Public Notices

Notice of Application for a Premises Licence under Section 17 of the Licensing Act 2003

Applicant: MR SHAN PARAMVIR SINGH CHADHA, Premises: Barracuda Restaurant, 52 Station Road, Uppminster, Essex RM14 2TL.

The proposed licensable activity is:

- Providing recorded music indoors, Monday-Saturday between 11:00am-23:00pm & Sunday between 11:00am-22:00pm.
- Supplying Alcohol: Monday-Saturday between 11:00am & 22:45pm, Sunday between 11:00am-21:45pm.

Full details of the application can be inspected at the address noted below during normal business hours.

Any representations by an interested party or responsible authority regarding this application can be made to: Licensing Team, Housing & Public Protection, London Borough of Havering, Mercury House, Romford, London RM1 3RX. Website: www.havering.gov.uk

Such representation must be received in writing by: 19.05.2013, clearly stating the grounds upon which the representation is made in relation to the four objectives of the Licensing Act 2003.

It is an offence to knowingly or recklessly make a false statement in connection with an application. The maximum fine for which a person is liable on summary conviction for the offence is £5,000.00.

NOTICE OF APPLICATION FOR A VARIATION OF A PREMISES LICENCE UNDER SECTION 34 OF THE LICENSING ACT 2003

NOTICE IS HEREBY GIVEN That Mr Ishadur Rahman has applied to the London Borough of Havering for a variation of the Premises Licence for Akash Tandour, 185 High Street, Hornchurch, Essex RM11 1XS as follows: 1) To extend the permitted hours for the sale of alcohol for consumption on the premises and the playing of recorded music to be Sunday to Wednesday 10.00 to 00.30 Thursday to Saturday 10.00 to 02.30; 2) to extend the permitted hours for the provision of late night refreshment to be Sunday to Wednesday 23.00 to 00.30 Thursday to Saturday 23.00 to 02.30; 3) To change the start time for live music on Sunday to 10.00. There is no other change for live music (The provisions of the Live Music Act 2012 apply to this premises and the activity is designated: 4) In respect of all authorised licensable activities on Christmas Eve, Boxing Day, New Year's Eve, New Year's Day and the Sundays preceding Bank Holiday Monday until 02.30 the following day. The address of the licensing authority where the register is kept and the application may be inspected during normal business hours is Licensing Section, Housing & Public Protection, London Borough of Havering, Mercury House, Mercury Gardens, Romford, Essex RM1 3SL or on the council's website: www.havering.gov.uk

Any representations by an other person or responsible authority must be received in writing by the licensing authority by 13th May, 2013 stating the nature and grounds for making such representation. It is an offence under Section 158 of the Licensing Act 2003 to knowingly or recklessly make a false statement in connection with an application. The maximum fine on summary conviction for this offence is £5,000.

memo

From: Marc Gasson-Noise Specialist

To: Paul Jones-Licensing Officer

My Reference : MDG/012695

Your Reference :

Date: 23 April 2013

**Licensing Act 2003-Application To Vary Premises Licence
Akash Tandoori. 185 High Street, Hornchurch, Essex.**

I refer to the above application and would object on the grounds of public nuisance to it being granted on the following grounds:-

1. Due to the close proximity of nearby residential properties residents are likely to experience unacceptable levels of noise from patrons entering and leaving the premises into the early hours of the morning, causing sleep disturbance.
2. The application is contrary to Licensing Policy 12 as detailed below and is likely to severely impact the amenity of nearby residents:-

Licensing Policy 012

The LLA is committed to protecting the amenity of residents and businesses in the vicinity of licensed premises. Applications for hours set out below in this policy will generally be granted subject to not being contrary to other policies in the statement of licensing policy. Applications for hours outside the hours listed will be considered on their merits.

Regulated Activities will normally be permitted:

- until 11.30 pm in residential areas
- until 00.30 am in mixed use areas
- No limits in leisure areas.

I trust this clarifies my position

Representations re Application for Variation of a Premises Licence (Licensing Act 2003) at 185 High Street, Hornchurch, RM11 3XS

The London Borough of Havering's Planning Service, being a responsible authority as set out in the Licensing Act 2003, wishes to make representations against the above premises in relation to a variation to the Premises Licence.

This objection refers to the effect on residents in respect of noise and disturbance.

Relevant Planning History

L/HAV/761/71 Erection of flat roof addition to rear of shop.
New Shop front for use as Indian Restaurant.

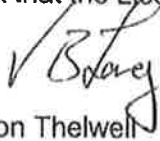

Approved 26/07/72(see Decision Notice attached)

It should be noted that there are no hours conditions attached to the use of the premises. However if such planning application was to be considered today, then it is likely that an hours condition would be attached.

This is based upon additional noise and disturbance to residents.
It should be noted that there are residential flats above this parade of retail and hot food establishments and this restaurant.

The premises next door(185B, a hot food establishment/ take away) have been refused a change of opening hours and this was subject of a planning appeal whereby the Inspectorate agreed with the Council that there would be significant harm to the living conditions of local residents caused by noise and disturbance

I ask that the Licensing Committee consider this report as a valid representation.

 Simon Thelwell
Projects & Regulation Manager

HAYESING LONDON BOROUGH COUNCIL

Application No. L/HAY/ 258 13

TOWN AND COUNTRY PLANNING ACTS 1962 to 1968.

Town and Country Planning General Development Orders, 1958 to 1969.

Dear Sir

Licensing Act 2003
Akash Tandoori 185 High Street Hornchurch RM11 3XS
Application to vary a premises licence

Further to the above I can confirm that this Licensing Authority wishes to make representation *against* this application based upon our concerns in relation to the prevention of public nuisance and the prevention of crime and disorder licensing objectives.

The application

This application seeks overall to extend the hours during which licensable activity may be provided at the premises. The hours during which live music may be provided are, in the main, to be reduced. The hours during which recorded music and late night refreshment may be provided intend to be increased. The hours during which alcohol may be supplied at the premises also seek to be increased. Effectively the restaurant wishes to be able to provide licensable activity to its customers until 00:30 Sunday to Wednesday and until 02:30 Thursday to Saturday. The restaurant also seeks to remain open to the public for an additional half an hour subsequent to these terminal hours permitting customers to remain on site until 03:00 Thursday to Saturday. The 02:30 / 03:00 terminal hours also seek to be installed on a further eight non-standard occasions throughout the year, including some Sundays.

Live music

The application seeks to generally reduce the live music terminal hour from 00:00 to 23:00 seven nights a week, although the non-standard timings portion of this request indicates that the live music terminal hour is to be extended until 02:30 on certain occasions.

Public Protection Bringing together Environmental Health & Trading Standards

Schedule 2 paragraph 7 of the Act indicates that live music is not to be regarded as a form of regulated entertainment if it is incidental to some other activity which is not itself a form of regulated entertainment, e.g. dining.

The *Live Music Act 2012* allows live music to be provided between 08:00 and 23:00 at a premises authorised to supply alcohol for consumption on the premises to an audience of less than 200 persons without any requirement for the live music to be licensed. The non-standard timings extensions would not be subject to these provisions, however.

Given these issues we are not sure of the applicant's intent with regard to providing live music at the restaurant. If the intent is simply to entertain diners while they eat the requirement to licence this activity would appear not to exist. We are therefore concerned that there may be a more robust and potentially noisy intention with regard to providing live music at the premises, particularly if live music is on occasion going to cease at 02:30.

Recorded music

A similar situation exists with the provision of recorded music, although the *Live Music Act 2012* does not apply to recorded music. Schedule 2 paragraph 7 of the Act equally disapplies the requirement to licence recorded music if it is ancillary to, for example, dining. Again, we have concerns at the intention with regard to licensing recorded music until 02:30 as it might appear that simply playing 'background' music to diners while they eat would not constitute a licensable activity. This activity could legitimately be removed from the licence entirely, as with live music, if the intention is simply to provide music as an activity ancillary to dining.

Section M – additional steps to promote the licensing objectives

The application's section M requires that the applicant describes any additional steps he intends to take to promote the four licensing objectives. The application indicates that there are *no additional steps* identified. Instead, the applicant intends that "*all existing [licence] conditions [are] to remain in force.*" There may appear to be two explanations for this: (a) the applicant has failed to identify potential problems in relation to this application, or (b) the applicant feels that no potential problems exist. Both of these possible explanations cause this Licensing Authority concern.

The *Akash Tandoori* premises licence currently has a number of conditions in place, all of which were deemed by the Licensing Sub-Committee in the recent February 2013 variation application to suit a terminal hour of 00:00 and 00:30 on Fridays and Saturdays. This April 2013 application seeks to extend licensable activity until 02:30 on Thursdays, Fridays, Saturdays and some Sundays. To support this increase the applicant intends that the extant conditions are simply 'carried over' as an apparent 'one-size-fits-all' conditional template. Clearly, licensable activity being provided until 00:30 two nights a week is an entirely different proposition to similar activities being provided until 02:30 three, sometimes four, nights a week, including some Sundays.

Licensing policy 012 – hours

Havering's licensing policy 012 relates to the hours during which it is felt appropriate to provide licensable activity in given areas of the borough. Policy 012 is as follows:

Public Protection Bringing together Environmental Health & Trading Standards

The LLA is committed to protecting the amenity of residents and businesses in the vicinity of licensed premises. Applications for hours set out below in this policy will generally be granted subject to not being contrary to other policies in the statement of licensing policy. Applications for hours outside the hours listed will be considered on their merits.

Regulated activities will normally be permitted:

- *until 11.30 pm in residential areas*
- *until 00.30 am in mixed use areas*
- *no limits in leisure areas*

This policy indicates that an application for hours which extend beyond these guideline hours will be considered on its merits. We contend that the application as submitted should not be considered an exception to the guidelines of licensing policy 012. The *Akash Tandoori* premises licence is currently in accordance with licensing policy 012, based upon an application granted by the Licensing Sub-Committee on 7th February 2013.

In the immediate vicinity of this premises are a number of other similar restaurants, each of which might appear to be in competition to attract late night, 'post-pub' customers. This Licensing Authority recognises the financial legitimacy of seeking to expand a customer base; however, extending a restaurant's operation into the early hours of the morning has an implication which reaches beyond the boundary of the premises.

Competition for late night customers might appear to operate on a 'supply and demand' principle: the 'more' a premises may supply, the greater the demand for that supply. In other words, the longer a premises remains open to the public, the more members of the public will want to avail themselves of the services offered within. The result of such a situation is that competing businesses may feel compelled by this principle to extend their hours also. The outcome of such a scenario is 'hours-creep'.

The area in which this restaurant is located is subject to a special policy in relation to licensed premises via licensing policy 017. This policy is as follows:

It is the LLA's policy to refuse applications in the St Andrews ward area for pubs and bars; late night refreshment premises offering hot food and drink to take away; off licences; and premises offering facilities for music and dancing other than applications to vary hours with regard to licensing policy 012.

While restaurants are not explicitly subject to the policy this does not remove restaurants from the requirement to promote the licensing objectives. Indeed, the guidance to the Act states at paragraph 13.33:

Special policies may apply to the impact of a concentration of any licensed premises.

Clearly the guidance recognises that any and all premises licensed under the Act have the potential to contribute to a cumulative impact upon the promotion of the licensing objectives in a given vicinity. We can see, therefore, that there is an obligation upon all licensed premises to be, at the very least, aware of their potential effect within a special policy area.

Public Protection Bringing together Environmental Health & Trading Standards

In light of this, policy 017 seeks to support the licensing of appropriate restaurant premises within the special policy area: it does not seek to absolve restaurants from their licensing responsibilities. The special policy area was designated as such by Havering in response to its identification by the Police as an area in which resources to cope with late-night anti-social behaviour issues were limited.

This special policy area has been highlighted as one which requires greater attention than other areas of the borough in relation to licensed premises and the problems attendant to alcohol consumption. Our concern as the Licensing Authority is the potential for this vicinity to incrementally increase its average terminal hour. A potential result of this hours-creep would be the influx of greater numbers of individuals to the area seeking a late-night meal after an evening out. As a consequence, a greater number of individuals would then be leaving premises in the early hours of the morning while under the influence of alcohol.

Section 182 guidance to the Act – promoting the licensing objectives

Section 4(3) of the Act requires that a Licensing Authority, when carrying out its functions, has regard to its licensing policy as well as to the guidance issued under s.182 of the Act. This guidance also identifies certain expectations in relation to applicants.

Paragraphs 8.34 to 8.42 of the guidance to the Act address the steps required to promote the licensing objectives. A brief examination of these steps will demonstrate that the applicant has not fully addressed the promotion of the licensing objectives in line with the guidance, thus making it difficult for the Licensing Authority to support the application.

8.34 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

The applicant appears not to have provided any evidence of regard to the licensing policy for this area. The application contains no evidence of the applicant's knowledge of the local area to support the entries made in section M of the application. Indeed, the applicant has indicated only that "*all existing conditions to remain in force.*"

8.35 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- *the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;*
- *any risk posed to the local area by the applicants' proposed licensable activities;*
and

Public Protection Bringing together Environmental Health & Trading Standards

- *any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.*

This application provides no evidence to support any of the expectations identified above, in particular any risk posed to the local area which may follow from this application. As previously mentioned it may be that the applicant has failed to identify any risk posed by the application. Equally, it may be that the applicant feels the application poses no risk to the local area. Both of these possibilities cause the Licensing Authority concern.

8.36 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

As mentioned previously the St Andrews ward is a special policy area addressed by Havering's licensing policy 017. While this policy does not explicitly apply to this application *Akash Tandoori* is located in this special policy area and restaurants are required to promote the licensing objectives the same as any other licensed premises. As a Licensing Authority we might reasonably expect that the applicant acknowledges his role in relation to preventing public nuisance in this special area; however, he has not done so.

8.40 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

As mentioned previously, the entries in section M of the application are minimal: "*all existing conditions to remain in force.*" Indeed, the applicant has provided no additional proposed steps to enable this Licensing Authority to properly assess the application. Paragraph 8.40 might reasonably be seen to require that an applicant not only offers certain steps to aid the promotion of the licensing objectives but also provides reasons why *these particular steps* are appropriate for *this particular premises*. Such reasoning reassures a Licensing Authority that the applicant has a full understanding of the demands placed upon him when providing licensable activity. It might seem that contrary to the apparent requirements of paragraph 8.40 the applicant has *provided a set of standard conditions* by indicating that the extant licence conditions should apply to his new licensing model.

Licensing policy 015 – premises' compliance history

Based upon Havering's licensing policy 015 an application such as this should also be considered in the light of the applicant's compliance history in relation to the provisions of the current licence. Licensing policy 015 states:

Public Protection Bringing together Environmental Health & Trading Standards

In considering applications for new licences or variations to existing licences and licence reviews following the receipt of relevant representations, the LLA will take the matters listed below into account. These criteria will apply in different ways to different types of premises and licensable activities in the following order:

- *the location of the premises and character of the area*
- *the views of responsible authorities*
- *the views of interested parties*
- *past compliance history of current management*
- *the proposed hours of operation*

Since November 2012 this Licensing Authority has had to provide four written warnings to the applicant based upon his failure to comply with the terminal hours of his premises licence. The most recent of these was given on 22nd February 2013 which was less than two weeks after the applicant had his terminal hours extended at his previous variation application. Copies of these warning letters are provided for reference. A monitoring visit to the premises on the evening of 16th-17th March 2013 witnessed customers entering the premises at 01:50. The most recent monitoring inspection took place on the evening of 10th-11th May 2013. Customers were seen to leave the premises at 01:30, half an hour after the premises should have been closed. It appears also, that heavy curtains have been hung at the premises' windows and thus it was not possible to confirm if further customers remained on site.

It may be argued that this application is the applicant's attempt to legitimise operating outside those hours currently permitted; however, it should also be recognised that the applicant appears to be prepared to ignore the terminal hours of his premises licence when it is felt appropriate to do so. The applicant ignored his original terminal hour subsequent to the licence having been transferred to him in August 2012. He has ignored the current terminal hour subsequent to his last application to extend the hours granted in February 2013. Given this past compliance history what guarantee can be provided that subsequent terminal hours will not be similarly disregarded?

In response to these previous terminal hour compliance failures this Licensing Authority offered to meet with the applicant and, at our expense, provide a translator to fully explain the requirements of his premises licence in the applicant's first language as it had been made known to us that the applicant's command of English was not as strong as that of his first language. The applicant agreed to this offer in principle, however made his acceptance of our offer of help conditional. These conditions included the requirement that the Licensing Authority provide a "*written guarantee*" that we would not undertake any enforcement action against the applicant for previous alleged licence breaches. A copy of the applicant's e-mailed response in relation to this offer is provided for reference. Certain personal information has been redacted in consideration to the applicant.

The Licensing Authority's agreement to provide this written guarantee would have effectively resulted in an abuse of process on our part. Therefore we were regrettably unable to accept this conditional requirement. This apparent reluctance to permit us to provide helpful information to the applicant in his first language – at our cost – does not reassure this Licensing Authority of the applicant's intentions with regard to future licence compliance and the obligation to promote the licensing objectives.

Public Protection Bringing together Environmental Health & Trading Standards

A full licensing inspection at the premises was subsequently undertaken with the applicant and his representative in April 2013. It was suggested by the Licensing Authority that the applicant bring his own translator to the meeting as it was previously the applicant's conditional requirement that a translator was provided so that the applicant "*can fully understand what is being said.*" No translator was supplied by the applicant, although it emerged at the inspection that the applicant was fully able to read the entries on the *Akash Tandoori* premises licence. The outcome of this inspection was that eight licence conditions were found to be in breach while two more conditions required further evidence of compliance. At the time of submitting this representation these licence breaches remain unresolved and the licence therefore remains in breach.

Finally, and perhaps most importantly, the applicant advised us in this same e-mail (see below) that he has significant health issues which cause "*severe pain and distress together with severely limiting his movement*". While we extend our sympathies to the applicant we are naturally concerned at his ability to successfully manage the demands of promoting the licensing objectives in a restaurant until 03:00 in the morning and the impact this may have on his health. Customers entering the premises at late hours on the weekend are likely to have spent the preceding hours consuming alcohol and will in all likelihood continue to do so during their meals. We therefore have concerns at the applicant's future capabilities to deal with any potential licensing objective issues attendant to addressing the needs of customers who are under the influence of alcohol. This concern is of particular importance when we consider that the applicant's condition is "*unlikely to be cured due to the nature of the illness.*" We would hope that the applicant extends the promotion of the public safety licensing objective to include himself.

Based upon our concerns detailed above this Licensing Authority is not in a position to be able to support an application to extend licensable activity at the premises outside those provisions identified in Havering's licensing policy 012.

I hope this makes our position clear.

Yours faithfully

Paul Jones
Licensing Officer

cc Mr G Hopkins, agent for the applicant

From: GRAHAM HOPKINS [mailto: [REDACTED]]
Sent: 12 April 2013 08:37
To: Paul Jones
Subject: Mr Rahman //Akash Tandoori

Dear Paul,

Mr Rahman is agreeable in principle to attending an advisory session regarding his Premises Licence for Akash Tandoori. We consider this should be based on the following conditions:

- 1 This must be with an independent translator provided by the Council so that Mr Rahman can fully understand what is being said.
- 2 Either myself or another representative would need to be present to advise Mr Rahman and protect his interests.
- 3 We would want a written guarantee in return that Mr Rahman will not face [REDACTED] or a Review before the LSC based on any alleged "evidence" gathered to date.

Further following the fact that Mr Rahman has been diagnosed with [REDACTED] which causes him severe pain and distress together with severely limiting his movement we would prefer the meeting to be held at the restaurant during the day. Mr Rahman does not hold a driving licence and in any case would be unable to drive. He is currently prescribed a large number of pain killers etc and is waiting scans at Queens Hospital before seeing a consultant [REDACTED]. His condition is unlikely to be cured due to the nature of the illness.

Your understanding of our client's medical condition would be appreciated and we would look forward to hearing from you. Due to our client's condition and medical appointments together with our commitments a week's notice is requested please of proposed dates/times.

Kind regards,

Graham GT Licensing Consultants [REDACTED] begin_of_the_skype_highlighting [REDACTED] end_of_the_skype_highlighting // [REDACTED] begin_of_the_skype_highlighting [REDACTED] end_of_the_skype_highlighting

COPY

Dear Sir/Madam

Licensing Act 2003

Premises Licence No. 2160

Akash Tandoori 185 High Street Hornchurch RM11 3XS

Formal Warning

As Havering's Licensing Officer for the Hornchurch area it is my responsibility to ensure that all premises, including currently licensed premises, comply with the provisions of this Act. Your premises detailed above is licensed under this Act and the premises licence is held jointly by you both.

The premises licence for *Akash Tandoori* permits the supply of alcohol to be made at the premises Monday to Saturday 10:00 to 00:00 and Sunday 12:00 to 23:30. Additionally the premises may remain open to patrons during the same hours. This also means that hot food supplies must cease at the premises at 23:00 each night as the licence does not permit the provision of late night refreshment.

Effectively, then, the last hot meal or hot drink may be supplied at 23:00 while alcohol may be supplied until midnight (or 23:30 on a Sunday). At this time the restaurant must be emptied of patrons.

On the evening of Saturday 9th November 2012 leading into 10th November I conducted a monitoring patrol and noted that your premises was still open at 00:30. Patrons were seen inside the premises eating what may reasonably be assumed to be hot food and drinking what was clearly seen to be alcohol. This is in breach of the permission your premises licence affords and as such constitutes a series of criminal offences contrary to s.136(1) of this Act.

Contd.

Additionally, I noted that a poster in your premises' window indicates that a live music act will be performing at the premises on 21st November 2012. You may be aware that the recent *Live Music Act 2012* came into force recently. As such live music is able to be provided without the requirement for a premises licence to authorise its provision as long as certain criteria are met. I have included a briefing note with this letter for your reference. As long as any live music is provided in accordance with the provisions of the *Live Music Act 2012* you will not breach your premises licence conditions. If, however, live music is provided outside its bounds, e.g. after 23:00, you will commit a criminal offence contrary to s.136(1) of this Act and further action will be likely to follow.

Therefore, please accept this letter as a formal warning to cease the illegal provision of licensable activity at your premises. Please familiarise yourself with the terms and conditions of your premises licence and ensure that you are fully compliant with its requirements. A failure to comply with all of its provisions will likely result in criminal offences being committed. For information purposes the maximum penalty which may be imposed upon a summary conviction for such an offence is £20,000 fine and/or six months imprisonment. Therefore, you can see that the law, and hence this Licensing Authority, takes such matters seriously.

If you feel that your premises licence no longer meets the needs of your restaurant you may seek a variation of the licence. Further information regarding this may be found here:

<http://www.homeoffice.gov.uk/drugs/alcohol/alcohol-licences/>

Any repetition of the matters listed above is likely to result in further action being taken against you, the ultimate outcome of which may be for the London Borough of Havering to seek a prosecution against you both as those responsible for the illegal provision of licensable activity at the premises.

If you require further clarification please do not hesitate to contact me.

Yours faithfully

Paul Jones

Dear Sir/Madam

Licensing Act 2003
Akash Tandoori 185 High Street Hornchurch RM11 3XS
Premises Licence No. 2160
Final Warning

Further to my earlier warning letter of 12th November 2012 I note that the following issues are still unresolved.

On the morning of 17th November 2012 I observed that your premises detailed above was occupied by patrons who clearly had plated meals and alcohol on the table in front of them which they were consuming. As my previous letter indicated hot food and/or drink supplies must cease at your premises at 23:00. There is no provision for the supply of late night refreshment on premises licence no. 2160. The fact that patrons were observed consuming these meals an hour and a half after hot food supplies should have ceased suggests that late night refreshment was supplied after 23:00 and thus supplied illegally.

Equally, alcohol supplies should have ceased at 00:00 which is the time the premises licence requires that all patrons have left the premises. Quite clearly, this was not the case.

If you provide late night refreshment at your premises after 23:00 you will break the law. This will then place your premises licence in breach. Consequently any alcohol supplied between 23:00 and 00:00 will be done so illegally even though alcohol may normally be supplied under the authority of the licence until 00:00: the licence will have already been breached by the illegal late night refreshment supplies, thus negating the authority of the licence.

Contd.

You should be aware that if the matters detailed above recur I shall have no alternative other than to undertake further action against you as premises licence holders. This action will be likely to result in the London Borough of Havering seeking to prosecute you for offences contrary to s.136(1) of the Licensing Act 2003, i.e. knowingly carrying on a licensable activity from a premises otherwise than in an accordance with an authorisation. Please again be advised for information purposes that the maximum penalty for a s.136(1) offence is £20,000 and/or six months' imprisonment. The law, and hence this Licensing Authority, takes such matters seriously.

To confirm, this is Havering's final warning regarding these matters. I am afraid that any further illegal activity observed within your premises will likely proceed straight to prosecution. I therefore urge you to comply fully with all provisions of your premises licence.

If you require further clarification please do not hesitate to contact me.

Yours faithfully

Paul Jones

Dear Sir/Madam

Licensing Act 2003
Premises licence no. 2160
Akash Tandoori 185 High Street Hornchurch RM11 3XS

Despite my two previous warnings to cease the provision of licensable activity at your premises detailed above contrary to s.136(1) of this Act I can confirm that a volunteer from this Authority visited your premises in the early hours of Sunday 25th November 2012 and made a test purchase of alcohol and late night refreshment after the terminal hour permitted by your premises licence for these activities. The volunteer was sold alcohol and supplied late night refreshment contrary to s.136(1).

Given that you have received two warnings against continuing such activity and given that this Licensing Authority has followed its enforcement policy we have no alternative other than to seek a prosecution against you for these and other attendant offences. You will receive further clarification in due course.

Of course, I should reiterate that your premises licence does not permit the supply of late night refreshment and thus hot food supplies must cease at the premises at 23:00. The licence further permits the supply of alcohol until 00:00 only while the premises must be vacated of patrons at 00:00. Please ensure that you adhere to these terminal hours or further enforcement action may follow.

Yours sincerely

Paul Jones

Formal Warning No. 3

Dear Mr Rahman

Licensing Act 2003
Premises Licence No. 2160
Akash Tandoori 185 High Street Hornchurch RM11 3XS

Despite my recent previous warning letters and the subsequently impending court action I regret to advise you that I witnessed a further breach of your premises licence on the morning of 16th February 2013. At 01:30 on this date I observed that your premises was not closed as your premises licence requires. Instead I noted that there were three tables occupied by diners at the premises.

This is subsequent to your recent application to extend the hours during which licensable activity may be provided at your premises which was granted on 7th February 2013. A little over a week after your hours were extended you appear to be ignoring these new increased hours.

I should like to remind you that you are permitted to provide licensable activity at your premises only until the hours defined on your licence. Breaching these hours is likely to lead to criminal offences being committed at your premises.

Contd.

I am currently in discussion with management and Havering's Legal Department with regard to the appropriate course of action we should now take with regard to this further licence breach as it might appear that you do not intend to comply with the provisions of your premises licence: this is now the fourth time I have witnessed licence breaches at your premises. Such further action may require that we seek a further prosecution against you or that we seek a review of your premises licence. I will clarify in due course.

Yours faithfully

Paul Jones
Licensing Officer

DELIVERED BY HAND

My Reference: PJJ/029701

Formal Warning No. 4

Dear Mr Rahman

Licensing Act 2003

Premises Licence No. 2160

Akash Tandoori 185 High Street Hornchurch RM11 3XS

As Havering's licensing enforcement officer for the Hornchurch area it is my duty to monitor licensed premises to ensure compliance with the terms of this Act and any licence which may be issued under its authority. On the evening of 10th May 2013 leading into 11th May I observed approximately six customers leave your premises at 01:30. Your premises licence requires that Akash Tandoori is closed and empty of customers at 01:00.

I note also that you appear to have hung heavy curtains at your windows which appear to be drawn late in the evening. This then prevents anyone outside from having sight within. I am unable to think of any other restaurant which has taken this particular step. I wonder if you could clarify why you have chosen to completely cover your windows in this manner?

Additionally, I would like to remind you that subsequent to my licensing inspection at your premises on 22nd April 2013 your licence still remains in breach. I identified eight breached conditions and two further conditions which required further clarification with regard to their compliance. I also required that these breaches were resolved by 10th May 2013. To date the conditions have yet to be confirmed as being in compliance.

Contd.

Public Protection Bringing together Environmental Health & Trading Standards

As you will recall, we fully discussed the terms of your licence during my recent inspection. During this meeting you indicated in the presence of your representative that you fully understood the restrictions upon hours your licence contains. Can you therefore please explain the circumstances in relation to my observations at your premises on 10th-11th May 2013 and explain why six customers left your premises at 01:30 rather than at 01:00?

Thank you for your swift response to this.

Yours sincerely

Paul Jones
Licensing Officer
