Dear Licensing Officers,

With reference to the application for a premises licence for Smart Shan Ltd of 8 North Street Romford to sell alcohol Monday to Sunday 09.00 to 20.00 I wish to object. Romford Town Centre already has too many licensed premises as stated in Havering's Alcohol Saturation Zone Policy but I wish to object on the grounds of public safety because its proposed hours, especially in winter, facilitate the objectionable habit called pre-loading where visitors to nightclubs buy and consume usually high strength alcohol prior to entering aforesaid nightclubs to avoid buying what would usually be a lot dearer unit for unit. If not drunk on the street it may still be hidden and later consumed on Club or Bar Premises. Besides the obvious dangers of quick inebriation it damages public safety through health effects.

I further object on the basis of public nuisance. I feel that this outlet may well facilitate street drinking despite the Town Centre being a controlled zone as this store is sited within the less frequented part of the central area stretching the number of places the police have to concentrate on and allowing people in the act of drinking despite the prohibition to hide in the nearby alley and private car park as well as other local "dead zone" areas not readily observable because they are off the main street axis.

The police are already overstretched late at night in Romford and Hornchurch Town Centres and I fear that this lessens the necessary protection of children from harm as under 18 year old teenagers will be more able to pressure passing adults into making illegal purchases for them because of the fact that the store accesses directly to a wide area, with various routes away, as mentioned above, difficult to police. I am also worried by the store layout which despite the camera points may facilitate shoplifters arranging distractions to facilitate a getaway.

Regards,

Cllr. Frederick Thompson

The Police wish to make a representation **against** the application for a new premises licence for SMART SHAM LTD, 8 North Street, RM1

- The premises falls within the saturation area of the town centre and full details of the policy can be found on the London Borough of Havering website.
- Police feel that the application should be refused on the grounds of saturation and cumulative impact, allowing this application would not promote the licensing objectives. Namely the Prevention of crime and disorder, public nuisance.
- This application is far from exceptional; it does not provide anything different for the town centre or offer a service or concept that is not already available, neither does it replace licensed premises which are closed.

#### **Supporting grounds of saturation**

The following "18" off licence premises are all located within close proximity; estimated distances of less than 500M, Those in Bold are less than 100M from the purposed store.

**Am and Pm - South Street**  
**Romford Mini Mart - South Street**  
**The Russian shop - High Street**  
**Marks and Spencer - South Street**  
**SAVERS Market place - Romford**  
**TESCO South Street - Romford**  
**Bargains Galore - Western Road**  
**Debenhams - Market place**  
**Iceland - Market place**  
Sainsburys - The Brewery  
Londis - Strumbras Victoria Road  
ESSSO - Main Road  
Lidl - Atlanta Boulevard  
Maxim Food stores - Victoria Road  
Afforda - South Street  
J and B convenience - South Street  
Asda Liberty Mall  
Key News and Food - South Street

This list does not include licensed premises such as Pubs, Bars, and Restaurants where the majority cater for off sales as well.

The London Borough of Havering is amongst the highest areas within the Metropolitan Police for alcohol fuelled violence.

- Off licences play a key role in fuelling the availability of alcohol and often are cheaper than pubs and bars. There is a term in policing referred to as pre loading. This is where a person consumes alcohol prior to attending licensed premises, so the full effects of the alcohol consumed as probably not been felt by that person yet. There is such a strong link between price and consumption.
- The town centre experiences several issues on pre loading, off licences that sell within the ring road do so with the condition that the alcohol is not consumed in the streets within the ring road.
- This is often disregarded by the person who purchases the item and is consumed within proximity of the off licence. Many subjects then remain in the town centre afterwards. The operators are unable to control this hence the police are now involved.
- Off licences fuel the availability to street drinkers and those who are alcohol dependant many of whom are refused entry into the local pubs and bars.

Police are tasked to deal with such issues; they have powers to remove the alcohol and any open or sealed containers, if they believe that it will be consumed or is being consumed within the designated area of the alcohol controlled zone.

### **Designated area**

The Criminal Justice and Police Act 2001 contains provisions specifically designed to address the problems of alcohol related disorder. Sections 12-16 of the Act allow local authorities to adopt powers to designate areas which have known nuisance, annoyance to the public, or disorder associated with the consumption of alcohol.

Designated Drinking Areas are an effective tool to tackle the problems associated with the anti-social consumption of alcohol in public places. This incorporates the under-age consumption of alcohol, the negative image that street drinking projects to the community and the frequently resulting social nuisance which impacts on others quality of life.

- Alcohol confiscation is a direct result of off licence sales. Many premises are often totally unaware of the effects they create. These issues are a constant task for police officers.
- Drinks promotions and special offers are often deemed irresponsible sales by the police given the issues this town centre faces. The availability of cheap alcohol does not promote the licensing objective under the prevention of crime and disorder and public nuisance.
- The bars and clubs in the town centre have collectively introduced minimum pricing and have maintained level prices with competitors to assist in combating crime and disorder, public nuisance.

### **The saturation zone within the town centre is the designated area.**

Police spend a lot of their time dealing with such matters in an attempt to prevent further crime and disorder and public nuisance, this is an on going problem.

There is evidence to suggest that customers from off licences contribute to the global difficulties within the town centre.

This area suffers from a series of difficulties that have arisen from a concentration of licensed premises in the town centre. The cumulative effect is violence on and off premises, theft, robbery, noise and nuisance, large gatherings of people, littering, fouling and a deteriorating public realm, street drinkers and alcoholics.

There is not a single operator who is to blame but together they cumulatively impact on the town centre.

**The licensing objective the Prevention of Crime and disorder**, police officers are at a constant battle to combat crime and disorder, and public nuisance within the town centre. They work day and night on street drinking issues.

**Section 27 of the Violent Crime Reduction Act 2006** introduced a power for a constable in uniform to issue a direction to leave a locality to an individual aged at least 16 who is in a public place and who presents a risk of alcohol related crime or disorder.

Section 27 notices can effectively target people drinking out in the streets, thus preventing later drunkenness and disorder in venues.

#### **Disorder, Public safety, Protection of children from Harm.**

Police deal robustly with disorder in the town centre and used fixed penalty notices for public order offences, including urination in the streets. Many of these offences are due to alcohol fueled youngsters under the age of 25. The town centre is policed by a dedicated team with local knowledge and up to date intelligence.

The town centre does have a high ratio of licensed premises, within the saturation zone.

#### **Other schemes implemented to assist in promotion of the licensing objectives.**

In Partnership with the local authority the town centre operates a Banned from One, Banned from all schemes. Anyone who is involved in alcohol fuelled violence and or disorder within the saturation zone can be put forward to be banned under this scheme, a banning notice can be for up to 5 years.

**Within the last 12 months 279 banning notices have been issued.**

The local authority and police work hard to promote the licensing objectives in the town centre. This is fully supported by partnership work of the venues and operators in the saturation zone.

My aim is to provide information relating to the problems that we face within the town centre, in order to assist the applicant in providing a better understanding of why the saturation policy was adopted. The saturation policy along with cumulative impact was designed to assist in promoting the licensing objectives.

#### **Summing up**

Romford town centre is major concern to the local police day and night; the saturation policy remains valid regardless of times the applicant states he wishes to serve alcohol.

Street drinkers, thefts, robberies and violence occur though out the day although violent offences peak late evening and early morning. They are certainly not just at night.

Police have worked on several projects with street drinkers and those subjects who are alcohol

dependant.

Police have adopted several policies and use legal powers to combat the issues alcohol presents as mentioned in this report.

Crime and disorder along with public nuisance will continue to rise if we continue to feed an area with off licensed premises that have very little responsibility beyond the sale. Alcohol related issues are a serious issue for this town.

The text below is a quote from the Prime Minister taken from the New Alcohol Strategy as of March 2012.

“Binge drinking isn’t some fringe issue, it accounts for half of all alcohol consumed in this country. The crime and violence it causes drains resources in our hospitals, generates mayhem on our streets, and spreads fear in our communities. My message is simple. We can’t go on like this. We have to tackle the scourge of violence caused by binge drinking. And we have to do it now.”

“A real effort to get to grips with the root cause of the problem, and that means coming down hard on cheap alcohol”

A Quote from a recent newspaper article “A recent report shows that in London there was 156, 017 people admitted to hospital last year with drink problems compared with 146, 391 the year before. Experts warn that cheap alcohol is still to blame for people developing liver problems and drink related health problems.”

I ask the committee not to grant a further licence in the saturation area of the town centre.

- There are no conditions no matter how strict I could recommend to impose to prevent the issues mentioned in this report.
- The fact is we do not need another off licence creating further availability of alcohol.
- Cheap alcohol is too readily available in Romford town centre and industry needs, and commercial advantages have too frequently been prioritised over community concerns.

The granting of such a licence will undermine all the preventative work and proactive work that is involved in the town centre. The Metropolitan police could not support this application for a new premises licence to serve alcohol in an area identified as being saturated.

If the committee feel a licence should be granted police would like to suggest the following robust conditions to be considered.

**CD1** All staff shall be suitably trained for their job function for the premise. The training shall be written into a programme, ongoing and under constant review, and must be available to a relevant Responsible Authority when called upon. Refresher training should be every 6 months on the responsible sale of alcohol.

The system will incorporate a camera covering each of the entrance doors and be capable of providing an image which is regarded as 'identification standard' of all persons entering and/or leaving the premises.
