prepared by the NAO on behalf of the Comptroller and Auditor General.

Alongside our audit report, we also review and report to the NAO on the Whole of Government Accounts return to the extent and in the form they require;

2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

4.2 Audit process overview

Processes

Our intention is to undertake a fully substantive audit. We believe this to be the most efficient approach to gaining assurance over the Council's financial statements. Although we are not intending to rely on the control processes established within individual systems, the overarching control arrangements established by the Council form part of our assessment of your overall control environment and will form part of the evidence for your Annual Governance Statement.

Analytics

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests
- ▶ Give greater likelihood of identifying errors than random sampling techniques.

Internal audit

- ▶ We will review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in

the year, in our detailed audit planning, where they identify issues that could impact on the Council's year-end financial statements.

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

| Area | Specialists |
|---|--|
| Property valuations | Management's expert (Wilks Head and Eve); EY valuation team. |
| Pension fund liability | Management's expert (pension fund actuary); EY pension team. |
| Fair value of short and long-term borrowing | Management's expert (Public Works Loan Board). |

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council environment and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- ▶ Analyse source data and make inquiries as to the procedures used by the expert to establish whether the source data is relevant and reliable;
- ▶ Assess the reasonableness of the assumptions and methods used;
- ▶ Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

4.3 Mandatory audit procedures required by auditing standards and the Code

As well as the financial statement risks (section two) and value for money risks (section three), we must perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- ▶ Addressing the risk of fraud and error;
- ▶ Significant disclosures included in the financial statements;
- ▶ Entity-wide controls;
- ▶ Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements;
- ▶ Auditor independence.

Procedures required by the Code

- ▶ Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement.
- ▶ Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO

Finally, we are also required to discharge our statutory duties and responsibilities as established by the Local Audit and Accountability Act 2014.

4.4 Materiality

For the purposes of determining whether the financial statements are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in aggregate, could reasonably be expected to influence the users of the financial statements. Our evaluation requires professional judgement and so takes into account qualitative as well as quantitative considerations implied in the definition.

We have determined that overall materiality for our audit of the Council's financial statements is £12,191k. We have based our calculation of materiality on 2% of the Council's gross revenue expenditure. We will communicate uncorrected audit misstatements greater than £609k to you.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all the circumstances that might ultimately influence our judgement. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the financial statements, including the total effect of any audit misstatements, and our evaluation of materiality at that date.

4.5 Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government. PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code. The indicative scale fee for our audit of the London Borough of Havering is £151,844.

4.6 Your audit team

The engagement team is led by Debbie Hanson. Debbie has significant local government experience, and is the engagement lead for a number of EY's local government audits across the east of England. Debbie is supported by Stephen Bladen who is responsible for the day-to-day direction of audit work and is the key point of contact for the Council's finance team.

4.7 Timetable of communication, deliverables and insights

We have set out below a timetable showing the key stages of the audit, including the value for money work and the Whole of Government Accounts. The timetable includes the deliverables we have agreed to provide to the Council through the Audit Committee's cycle in 2015/16. These dates are determined to ensure our alignment with PSAA's rolling calendar of deadlines.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Chair as appropriate.

Following the conclusion of our audit we will prepare an Annual Audit Letter to communicate the key issues arising from our work to the Council and external stakeholders, including members of the public.

| Audit phase | Timetable | Audit Committee timetable | Deliverables |
|---|-------------------------|---------------------------|--|
| High level planning | April 2015 | | Audit Fee Letter |
| Risk assessment, setting of scope, and testing routine processes. | January – March 2016 | May 2016 | Audit Plan |
| Year-end audit | July – August 2016 | | |
| Completion of audit | September 2016 | September 2016 | Report to those charged with governance via the Audit Results Report Audit report (including our opinion on the financial statements and overall value for money conclusion). Audit completion certificate Reporting to the NAO on the Whole of Government Accounts return. |
| Conclusion of reporting | October 2016 | December 2016 | Annual Audit Letter |
| Certification work | October – November 2016 | March 2017 | Annual certification report. |

In addition to the above formal reporting and deliverables we will seek to provide practical business insights and updates on regulatory matters.

5. Independence

5.1 Introduction

The APB Ethical Standards and ISA (UK and Ireland) 260 'Communication of audit matters with those charged with governance', requires us to communicate with you on a timely basis on all significant facts and matters that bear on our independence and objectivity. The Ethical Standards, as revised in December 2010, require that we do this formally both at the planning stage and at the conclusion of the audit, as well as during the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

| Required communications | |
|--|--|
| Planning stage | Final stage |
| <ul style="list-style-type: none"> ▶ The principal threats, if any, to objectivity and independence identified by EY including consideration of all relationships between you, your affiliates and directors and us; ▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality Review; ▶ The overall assessment of threats and safeguards; ▶ Information about the general policies and process within EY to maintain objectivity and independence. | <ul style="list-style-type: none"> ▶ A written disclosure of relationships (including the provision of non-audit services) that bear on our objectivity and independence, the threats to our independence that these create, any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed; ▶ Details of non-audit services provided and the fees charged in relation thereto; ▶ Written confirmation that we are independent; ▶ Details of any inconsistencies between APB Ethical Standards, PSAA's Terms of Appointment, and your policy for the supply of non-audit services by EY and any apparent breach of that policy; and ▶ An opportunity to discuss auditor independence issues. |

During the course of the audit we must also communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of our safeguards, for example when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future contracted services, and details of any written proposal to provide non-audit services;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period are disclosed in appropriate categories.

5.2 Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including any principal threats. However we have adopted the safeguards below to mitigate these threats along with the reasons why they are considered to be effective.

Self-interest threats

A self-interest threat arises when EY has financial or other interests in your entity. Examples include where we have an investment in your entity; where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with the Council.

At the time of writing, there are no long outstanding fees.

A self-interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to the Council. We confirm that no member of our audit engagement team, including those from other service lines, is in this position, in compliance with Ethical Standard 4.

There are no other self-interest threats at the date of this report.

Self-review threats

Self-review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no other self-review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of your entity. Management threats may also arise during the provision of a non-audit service where management is required to make judgements or decisions based on that work.

There are no management threats at the date of this report.

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

Overall Assessment

Overall we consider that the adopted safeguards appropriately mitigate the principal threats identified, and we therefore confirm that EY is independent and the objectivity and independence of Debbie Hanson, the audit engagement Director, and the audit engagement team have not been compromised.

5.3 Other required communications

EY has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes within EY for maintaining objectivity and independence can be found in our annual Transparency Report, which the firm is required to publish by law. The most recent version of this report is for the year ended June 2015 and can be found here:

<http://www.ey.com/UK/en/About-us/EY-UK-Transparency-Report-2015>

Appendix A Fees

A breakdown of our agreed fee is shown below.

| | Planned Fee 2015/16 £ | Scale Fee 2015/16 £ | Scale fee 2014/15 ¹ £ | Explanation |
|-------------------------------------|-----------------------------|---------------------------|--|--|
| Opinion Audit and VFM Conclusion | 151,844 | 151,844 | 202,459 | The reduction in fees reflects the reduced overheads of PSAA compared to the Audit Commission. |
| Total Audit Fee – Code work | 151,844 | 151,844 | 202,459 | |
| Certification of claims and returns | 15,080 | 15,080 | 21,570 | |

¹ 2014/15 fees were payable to the Council's previous auditor, PwC.

All fees exclude VAT.

The agreed fee presented above is based on the following assumptions:

- ▶ The overall level of risk in relation to the audit of the financial statements is not significantly different from that of the prior year;
- ▶ Officers meeting the agreed timetable of deliverables;
- ▶ Our accounts opinion and value for money conclusion being unqualified;
- ▶ Appropriate quality of documentation is provided by the Council;
- ▶ There is an effective control environment; and
- ▶ Prompt responses are provided to our draft reports.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

Appendix B UK required communications with those charged with governance

There are certain communications that we must provide to the Audit Committee. These are detailed here:

| Required communication | Reference |
|---|---|
| Planning and audit approach Communication of the planned scope and timing of the audit including any limitations. | ► Audit Plan |
| Significant findings from the audit <ul style="list-style-type: none"> ► Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures ► Significant difficulties, if any, encountered during the audit ► Significant matters, if any, arising from the audit that were discussed with management ► Written representations that we are seeking ► Expected modifications to the audit report ► Other matters if any, significant to the oversight of the financial reporting process | ► Report to those charged with governance |
| Misstatements <ul style="list-style-type: none"> ► Uncorrected misstatements and their effect on our audit opinion ► The effect of uncorrected misstatements related to prior periods ► A request that any uncorrected misstatement be corrected ► In writing, corrected misstatements that are significant | ► Report to those charged with governance |
| Fraud <ul style="list-style-type: none"> ► Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity ► Any fraud that we have identified or information we have obtained that indicates that a fraud may exist ► A discussion of any other matters related to fraud | ► Report to those charged with governance |
| Related parties Significant matters arising during the audit in connection with the entity's related parties including, when applicable: <ul style="list-style-type: none"> ► Non-disclosure by management ► Inappropriate authorisation and approval of transactions ► Disagreement over disclosures ► Non-compliance with laws and regulations ► Difficulty in identifying the party that ultimately controls the entity | ► Report to those charged with governance |
| External confirmations <ul style="list-style-type: none"> ► Management's refusal for us to request confirmations ► Inability to obtain relevant and reliable audit evidence from other procedures | ► Report to those charged with governance |
| Consideration of laws and regulations <ul style="list-style-type: none"> ► Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off ► Enquiry of the Audit Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit Committee may be aware of | ► Report to those charged with governance |

| Required communication | Reference |
