Future Projects

- Application for Green Flag Award at Langtons Gardens and retention of existing sites
- Applications for London in Bloom Awards for parks and contribution in Best Borough category
- Working with private companies who want to invest in our parks and help generate income.
- Research through the London Parks Benchmarking Group and Parks for London to collate ideas for additional income generation.
- Improved publicity of our parks and open spaces with new brochure, web-pages and use of the events management website 'Filmapp'.
- Improved parks condition and safety inspections with the use of the 'Commontime' software (as currently used on Housing Estates).
- Improved parks tree management with establishment of regular surveying and recording system.
