About your activity

1	Title of activity	Council Tax Support Scheme 2021		
2	Type of activity	This is a scheme which provides assistance to people on low incomes to help them pay their Council Tax.		
3	Scope of activity	<p>The Council Tax Support (CTS) Scheme helps many working age people on low incomes pay their Council Tax bills.</p> <p>While Government funding is insignificant, the Council is committed to maintaining the current 2020 CTS scheme in 2021.</p> <p>The proposed scheme will continue to protect pensioners by law who will get the same level of council tax support as they do now which be up to 100%.</p> <p>Disabled working age applicants can have up to 80% off their Council Tax Bill. Working age applicants can have up to 75% off their Council Tax bill.</p> <p>It is proposed the CTS 2020/21 Scheme remains unchanged for working age and pension age claimants in 2021/22.</p>		
4a	Are you changing, introducing a new, or removing a service, policy, strategy or function?	No	If the answer to <u>any</u> of these questions is 'YES', please continue to question 5.	If the answer to <u>all</u> of the questions (4a, 4b & 4c) is 'NO', please go to question 6.
4b	Does this activity have the potential to impact (either positively or negatively) upon people (9 protected characteristics)?	Yes		
4c	Does the activity have the potential to impact (either positively or negatively) upon any factors which determine	No		

	people's health and wellbeing?			
5	If you answered YES:	Please complete the EqHIA in Section 2 of this document. Please see Appendix 1 for Guidance.

2. The EqHIA – How will the strategy, policy, plan, procedure and/or service impact on people?

Background/context:
<p>The Council has a statutory obligation to provide a local Council Tax Support Scheme under the Local Government Act 2012.</p> <p>The Council proposes to maintain the Council Tax Support (CTS) Scheme in place since April 2020/21 for 2021/22. The scheme provides assistance to people on low incomes to help them pay their Council Tax.</p>

Who will be affected by the activity?
<p>The 2021 scheme will continue to protect pensioners who will get the same level of Council Tax Support as they do now. This can provide up to 100% off their Council Tax bill.</p> <p>Disabled working age applicants can have up to 80% off their Council Tax Bill. Working age applicants can have up to 75% off their Council Tax bill.</p> <p>At 31 October 2020, 8,957 working-age claimants and 5,515 pensionable age claimants were in receipt of Council Tax Support.</p> <p>Support remains in place through the Council Tax Discretionary policy for those who suffer hardship. Support workers and advisors continue to direct customers where appropriate to the online application which is available on the Havering website.</p> <p>In terms of the number of Council Tax Support Claimants and their household and personal status, the overall total, compared to last year, has increased from 14,272 to 14,472 (Oct 2020).</p>

Positive	The impact of this scheme, as compared to the current scheme will remain the same as in the Equality Impact Analysis prepared in Dec 2019. Legislation means that the 2021/22 scheme will continue to protect pensioners by law. Consequently the pension age scheme and the working age scheme have become more disparate overtime. Within the scope of the 2021 scheme, there continues to be a Council Tax Discretionary policy to enable the Council to consider cases of

For comparison, the working age population (18-64 years) in Havering is 76% and the pension age population is 24%.</p> <p>The application for Council Tax Support is an online form which allows for a third party such as a family member, friend or a voluntary organization to assist any person of pension age requiring assistance. A range of information and advice is also available on the Council Tax web pages.</p> <p>A full range of online services are available including a Text relay service: 18001 01708 434343. Negative	<input type="checkbox"/>

Within the scope of the 2021 scheme, there continues to be a Council Tax Discretionary policy to enable the Council to consider cases of hardship which will help mitigate any negative impacts.

The Recovery Policy also sensitively considers vulnerable persons under whom disabled CTS applicants are categorized, in the collection of Council Tax.

In terms of Council Tax Support, disabled claimants are defined as people who have a disability income that entitles them to one of the following premiums: disability, severe disability, enhanced disability, disabled child and/or carer when calculating their benefit. These premiums raise the amount the household need to live on and so can increase the amount of CTS.

Approximately 23% of working age Council Tax Support claimants meet the above definition compared with 21% of the over all working age population of Havering.

It is known Disabled people are historically disadvantaged and face greater barriers when accessing (information about) services, therefore disabled households are considered to be more vulnerable than other households. Disabled people who are unable to work receive higher levels of state benefits and while based on the proposals they will be subject to pay 20% of their Council Tax, disabled working age claimants are likely to have a higher income than other unemployed, working age claimants whose council tax support will also be reduced.

Council Tax Support hardship payments can also assist disabled people with their Council Tax.

A full range of online services are available and a Text relay service exists: 18001 01708 434343. Customers can contact the council in person at the Public Advice and Service Centre or by telephone to the dedicated service Call Centre. Details of AccessAble are available on the council's website. Customer Services staff are able to advise and assist, as can Havering's Community Learning Disability Team (CLDT) which assists adults with a learning disability and their carers.

The Language Shop also exists providing the following services:

- Proofing and editing of translated documents;
- Reproduction of print material in large print;
- Reproduction of print material in Braille;
- Audio and transcription services;
- Subtitling;
- Reproduction of information in "Easy Read" (simplifying information using pictures and plain English);
- Certification and authenticity checks of documents
- Other outside organisations such as Peabody, CAB and Age UK are widely promoted to provide assistance customers with disabilities

- According to the GLA 2012 Round Strategic Housing Land Availability Assessment (SHLAA) ethnic group projection, which is the most up-to-date data on ethnicity, ethnic groups represent 14.3% of the Borough population. It should be noted, however, that the GLA define ethnic groups (BAME) differently to the ONS (BME). The GLA's BAME category does not include the 'White Other' Group. Instead the 'White Other' group is included in the 'White' category.

- GLA Intelligence also reports on BAME population projections from 2001 to 2041, across 5-year intervals. As illustrated on the below graph, (Graph 1) Havering's BAME population is projected to steadily increase from the current 14.3% to approximately 21% in 2041. For comparison, the BAME population for Greater London is projected to reach 50% by 2038, which also coincides with a steady decline of the White population.

		There is insufficient information available to make an assessment on the impact of the proposals on this protected characteristic. However, working mothers on maternity leave and women with caring responsibilities tend to have less income and/or reduced access to the labour market.
		It is perceived that there may also be equality implications for parents with young children and babies, particularly lone parents who may experience a negative impact. Support is in place through the Council Tax Discretionary policy for those who suffer hardship as a result of these proposals in order to mitigate any negative impacts.
