Part A – Report seeking decision

DETAIL OF THE DECISION REQUESTED AND RECOMMENDED ACTION

The Council is making a decision to appoint a festive lighting supplier which will provide festive LED motifs, installation and removal of designated lamp columns in specified locations within the borough for Christmas 2022. There will be the same amount of motifs as in 2021.

The Council is making a decision to award a 12-month contract, which will cover the festive period. The contract value is £54,995 and will start in September 2022 with installation commencing in mid-November.

AUTHORITY UNDER WHICH DECISION IS MADE

3.3 Powers of Members of the Senior Leadership Team

Contract powers

(b) To award all contracts with a total contract value of between £500,000 and £5,000,000 other than contracts covered by Contract procedure Rule 16.3.

STATEMENT OF THE REASONS FOR THE DECISION

The supplier Blachere Illuminations received the highest score. Their submission was robust and well documented, and each question was answered with a comprehensive and qualified response submitted in terms of detail and relevance to all the technical questions we asked. The company also provided great examples of its contracts with other local authorities, with the costs and duration of the contracts and what was included in all the contracts (storage, removal etc.).

They have also received very good feedback from a variety of stakeholders they have worked with.

OTHER OPTIONS CONSIDERED AND REJECTED

The alternative option is to have no festive lights in the borough. This option has been rejected due to the fact that the festive lights compliment the borough's town centres for the duration of the Christmas period.

Non-key Executive Decision

The Council has been providing festive lights around Christmas in the town centre every year for more than the last 10 years. Therefore, there is a general expectation among the borough's residents that the Council will provide festive lights and the Council is open to reputational risk if the decision to cancel the installation is made.

Part B - Assessment of implications and risks

LEGAL IMPLICATIONS AND RISKS

Section 19(1) of the Local Government (Miscellaneous Provisions) Act 1976 allows local authorities to provide such recreational facilities as they think fit. The provision of festive lights is a recreational facility allowed by that provision.

The Council has a power to make a contract for the provision of festive lights through section 111 of the Local Government Act 1972, which allows the Council to do anything which is calculated to facilitate, or is conducive or incidental to, the discharge of any of its functions, or through its general power of competence under section 1 of the Localism Act 2011 to do anything that individuals generally may do. There are limitations on the general power of competence, but the limitations do not apply to this decision.

The contract value is below the applicable public procurement threshold for supply contracts stipulated in the Public Contracts Regulations 2015 ("PCR") of £213 477. Therefore, it is not subject to the full PCR regime.

For the reasons set out above, the Council can award the contract.

FINANCIAL IMPLICATIONS AND RISKS

The contract awarded is for the value of £54,995. There is sufficient budget in the Marketing and Events cost centre to cover the costs of the motifs. The Communications service undertook the relevant procurement process. The motifs will be connected to

Non-key Executive Decision

lampposts across various Corporate Council sites, the cost of electricity for lighting the motifs will be met from Corporate Energy cost centre's budget. The budget has recently been inflated to meet the recent increase in electricity costs.

HUMAN RESOURCES IMPLICATIONS AND RISKS (AND ACCOMMODATION IMPLICATIONS WHERE RELEVANT)

There are no Human Resources (or Accommodation) implications or risks to this decision.

EQUALITIES AND SOCIAL INCLUSION IMPLICATIONS AND RISKS

The Public Sector Equality Duty (PSED) under section 149 of the Equality Act 2010 requires the Council, when exercising its functions, to have due regard to:

- (i) The need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010;
- (ii) The need to advance equality of opportunity between persons who share protected characteristics and those who do not, and;
- (iii) Foster good relations between those who have protected characteristics and those who do not.

Note: 'Protected characteristics' are age, disability, gender reassignment, marriage and civil partnerships, pregnancy and maternity, race, religion or belief, sex/gender, and sexual orientation.

We do not consider there to be any equalities and social inclusion implications and risks to this decision.

ENVIRONMENTAL AND CLIMATE CHANGE IMPLICATIONS AND RISKS

The Council will embrace the Environment and Climate Agenda both strategically and globally through its development of footprint reduction initiatives, Climate Action plans and externally delivered services. The Council will strive to minimise negative impacts and optimising positive opportunities delivering our Climate change action plan.

The specification for the festive lights advises all frames must contain low energy bulbs. The documents received by the supplier evidenced they will meet this criteria.
