Advice to Members

Material planning considerations

4. The Committee is required to consider planning applications against the development plan and other material planning considerations.
5. The development plan for Havering comprises the following documents:
 - London Plan Adopted March 2021
 - Havering Local Plan 2016 – 2031(2021)
 - Site Specific Allocations (2008)
 - Site Specific Allocations in the Romford Area Action Plan (2008)
 - Joint Waste Development Plan (2012)
6. Decisions must be taken in accordance with section 70(2) of the Town and Country Planning Act 1990 and section 38(6) of the Planning and Compulsory Purchase Act 2004. Section 70(2) of the Town and Country Planning Act 1990 requires the Committee to have regard to the provisions of the Development Plan, so far as material to the application; any local finance considerations, so far as material to the application; and any other material considerations. Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires the Committee to make its determination in accordance with the Development Plan unless material planning considerations support a different decision being taken.
7. Under Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990, in considering whether to grant planning permission for development which affects listed buildings or their settings, the local planning authority must have special regard to the desirability of preserving the building or its setting or any features of architectural or historic interest it possesses.
8. Under Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990, in considering whether to grant planning permission for development

which affects a conservation area, the local planning authority must pay special attention to the desirability of preserving or enhancing the character or appearance of the conservation area.

9. Under Section 197 of the Town and Country Planning Act 1990, in considering whether to grant planning permission for any development, the local planning authority must ensure, whenever it is appropriate, that adequate provision is made, by the imposition of conditions, for the preservation or planting of trees.
10. In accordance with Article 35 of the Development Management Procedure Order 2015, Members are invited to agree the recommendations set out in the reports, which have been made based on the analysis of the scheme set out in each report. This analysis has been undertaken on the balance of the policies and any other material considerations set out in the individual reports.

Non-material considerations

11. Members are reminded that other areas of legislation cover many aspects of the development process and therefore do not need to be considered as part of determining a planning application. The most common examples are:
 - Building Regulations deal with structural integrity of buildings, the physical performance of buildings in terms of their consumption of energy, means of escape in case of fire, access to buildings by the Fire Brigade to fight fires etc.
 - Works within the highway are controlled by Highways Legislation.
 - Environmental Health covers a range of issues including public nuisance, food safety, licensing, pollution control etc.
 - Works on or close to the boundary are covered by the Party Wall Act.
 - Covenants and private rights over land are enforced separately from planning and should not be considered.

Local financial considerations

12. In accordance with Policy 6.5 of the London Plan (2015) the Mayor of London has introduced a London wide Community Infrastructure Levy (CIL) to fund CrossRail.
13. Other forms of necessary infrastructure (as defined in the CIL Regulations) and any mitigation of the development that is necessary will be secured through a section106 agreement. Where these are necessary, it will be explained and specified in the agenda reports.
