ABOUT US

Jukebox LDN is a high-energy bar and late-night party venue where you help shape the soundtrack. Since opening in February 2020, Jukebox has given guests the chance to influence the music, with our DJs mixing crowd requests alongside the biggest classics and anthems from across the decades.

Our aim has always been simple: to bring the fun back to nights out and keep the party going into the early hours. Our DJs are fully interactive and microphone-friendly, creating a shared experience with shout-outs for birthdays, anniversaries and special moments – because at Jukebox, the crowd is part of the show.

Arrive early and enjoy happy hour with 2-4-1 drinks, including cocktails, while shots and bomb offers run all night, ensuring the drinks match the energy on the dancefloor. Whether you're here for the music, the atmosphere or the dancing, every detail is designed to deliver an unforgettable night from start to finish.

Expect a full-on party atmosphere, complete with inflatables, leis, giveaways and surprise moments throughout the night – so it won't just be great memories you take home with you.

Open to 18+ (photo ID required), Jukebox guarantees unforgettable nights powered by experienced DJs, feel-good anthems and a crowd that's always ready to party.
