**The subject matter of this report deals with the following themes of the Health and Wellbeing Strategy**

☒	The wider determinants of health
	<ul style="list-style-type: none"> <li>• Increase employment of people with health problems or disabilities</li> <li>• Develop the Council and NHS Trusts as anchor institutions that consciously seek to maximise the health and wellbeing benefit to residents of everything they do.</li> <li>• Prevent homelessness and minimise the harm caused to those affected, particularly rough sleepers and consequent impacts on the health and social care system.</li> </ul>
☒	Lifestyles and behaviours
	<ul style="list-style-type: none"> <li>• The prevention of obesity</li> <li>• Further reduce the prevalence of smoking across the borough and particularly in disadvantaged communities and by vulnerable groups</li> <li>• Strengthen early years providers, schools and colleges as health improving settings</li> </ul>
☒	The communities and places we live in
	<ul style="list-style-type: none"> <li>• Realising the benefits of regeneration for the health of local residents and the health and social care services available to them</li> <li>• Targeted multidisciplinary working with people who, because of their life experiences, currently make frequent contact with a range of statutory services that are unable to fully resolve their underlying problem.</li> </ul>
☒	Local health and social care services
	<ul style="list-style-type: none"> <li>• Development of integrated health, housing and social care services at locality level.</li> </ul>

## SUMMARY

This paper briefs members of the health and wellbeing board on work being done across North East London to design and launch the new integrated care system.

## RECOMMENDATIONS

This is a briefing paper and therefore does not make any specific recommendations to members of the board.

## REPORT DETAIL

1	Making sense of the work involved
2	Explaining our priorities
3	The transition programme
4	The leadership and design approach
5	Patient and resident engagement
6	Clinical and care professional leadership
7	The role place and health and wellbeing boards within the ICS
8	Appendix: summary of select national guidance

## IMPLICATIONS AND RISKS

The ICS transition programme maintains a full risk log. Some current risks relate to:

- the need for all partner organisations to focus on heightened operational pressures over the winter, potentially leading to less extensive engagement in the programme and therefore limited co-ownership of plans and slower or less successful implementation;
- the need to articulate the nature and purpose of the ICS in terms more readily appealing to residents and staff within partner organisations, focused clearly on resident and patient outcomes.
