LONDON BOROUGH

**COUNCIL, 13 JUNE 2012**

**MOTIONS FOR DEBATE**

**A THE COUNCIL'S CONSTITUTIONAL ARRANGEMENTS**

**Motion on behalf the Labour Group**

That this Council review its constitutional arrangements to ensure that the commonly-held view that we have in the Borough an “elective dictatorship” is addressed and reversed.

**B THE RIGHT TO BUY: REVIEW**

**Motion on behalf the Independent Residents' Group**

This Council believes the Right to Buy legislation was promoted by successive governments to stop local councils from providing accountable and value for money Council housing for local people.

It therefore calls on the Local Government Minister to undertake a review of housing policy that includes the option of removing the Right to Buy on **new** council houses.
