

THE COUNCIL TAX RESOLUTION

The Council has to formally resolve that it calculates certain figures, which broadly are:

- its gross expenditure, including contingency and levies (but not precepts)
- its gross income from fees & charges and other sources, specific grants, external finance from the Government, and any surplus/deficit on the collection fund
- the difference between the two, being the amount which the Council needs for its own services to be paid from the collection fund, defined as the Council Tax requirement
- the basic amount of Council Tax for the net position of all these figures, including precepts, and
- the amount of Council Tax for each other category of dwelling.

The Council is also required to formally approve the management of the Council's treasury management functions, including the Treasury Management Strategy Statement, Prudential Indicators and Minimum Revenue Provision Statement; the proposed revenue budget for both the General Fund and Schools' Delegated Budgets; the Capital Strategy & Programme and the Housing Revenue Account.

Cabinet recommends the Council to adopt the following resolutions as set out below.

The effect of adopting these resolutions would be to set the Council Tax for a Band D property at £2313.55
