Dear colleagues

Household Support Fund extension (from 1 April 2023 until 31 March 2024)

On 17 November 2022 in the Autumn Statement the Chancellor announced, as part of a number of measures to provide help with global inflationary challenges and the significantly rising cost of living, that the Household Support Fund (HSF) would be extended from 1 April 2023 to 31 March 2024 with a further £842m of funding. As has been done for previous schemes, the fund will be made available to County Councils and Unitary Authorities in England to support those most in need.

As part of the support package, the Devolved Administrations have also been allocated funding in parallel as a result of the Barnett Formula to spend at their discretion.

Included in the guidance for this extension are a number of changes from previous versions, so it is strongly recommended that even those familiar with previous iterations of the HSF familiarise themselves with this new guidance. We bring to your attention a number of key differences:

- Authorities must make sure that the mandatory element of application-based support delivered through the scheme is clearly advertised to residents and is available throughout the majority of the fund period, either continuously or in regular intervals over the course of the scheme
- details of the scheme must also be publicised on a dedicated website page with specific requirements set out in the guidance
- funding for supplementary advice services, including debt and benefit advice, is now considered eligible spend within the HSF scheme. As the primary focus of this grant is on practical support, expenditure on such services is expected to be limited and linked to the provision of practical support
- it is mandatory that in any publicity material for the scheme, including via online channels and media releases, Authorities make clear that this funding is being provided by the Department for Work and Pensions or the UK Government
- the guidance document itself has been reduced in size and there is now separate MI and Delivery plan guidance.
- delivery plans must be signed off by both your 151 Officer and the responsible Cabinet Member.

There also remains an expectation of Authorities to particularly consider those groups who may not have benefited from any of the recent cost of living support.

In terms of type of support, energy bills may be of particular concern to low-income households during the period of the scheme, and Authorities should prioritise supporting households with the cost of energy. The fund can also be used to provide support with food, essentials linked to energy and water, wider essentials.

As with previous iterations of the Household Support Fund, Authorities are unable to carry forward any underspends from previous schemes. This is because this is a new grant with different conditions.

This HSF scheme will be distributed as usual by County Councils and Unitary Authorities in England. Shire Councils must work closely with District Councils and other local partners to identify a broad range of vulnerable households across their local area. The scheme runs from 1 April 2023 to 31 March 2024 and Authorities should aim to have arrangements in place as quickly as possible to support vulnerable households throughout the grant period.

Authorities will be required to provide four management information (MI) returns outlining their grant spend and the volume of awards:

- an interim MI return for the period 1 April 2023 to 30 June 2023 will be due by 21 July 2023
- a second interim MI return for the period 1 April 2023 to 30 September 2023 will be due by 20 October 2023
- a third interim MI return for the period 1 April 2023 to 31 December 2023 will be due by 26 January 2024
- a FINAL MI return and delivery record for the period 1 April 2023 to 31 March 2024 will be due by 26 April 2024.

The third interim and FINAL MI return dates have been extended by 1 week as we are aware processing of the return may be impacted by leave over the Christmas and Easter holidays.

Grant payments will be made to Authorities in arrears on receipt of a fully completed, compliant and verified MI return.

All interim and FINAL payments will be made in 2 tranches if required. Tranche 1 will be for all Authorities who have submitted fully compliant MI by the return date. Tranche 2 will be made after we have received the last submitted compliant MI.

The funding for this grant has been allocated to Authorities using the population of each Authority weighted by a function of the English Index of Multiple Deprivation. Authority allocations are shown in **Annex B**. Authorities are able to add their own funding or partner contributions from local organisations on top of the grant, including seeking match funding from local community foundations.

Authorities are asked to provide the Department for Work and Pensions (DWP) with a summary of how you are planning to spend the additional funding during the period 1 April 2023 to 31 March 2024.

The planning questionnaire has been issued with this letter asking Authorities to outline their spending plans. Please complete and return this questionnaire to lawelfare.pdt@dwp.gov.uk by 17 May 2023. **Do not amend the questionnaire format or add lines as this causes issues with its uploading.** Any questionnaire that has had its format changed will need to be returned to the

Authority to recomplete. At the end of the scheme, we will also ask for a summary of spend against the original delivery plan.

Authorities are required to complete a quarterly MI reporting template. The MI template has been updated and any changes are covered in the new guidance document. Additionally, MI must be returned on the MI template provided and copied to your 151 Officer. **No local versions or PDF copies are acceptable and will be returned to the Authority.**

DWP will continue to share the Universal Credit, Pension Credit and Employment Support Allowance (income related) customer data to local authorities (LAs) on a monthly basis. DWP will also continue to provide additional data for customers who are in receipt of Housing Benefit only and aren't in receipt of a means tested benefit. Authorities may find this useful in targeting support to vulnerable households.

Authorities must ensure that they have signed the Memorandum of Understanding (April 2022) and sign the revised version when it is issued later this year in order to receive the data.

Following feedback from Authorities we have decided to hold a number of knowledge-share events and 'drop in' sessions throughout the scheme where you are encouraged to attend to raise any questions you may have or to share good practice. Full details of these will be made available in due course.

Urgent next steps for Authorities

The grant period runs from 1 April 2023 and Authorities are asked to start making immediate preparations to administer The Fund and deliver the support to vulnerable households as soon as possible. Following feedback from Authorities and due to the length of the scheme and the number of Bank Holidays in the planning period, the deadline for the return of the Delivery plan has been extended.

Please complete and return your planning questionnaire to lawelfare.pdt@dw.gov.uk by 17 May 2023.

You or your nominated single point of contact should dial into a County Councils and Unitary Authorities all-LA MS Teams call on 1 March 2023 at 14.00pm. The purpose of this call is to discuss the grant arrangements and give Authority representatives the opportunity to ask any questions or raise any points of clarification. Dial-in details are attached in **Annex A**.

If you have any additional questions, contact LA-PED.lagrantsprojectteam@dw.gov.uk

Yours faithfully

Head of LA-PED

County Councils and Unitary Authorities all LA MS Teams call on 1 March 2023
