Local Area Coordination Health and Wellbeing Board 27th November 2019

A NEW APPROACH FOR HAVERING

Local Area Coordination is a well-evidenced way to support people of all ages who are dealing with complex situations in their lives. This may include people who are disabled, have mental health needs, are living with a long-term condition or are older.

EMBEDDED IN COMMUNITIES ACROSS HAVERING

We will be recruiting highly skilled people as Local Area Coordinators who will work in small geographical areas and build strong relationships with the people, organisations and businesses in that area.

CONNECTED AND INCLUSIVE COMMUNITIES

Local Area Coordinators help people to draw upon their own strengths and those around them to live the life they want, connected to their community; and build resilient and more welcoming communities.

Local Area Coordination...

Builds connections, helps people to stay strong and share their gifts in the local community

Nurtures inclusive, welcoming and self-supporting communities

Supports system change and the transformation of public services
