

LOCAL DEVELOPMENT SCHEME (LDS)

2023-2025

1. Introduction

What is the Local Development Scheme?

- 1.1 Local planning authorities are required to prepare and maintain a Local Development Scheme (LDS) under Section 15 of the Planning and Compulsory Purchase Act 2004, as amended by the Localism Act 2011 and the Housing and Planning Act 2016. A Local Development Scheme sets out all the planning policy documents to be produced by the authority over a 3 year period.
- 1.2 This LDS sets out:
 - The planning policy documents that Havering have already adopted;
 - The planning policy documents that Havering intend to produce;
 - The subject matter and geographical area of each of the proposed documents;
 - The timetable for the preparation of the documents over the next three years; and
 - The opportunities for the local community and stakeholders to be involved in preparing planning policies by setting out an indicative timetable for the preparation of each document.
- 1.3 Progress on the implementation of the LDS will be reported annually in the Authorities Monitoring Report.

2. Planning Policy Context

National Planning Policy

- 2.1 National Planning Policy Framework (NPPF) sets the national policy context for preparation of local plans. Local plans must be consistent with national policy and should enable the delivery of sustainable development in accordance with the policies in the framework.
- 2.2 National Planning Policy for Waste was published in October 2014 and National Planning Policy for Traveller Sites was published in August 2015.

Regional Planning Policy

- 2.3 The Greater London Authority Act 1999 requires the Mayor of London to produce a spatial development strategy – which has become known as ‘the London Plan’ - and keep it under review. London borough Local Development Documents (such as local plans) must be ‘in general conformity’ with the London Plan. A new London Plan was published in 2021 and this forms part of Havering’s Development Plan, against which planning applications must be determined.

- 2.4 The Mayor of London has also published Supplementary Planning Guidance on a range of topics. These documents provide additional guidance on the implementation of London Plan policies.

3. *Havering's adopted Planning Policy Documents*

Havering Local Plan 2016-2031 and Policies Map

- 3.1 The Havering Local Plan 2016-2031 was adopted in November 2021. The Local Plan sets the vision and objectives for the spatial development of the borough.
- 3.2 The Local Plan replaced the Core Strategy and Development Management Policies Development Plan Document (DPD) and the policies within the Romford Area Action Plan.

Site Specific Allocations

- 3.3 The Local Plan 2016-2031 does not include Site Specific Allocations and for this reason the Site Specific Allocations DPD 2008 and site allocations in the Romford Area Action Plan (2008) have been retained until they are replaced.

Joint East London Waste Plan

- 3.4 The Joint East London Waste Plan was adopted by the four East London Waste Authorities, Havering Newham, Barking and Dagenham and Redbridge. The Waste Plan sets out a planning strategy for sustainable waste management enabling the adequate provision of waste management facilities) in appropriate locations for municipal wastes, and commercial and industrial waste, construction, excavation and demolition, and hazardous wastes.

Supplementary Planning Documents

- 3.5 Supplementary Planning Documents provide additional guidance on the implementation of policies in the Development Plan.
- 3.6 On adoption of the Local Plan 2016-2031 in November 2021, a number of previous SPDs were retained to support the new Local Plan, with the intention of being reviewed (refer to table 1 for further detail).

The following SPDs remain in place:

- Residential Extensions and Alterations SPD 2011
- Hall Lane Policy Area SPD 2009
- Emerson Park Policy Area SPD 2009
- Heritage SPD 2011 (including the Local List of Heritage Assets)

Other Planning Documents

3.7 There are a number of other planning documents that the Council prepares:

- *Statement of Community Involvement 2021* The purpose of the SCI is to set out the preferred options and legal requirements for involving the community and other stakeholders in the preparation of planning policies and the determination of planning applications.
- *Authority Monitoring Report* The Localism Act 2011 requires local authorities to prepare and publish an Authority Monitoring Report containing information on the implementation of the Local Development Scheme and the extent to which the policies set out in the Local Plan are being achieved. The AMR is published annually.

4. *Future Commitments*

4.1 The Inspector for the Local Plan examination found the Plan sound subject to an immediate update. In addition to the update of the Local Plan there are a number of other priority policy documents that will be taken forward over the next three years.

4.2 The Council's commitments are set out in Tables 1 and 2 below. Table 1 sets out the existing documents and any plans for them to be reviewed and updated. Table 2 sets out the new documents that the Council intends to produce.

Table 2 – Programme for the preparation of new planning policy documents

Policy Document	Description	Geographical coverage	Key Milestones
Planning obligations Supplementary Planning Document	This SPD will set out the council's approach to funding and delivering the infrastructure needed to support sustainable development and good growth across the borough through the use of planning obligations (S106). The document will explain the Council's approach to the Community Infrastructure Levy (CIL) and the interaction between CIL and S106. It will also detail the council's approach to securing non-financial obligations such as affordable housing or other restrictions over the use of the land. In addition, it will include the process and fees for monitoring S106 clauses.	Borough Wide	The approach to SPDs is to be considered in light of the government's consultation on proposed changes to the NPPF which suggests SPDs will no longer exist
Design guide	The NPPF 2021 states that all local planning authorities should prepare design guides or codes consistent with the principles set out in the National Design Guide and National Model Design Code, and which reflect local character and design preferences. Design guides and codes provide a local framework for creating beautiful and distinctive places with a consistent and high quality standard of design. They should be produced as part of a Plan or as SPD	The NPPF states that guides and codes can be prepared at an area-wide, neighbourhood or site specific scale.	The Council is currently considering the best way of implementing the new requirement for design guidance and is following the pilot schemes currently underway elsewhere in the Country. As part of the evidence base for this work and for the Local Plan in general, there will be a need to undertake a Characterisation study, this work will progress during 2023.

Area based Supplementary Planning Documents	Guidance for specific areas of the borough	Area specific	The approach to area based SPDs under consideration in light of the government's consultation on proposed changes to the NPPF which suggests SPDs will no longer exist. Further detail will be set out in future updates to this Local Development Scheme
