

ANNUAL REPORTS OF MEMBER CHAMPIONS

The report of the Member Champion for Young People was before Council.

The following question on the report was submitted by the Conservative Group: Following the recommendation that Council have a dedicated session to allow Havering's youth to ask questions of Cabinet, would the Member Champion agree that it would be beneficial to also have similar sessions in the overview and scrutiny sub-committees, providing our youth the chance to provide feedback to the committees on various reports?

In response, the Member Champion stated that she supported this proposal, provided appropriate safeguarding procedures were in place. She felt that any such meeting should be of value and that the progress of any recommendations made by young people should be followed.
