3	The prevention of public nuisance	<input type="checkbox"/>
4	The protection of children from harm	<input type="checkbox"/>

Please state the ground(s) for review: (please read guidance note 2)

The prevention of crime and disorder:

The venue has been found to be employing illegal workers. At the time of inspection there were no members of management present, no persons employed at the premises at the time of inspection admitted to being employed by the venue. The venue is situated in a crime hotspot, a CIZ and is frequented by gang nominals. Several breaches of the licence were identified which included CCTV breaches, as a result of not being able to operate the CCTV system suspects for a theft have escaped prosecution.

PROTECTIVE MARKING

Please provide as much information as possible to support the application: (please read guidance note 3)

Illegal Workers:

On Friday the 12th August 2016 at approx. 23:15hrs police attended the venue along with UKBA officers to conduct licensing and immigration inspections.

Upon arrival at the venue there were three males behind the counter, all three were performing the roles expected of workers in a take away, one was at the till and the other two were preparing food. All three were versed in the operation of the variety of equipment available to them.

PC South introduced himself to the members of staff and asked to speak to the manager, one of the males behind the counter, a Mr DAR, stated that the manager had been outside smoking a cigarette and must have run away. In the absence of any management at the venue or anyone who admitted to be employed by the venue Immigration officials were unable to gain any implied consent for an inspection. Subsequent checks on Mr Dar reveal that he is an immigrant with no right to work in the UK. No persons at the venue at the time of the inspection were able to operate the CCTV. A phone number was subsequently obtained for the premises licence holder, Mr Amer KHAN, he stated that he was in Manchester and that someone should be at the venue within the next thirty minutes to speak with police. With no definite time for any management arrival officers secured the premises and continued with their duties.

UKBA officers have investigated Mr Dar's employment and immigration status, they have confirmed that he does not and did not at the time of the visit have a right to work in the UK. UKBA are now conducting an investigation into this matter, due to this investigation being sensitive and ongoing it was necessary to delay the submission of review documents.

Illegal working is a serious issue and is highlighted in the case of East Lindsey Council v Abu Hanif T/A Zaras restaurant. In his findings Mr Justice Jay decided that in employing an illegal worker, whether there had been a prosecution or not, the crime prevention objective had been engaged. Mr Jay highlighted that employing illegal workers defrauds HMRC and exploits vulnerable individuals.

CCTV:

On the 19th August 2016 PC Daly emailed Mr Khan having not received any responses to phone calls, Mr Khan then called and stated that he would provide CCTV within four days. On the 24th August PC DALY then requested the CCTV again as well as reminding Mr Khan that he needed to supply training records and staff files.

On the 25th August Mr Khan did provide the CCTV but in the form of the entire hard drive having not been able to extract any footage. Some cleaning records were provided as well as some health and safety and cleaning documentation but no staff training in relation to the protection of children from harm or their employment status or even national insurance numbers. Mr Khan did not give a satisfactory response to the issues raised.

Not being able to operate CCTV has meant that a suspect for a crime has evaded prosecution, CRIS 5411814/16, 12th July 2016 details how a male had his laptop bag containing his laptop, passport and other items stolen whilst he was inside the shop. The value of the property was estimated at £600. Officers viewed CCTV at the time and could see a known gang member who frequents Victoria Road take the bag. In spite of several requests for a copy of the CCTV it was not provided and the footage was erased.

The incident happened at 2100hrs so was outside of licensable hours and the conditions of the licence could not be enforced. The crime does highlight the poor management of the venue and a known gang member has now escaped prosecution and a victim deprived of justice.

Location

New Tasty Chicken is situated in Victoria Road, this is in the CIZ and has been identified as in need of regeneration. New tasty chicken is currently the only take away open past 11pm in Victoria road and is inevitably a magnet for ASB from the local youths who drug deal in Victoria Rd. The problem of gangs operating their drug supply from the area cannot be underestimated and several gang members were at the venue at the time of the inspection as detailed in the statement of PC South. Kingsmead mansions is opposite the venue and has been identified as the current base of operation for the Station Crew gang. There have been several arrests in October 2016 alone which involve youths in possession of kitchen knives within 100 meters of the venue, the reports detail links to youths congregating in Victoria Rd.

Below is an extract from Crimint KDRT00324747 from the 13th October which highlights the issues in the area:

Arrested 12/10/2016 at 1730 KING EDWARDS ROAD having been observed purchasing herbal cannabis in VICTORIA ROAD was the following male :

M [REDACTED]
dob [REDACTED] 2002
[REDACTED]

On realising police were on his case he dropped a 6 inch Kitchen Knife on the floor along with a Cannabis Joint which had just been bought in VICTORIA ROAD . Clear indication that there is still real issues of concern relating to ASB and blatant drug dealing taking place despite the increase in police activity in the area. The male has previous for possession of cannabis and was stopped back in August in suspicious circumstances relating to drug dealing in that area . One to watch out for in that area.

Of obvious concern is how many others down there are tooled up as a matter of routine?

The arrest was made at 1730hrs which is outside licensable hours however it is safe to assume that the problem does not disappear at 11pm. Statements from the Sergeant Ruane from the Romford Town Centre Team further detail the issues in the area.

The venue employs illegal workers and in doing so defrauds HMRC, has no management present at key trading times and has breached it's licence by not providing CCTV, the loss of CCTV has caused a gang member to escape prosecution and the venue is frequented gang members in a confirmed crime hotspot.

It is the opinion of the police that the revocation of the licence is the only option available in order to minimise the risk of someone getting seriously harmed at the venue in the future. Police have no faith that the owners of the business will operate in a responsible and legal manner.

This statement relates to a licensing visit.

On Friday 12th August 2016, I was on duty in full uniform, in the company of PC Daly. I was briefed to conduct a licensing visit at New Tasty Chicken, 7 Station Chambers, Victoria Road, alongside immigration officers who will also be conducting their own checks. I was given a copy of the licensing agreement, with the aim to check its conditions were being met. At 2315 hours, I entered the premises, and saw two customers eating at a table, and three males behind the counter. Mr Rameez DAR dob 18/10/1987, was behind the counter serving customers, by the till. Mr DAR was wearing a grey t-shirt. I saw Mr Khuram NAWAZ, dob 13/06/1982 behind the counter, by the ovens. I also saw Mr Hamoud MOHAMMED, dob 01/01/1996, at the back of the kitchen, preparing chicken. Mr MOHAMMED was wearing a white t-shirt. I spoke to Mr DAR, and informed him that I am here conducting a licensing visit, and that immigration officers are also attending with their own checks. Mr DAR immediately said that he does not work there. I asked where the manager was and Mr DAR informed me that he was smoking a cigarette outside and he must have run away. Mr MOHAMMED and Mr NAWAZ both also denied working there. Mr MOHAMMED stated that he was just on work experience for the day, and MR NAWAZ stated he worked in a shop across the road. When questioned why they were behind the till, preparing food and serving customers, they all denied it. Mr NAWAZ called the manager, but when the phone was given to me, he hung up. I began licensing checks, and there was no one on the premises who could speak Turkish and English. There was CCTV in the back room, but no one there who could operate it or tell me if it was working. No licensing agreement was visible on the wall. All three males who were in the kitchen were uncooperative, and could not answer any questions about the licensing agreement. Mr NAWAZ, initially refused to give his details, and Mr MOHAMMED initially provided false details. As I was conducting my checks, I noticed a gathering by the door, of teenagers, some I recognised to be associates of the Station Crew Gang. They were shouting in saying leave them alone and were unhappy that police were in the venue. As an officer on the Romford Town Centre Team, I

carry out regular patrols of Victoria Road, and regularly see members of the Station Crew congregate inside the venue, as well as outside by the doors. I have also seen members charge their phones behind the counter. Due to this, there has been an increase in antisocial behaviour on Victoria Road. There are often groups of approximately 20 youths that congregate around the shop, which seems to be encouraged by the staff, who they regularly talk to on a friendly basis. The station crew are involved in drug supply and other offences linked to this, such as carrying offensive weapons, and robberies. Often as police arrive on Victoria Road, some members of the gang will immediately enter the venue to avoid police. In summary, this venue has been dishonest to police by its staff denying working there despite officers seeing them, and has become a hot bed of anti-social behaviour.

This statement refers to problems with anti social behavior in Victoria Road and a group that uses New Tasty Chicken, 7 Station Cambers, Victoria Road, Romford. RM12HS. I am the Town Centre Sergeant and am responsible for Romford Town Centre within the ring road. There have been growing issues involving youths loitering in Victoria Road in groups of up to 20 to 30 on occasion. There have been numerous complaints from member of public regarding quality of life issues and feeling threatened by a group the loiter outside the New Tasty Chicken shop. A public meeting was also held regarding this issue on 11th October 2016 regarding problematic groups, ASB and drug dealing and impact statements taken from residents. As part of this I have attended New and Tasty Chicken on numerous occasion. I have explained to the manager working there that the youths in the area have been involved in drug dealing, anti social behavior and fighting with knives been found in the area following regular weapon sweeps. I have asked them not to have youths in the shop if they are not paying customers and said that due to the problems in the area he should call 101 and we would assist him. Following this I have since attended the store on several occasions where the youths have been sitting in the shop and they have made no effort to ask them to leave. I asked the manager why he doesn't ask them to leave or

call police and he said it was because he felt threatened. Clearly the youths are causing problems on the street and then going inside the shop to avoid police due to the stores inability to move them on – even after the offer of police assistance. The peak time for the problems in Victoria Road is from about 1700 hrs until 0200 hrs.

Hello Mr Khan,

I can confirm that I have received the DVR and staff training files at the station.

I would like to point out that at no point did I request the entire DVR, in fact the DVR is of no particular use to me as I have no facility to view footage directly from a hard drive. The box will now have to be sent to a laboratory for analysis and data extraction which may take some time.

In the mean time I will point out that you are required to have CCTV as a condition on you licence, should you trade without CCTV you will be breaking the law.

Also, the training records that you provided are inadequate. The majority refer to cleaning schedules. One of the requirements on your licence is that all staff receive training on the protection of children from harm. As yet you have not evidenced that you have such a training schedule in place, in fact you have not provided any records of staff members that are employed by you.

In order to continue to trade past 11pm you must have in place a working CCTV system which you know how to operate and have trained all your staff on how to ensure that children are protected from harm.

Oisin Daly

Dear Mr Oisin

Its fine that you have given the DVR box away for inspection as we did try ourselves without any luck. we have installed a new DVR system as per requirements

we have given staff training regarding protection of children and harm but its all been verbal and by example from myself. Most of the day shifts i or my brother are present,we have never had any issues with children

over the two years of owning the shop in fact most children enjoy coming to our shop due to our friendly service.

Our employed staff are the staff which we gave the staff training records for.

Our staff have food and hygiene level 2 training, which also covers the protection of children and harm, we allways try our level best to give full customer satisfaction

Thank you
