Overview of Reservations Concept:

The drawing has been prepared to provide an overview of the reservation proposals for the site. It is not intended to reflect the final solution, but provides a concept for the reservation for the site for detailed discussion with the Planning Authority, Openworks and stakeholders. The site has within The London Stadium, Openworks, ParkHydrogen and it is required that further discussions with the stakeholders involved in the delivery of the site will inform the evolution of this reservation concept. The proposals have been prepared with reference to documents detailing the proposals for the establishment of the The London Stadium, Openworks ParkHydrogen, requires such by stakeholders during various discussions with Openworks and the previous reservation releases for the site.
