

Overview and Scrutiny Board, 27 September 2013 – Grounds of Call-in

We would like more information on the financial impact of this scheme on Havering's finances, given that the scheme will only fund up to 50% of the cost. We would like to know if this will mean a reduction in the number of homes purchased to house Havering residents, and what the plans are for rehousing supporting the refugees after their tenancy has expired.
