

CRIME AND DISORDER O&S COMMITTEE

Subject Heading:

Havering Community Safety Partnership,
Annual Strategic Assessment 2018

SLT Lead:

Caroline Bruce, Interim Director of
Neighbourhoods

Report Author and contact details:

Diane Egan
***Community Safety and Development
Manager***
Diane.egan@havering.gov.uk
01708 432927

Policy context:

Our vision is focused around the borough's communities, places, opportunities and connections. The Council has a statutory duty under the Crime and Disorder Act 1998 to produce an annual analysis of crime and disorder in the area, which will then be used to create a strategy to reduce these. This is relevant to our vision by ensuring the safety of our communities, and creating safer places; thereby improving opportunities for individuals and businesses.

Financial summary:

No direct financial implications arising from this report

The subject matter of this report deals with the following Council Objectives

Communities making Havering
Places making Havering
Opportunities making Havering
Connections making Havering

SUMMARY

The Council has a statutory duty under the Crime and Disorder Act 1998 to produce an annually refreshed community safety plan. In order to produce this plan, the Council is required to carry out an analysis of crime and disorder in the local area.

The Strategic Assessment 2018 uses data from partner agencies as well as publicly-available information to consider crime levels and trends in Havering. The findings of the Strategic Assessment are set out in the PowerPoint presentation in the appendices and will be used to refresh the Havering Community Safety Plan 2017-20.

RECOMMENDATIONS

That the members note the Strategic Assessment 2018.

REPORT DETAIL

Havering Community Safety Partnership is comprised of five responsible authorities¹ who, by law, are required to work together to tackle crime, disorder, substance misuse and reoffending. There is also a statutory requirement that the Havering Community Safety Partnership produces an annual strategic assessment of these issues in coordination with a community safety strategy (or plan).

The strategic assessment assesses and evaluates the progress towards priorities set out in the community safety partnership plan and recommends any changes required to the strategic priorities, if applicable, for the forthcoming years. The Havering Community Safety Partnership Strategic Assessment 2017 identified three strategic themes together with one cross-cutting area. The findings of the Strategic Assessment 2018 are that our strategic themes are still very relevant and there is no necessity to alter these. The partnership plan will now be updated in a '2019 refresh' in order to refine actions based on what has been achieved over the past year, and presented to the Community Safety Partnership in April.

The strategic themes and cross-cutting area identified are as follows:

¹ London Borough of Havering, Clinical Commissioning Group, Metropolitan Police, London Fire & Emergency Planning Authority and National Probation Service/Community Rehabilitation Company.

- **Protecting vulnerable individuals/victims** – we want to reduce the number of victims and repeat victims of crime and anti-social behaviour in Havering. Areas of particular focus, where volume and risk of repeat victimisation are greatest, will be violence against women and girls, serious group violence, child sexual exploitation, and preventing hate crime and extremism. Tackling youth violence and weapon enabled crime are also key areas under this theme.
- **Supporting the most prolific and/or high harm offenders** – we want to reduce the harm and risk of reoffending posed by known offenders residing in Havering and work with neighbouring boroughs to minimise the impact of offenders travelling into Havering. Areas of particular focus, where risks associated with reoffending and harm are highest, will be offenders with drug and alcohol misuse, reoffenders, and those with links to gangs. The Mayor's Policing Plan for London includes the priority area *a better Criminal Justice Service for London*, which aims to reduce reoffending and support persistent offenders with chaotic lifestyles.
- **Creating Safer Locations** – we want to reduce the volume of crime in areas which are disproportionately affected. Our town centres are known to experience violence linked to night-time economy hours; and burglary is also a prevalent crime which affects both the individual location and wider area. Therefore, *Non-domestic violence with injury*, and *residential burglary* will be two priorities under this theme.
- Throughout this work, a key cross-cutting area will be **community engagement and public confidence**. This is to enable communities to report and receive information, as well as being part of potential solutions. This will also help to close the gap between perceptions of crime and actual levels of crime in the borough.

Havering's identified strategic priorities are broadly aligned to current and emerging regional and national strategies. Both within the national and regional context there continues to be a greater emphasis on prioritisation of crimes that present the highest levels of risk and harm, notably Violence against Women and Girls, Ending Gang Violence and Exploitation and reducing knife crime. In addition to this the MOPAC Police and Crime Plan for London has prioritised tackling extremism, hatred and intolerance.

IMPLICATIONS AND RISKS

Financial implications and risks:

There are no financial implications arising from this report which is for information only. Whilst delivery of the plan itself will have financial implications the expectation is that it delivered within existing resources within both the Council and the Metropolitan Police service. Certain initiatives within the plan are funded via a

grant by the Mayor's Office for Policing and Crime. We expect confirmation of funding from MOPAC in February for the 2019-2021 allocation of the London Crime Prevention Fund. Any funding received will be governed and coordinated by the Community Safety Partnership.

Legal implications and risks:

This strategy is in line with sections 5 -7 of the Crime & Disorder Act 1998, Police and Justice Act 2006 and The Crime and Disorder (Formulation and Implementation of Strategy) Regulations 2007/1830. Under regulation 5 of the Regulations the Local Authority has a duty to prepare a strategic assessment on behalf of the responsible authorities with the purpose of assisting the strategy group in revising the partnership plan.

Under Regulation 7 the Strategic Assessment should include:

- (a) an analysis of the levels and patterns of re-offending, crime and disorder and substance misuse in the area;
- (b) an analysis of the changes in those levels and patterns since the previous strategic assessment;
- (c) an analysis of why those changes have occurred;
- (d) the matters which the responsible authorities should prioritise when each are exercising their functions to reduce re-offending, crime and disorder and to combat substance misuse in the area;
- (e) the matters which the persons living and working in the area consider the responsible authorities should prioritise when each are exercising their functions to reduce re-offending, crime and disorder and to combat substance misuse in the area;
- (f) an assessment of the extent to which the partnership plan for the previous year has been implemented; and
- (g) details of those matters that the strategy group considers should be brought to the attention of the county strategy group to assist it in exercising its functions under these Regulations. There are no apparent legal implications in noting the content of the Assessment.

Human Resources implications and risks:

There are no HR implications directly arising from this report.

Equalities implications and risks:

The Public Sector Equality Duty (PSED) under section 149 of the Equality Act 2010 requires the Council, when exercising its functions, to have due regard to:

- (i) the need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010;

- (ii) the need to advance equality of opportunity between persons who share protected characteristics and those who do not, and;
- (iii) foster good relations between those who have protected characteristics and those who do not.

Note: 'Protected characteristics' are: age, sex, race, disability, sexual orientation, marriage and civil partnerships, religion or belief, pregnancy and maternity and gender reassignment.

The Council is committed to all of the above in the provision, procurement and commissioning of its services, and the employment of its workforce. In addition, the Council is also committed to improving the quality of life and wellbeing for all Havering residents in respect of socio-economics and health determinants. The Equalities Impact Assessment for the Havering Community Safety Partnership has been completed and is an appendix within the Havering Community Safety Partnership Plan.
