

Image 1:

A visualisation of the courtyard at Balgores School.

The courtyard is lined with biodiverse landscaping with a versatile social and seating area.

The building has light beige brick with a natural green accents acting as shading and framing for windows and doors.

Haverstock Architects

Image 2:

The early years entrance to the school.

The secure entrance is framed by an array of biodiverse landscaping, scattered in large pockets across the pick-up and drop off area.

Haverstock Architects

Image 3:

A visualisation of the entrance from the car park.

Pockets of vegetation sprawl across the car park, with the tones matching the green framing across the windows and doors.
