## **Key Executive Decision**

### **Part A – Report seeking decision**

<b>DETAIL OF THE DECISION REQUESTED AND RECOMMENDED ACTION</b>
<p><i>The Director of Starting Well, is asked to approve the award of direct contract to a supplier that we have an established relationship with and who is meeting key performance indicators in order to continue to deliver statutory services for children &amp; young people whilst undertaking a full procurement process.</i></p>
<p><i>The contract sought fulfils statutory responsibilities the Council is required to deliver, addressing current challenges relating to having insufficient staffing capacity. Given the provider is currently delivering our statutory requirement there are limited negative impacts, and agreement to seek a contract of this nature will benefit children and young people with special educational needs and disabilities.</i></p>
<p><i>The recommended Direct Award will enable outstanding invoices and future invoices to be paid for an 18 month period, whilst formal procurement processes are completed.</i></p>

<b>AUTHORITY UNDER WHICH DECISION IS MADE</b>
<p>3.3.3 Contracts</p>

## **Key Executive Decision**

### **STATEMENT OF THE REASONS FOR THE DECISION**

*SEND Education Service coordinates and funds equipment provision and training for children with complex needs and associated communication access*

- *to meet the legal and statutory requirements as documented in their EHCPs*
- *adhering to the SEND Code of Practice 2014*

*The Augmentative & Alternative Communication outreach provision provided by CENMAC enables LBH to meet the statutory requirements of children with complex communication needs, as identified in Section F on the EHCP.*

*The Council needs to engage specialist providers for assessment and equipment to comply with statutory responsibilities and fulfil operational demands. This is particularly relevant for positions required to undertake assessments as part of the Education, Health, and Care (EHC) needs assessments, in line with the Children and Families Act (2014)*

*The contract sought is to fulfil statutory responsibilities the Council already has and delivers, addressing challenges relating to having insufficient staffing capacity to do so. It therefore does has no potential to have any negative impacts, and agreement to seek a contract of this nature will benefit children and young people with special educational needs and disabilities.*

### **OTHER OPTIONS CONSIDERED AND REJECTED**

*We are currently not aware of any alternative local providers able to offer the full range of market options in relation to cost, efficiency and expertise.*

*Charlton Park Academy have bulk contracts with specialist suppliers maximising cost-benefit and efficiency with equipment and software purchase arrangements.*

*Eg. Bulk purchase for specialist Apps are 50% of the market price, compared to single-use purchase. Multiple Apps are being accessed and purchased.*

*The specialist outreach service from CENMAC is provided across multiple London Boroughs.*

*Currently 171 students receive CENMAC Packages, who all benefit from this saving.*

### **PRE-DECISION CONSULTATION**

*No formal consultation has been made to date.*

## Key Executive Decision

### Part B - Assessment of implications and risks

#### LEGAL IMPLICATIONS AND RISKS

*The Council has a general power of competence under Section 1 of the Localism Act 2011 to do anything an individual can do, subject to any statutory constraints on the Council's powers. None of the constraints on the Council's Section 1 power are engaged by this decision.*

*The value of the proposed contract for 18 months is estimated to be £510,000. The services fall under the "light touch regime" of the Procurement at 2023 (PA) and the value of the proposed contract falls below the threshold under the PA for these services.*

*It is noted that the waiver falls within the exceptions under the Contract Procedure Rules 14.6.2, "Specialist supplies/services - available only from one supplier in the European Union – for example, specialist niche consultants or supplies"*

*It is therefore that this waiver can be accepted and contract awarded to the supplier. It must also be noted that the new procurement process must commence and new contract awarded pursuant to that procurement prior to the expiry of the proposed contract.*

#### FINANCIAL IMPLICATIONS AND RISKS

The 18 month contract will be funded from cost centres A33570 and A33575, and is statutory spend to provide equipment and training for children with complex needs and associated communication access, to meet the legal and statutory requirements as documented in their EHCPs, adhering to the SEND Code of Practice 2014.

Based on the contracted value monthly spend, it would result in an overspend on £3.4k this financial year and £55k in the next financial year vs the current budget. However, the actual contract value is based on usage with actual spend expected to be closer to £26.5k per month which would reduce the overspend figures. The spend exceeding the budget will be additional pressure on the DSG and this will be considered in the budget setting process for 26-27.

The service are also expecting to receive a Learning Difficulties and Autism (LDA) grant amounting to £26k which will be used to offset any overspends.

## **Key Executive Decision**

### **HUMAN RESOURCES IMPLICATIONS AND RISKS (AND ACCOMMODATION IMPLICATIONS WHERE RELEVANT)**

*The recommendations made in this report do not give rise to any identifiable HR risks or implications that would affect either the Council or its workforce.*

### **EQUALITIES AND SOCIAL INCLUSION IMPLICATIONS AND RISKS**

*The contract sought is to fulfil statutory responsibilities the Council already has and delivers, addressing challenges relating to having insufficient staffing capacity to do so. It therefore does not have any potential to have any negative impacts, and agreement to seek a contract of this nature will benefit children and young people with special educational needs and disabilities.*

### **HEALTH AND WELLBEING IMPLICATIONS AND RISKS**

*London Borough of Havering is committed to protecting and promoting the health and wellbeing of its residents. There are no direct health and wellbeing implications directly arising from the recommendation to direct award a contract for AAC provision to Charlton Park Academy/CENMAC. Ensuring access to AAC provision for children with complex needs supports communication and interaction, and therefore offers positive wellbeing benefits for this cohort, particularly in relation to mental and social wellbeing.*

### **ENVIRONMENTAL AND CLIMATE CHANGE IMPLICATIONS AND RISKS**

*The contract sought does not have a negative environmental impact according to the categories reported in the Climate Change and Sustainability commitment. Although there is a travel element to the services provided by CENMAC; they have recently employed a Havering resident who will be able to fulfil the support for schools and students, which will lessen the travel involved. All equipment allocated to students is re-purposed, repaired or up-cycled for subsequent allocation to students.*
