# Part A – Report seeking decision

#### DETAIL OF THE DECISION REQUESTED AND RECOMMENDED ACTION

As previously reported, the arrangements for the finance and transfer of the site to the Council's wholly owned company (MLH) are progressing towards conclusion. The Council approved the Loan Facility and related Agreements for Quarles Campus on the 14<sup>th</sup> April.

In relation to the Option Agreement, there are two existing leases with telecoms operators that need to be surrendered back to the Council in relation to apparatus located on a building on the site that will need to be demolished as part of the redevelopment. Negotiations have progressed with both operators and a new site has been identified for them to relocate their telecoms apparatus. A new agreement with both operators needs to be agreed before this relocation can take place.

The operators have been working up design details and budget costings for the move in accordance with their own procedures for the relocation with a view to providing the Council with vacant possession of their current facilities. As previously reported, one operator has already completed this exercise. The second is in the final stages, but confirmation is now anticipated around the end of July 2022.

Resolution of the above matters would enable the subsequent exchange and completion on the property sale to MLH under the Option Agreement, and also exchange and completion on the Facility Agreements.

The Head of Asset Management has confirmed that the price agreed for disposal will continue to meet the requirements of Section 233 of the Town and Country Planning Act 1990 and that the sale price under the option is for best consideration reasonably obtainable.

Taking all things into consideration, including any possible delay arising over the summer holiday period, it would be prudent to extend the long-stop date until 23rd September 2022.

#### Recommendation

That the Director of Regeneration, in consultation with the Director of Legal & Governance and the Section 151 Officer, authorises (i) a prudent extension of the Option Agreement until the 23rd September 2022 and (ii) that the associated legal arrangements be made to bring this into effect.

# AUTHORITY UNDER WHICH DECISION IS MADE

Decision made by the Leader of the Council under Key Decision (October 2021).

"9. That the Director of Regeneration, acting in consultation with the Director of Legal and Governance and the Section 151 Officer, be authorised to enter into all necessary legal agreements to bring into effect the proposed arrangements in these Recommendations for both sites."

## STATEMENT OF THE REASONS FOR THE DECISION

The Company (MLH) is managed by the Council acting as Shareholder and through its Business Plan.

The Option Agreement in respect of Quarles Campus was entered into between the parties on 08<sup>th</sup> November 2019.

The Council and the Company now need to take a prudent step to extend the long stop date to utilise the agreement in order to help to facilitate the formal transaction.

Non-key Executive Decision

# Part B - Assessment of implications and risks

#### LEGAL IMPLICATIONS AND RISKS

The recommendation in this report relates to the extension of the Option Agreement made between the Council and its wholly owned company, Mercury Land Holdings Limited.

In respect of the overarching scheme at Quarles Campus to which the Option Agreement relates, the Council has a statutory duty under Section 8 of the Housing Act 1985 to consider housing conditions in its district and the needs of the district with respect to the provision of further housing accommodation. In addition, Section 1 of the Localism Act 2011 provides local authorities with the power to do anything an individual may do subject to a number of limitations (this is referred to as the General Power). A local authority may exercise the General Power for its own purpose, for a commercial purpose and/or for the benefit of others. The Council utilises its wholly owned company to deliver its objectives around local housing provision.

The Head of Asset Management has confirmed that the sale price under the option will continue to meet the requirements of section 233 of the Town and Country Planning Act 1990 and that the sale price if the option is exercised will be for best consideration reasonably obtainable.

There are no risks and legal implications arising in respect of this extension.

The recommendation within this report falls by way of delegation as permitted under s101 Local Government Act 1972.

# FINANCIAL IMPLICATIONS AND RISKS

The proposed extension to extend the Options Agreement of itself has no direct financial implications. Exempt Appendix A includes the valuation of the site.

#### HUMAN RESOURCES IMPLICATIONS AND RISKS (AND ACCOMMODATION IMPLICATIONS WHERE RELEVANT)

There are no implications arising from the proposed extension.

# EQUALITIES AND SOCIAL INCLUSION IMPLICATIONS AND RISKS

Under section 149 of the Equality Act 2010, the Council has a duty when exercising its functions. This includes to have "due regard" to the need to eliminate discrimination, harassment and victimisation and any other conduct prohibited under the Act and advance equality of opportunity and foster good relations between persons who share a protected characteristic and persons who do not. This is the public sector equality duty. The protected characteristics are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

"Due regard" is the regard that is appropriate in all the circumstances. The weight to be attached to each need is a matter for the Council. As long as the council is properly aware of the effects and has taken them into account, the duty is discharged. There are no implications arising from the proposed extension.

# ENVIRONMENTAL IMPLICATIONS AND CLIMATE CHANGE

There are no implications arising from the proposed extension.
