Dear Sirs

Reference : Shish Meze Restaurant, 2 Berther Road, Hornchurch RM11 3HS

I write to formally object to the above planning application where the owner is applying to extend his licence to serve alcohol outside the restaurant for a longer period of time in the evening.

As one of a number of long suffering residents of Berther Road, having to put up with ongoing parking problems (since the last 2 years), noise, smells and increased litter in the road, I strongly object to any extension of the restaurant's current operating licence, which as you know is located in what was once a quiet residential area.

Allowing an extension of the licence to serve alcohol in an outside area will only exacerbate the existing issues noted above, which the residents are suffering daily for. I understand the current licence only allows alcohol to be served until 9.00 pm, but I personally have witnessed this being breached on a regular basis, and no action appears to be taken against him. To grant an extension would only give him the opportunity to again breach any new time limit and so severely impact the quality of life of the residents of the road with noise until the early hours.

Yours faithfully

Clive and Leanne Middleton

31st July 2016

Dear Sirs,

Re : Ref : AGH/018223. Shish Meze Restaurant, 2, Berther Road, Hornchurch, RM11 3HS.

I would like to comment on the extended Licence Application as follows:

Berther Road has been turned from a quiet residential street to a practical war zone since the extension application for this restaurant was granted. We have been in negotiations with the Council for over 18 months regarding parking issues and have finally had parking bays installed; which when the patrons of the restaurant learn to read the signs, will return our road back into a place that we are proud to live.

Last Saturday; 23rd July the Shish Meze decided to have live music and opened all of their doors and windows so that the whole street and surrounding rounds could spend their evening suffering what could only be described as a war zone in Beirut. The music could be heard very loudly from as far away as 20 Herbert Road which is quite a distance.

The restaurant was serving alcohol out on their Veranda until closing time, despite the fact that their licence only permits this until 9pm. There were hoards of loud and obnoxious people swarming the pavement outside and due to the fact that there is only one Gents Toilet and one Female Toilet on the premises, there were men urinating in the road next to the entrance to the train station.

Customers leaving the restaurant and finding that they had been presented with a parking ticket were then shouting and screaming in the street and going back to the restaurant to complain. An angry group of young men then decided to attack one of the cars of a resident in Berther Road.

On Sunday morning; the mess in the street was an absolute disgrace as it was strewn with rubbish and broken glass.

Cont'd

I have elderly neighbours who's windows immediately face the Shish Meze. It is bad enough that they have to have their windows closed due to the smell of the restaurant and now find they need to barricade themselves in, closing their windows in the heat which still didn't keep out the noise and atrocious behaviour coming from the restaurant.

The Staff in the Restaurant themselves park straddling the pavement and a couple of weeks ago a Mother with a twin buggy was forced out into the road as she couldn't get past.

I live in very close proximity to the restaurant with my disabled child and fortunately was out for the evening, although totally shocked to hear the raucous as far away as Herbert Road on my walk home. Had I been home for the evening I would have had no hesitation in calling the Police on Speed Dial until they came and shut it down.

I am absolutely appalled that this application is being considered. This is Berther Road Hornchurch and not South Street Romford in case you hadn't noticed.

Yours in disgust.

Subject: Premises Licence Application Shish Meze Restuarant 2 Berther Road Hornchurch
RM11 3HS Ref AGH/018223

I wish to oppose the extension of permitted hours at the above premises in the premises licence application. My flat, 2 bedrooms and lounge overlook the premises. The existing hours until 2100 hrs outside means there are people eating and drinking until after 2100 hrs and extending the hours would mean it would continue later with all the existing noise. I wear 2 hearing aids and even without them can hear people in the restaurant so an extension to 2300 hrs would make sleeping even more of a problem as well as people leaving the restaurant at the later time. It should also be remembered that the restaurant is situated in a residential area. It is impossible to have a quiet evening with the windows open in the spring and summer without the noise from the restaurant interfering with that especially on evenings when there is music in the restaurant. In addition to the outside area the doors to the inside are open and the 150 or so people inside talking clapping and singing happy birthday etc adds to my discomfort. This would obviously increase if the application were granted. The situation has only got worse since the original licence was granted.

Objections to licence applications

Objections to or support of an application are called representations.

Representations must clearly set out the likely effects the grant or variation of the licence would have on the promotion of at least one of the licensing objectives, and must clearly relate to the premises for which the application is being made.

The four licensing objectives are:

1. The prevention of crime and disorder
2. Public Safety
3. The prevention of public nuisance
4. The protection of children from harm

It would be wise, therefore, to explicitly link one or more of the licensing objectives directly to the premises in question. In addition, the Licensing Authority can only consider representations that are not 'vexatious' or 'frivolous'. The Licensing Authority must determine whether a representation is vexatious or frivolous. A vexatious representation might be one that is based only upon a business rivalry, whilst a frivolous representation might be one that lacks seriousness.

A representation cannot be made anonymously, your name and address must be provided (which will become part of a public document), even if somebody else (e.g. a local MP or Councillor) is making the representation on your behalf. This is because the Licensing Authority needs to know how relevant an objection is in relation to the address and it is not being vexatious. It is also important that an applicant is able to respond to a representation, for example, if they believe that it is not a 'relevant' representation.

Relevant representations must be received within 28 days of the application being made and will normally result in a hearing by the Licensing Sub-Committee to determine the application. Only persons who have made a relevant representation are entitled to address the Sub-Committee.

Please comment on the below licensing objectives relevant to your concerns or observations, you may also wish to include suggestions how your concerns could be addressed.

Public nuisance

The residents of Berther Road have already suffered from noise and disturbance due the current licence of 9pm being routinely breached. This has been further exacerbated recently with live very noisy 'music' until 11pm. Any extension is considered quite ludicrous. What I and the other already distressed residents of Berther Road cannot understand is why no action has been taken by the council for the continuing existing licence breach?

Crime and disorder

The residents of the road recently suffered from a live/late drinking episode which was followed by broken bottles in the road; shouting and swearing; plus Resturant customers attempting to damage a resident's car parked in their drive.

Protection of children from harm

This Resturant seats 120+ people in a residential road NOT a commercial high street. Increased noise and disturbance is contrary to the well being of children in the road whose sleep is already being disturbed. Moreover, any loud shouting and swearing later in the evening is certainly very frightening and intimidating for youngsters.

Public safety

The Resturant originally seated 30 people with one toilet. The council allowed it to extend to 120+ without any consultation with the residents of Berther Road and I still believe there is only one toilet; consequently this may explain why there have been reports on particularly busy evenings of men urinating on the pathway to Emerson Park Station. Also despite new parking restrictions, forced by the residents of the road, customers of the Resturant continue to park on double yellow lines which has previously caused several serious accidents.

Please comment on the below licensing objectives relevant to your concerns or observations, you may also wish to include suggestions how your concerns could be addressed.

Public nuisance

To allow the serving of alcohol from 11.00 - 23.00 in the outside areas of the restaurant would cause more noise in a residential area, and would also allow for even more covers as more people could be served of an evening if allowed to sit outside and drink. More people standing on the street drinking and smoking as smoking is not permitted in the restaurant. The restaurant is already in breach of its existing license by serving alcohol in its outside areas after 9pm, and so I am sure by extending

Crime and disorder

the license would only cause further breaches. Also loud music/live music is played with no consideration of the residents of the road. I am sure that deregulation of the music license was based on the idea that premises concerned would not be situated in a residential street. More people being able to drink at the restaurant for longer would cause more disruption in the road. We are already subject to the noise of people leaving the restaurant at all times of the evening, and also subject to men using the surrounding area as a toilet due to lack of facilities in the restaurant itself.

Protection of children from harm

As stated this is a residential street and the children in the area should not have to be subject to groups of people sitting outside drinking at all times of the day and night.

Public safety

As a matter of safety, it can be very intimidating to have such a large group of people gathered at the end of your road drinking and singing. They also block the pavement when standing outside to smoke. We have increase traffic in the area, problems with parking and therefore a possible hindrance to any emergency vehicle.

Public nuisance

Haverings current Licensing policy, Policy 7, states that the licensee, Mr Gul, is responsible for managing their premises within the guidance contained within the conditions of licence. I have no confidence in Mr Gul ensuring his staff will be adhering to the amended licence conditions because on the 5/8/16 at and between the hours of 2100 and 2130 I observed as many as 14 people openly drinking alcohol served to them from the restaurant outside Shish Meze. This was

encouraged by staff as a consequence of trying to appease customers who had booked a table that was not available at the requested time and other customers who were waiting for a spare table to become available. There is very limited waiting area within this restaurant and because it is a very busy establishment at the weekends this table changeover time, when diners are expected to vacate their table, always creates this specific and real problem .

Customers were able to buy drinks and have them charged to their up and coming table reservation enabling the restaurant to ignore the current conditions of license actively encouraging them to drink outside in an area that is not fit for this purpose. In addition how can the license ensure their challenge 25 policy is enforced if there is no visible contact with the patrons who are consuming alcohol outside the premises. The accumulation of people at or near the entrance means that the entrance doors are always open and has a detrimental effect on the means of escape as well as the increase in noise disturbance for the closest of residents

This congregation also totally obscures the , in my opinion too small, signage requesting that patrons leave quickly and quietly

As a consequence of allowing(encouraging patrons to drink outside of the premises the potential for glassware being readily available for instant arming.

N/A

As a consequence of the very limited waiting space inside the restaurant and the subsequent over spill outside during the changeover period it creates a real distraction for motorists approaching this busy limited view road junction.

The required visibility splay as required by the current licence is severely restricted.

Any patron reversing from the allocated parking spaces have a very restricted view when attempting to get onto the main thoroughfare

Objections to licence applications

Objections to or support of an application are called representations.

Representations must clearly set out the likely effects the grant or variation of the licence would have on the promotion of at least one of the licensing objectives, and must clearly relate to the premises for which the application is being made.

The four licensing objectives are:

1. The prevention of crime and disorder
2. Public Safety
3. The prevention of public nuisance
4. The protection of children from harm

It would be wise, therefore, to explicitly link one or more of the licensing objectives directly to the premises in question. In addition, the Licensing Authority can only consider representations that are not 'vexatious' or 'frivolous'. The Licensing Authority must determine whether a representation is vexatious or frivolous. A vexatious representation might be one that is based only upon a business rivalry, whilst a frivolous representation might be one that lacks seriousness.

A representation cannot be made anonymously, your name and address must be provided (which will become part of a public document), even if somebody else (e.g. a local MP or Councillor) is making the representation on your behalf. This is because the Licensing Authority needs to know how relevant an objection is in relation to the address and it is not being vexatious. It is also important that an applicant is able to respond to a representation, for example, if they believe that it is not a 'relevant' representation.

Relevant representations must be received within 28 days of the application being made and will normally result in a hearing by the Licensing Sub-Committee to determine the application. Only persons who have made a relevant representation are entitled to address the Sub-Committee.

 Public safety

Extending the external footprint of the licensed area of this premises causes a serious issue with the means of escape as defined by the regulatory reform order. There are 2 designated S22 Fire exits
 The front exit leads out to an enclosed external seating area with no direct access to the public highway and

the one at the rear of the premises uses a route to the public highway which is almost totally blocked by cars parked adjacent to the premises during the busy weekend period. I believe this is a new and current problem as a consequence of the recent parking restrictions in Berther Rd. As this is not a designated parking area as per the submitted plans I believe it is an attempt from the staff to park there and free up the designated parking bays within Berther Rd. I have photographic evidence of this

This restriction of means that the , responsible person, as designated by the order is unable to provide safe means of escape as well as discharge their duty under the Disability Discrimination Act , primarily users of wheelchairs

This problem is a direct consequence of the restaurant expanding beyond its original footprint

In addition ,the proximity of the parking spaces at the front of the premises makes it vulnerable to any minor driving mishap there being no concrete bollards to refrain a vehicle that lurches forward from hitting the row of externally seated customers ,which runs across the outside of the premises and is not represented on the plan I have photographic evidence

In addition to this there is the question of the quality of air when seated so close to manoeuvring vehicles

Summary of representation:	To OBJECT to the proposed variations to the premises licence application on the specific licencing objective "The prevention of public nuisance".

<p>Policy Considerations:</p> <p>The representation takes into account the following licencing policies as set out in the document titled "Statement of Licencing Policy" with effect from 7th January 2016:</p> <p><u>Licencing Policy 1</u></p> <p>In considering applications for new licences, variations to existing licences and licence reviews the Licensing Authority will take the matters listed below into account:</p> <ul style="list-style-type: none"> • whether the premises is located in an area of cumulative impact; • the type of premises and their cumulative impact on the area and the mix of premises in the area; • the location of the premises and the character of the area; • the views of the responsible authorities; • the views of other persons; • past compliance history of current management; • the proposed hours of operation; • the type and number of customers likely to attend the premises; • whether the applicant is able to demonstrate commitment to a high standard of management, for example through active participation in the Safe and Sound meetings and pub watch. <p><u>Licencing Policy 6</u></p> <p>The Licensing Authority considers that, in the interests of clarity and transparency, applicants should normally have in place the relevant planning consent for the intended use and hours of operation, or otherwise have lawful planning status, before making an application for a premises licence. However every application will be considered on its merits on a case by case basis</p> <p><u>Licencing Policy 8</u></p> <p>When assessing the applicant's or licensee's ability to demonstrate a commitment to high standards of management the Licensing Authority will take into account whether the applicant or licensee:</p> <ul style="list-style-type: none"> • Can demonstrate comprehensive knowledge of best practice

- Has implemented any advice that has been given by the responsible authorities

- Can demonstrate knowledge of the licensing objectives, relevant parts of the Licensing Policy and their responsibilities under the Licensing Act 2003
- Is able to run their business lawfully and in accordance with good business practices
- Is able to demonstrate a track record of compliance with legal requirements.

Where there is a history of non-compliance associated with the premises the Licensing Authority is unlikely to grant a new or variation application unless there is evidence of significant improvement in management standards.

Licensing Policy 14

The Licensing Authority is committed to protecting the amenity of residents and businesses in the vicinity of licenced premises, particularly when late hours have been sought. Where relevant representations are received, the Licensing Authority will impose appropriate restrictions or controls on the licence to support the prevention of undue noise disturbance from licensed premises.

Representation:

An assessment by the planning services was undertaken in 2014 with relation to the use of the property as a restaurant, and the impact on the amenity of the local area was considered and subsequently conditioned (see the "Other documents attached" section for more information). This has been recently reviewed (and subsequently superseded) under the newer planning application P0152.15, which conditioned the use and operational hours of the premises. In both the use of the outside areas and the inside areas, the use was subsequently conditioned so that:

"3. The internal areas of the premises shall not be used for the purposes hereby permitted other than between the hours of 10:00 and 22:00 on Monday to Friday and between 10:00 and 23:00 on Saturday, Sunday and Bank or Public holidays. The external seating areas shall not be used for the purposes hereby permitted other than between the hours of 10:00 and 22:00 on Monday to Sunday and Bank or Public holidays. The hours of operation shall be implemented unless agreed in writing by the Local Planning Authority.

Reason:-

To enable the Local Planning Authority to retain control in the interests of amenity, and in order that the development accords with Development Control Policies Development Plan Document Policy DC61."

The licence application seeks to vary the current licence to have the premises open past what has been approved by recent planning decisions. It must be noted that the current licence in effect has opening hours that are all in accordance with the planning conditions stated above. There have been several planning applications considered over the last few years, which indicates that the use of the premises has been seriously considered and subsequently conditioned to protect the amenity of the local residents; with no appeal made against the decisions taken by the Council's planning department. Given these recent decisions (and no great change in the premises' circumstances), it is unlikely that a planning application for the hours proposed in the licence would be granted. As such the application for the licence goes directly against Licensing Policy 6. However, as the planning and licencing regimes are separate I have considered the merits of the licence application below.

The licence application seeks to have the premises open from 11am to 11:30pm every day. It must be noted that there residential properties to the east along Berther Road, and an additional 19 flats in Tilia Court, which is to the north of the site. The use of the premises outside of what has been approved previously by the planning department would be considered unacceptable in terms of the amount of disturbance to the local residents, which was the reason for conditioning the planning applications to the times that they have been. The use of the premises beyond the hours stated in the planning conditions would cause an undue amount of disturbance, and will create a night-time use in a largely residential area. This licence application therefore demonstrates a lack of consideration for the local area, and demonstrates a lack of high standards of management which is expected under Licencing Policies 1, 8 and 14.

Given the arguments as set out above, the licence application goes directly against licencing policy, and the planning department's concerns on the prevention of public nuisance have not been alleviated though the

licence application. As this is the case, I ask that the licencing committee refuse the proposed hours, and that they keep the hours on the current licence. However, the planning department has no concerns with regards to introducing new areas of the premises to the licence. If the committee is not minded to do restrict the licensable hours, then the planning services would completely object to the application to vary the licence.

Complaint and Inspection History (if applicable):

No visits to the property were undertaken.

I have attached the planning decision notices in the "other documents" section, but for clarity, the planning history is as such:
