1. Introduction

This is the Pension Administration Strategy (PAS) of the London Borough of Havering Pension Fund in relation to the Local Government Pension Scheme (LGPS).

The Strategy is made under Regulation 59 of the Local Government Pension Scheme Regulations 2013 which allows an administering authority to prepare a Pensions Administration Strategy for the purpose of improving administrative processes to enable provision of a cost-effective, high quality pension administration service.

The PAS provides clarity on the key roles and responsibilities of the administering authority and scheme employers and confirms the expectations and standards that need to be achieved. It will help to ensure all parties provide the best possible service to scheme members and other relevant stakeholders. The actions that may be taken if employers do not meet the requirements are also defined within the strategy.

The PAS applies to all employers in the Havering Pension Fund. The administering authority and scheme employers must have regard to the pension administration strategy when carrying out their functions under the LGPS Regulations

Strategy Review, Ownership and Authorisation

The Pensions Administration Strategy is effective from 01 October 2021.

The administering authority will review this strategy as required to reflect changes in regulations, governance or working practices with a full review every three years. Employers will be consulted in the event of any changes.

The strategy lead is the Pension Projects and Contracts Manager. The document has been developed in consultation with scheme employers and the Local Pensions Board and with approval from the Pensions Committee.

If you have any questions or comments regarding the Pensions Administration Strategy, please contact Caroline Guyon, Pensions Projects and Contracts Manager.

Pensions Administration

From 1 November 2017, the London Borough of Havering delegated the pension administration service to Lancashire County Council who have engaged the Local Pensions Partnership Administration (LPPA) to undertake their pension portfolio. The Local Pensions Partnership was formed in 2016 through a collaboration between Lancashire County Council and the London Pensions Fund Authority and provides pension services to the Local Government Pension Scheme, Police and Firefighter Schemes.

2. Legislative Framework

Local Government Pension Scheme Regulations (LGPS) 2013

The administering authority and scheme employers must have regard to the PAS when carrying out their Scheme functions and Regulation 59 sets out a number of requirements to facilitate best practice and efficient customer service in respect of the following:

- Administration standards
- Performance measures
- Communication with scheme employers

In addition, Regulation 70 of the LGPS Regulations allows an administering authority to recover additional costs arising from scheme employers where, in its opinion, they are directly related to the poor performance of that scheme employer. Where this situation arises the administering authority is required to give written notice to the Scheme employer, setting out the reasons for believing that additional costs should be recovered, the amount of the additional costs, together with the basis on which the additional amount has been calculated.

Regulation 71 gives the administering authority the ability to apply interest on late payments by scheme employers.

Havering Pension Fund has a published Charging Policy that covers the fees that may be applied.

In accordance with the Public Sector Pensions Act 2015, the LGPS is regulated by the Pensions Regulator. The administering authority and its employers are also required to comply with regulatory guidance or Code of Practice issued by the Pensions Regulator.

Appendix 1 provides Additional information regarding the relevant regulations and guidance

3. Key Objectives

The key objectives of the PAS are:

- To set out the performance standards expected of the administering authority, its Scheme Employers and payroll providers and to promote good working relationships and improve efficiencies
- To ensure that the Havering Pension Fund operates in accordance with the LGPS Regulations and relevant Pensions Regulator Codes of Practice for governance and administration of the fund
- To promote open communication between the administering authority, its scheme employers and payroll services
- To achieve accurate record keeping to ensure a high quality service to our pension scheme members

4. Roles and Responsibilities

The Administering Authority's Roles and Responsibilities

The key responsibilities for the administering authority (most of which are discharged by the Local Pensions Partnership Administration under the shared service agreement) are to:

- Administer the LGPS in respect of all scheme members in accordance with Regulations
- Communicate and engage with Employers on LGPS matters
- Provide support/training to Employers
- Maintain and review Strategies, Policies and Reports and all other matters relating to the governance of the LGPS

The Scheme Employer's Roles and Responsibilities

The key responsibilities for the Employer are to:

- Ensure that LGPS information is communicated to eligible staff and participating members of the LGPS
- Ensure timely collection, payment and reporting of the correct levels of pension contributions
- Report member information and data as set out in this PAS or on request.

5. Performance Standards

The administering authority and scheme employers have decision-making and administrative duties under the LGPS regulations and other relevant legislation. Employer performance has a significant impact on the overall level and quality of service provided to scheme members.

A key purpose of the PAS is to set performance standards of the administration function. The performance measures which will be monitored are outlined in Appendix 2 (administering authority) and 3 (employer), with the outcomes subject to scrutiny by the Local Pension Board, with a summary published in the Fund's Annual Report & Accounts.

6. Monitoring Performance

To ensure the key objectives are being met, the performance measures will be monitored by the Pensions Projects and Contracts Manager and subject to scrutiny by the Local Pensions Board. A summary published in the Fund's Annual Report and Accounts.

The preferred route to resolution in regard to shortfalls in the performance standards is to support and work closely with employers via the Pensions Projects and Contracts Manager and the LPPA employer engagement team. This will allow an opportunity to correct the issue.

However, where persistent failure (which is defined as an ongoing failure to positively engage with the administering authority) occurs in relation to meeting the performance standards, the escalation procedure (Appendix 5) and Charging Policy may be invoked.

If unsatisfactory performance impacts the administering authority's ability to perform statutory functions or provide a high quality administration service to LGPS members and measures are not being taken by the employer to address this the administering authority will consider reporting the employer to the Pension Regulator.

7. Feedback from Employers

The Scheme Manager (or their representative) will monitor the performance of the Local Pensions Partnership Administration and the London Borough of Havering in its role as administering authority against the standards in the PAS.

Employers who wish to provide feedback on the performance of LPPA or the administering authority against the standards in the PAS should send their comments to the Pensions Projects and Contracts Manager.

Any feedback received will be responded to and considered for incorporation into the reports provided to the Local Pension Boards.

Regulations

Overriding Legislation

In performing the role of administering the LGPS, the administering authority, scheme employers and the LPPA must comply with all overriding legislation including:

- The Occupational Pension Schemes (Disclosure of Information) Regulations 2015
- The LGPScheme (Amendment) (Governance) Regulations 2015
- The Pensions Act 1995, 2004 and 2014
- The Pension Schemes Act 2021
- The Finance Act 2004, 2006 and 2014
- Public Service Pensions Act 2015
- Data Protection Act 2018
- HMRC legislation

This list is not exhaustive and other Legislation and Regulations may and will apply in certain circumstances.

In accordance with the Public Sector Pensions Act 2015, the LGPS is regulated by the Pensions Regulator. The administering authority and scheme employers are required to comply with regulatory guidance or Code of Practice issued by the Pensions Regulator.

The Local Government Pension Scheme Regulations

The LGPS Regulations 2013 (Regulation 59 (1)) enables an administering authority to prepare a written statement of the Administering Authority's policies in relation to such matters mentioned in Regulation 59 (2) that it considers appropriate.

The regulation says that this written statement shall be known as the "Pension Administration Strategy"

In addition Regulation 59 (3-7) sets out the requirements for the review and revision of the PAS.

Regulation 70 of the Local Government Pension Scheme Regulations 2013 enables the administering authority to recover additional costs from a Scheme employer when, in the opinion of the administering authority, it has incurred additional costs because of the poor performance of the scheme employer in relation to the PAS.

Regulation 71 gives the administering authority the ability to apply interest on late payments by scheme employers.

Disclaimer

Overriding legislation dictates the minimum standards that pension schemes should meet. The LGPS regulations also identify a number of requirements for the administering authority, the LPPA and scheme employers. The PAS is designed to highlight the key areas for providing high quality administration of the LGPS but does not cover all regulatory requirements. Nothing in the PAS overrides or negates the duties of the administering authority, the Local Pensions Partnership Administration or scheme employers of their obligations under the LGPS or overriding legislation.

The administration for the Havering LGPS is performed by the Local Pensions Partnership Administration (LPPA). Their website www.lppapensions.org.uk is a valuable source of information for both members and employers and can be used to submit queries, download the bereavement forms and view guides and scheme information.

The LPPA Portal is www.yourfund.org.uk and should be used to submit member related forms and information. Information about Your Fund and how to register is on the main website.

Pensions Administration Service Level Agreements

This section provides an abridged version of the service level agreements set out in Schedule 1 of the Shared Service Agreement with Lancashire County Council (LCC). LCC have delegated the pensions administration function to the Local Pensions Partnership Administration (LPPA) and it is their responsibility to ensure the data collected from employers is accurate and received in a timely manner. Any requests for information or queries raised by LPPA should be responded to in line with the PAS.

The SLA's below are those directly reflected within the PAS.

Escalation Procedure

Scheme Employer

This section confirms the escalation procedure that will be applied following the identification of any unsatisfactory performance by a scheme employer.

The preferred route to resolution is to support and work closely with employers via the Pensions Projects and Contracts Manager and the LPPA employer engagement team.

However, where persistent failure (which is defined as an ongoing failure to positively engage with the administering authority) occurs in relation to meeting the performance standards, the following steps may be taken

- Write to the scheme employer, setting out area(s) of non-compliance with performance standards offering support and where appropriate request attendance at a training session. Deadline for response to be agreed between the administering authority and the employer.
- If no improvement has been demonstrated or where there has been a failure to take agreed action the employer will be requested to attend a meeting with representatives of the Fund to agree an improvement plan.
- If no improvement is evident or the employer is unwilling to attend a meeting to resolve the issue a formal notice will be issued setting out; the area(s) of non-compliance with performance standards that have been identified. At this point charges will be levied against the employer in line with the charging policy.
- A report will be presented to the Local Pension Board detailing charges levied against scheme employers and outstanding payments.

If unsatisfactory performance impacts the administering authority's ability to perform statutory functions or provide a high quality administration service to LGPS members and measures are not being taken by the employer to address this the administering authority will consider reporting the employer to the Pension Regulator.

Administering Authority

Where a scheme employer believes the administering authority is not meeting the performance standards set out in the strategy, the preferred route is to raise this with the Scheme Manager via the Pensions Projects and Contracts Manager.

Alternatively, a scheme employer may speak to an employer representative on the Local Pensions Board. Details of the Board members can be found on the haverling.gov.uk website.
