

HEALTH & WELLBEING BOARD

Subject Heading:

Localities Update

Board Lead:

Barbara Nicholls

Report Author and contact details:

Karen Starkey / John Green
Karen.starkey@havering.gov.uk
John.green@havering.gov.uk

The subject matter of this report deals with the following themes of the Health and Wellbeing Strategy

- Theme 1: Primary prevention to promote and protect the health of the community and reduce health inequalities
- Theme 2: Working together to identify those at risk and intervene early to improve outcomes and reduce demand on more expensive services later on
- Theme 3: Provide the right health and social care/advice in the right place at the right time
- Theme 4: Quality of services and user experience

SUMMARY

The paper presented to the Health and Wellbeing Board provides an update on how the focus on developing “Localities” collectively contributes to the aspirations set out in the Kings Fund report presented earlier, in respect of pillar 3.

Localities development is underpinned by strong partnership working with NHS partners with a focus on building resilience and improving health and wellbeing.

The paper highlights the wider transformation programme of the council that will, together with Localities development *contribute to role that places and communities play in health (including mental health), including the impact of social relationships and community.*

RECOMMENDATIONS

Health and Wellbeing Board is asked to consider the attached paper, and to seek clarification on the localities/transformation programme.
